# In Memoriam

**Kelly (Herzog) Thone**  
February, 19, 1971 - July 29, 2001

**Jeff Pfister**  
March 2, 1970 – July 10, 1990

**James Puddy**  
March 27, 1971 - Dec. 14, 2003

**Troy Sperry**  
Aug. 16, 1970 - July 2, 2000

**Jennifer (Van De Kreeke) Beaudoin**  
June 3, 1971 - Jan. 12, 1998

*I'd like the memory of me to be a happy one. I'd like to leave an afterglow of smiles when day is done. I'd like to leave an echo whispering softly down the ways, of happy time and laughing times and bright and sunny days. I'd like the tears of those who grieve to dry before the sun, of happy memories that I leave behind when day is done.*

- Kelly (Herzog) Thone

**DAWN ADAMS - [missinthesun@hotmail.com](mailto:missinthesun@hotmail.com)**

Indianapolis, IN 46234  
Spouse/Partner: Steve Fatout  
Occupation: 6th Grade Teacher  
Children: Jordan Jacob Fatout, born August 18, 2007

**JILL (ADAMS) SPIELVOGEL - [spiely@charter.net](mailto:spiely@charter.net)**

Sheboygan, WI 53083  
Spouse/Partner: Steve Spielvogel  
Children: Aaron 14 will be attending Sheboygan North High School Derek 10 will be in 5th Grade at Lincoln-Erdman Alec 5 will be starting Kindergarten at Lincoln-Erdman  
Occupation: Service Coordinator with Division of Community Programs/Elder Services for Sheboygan County Health and Human Services

- Something Surprising: Not sure that I have anything surprising to share. I just can't believe that 20 years has passed. It is great to catch up with old friends and share an evening filled with friendship, laughter and good times.
- Best Memory: Playing in the Pep Band at State for the boy's basketball team. I would get so decked out in Blue and Gold, I painted North Raiders on my jeans, wore fun hats and had on anything that was Blue and Gold. Go Raiders Go!
- Doing Last 20 Yrs: Wow - what have I been doing for the past 20 years? Steve and I have traveled to Aruba, Florida, Indiana and Las Vegas. Aaron and Derek are both in Sheboygan Select Soccer so we travel all over the state to watch soccer games. The boys play basketball, baseball and love spending time outside. In summer we spend many weekends up north with family and friends with our boat, skiing, tubing and fishing. The boys love to four wheel, skate board and hang out with friends. I am very involved at Lincoln Erdman elementary school as room mom, co-chair for the Halloween party, work on the Parent Connection Committee, and help with the 5th grade recognition and am a member of the PTO. At Horace Mann Middle school I am on the Parents for Us committee and have headed up the silent auction/raffle for the Strange and Wonderful sale for the last three years. I taught Sunday School at our church and currently serve on the Vision Task Force Committee. So there is never a dull moment in our home, it keeps life fun and interesting.
- Worst Memory: Let's see hiding in the crawl space at Shelly Steiner's basement so we would not get busted by the COPS for underage drinking. I can still see the 8 track tape player sitting on top of the TV in the basement. What fun times we sure had. Now Shelly and I tap one together at Shuff's.

**TODD ASCHENBACH - [ktasche1@yahoo.com](mailto:ktasche1@yahoo.com)**

Marne, MI 49435  
Spouse/Partner: Katie Schoenenberger  
Occupation: Professor - Grand Valley State University

**WENDY (ASCHENBACH) LIMBERG - [jwlimberg@aol.com](mailto:jwlimberg@aol.com)**

Sheboygan Falls, WI 53085  
Spouse/Partner: Jeff Limberg  
Children: Nicole 9/20/97, Megan 7/6/99 Nolan 9/6/02  
Education/Service/Occupation: Bachelor of Social Work Degree UW-Milwaukee. Currently working for Heartland Hospice as a bereavement Coordinator.

- Something Surprising: I have become a huge Cubbie fan (thanks to my husband). Our daughter Megan's middle name is "Caray" named after Harry Caray. And our son Nolan's middle name is "Ryne" named after Ryne Sandberg. Our two dogs are named Sandberg and Cubbie. Our first daughter was spared I named her after a dear friend.
- Best Memory: My best memories was attending the basketball games and going out afterwards with all of our friends. One special memory was our weekend spent in Madison for the state championship without parents.
- Goals/Accomplishments: Working in the hospice field I have learned to enjoy each day. I try not to look to far into the future and live for today.
- Doing Last 20 Yrs: It's really hard to believe that 20 years have gone by so fast. Well I graduated from UW-Milwaukee with a degree in Social Work and started my career working in nursing homes. I recently went from being the Director of Social Services in an area nursing home to working in Hospice. Currently I am the bereavement Coordinator with Heartland Hospice. I provide support and education to families after the loss of a loved one. June 1st, 1996 I married my husband Jeff, and moved to Sheboygan Falls. Since then we have had three wonderful children. And now they pretty much run our life!! Life has become about family for us, our children our the center of our life. We enjoy taking family vacations and of course getting to a couple Cubbie games!!
- Worst High School Memory: I'm not sure if this is my worst memory, but certainly now is considered a funny memory. A bunch of friends thought we would be really cool and arrive to graduation in style. So we all rented a limo....well when it arrived we all thought it was a bad joke. It looked like a funeral hearse! We were so embarrassed to drive in this thing we made the driver drop us off blocks away from Vollrath Bowl so no one would spot us.

**MARTI (BAKER) BUTZEN****Cleveland, WI 53015**

Spouse/Partner: Jesse Butzen

Occupation: Tavern Manager

Children: Quinn Gloria Butzen 7, David James Butzen 5, Fast Eddie (parakeet), Rudy MellowFellow Butzen (Golden Retriever puppy)

- Comments: I have been married to Jesse for 13 years, and we have two great children (Quinn 7, and David 5). I am very busy with my job, the kids, but my life is a lot of fun. Jess and I like to go to concerts, we do a lot of camping in the summer, and we go up north with our friends. Actually, we are also in a band. We play bars, weddings, parties etc. Jesse plays guitar (duh) and I sing. It is a fun hobby, and we have a great time doing it.

**BARBARA (BALHAZOR) GORMAN**

Sheboygan, WI USA

Spouse/Partner: Todd

Children: Collin born 1995, Connor born 1997, Callie born 2003, Aaron (stepson) 1989

**TODD BASLER - [tbazzeriffic@yahoo.com](mailto:tbazzeriffic@yahoo.com)**

Spouse/Partner: Kathryn Basler

Children: Joseph, Thomas, Benjamin &amp; ??? (she's arriving in August)

Education/Occupation: Attorney

- Something not known about you: I'm deathly afraid of asparagus.
- Best Memory: I have many but the all seem to involve bon fires, bud light and Whitesnake.
- Goals: Being a good husband and father and I'm still working to improve every day. "Just living the dream!"
- Worst memories: I can't remember any "really" bad memories.

**SARAH (BAUS) CAVAZOS - [sarajane\\_b@yahoo.com](mailto:sarajane_b@yahoo.com)**

Kokomo, IN 46902

Spouse/Partner: Rick Cavazos

Children: Graciela (age 6) Joaquin (age 3) Clara (20 months)

Occupation: Mechanical Design Engineer

- Best Memories: I have many good memories from High School. I am not sure which is my favorite. I enjoyed spending times with friends, going to movies, lifeguarding and teaching swim lessons at the Y, going to state as a wrestling cheerleader (Were there chaperones? It didn't seem like it.), physics class and unlimited free golfing.
- Goals/Accomplishments: I don't have any big goals that I am working on. Last summer I completed two Sprint Triathlons. I would like to do a couple more this year, although it is harder to train right now because I am back at work full time.
- Doing Last 20 Yrs: After High School, I went to UW-Sheboygan for a year before transferring to Marquette. I graduated from Marquette in '93 and moved to Kokomo, Indiana to work for Delco Electronics as a Mechanical Design Engineer in the Radio group. I spent my 20's hanging out with friends, traveling, and generally having fun. I started dating my husband Rick after we were friends for a number of years. Rick is from Texas and works at the same company as me. We got married in 2001. A little over a year later I had my first daughter, Graciela Marie. Grace was born 13 weeks early and weighed just 1 lb 11 oz. She spent about 2 months in the hospital during which time I put about 5000 miles on the car visiting her. She is a lucky little girl and has suffered no ill effects from her prematurity. She just graduated from Kindergarten and has been playing softball this spring Joaquin Omar was born 3 years later. He is a funny little boy who likes books, puzzles, balls and dinosaurs. Clara Elena is 20 months old. She likes climbing, playing outside, books and puzzles. I was fortunate in being able to take off a year of work after each of my babies. In between I worked part-time (20 hours/week). Our company has been in bankruptcy for the last 3.5 years so when it was time to come back after Clara, my job had been eliminated and my company was going through lay-offs. I was fortunately able to find a job in a different area. I am working full-time in our Power Electronics area. We design DC/DC converters for hybrid vehicles. It has been hectic working full-time, but interesting learning about a new product. Overall, I am enjoying life. Each new stage has been better than the last.
- Worst Memory: The awkwardness and insecurity of being a teenager is probably the worst memory, but isn't it everyone's? That's what Molly Ringwald's career was built on!

**TAMI (BEECK) PRUNICK - [tprunick@charter.net](mailto:tprunick@charter.net)**

Sheboygan, WI 53081

Spouse/Partner: Michael Prunick

Children: Amber 11, Mason 10.

Education/Service/Occupation: I currently have a BA-Early Childhood Education

- Best Memory: Lots of great memories...but gong to State for track was definitely a highlight.
- Goals Accomplished: Completing college was one accomplishment, but I hope to gradually continue my education and get my masters.
- Doing Last 20 Yrs: Living.....completing school and starting a family. Enjoying life!!
- Worst Memory: Getting busted by the police at a party where I was not even drinking! :(

**TIM BENDER - [BNZ40@aol.com](mailto:BNZ40@aol.com)**

Scottsdale, AZ 85255

Spouse/Partner: Cameron

Education/Service: UWSP 1994 Business Administration

Occupation: Vice President of Arizona Energy Products

Children: Clare Milostan Age 14

**JULIE BERGLUND - [jberglund@new.rr.com](mailto:jberglund@new.rr.com)**

Menasha, WI 54952

Spouse/Partner: Judy Harshman

Children: Two step daughters: Jeni ,age 22; Caitlyn, age 15

Education/Occupation: Associates degree in Commercial Art from Milwaukee Area Technical College. Plus, online courses for website design and basic web programming.

- Doing Last 20 Yrs: Building things is one of my favorite past times. My partner, Judy, and I have been steadily remodeling our old home for a few years now. We also work on items to sell at craft shows/sales, including wood benches and signs, hand painted ornaments and glasses and specialty walking sticks.
- Best Memories: Spending hours working in the Graphic Arts (printing) classroom creating and printing things for school functions. It was one of those places I felt I really belonged.
- Goals/Accomplishments: I spent a few years studying and teaching TaeKwon Do and gained my second degree black belt in 2002. It was a big accomplishment for me. But, one of my favorite accomplishments was working on remodeling our upstairs attic into a master suite and bath with my partner, Judy. We figured if we
- Worst Memory: My algebra teacher's comment of 'I knew that was jinxed when they put a teacher on it...!' when the principal announced the explosion of the Space Shuttle Challenger on January 28, 1986.

**BRIAN BINDER - [bbinder@new.rr.com](mailto:bbinder@new.rr.com)**

Green Bay, WI

Spouse/Partner: Jacqueline Binder (Cross)

Occupation: case manager

**DANIEL BLOECHEL - [fairwaydan@hotmail.com](mailto:fairwaydan@hotmail.com)**

Draper, UT USA

Spouse/Partner: Angie Bloechel

Children: Jaden Age 14, Dylan Age 11, Bostin Age 1

Education: Arizona State University.

Occupation: Self Employed Car Dealership

- Goals: It was a goal to own my own car dealership. It's always a goal to be a good father and husband.
- Something Surprising: I live in Utah and married a mormon! I'm still trying to figure out what a mormon is...
- Doing Last 20 Yrs: Raising a family with three boys and making great memories as a family.
- Best Memory: Graduation! I did graduate, right?
- Worse Memory: Not making the JV basketball team. I got screwed!

**TRACY (BLUM) TAUBENHEIM - [tracytaub@charter.net](mailto:tracytaub@charter.net)**

Birmingham, AL 35242

Brian Taubenheim

Joshua Mark born October 1991; Tyler Jeffrey born January 1996 in Sheboygan at St. Nicholas Hospital.  
Education: RN, BSN from UW Eau Claire

- I have lived in the Dayton, Ohio, area; I am now living in the south Birmingham (Hoover) area of Alabama and we are planning to move to the Raleigh-Durham area of North Carolina if our house sells before the beginning of the next school year! I'm also an NBA fan/junkie. My favorite team is the Cleveland Cavaliers because, well you know, why. I got hooked when I was sick with an Epstein-Barr virus last year. . . my husband is not happy! Can you believe that?
- Best Memory: I loved German class with Herr Zumpft and all the other German students for all 4 years! We pretty much sat around and talked smack and laughed for 4 years and got As for it.
- Goals: I am not a goal setter. I've just been busy getting through each day as a mother, wife, nurse, etc. and voila! it's 20 years later and that's pretty much what I've accomplished. Now, I have a 17 1/2 year-old son and a 13 year-old son and they aren't any less demanding than they were when they were little! I also have 2 cats and 2 labradors and my best friend is my Rainbow vacuum cleaning system and the furminator!
- Doing Last 20 Yrs: I'd tell them that I married and had children early so I was doing the wife and mommy thing right off the bat. I was also attending college to earn a degree as a nurse. In 1995, I graduated with my degree and worked for 9 years until 2004 when we moved to Ohio. My husband's job is very demanding and rewarding and has made it difficult for me to return to work due to extensive travel. I have enjoyed being a stay-at-home mom for the past 4 years for the first time since I had children!
- Worst Memory: When I had to wear a turtle neck to school every day for like a week because I had big, black hickies all over my neck from Bill Swoboda!:) And, Todd Basler had to call me out for it in every class we were in together and laugh his ass off. By the time homecoming came around, they were greenish/yellow and my mother was pissed because they looked terrible and shameful and she couldn't take pictures.

**EDWARD BOEDER - [echodelta70@yahoo.com](mailto:echodelta70@yahoo.com)**

Green Bay, WI 54301

Spouse/Partner: Christina

Occupation: Machine Operator, Courier, Stunt Monkey

Children: Our first is due in May of 2009.

Comments: Haven't much to say, still breathing in and out on my own, and one step ahead of the law. Just kidding.

**MATT BORKENHAGEN- [MBorkenhagen@msn.com](mailto:MBorkenhagen@msn.com)**

Sheboygan, WI 53081

Children: Single/No kids

Education/Service: Master's Degree in Applied Math (1997), Statistics-related and GIS work

I still enjoy art and have a couple pieces at a local gallery (Brother John's Art World in Cedarburg, WI). I went back to school in 2006 to obtain a certification in Geographic Information Systems and I'm currently looking for work in that field.

- Best Memory: My best memory from high school is drawing, listening to music and talking with classmates in Senior Basic Art.
- Doing Last 20 Yrs: I would say that I've been going to college and doing computer-related work.
- Worst Memory: My worst memory from high school is wearing a bulky orthodontic appliance that made it difficult to talk.

**DENISE BREMER - [dabremer1@gmail.com](mailto:dabremer1@gmail.com)**

Tahoe City, CA 96145

Spouse/Partner: Swarn Singh

Children: Swarn's children: Arjun born in 1995, Serena born in 1999. Two great dogs that are special to me.

Education/Occupation: Graduated from St Norbert College in 1993, Lived and worked in Door County, Wisconsin for 14 years. Now live in the Lake Tahoe area.

- Best Memory: I have many great memories from high school. All the friends and people that I spent time with are still in my memories. There were a lot of laughs!
- Goals/Accomplishments: I am always setting new goals as I accomplish old ones. My constant goals are to continue to be happy in life and to succeed in what I do. I have always chosen paths that make me happy.
- Doing Last 20 Yrs: I have finished college; I was a self employed property manager for almost 11 years in Door County, Wisconsin; I have a great relationship with my parents and sister and family; I recently met a wonderful man with two great children and have moved to be with them in the Lake Tahoe area; I currently love my job as the Operations and Risk Manager for a property management company. I continue to treasure each day and live my life to its fullest. I love to travel. I am always planning a trip to see a new part of the world. There is so much out there to experience.

**STACIE (BRETHOUWER) NELSON - [stacienelson@charter.net](mailto:stacienelson@charter.net)**

Spring Green, WI 53588

Spouse/Partner: Mark Nelson

Children: Clayton (step-son) age 14 Dylan age 6 Aaron age 4

Education: UW-Milwaukee, 1993, BS in Early Childhood Education; MS (1997) in Administrative Leadership and Supervision in Education

- Best Memory: No particular memory. I am most happy about the friends I had, and the many that I still keep in touch with.
- Goal/Accomplishment: The best accomplishment for me is becoming a mom!
- Worst Memory: Hmm...too many to choose from.

**JASON BRETZMANN**

New Berlin, WI 53151

Spouse/Partner: Chris

Occupation: Teacher and Coach

Children: Jack Bretzmann born August 10, 2006 and expecting another boy on August 13, 2009.

**BECKY (BURCHINAL) THOMPSON - [rebecca.thompson@aurora.org](mailto:rebecca.thompson@aurora.org)**

Sheboygan, WI 53081

Spouse/Partner: Tim Thompson

Occupation: Mental Health Counselor

Children: Cora, born 1999; Owen, born 2002

•Comments: Since high school, I graduated from Lakeland College with a degree in Psychology. Tim and I married in 1995. In 1997, I earned my Master's Degree in Social Work from UW-Milwaukee. I have been working as a Mental Health Counselor on the Behavioral Health Unit (1K) at Aurora Sheboygan Memorial Medical Center since June of 1997. I work with both the adults and the adolescents. I went down to working 1 day a week when our daughter, Cora, was born in 1999. Our son was born in 2002. Since both are now in school full-time at St. Dominic's School, I have increased my work schedule to 3-4 days a week. Tim is the manager of FedEx Freight here in Sheboygan. We love spending time with our family. We enjoy biking, fishing, camping, and downhill skiing. We are kept busy being soccer parents and being involved in our children's activities (Girl Scouts, swim team, soccer, tennis, band). Life is good.

**MARCA (BUTTNER) KREGER - [marcak@verizon.net](mailto:marcak@verizon.net)**

North Hampton, PA 18067

Spouse/Partner: Robert Kregar

Children: Logan 10 years old Elena 8 years old

Education/Occupation: BS in Accounting from Marquette University, CPA Certified, Currently I am an Accountant at Cedar Crest College in Allentown, PA

- After college, I immediately moved to Maryland and worked towards my CPA license. I lived there for a year then moved to Pennsylvania. I worked for 3 years at a local hospital and worked my way quickly up to an Assistant Controller position. Then I got married and quit it all to stay home and raise my children for 6 years. In the last few years, I've decided to head back into the working world slowly, working part-time and enjoying a little of both worlds. Just recently, I found my dream job at a local college and began my full-time career again. I'm very excited to be working again, but do miss being home too. Wish we could have it all! In my "spare time", I've done lots of traveling with and without the kids. We've enjoyed places like Germany, Austria, Czechoslovakia, Puerto Rico, Hawaii, California, Nevada, Arizona, Florida, and all the states up and down the East Coast. We also like to go camping, downhill skiing, spending time at the shore, biking and watching the kids sporting activities. They keep us very busy.
- Best Memory: I had lots of fun playing volleyball especially my junior and senior years, and "managing" the boy's baseball team in my freshman year. Most of my best memories had more to do with the weekends and hanging out with the guys in the Class of 1988 and friends from South High. Sarah & I always found some kind of trouble to get into.
- Goals/Accomplishments: I've accomplished all the goals I set for myself in high school....that was college, CPA, good job, geat husband, a few kids, nice house, etc. I guess the major goals I still have are, getting my kids through high school & college, then retiring as early as possible and enjoying more time at home and traveling with my husband.
- Worst Memory: Really don't have a worst memory...a few bad ones, but I try to forget them.

**DAWN (CAREY) DENISON - [wabbits71@charter.net](mailto:wabbits71@charter.net)**

Occupation: Network Administrator - Alliant Energy

Children: Kieran - born 2000, Logan - born 2002

**MARY (CLAUSSEN) KOTTWITZ - [maryinwisconsin@yahoo.com](mailto:maryinwisconsin@yahoo.com)**

Sheboygan, WI 53081

Children: My oldest daughter ( Jordan ) was born in 1994 in North Carolina My next daughter ( Meg ) was born in 2000 at Memorial Hospital My son ( Calvin ) was born in 2003 at St. Nicholas Hospital Jordan will be starting High School next year at North Meg will be in 3rd grade at Grant Calvin will be in 1st grade at Grant.

Occupation: I work at the American Club in Kohler

- Doing Last 20 Yrs: I got married at the age of 21 and moved to North Carolina because my ex husband was in the Marines, then lived in Maryland because he was in the Secret Service at the White House... while we were there we got to go into the Vice Presidents office and sit at his desk. Our daughter Jordan loved the Easter Egg Roll on the White House Grounds. I was married just shy of 15 years. I have been divorced for almost 3 yrs now.
- Best Memories: One of my best memories is skipping school with some of the synchro swimmers and went water skiing and wake boarding. Of course knowing me... my dad did approve my absence... lol
- Goals/Accomplishments: I have 3 gorgeous and wonderful children that I am so blessed with! I could not imagine my life without them... I guess I would say a goal of mine would be to find a wonderful man to spend my life with!
- Memory: My worst memory would be all the clicks!!! Wish everyone would have got to know each other... you can learn so much from others.

**JENNIFER (CORDES) TURZENSKI - [jturzenski@wi.rr.com](mailto:jturzenski@wi.rr.com)**

Burlington, WI USA

Spouse/Partner: Jonn

Children: Alyssa, born 1999, Trent, born 2001

Education/Occupation: I graduated from UWSP in 1993 and am now a manager for Kohl's.

- Doing Last 20 Yrs: After college, I became a manager for JCPenney and spend a total of 11 years with JCP. Loved my job but wanted to be a Mom more so I left the company in 2002 and my husband and I bought a business - we owned a chain of laundromats in the Rhinelander area (thanks Todd Dulmes for the idea!) and commercial/residential rental properties. While be both loved being "retired" at 30 and hanging out with the kids, owning your own business has it's own challenges so we sold it all in 2007 and went back to "work". I love my job but glad for the professional experiences over the past 15 years.
- Best Memory: There isn't one memory that ranks as #1 but some of my favorites include playing on the tennis team and going to State my senior year, driving the strip on weekends between MCDonalds, Rockie's and Randall's, and having friends over to my folks house to watch movies and swim. I've lost contact with Theresa Dortman and Carolyn Cosgrove and would love to hear from them but have kept in touch with Rachel (Dillenburg) Veldboom (she's godmother for my son). It's funny watching her 3 sons play with my two kids - it seems like yesterday we were meeting in the hallways after class...
- Goal: Professionally, I want to run the company but personally, looking forward to traveling more with the family. I am also running my very first 5K next month...I would simply show one of my many pictures of my family because they are the most important thing to me!
- Worst Memory: My worst memory involves the HORRIBLE swimsuits from gym class - Come on, you all remember the black one piece tanks that we had to tie up in the back to keep from falling off...

**AMY (CRAMER) TOTH - [abtoth@charter.net](mailto:abtoth@charter.net)**

Sheboygan, WI 53081

Spouse/Partner: Patrick Toth

Children: Olivia Irene age 7 Joseph Clark age 6 Matthew Glen age 4

Education: Some College, about 2 1/2 years

Occupation: Hmm...I think just the fact that I'm a "stay at home Mom" of three would surprise some people and believe it or not also a Brownie Leader, how do you like that one!

• Best Memory: My best memory of H.S. is the friendships I made along the way. I still have them to this day and they have only gotten stronger over the years! I had some good times at the Formals, and the Homecoming dances because it wasn't about going with "the guy" it was about friends and having a good time!

• Something Surprising: I have been fortunate enough to do some traveling. I went to Italy and Mexico and I've seen alot of the U.S. and will continue to see even more with my husband and children. I have a certificate in Scuba Diving and although I've done much of nothing with it, it was just fun to reach the goal of doing it and passing. My goals in life are to raise my children to be successful and happy, to be well educated. To put them first for now! Gardening and getting dirty and planting more perennials and Rose bushes every year is my passion!! I enjoy cooking but for now the only one who appreciates a good "Caprese" salad is my husband. For now I'm just MOM and wife and I really enjoy that!

• Doing Last 20 Yrs: Well now let's see, I moved to Madison right after H.S. to attend college. Dropped out after one semester, I was sick of school! I moved to New York and worked for two families as a Nanny. Moved back to Sheboygan worked and then moved to the Chicago/Suburb area. Moved back to Sheboygan and worked and attended Lakeland College. Decided school just wasn't for me anymore and that I really didn't want a 9-5 job!! Moved to Milwaukee for a year and that just wasn't happening either so I moved back to Sheboygan and eventually, thankfully found a great job at Trattoria Stefano's where I worked for many years, went to Italy and met my husband. Got married in 2000, had our 1st child in 2001, 2nd child in 2002, 3rd child in 2004 and life has blessed us in more ways than one. I have so many wonderful, fun and sometimes crazy memories of H.S., I really don't have regrets, if I could go back and change some things, yeah.....I would, some if I could. I've learned some hard life lessons, haven't we all. I am an active member of AA and have been since 1995 and can say with all sincerity I wouldn't have the life I have without it!! Like I said, I don't look back at H.S. with any regrets it was fun and we were just trying to find our place in the world. I'm glad I did!!

• Worst Memory: Getting busted for skipping school!

Occupation: High school English teacher

• Something Surprising: Well, I'm sort of an open book type of person with few surprises. I guess many people would be surprised that I have grown up some. I also spent most of my teen life swearing off kids, and now I have two of my own and teach; that's ironic, I guess.

• Best Memory: In many ways it would simply be graduation day itself, which was also my eighteenth birthday. It was such a beautiful day, despite my hangover, and it was nice to celebrate with so many, diverse groups of people after the actual ceremony.

• Doing Past 20 Yrs: I have a happy, healthy family, and a nice home. We are always fixing our 127 year-old funeral home (our house), and the recent floods in Baraboo offered us yet another challenge. I have earned my Masters Degree in education, and I keep earning credits to remain abreast of the latest trends in education. I also try to keep ties to family and friends via phone calls, emails, and scheduled visits. At some point, I'd love to run a marathon. I think I've been training forever...I'm living The Dream (Aren't we all?! I am pretending to be a grown up, but teaching in a high school and having my own children keeps me (feeling and acting) young.

• Worst Memory: Chipping my front tooth at a party at Melissa Thimmig's house or perhaps Cleaning Disco's parents' house, post party(ies), almost every Sunday...

Sheboygan, WI 53081 USA

Occupation: Au Pair/Nanny/Student

Education: UW-Oshkosh: Psychology - Au Pair/Nanny/Student/Certified Pharmacy Technician

Something Surprising: I'm grateful and blessed to still be alive after an unfortunate accident. Some of my doctors used the word lucky while other preferred miracle. Having trudged through a long and sometimes difficult recovery process I continue to live with some cognitive and physical setbacks/inconveniences. The human brain is a remarkable thing. Some continued short-term memory loss and debilitating migraines are a small price to pay for the gift of life. I thank God for each additional day I am given.

Best Memories: Perfect scores in dance team (pom pom) tryouts for junior year and captainship senior year. Although, the Senior Class Ski Trip and the Senior Class Trip were both delightfully eventful..... And then the Psych class trip to Kettle Moraine Correctional Institution and its aftermath were quite a treat (Sarah & Marca)..... oh, right, the innocent. But I must say, "Thanks, again Todd (Aschenbach) for saving my ass that day! You were a total mind saver!

• Goals/Accomplishments: While attending school at UW O I worked with adjudicated, delinquent adolescent girls and volunteered at Winnebago Mental Health Institute in the children's wing. After UW O, I remained in Oshkosh and worked as a mental health worker with Lutheran Social Services. There, I worked with the adult mentally ill population. After several years I left L.S.S. to work with Walgreens Pharmacy where I eventually ended up working in the District Office. All this and helping to raise 3 children: 2 nieces and 1 nephew (my sister was in the Army). The position entailed a lot of traveling across the state. I returned to live in Sheboygan. I now care for youngest nephew (who is a wonderful 4-year-old with autism) and a beautiful grandniece. I've just been trying to live life to the fullest and enjoy every possible moment that I can.

• Worst Memory: Sophomore Year: After another long and grueling volleyball practice, we were obliged to take nets down and carry them into the storage room (to, you know, store them). I was leaving the storage room chatting with several of my teammates and reentering the gym. After several jabs and muttered "Theresa"s, to my horror and complete embarrassment as I lowered my shirt from wiping the sweat off of my face, I realized that I had just flashed the ENTIRE soccer team! Took awhile to live that one down! But hey, I never made that mistake again!?!

Children: Joshua, 16 Allison, 8 Benjamin, 6

Education: BA: Criminal Justice and Political Science from UW Oshkosh, minor in Spanish

Occupation: I am the Cub Scout leader for my younger son's den. Also, I have decided to try to write a novel.

- Best Memory: Being with friends and going to dances.
- Doing Past 20 Yrs: I married my high school boyfriend in 1991 and had my first son in 1992 (no I wasn't pregnant when I got married). I got divorced in 1995 and went back to school while working fulltime and raising my son. I graduated from UWO in 1999 and married my current husband the same year. My daughter was born in 2000 and my youngest son was born in 2002. From 2001-2007 I was the program supervisor for a juvenile probation program in Manitowoc, but lost my job due to lack of government funding. Since then I have been a stay-at-home mom, filling my time with gardening, reading, volunteering at my kids' school and as a cub scout leader, and of course, attending to the house and children.
- Worst Memory: Swimming class with Miss D.

Education/Occupation: I graduated from UW-Milwaukee and worked as a social worker for several years. I've owned a boutique for the past 5+ years.

- Best Memory: Despite wanting to get out of Sheboygan when I was young, I miss it a lot. There's no place like it! I sometimes feel sorry for my kids because they won't have those small town roots. Also, that I'm super close to my parents. That even surprises me sometimes! I have great memories of doing all kinds of things I shouldn't have been doing. Like sneaking out of my bedroom window to run away with my favorite bad influences. I'm always working towards something. Being healthier, improving my business, and most importantly, creating a happy and healthy childhood for my boys. I guess I'd tell them I've been enjoying the ride, and that life is good. The saying is true. Life really is what happens when you're making other plans.
- Worst Memory: Nothing so tragic that I haven't overcome it!

**JESSICA (FISCHER) MCFADDEN - [danjessmc@yahoo.com](mailto:danjessmc@yahoo.com)**

Children: Marta Elizabeth (6) born October 10, 2002 Flynn (1) born October 10, 2007 (our family dog)

Education/Occupation: BA, UW Madison, yr abroad in Freiburg, Germany-Library Technology Certificate, College of DuPage/Currently SAHM

- Something Surprising: I always wanted to be in a school musical or play.
- Best Memory: I had the opportunity to see what my parents did each day, so that was pretty special. I also have really great memories from swim team. Miss D was a tough coach, and expected a lot from us. Made me learn to work hard for things. I still swim a great deal.
- Goal/Accomplishment: I am proud of my family. My husband and I have a thoughtful little girl, Marta, who enjoys helping other people. Over the years, I have been able to volunteer in various ways, most recently at my daughter's school and our church. Following college, I worked for American Orthodontics, and then at the College of DuPage in Glen Ellyn, IL. I became the Preproduction Coordinator of an educational program for library staff and students. Most recently, I was able to work along-side my in-laws at their business in Geneva, IL. Right now, I am enjoying time at home with my Kindergartener, and working toward finally joining a Master's swim team.

Cleveland, WI 53015

Spouse/Partner: Jeff Stoltzman

Children: Tyler James Stoltzman - age 14

Occupation: I'm an Administrative Assistant for Schenck Business Solutions. I went to LTC for a year taking classes in accounting.

- Something Surprising: I think people are surprised to find out how I got engaged. First reason was that we were only 19 when it happened. Second was that I bought my own ring and came home (we were living together) and said "guess what, we're engaged". All Jeff said was "OK, just let me know when I have to be there". I guess it has all worked out fine because we are going on our 18th year of being married.
- Best Memory: I will have to say Graduation Day because everything else that I can think of right now should not be put in print.
- Goal: I think the goal I will be working on the next four years is keeping my sanity. Our son will be starting high school and he is ADHD and Bipolar. I think the years to come will be very interesting! After that I would like to do lots of traveling. I think I will have earned it.
- Doing Past 20 Yrs: I have just been working, hanging with friends, taking care of our household stuff, and lots of shopping!
- Worst Memory: My worst memory is being taken out of class my Freshman year and driven home so I could be told by counselors that something had happened to someone I knew from school. No one would tell me anything until I had gotten home. It was a very disturbing experience.

- Something Surprising: I went skydiving in Tucson, AZ when I was in college.
- Best Memory: I always loved going to the boys' basketball games. The trip to State was a lot of fun!
- Doing Last 20 Yrs: Not too long after I graduated from the University of Arizona, I moved to CA. I started out as an accounting assistant but wanted to join the Sheriff's Dept in Los Angeles. I got over halfway through the process before deciding that it was just too expensive to live out there. I moved back to WI for a couple of years but ultimately made FL my home. I had 3 vertebrae fused in my neck in '04, married my 2nd husband in Jamaica in '05 and we were blessed with Dominic in '07. Our family is complete with 2 lovable dogs. I work out of my home for a company in Boston and am really enjoying life these days!

Children: My sweet cats: Sugar & Spice

Education/Occupation: 2 & 1/2 yrs. UW-Milwaukee, some LTC, 15 years working the production lines at Masland/Lear/I.A.C.

- Something Surprising: I would rather listen to KISS-FM than "The BUZZ" any day, but my favorite stations are "Oldies 92.1FM" featuring Rob Pragalz (class of '90) & "1420AM, The Breeze" featuring Mr. Horsch along with the timeless music of Sinatra, Nat King Cole, & all the American standards. I'm a night owl who often fires up the grill after midnight. I also love to garden & tend to my flowers & shrubs.
- Best Memory: Camping out near the mouth of Fisher Creek in Cleveland, and living the hippy lifestyle with my friends there. And losing my virginity, of course!
- Goal/Accomplishment: I'd like to eventually write & record songs at home.
- Worst Memory: My favorite bands from the 70's putting out crappy albums, & hearing Poison on QFM.

- Best Memory: Eating lunch in the halls with the guys. You know, cursing and getting rowdy. That is tied with kissing Kris before each of her classes. That subsequently made me late to all of my classes. But that was expected from me back then.
- Doing Past 20 Yrs: Well, I started my own business and made an attempt at politics. Two goals accomplished.
- Goals: Working on retirement before 50. Check back at the 40th reunion. Working on my beer belly and losing my hair.
- Worst Memory The passing of my mother. It happened too damn early.

Beaverton, OR 97007

Spouse/Partner: Ursula Sandau

Children: Annalina, born on March 2nd

Education: I graduated from UW-Madison, twice

• Best Memory: Are we beyond the statute of limitations? Senior punch day was a ton of fun, hangin' on the beach. It was a beautiful day. Good friends, cold brews. A tough memory to top at least with out racking my foggy brain.

• Goals/Accomplishments: Made it through Graduate school, love my job as a small animal veterinarian. Still wondering if I would want to own a clinic. I have summited 29 of Colorado's 53 (or 54) 14,000 foot peaks. The next 24 may have to wait a few years. While most of the peaks are memorable Crestone Peak and the Needle were the most incredible. Great hikes, crazy exposure, grand views and a wild and wooly drive in to the trailhead. Taking each days as it comes.... I have been a drunk college student. A serious college student. A serious Dead Head. A vegetarian. A bird hunter. A world traveler. A local. A runner, mountain biker, hiker, backpacker, rock climber, disc golf denzien, cyclocross racer, foodie, beer snob, wine snob. So much to do, such little time...

Children: Nathan will turn 10 in Aug. Magnus will be 4 in April

Education: Graduated High school, worked at D&D carpentry for the summer and Kohler Co. University recruited me for a life of hard work. In my 4th division 19 years

- Goal/Accomplishments: Who are we? Everybody gets surprised differently! Well maybe people don't know that I love the land we walk on. I like to garden, and landscape the land I will never own. Taxes suck!! I cut some down, plant others, the wonderful process called life. Growing and dying, dying and regrowing getting older and wiser. Or how about my pilgrimage to Amsterdam the x-mas of "95" new year's eve there is an experience I will not forget. Never mind the rest of the week. Wow, what a city!
- Best Memory: I am sorry to say there were not many or I just don't recall, I did not give high school my best effort. Just another thing I regret in my life. I do think a good memory I do have is, I got along with most of the people that remember me.
- Worst Memory: Not trying to make the best of it. I lacked the willingness to try hard at the required Gen. classes in high school. Getting kicked off the football team, because of my grades.

Occupation: Sr. Applications Programmer - Technical Lead

Spouse/Partner: Stephanie

Education/Occupation: BS - Computer Science from UW-Oshkosh 1993. Currently a web developer for GeoVera Holdings, Inc. (insurance company based in California).

- Something Surprising: My wife and I are avid NASCAR fans. We've traveled all around the country to attend races and see the sights. We are working our way to visiting all 50 states. Two years ago we were able to "check off" Hawaii.
- Best Memory: Probably building solar collectors in Physics class our senior year. We were ahead of our time I guess.
- Goal: Retire sooner rather than later.
- Doing Last 20 Yrs: I worked summers during college at Blackwolf Run doing grounds maintenance and still do so on weekends when needed. In 1993, I received my BS degree in Computer Science with a minor in Information Systems from UW-O. I then started as a programmer at Strategic Data Systems (SDS), which later became INSpire Insurance Solutions. I also met my wife at SDS and we got married in 1996. At the same time we built a house in the Town of Sheboygan. In 2001, I moved to my current position at GeoVera Holdings, Inc. as a web developer.
- Worst Memory: Writing a career paper in 9th grade English class in the days before Microsoft Word and the internet.

Sheboygan, WI 53081

Children: McKenna Shimkoski - Age 9 going on 14.

Occupation: Medical Transcriptionist for a large national transcription company. I am also a medical transcriptionist part time for a smaller national company.

- Best Memory: Graduation....I hated high school.
- Goals/Accomplishments: I achieved the goal of being a home owner and did this as a single parent. It is a lot of work, but I am very proud of having done that without having a spouse. I am currently studying for my CMT (certified medical transcriptionist) test. It is a certification in addition to my 2-year degree.
- Doing Last 20 Yrs: I went to LTC for 2 years, partied, got married in my late 20s, had a child, divorced, bought a house and now work. It's pretty straightforward. lol. I would also ask what they have been up to. That just generates more conversation a lot of the times.
- Worst Memory: The clicks. Math class. Hard as I tried, I could never do well in Geometry class.

Sheboygan Falls, WI 53085

Spouse/Partner: Doug Carey

Children: Collin 2/94 and Clayton 1/97. We also have a Rat Terrier, Candy.

Occupation: Owner/Mgr Quiznos Subs Sheboygan

- Something Surprising: In high school I was more on the quiet side whereas today I own and run my own business and have become more of a bolder person. On a lighter note: I can eat my weight in chocolate daily without gaining a pound.
  - My best memory of high school would be seeing all my friends through out the day. It was crazy how fast Senior year passed by. I wish it would have gone by slower so that we could have enjoyed it a little more. But at the same time, it was nice it flew by so that we could just be done. I loved going to the dances at our school as well as some at South and Sheboygan Falls. Basketball and Football games were always a great time~ as well as the after parties.
  - Goals/Accomplishments: It is a crazy economy and running a small business in this time has been interesting, to say the least. Also, being a good parent is very important to me. Hoping that my boys can tell me or ask me things that I didn't feel comfortable talking to my parents about.
  - Doing Last 20 Yrs: Between work and family I have kept pretty busy. I was in Real Estate for a couple years and worked at DuBois Formalwear for a long time before becoming owner and manager of Quiznos Subs in Sheboygan. My boys are great and it has been amazing watching them turn into young adults. It seems the older you get the faster time goes. I just try to take it all in stride and organized.
- Worst Memory: My mom passed away the summer before my Senior year. It really changed me as a person. You learn not to take things for granted. It has definitely made me a stronger person today and a much better parent.

School Story: I've got nothing other than those times that Tracy Fenn and Angie Schicker and I would sit around the fire ring in her backyard and hang out. I also remember hanging out at the beach and playing a lot of volleyball during the summer.

**JILL (HUIBREGTSE) MCCORMICK - [jtrempp@charter.net](mailto:jtrempp@charter.net)**

Madison, WI 53713

Spouse/Partner: Tom McCormick

Children: Kathleen Grace, aka Kate - 20 months Our 3 cats - Atticus, Riley and Bronson

Education/Occupation: I have a BS in Community Health Education from UW- La Crosse and for the last 13 years I have mainly worked in tobacco prevention and control.

• Something Surprising: I'm fairly handy around the house and recently with the help of my husband, Tom and a friend re-tiled and remodeled our guest bathroom.

• Best Memory: The best memories I have are of hanging out with my friends, going to football and basketball games and sock hops and dancing like crazy. I also loved hanging out at North Beach during the summer and watching the 4th of July fireworks when they used to launch them near North Pier.

• Goal/Accomplishment: I'm very proud that I have my bachelor's degree since I'm the only one in my immediate family to graduate from college. I'm also very happy that I'm married to a great guy and that we have a fantastic daughter.

• After graduating from NHS, I went to school at UW-La Crosse where I earned a BS in Community Health Education. After finishing college, I moved back to Sheboygan for a while before moving to the Milwaukee area for a few years. I now live in Madison, it's the best. I am now married to the world's greatest husband and I'm the mom of the world's cutest and smartest 1 1/2 year old and 3 very funny and loving cats. My husband and I have been to Ireland twice. I have a great career where I know I'm making a difference in the world by advocating for smoke-free public places and I can't wait for the whole state to be smoke-free. I'm mainly enjoying all that life has to offer.

• Worst Memory: I don't think I really have a "worst" memory. The one thing I do remember that wasn't the best was having reconstructive surgery the summer before Freshman year and then the next three summers. It sort of put a drag on enjoying my summers.

Comments: I lived in Cleveland and attended Sheboygan North for only a portion of my high school years (part of sophomore yr, junior year and a few weeks into senior yr). While I did not stay long enough to build many lasting relationships with my North classmates, I did meet some nice and interesting people. I also met the love of my life and dear hubby, Nic Kellner, while living in Cleveland. Nic and I settled in the Milwaukee area after attending college and various career moves in Minnesota, Illinois and Indiana, too. Fastforward to 2003, our first daughter was born and in 2006 our twin girls were born. Life has been busy but we are enjoying it all!

• Something Surprising: I have gotten lazy in my old age!

• Best Memory: Just hanging out with friends and having a blast every day.

• Goals/Accomplishments: I have two amazing kids and a wonderful husband I have a great job I got my Master's degree while raising a family and teaching. Going to school, getting married, having kids, going to grad school, working at a job that I love! Living life.

• Worst Memory: I would have to say Speech class. I don't remember the last time that I turned that shade of red!

Spouse/Partner: James Terpstra

Occupation: Medical Technologist

- **Something Surprising:** I never thought my husband would also be my best friend. Those two categories are traditionally separate. But he and I fit each other very well; we balance each other's lives and provide a stability neither of us has known before. I do not expect to have any children for one big reason: I am still a kid at heart. I think my life would change 100% and I am unwilling to do that. My fur children are my substitutes: greyhounds are sensitive, intelligent, beautiful creatures that really do need loving homes at retirement. I am extremely pleased with my decision to "go greyhound".
- **Best Memory:** Being able to drive to school was a wonderful milestone. I remember myself as a brave, thoughtlessly hopeful female. Any fond memories with other students that I have are usually from my younger years! I have flashes of minuscule events and former friends and names that I may only remember half of. Mr Arnott's crazy physics classes and biology and chemistry with Mr. Gorges. Senora Lind and her upbeat attitude, the library which I always remembered while watching the Buffy: The Vampire series! Lol. Things like stopping in the bathroom just to use up a minute or two of time has always been my modus operandi.
- **Goals/Accomplishments:** I am working very hard on having a healthy body. I am working on it step by step, my main focus right now is fitness. My next will be healthy eating choices. In my career, I hope to make a million dollars and more so I won't really have to work to support myself. Details are still pending. I hope to move to Hawaii before my retirement age. It may never happen but I will vacation there as much as possible to satisfy my love of that wonderful state.
- **Doing Last 20 Yrs:** I graduated from UWM as a Medical Technologist. They don't make too much money. I work at Children's Hospital. It is a great place to work where they emphasize a healthy lifestyle and have an excellent work ethic. I met my husband in 1991 or 2 at the Mister Donut we both worked at. We lived together for a few years and then decided to get married in Hawaii, a place we'd been to twice before. We now have had two wonderfully vivacious and adequately trained greyhounds for 3 and a 1/2 years. I made rapid changes in my life to accommodate them and am slowly returning to my normal lifestyle while being accompanied by these two dogs who hardly even remember what kennel life was like anymore. It feels great and is very gratifying to have them greet me every day with wags, kisses and attentiveness, providing that I do the same for them.

Children: Jodi's son is named Gage and he is 4 1/2. But he's like a son to me.

Education/Occupation: Autobody degree from LTC and I work for Kohler as an engine assembler

- **Best Memory:** Most of you don't remember me from high school. I found that out at the last reunion. So anything I would say would be surprising. I guess I came out of my shell a couple years after high school and became very spontaneous, confident and outgoing. My fiance says: Only you Troy, could make a friend on the phone selling a car on E bay. Its been so long. Hmm... I have one memory I thought was funny. When South painted red and white stripes around the North high building.
- **Goal/Accomplishments:** From the ground up I restore and sell classic cars. It started as a hobby and is now starting to be profitable. My goal is to start a business doing that full time. It might become a reality soon.
- **Doing Last 20 Yrs:** Lets see... I'll just give you the highlights. In the past 20 years I met a girl. Was with her for 8 years. Bought a house with her. Started remodeling the house. Got married. After 4 years divorced. In the past 3 years I had neck surgery from a work related incident. Finished remodeling the house completely. 2 months later the house burned down from a candle I knocked over in my sleep. Lucky to get out alive. Insurance company paid to rebuild it. 5 months after ,I moved back in. 9 months later I got engaged. And thats about it.

**LORI (JOHNSON) BIEBEL - [dbiebel@charter.net](mailto:dbiebel@charter.net)**

Sheboygan, WI 53081

Spouse/Partner: David Biebel

Children: Adam, 9-1/2 Ryan, 7 Lindsay, 3-1/2

Education/Occupation: BA from Carroll College, Waukesha, Wis. 1993, major Communication, emphasis Journalism, minor sociology. Worked 8 years in advertising/marketing.

- Something Surprising: I did not join the Peace Corps (Senior Class Survey), though a friend of mine in college did! None of my kids have red hair!
- Best Memory: My best memories come from all the extra-curricular involvement -- pep band at football/basketball games and pep band concerts in Madison, drum major for marching band; yearbook starting freshman year (I remember how thrilled I was to "cover" the Kurt Portman press conference about where he'd play basketball in college), editor as a junior, trip to printing company in Missouri; student council; co-chair of Expo with Kris Simonson. I remember Mr. Fischer stopping me from running in the halls one night after school. He asked me if I ever realized that if I didn't do it, it would still get done. Much to his surprise, I told him, no it wouldn't! Bon fires, driving around, going out for ice cream after many events or back to friends' houses.
- Goals/Accomplishments: Accomplished my degree and career, now my family. Last spring, I was co-named Elementary School Volunteer of the Year for the Sheboygan Area School District with my co-chair of our school's Parent Connection Committee.
- Worst Memory: My worst memory of high school would be the unexpected and tragic death of my sister from a heart attack our junior year. She was just 32 years old and left behind a 2 year old and 4 year old. So many of you were so great to me! Next behind that would be my parents planning a trip to Florida and Disney (how dare they!) during the State Basketball Tournament our freshmen year. My dad was a huge fan and I still do not let him forget that! Also passing out in the hall during "passing" period (no pun intended) one afternoon on 2nd floor, right outside Mr. Esler's room.

Spouse/Partner: Lorrie

Occupation: Senior Server Administration Analyst

Children: Teddy and Jensen

Comments: I have been working at Alliant Energy in Madison for about 12 years. Mike Clark worked with me at Alliant for 10 of those years I think. I married my wife Lorrie on 9/11 1999, and two years later our Anniversary has never been the same. A shame we have to celebrate on that day. We have two boys, Teddy and Jensen; little buggers are gonna be the death of me some day, but I love em. I still play guitar, but pretty much suck ...but it's fun.

School Story: Russ Margenau and I bringing our guitars and amps to German class and blowing out Herr Zumpf's ear drums! I miss good old Northgate shopping center with Gosses and Park n' Shop. Those steak sandwiches freakin rule! I always had a special place in my heart for EXPO. Although I never participated, I always loved going there and seeing all the bands play and stuff. Good times.

**JENNIFER (KASTNER) STANGL - [mjstangl@juno.com](mailto:mjstangl@juno.com)**

Eau Claire, WI 54701

Spouse/Partner: Michael Stangl

Children: Elena is 10, Nate is 8, and Maya is almost 4 years old.

Education/Occupation: I have a BA in Psychology as well as a BSW. Pre-kids I was a social worker in family services, and am currently home full time. And loving it!

- Something Surprising: My old track teammates would probably be surprised to know that I ran my first half marathon last spring, and another in the fall. I'm still a sprinter at heart, though!
- Best Memory: My best memories were probably the bus rides to and from track and cross country meets....especially cross country--lots of laughs. Mr. Percy's lit classes were also guaranteed entertainment, as well as any class that I had with Dave Smith. PE with Mr. Lasla also had some great moments: he once had Deb Scheib and I demonstrate a skill for volleyball, but then later brought the class to a screeching halt, blowing his whistle and bellowing that we were slacking off, because "obviously my accolades have gone STRAIGHT TO YOUR HEADS!!" He also made a chart showing how fitness is important, because "after you turn 21, it's all downhill." And he had the graphics to illustrate it.) That's a tough one--overall I have good memories. But I do recall that first week as a freshman getting very stressed out trying to hike from one end of the school to the other during the dreaded 'passing period' (with the famous bottleneck of traffic in that middle stairwell)...and then getting to my locker and not being able to get it open. I still have dreams of that sometimes!
- Goal/Accomplishment: I really enjoyed my career as a social worker and would love to get back into it as my kids get a little older. Right now raising my kids is my main focus, and I hope that when they are grown I will consider it my greatest accomplishment :) I am also currently working on a project right now involving advocacy for children in foster care, and I'm hopeful that it will take off and I will be involved with it in some capacity for years to come!
- Doing Last 20 Yrs: The last 20 years included college in La Crosse, some more college in Eau Claire, getting married, working in social services, and becoming a mom (times three). Life right now is filled with a lot of soccer games, baseball games, swimming lessons, and school activities. In our spare time, my family and I love to spend time at our cabin, swimming in summer and snowshoeing in winter (for the first time this year)! We also have had a couple of great family trips to Texas and South Carolina for a welcome break & some sunshine/beach time during the winter.

- Best Memories: Having the experiences I did with the Pom pon squad, and choosing the career path that I did.
- Goals/Accomplishments: I always wanted to be a nurse when I was younger. I have the career I wanted, and the Family I wanted.
- I worked in many areas of nursing in the last 15 years. Surgical, Orthopedic, Pediatrics, Labor and Delivery, and Newborn Nursery. Then my daughter was diagnosed with Type 1 Diabetes. I changed the focus of my career, and I decided to help other families that were in the same situation we were in many years ago.

 Occupation: I work for Sheboygan County Human Services. I work with low income families with food, health care and keeping their family self sufficient.  
 • Something Surprising: That I really do look like Selma Heyek underneath this current physique. I had to invent a pale, slightly bloated body suit to cover my hot hips and hooters so my husband doesn't attack me on a daily basis.  
 • Best Memory: Besides my graduation....is when Mr. Vassen took me aside to talk to me and help me through my parents divorce. There also was several other occasions that I remember vividly...like when Tommy Gardner gave me his senior picture...I think I still have that. Or when Andy Trilling gave me his senior picture...it was major dilemma which one I should tape first on my locker. Or another fond memory ...was probably when Tina Zimmerman and I rode in the back of Melissa Thimmig's trunk...I don't know where we were going....or how much we were drinking. Or I could also mention the time that I was at a party....and the cops came...and started giving breathalyzers...and then the cops had to get called away for an emergency...and NOPE...NONE of us got arrested. Or it might also be the time that Melissa Moeller was making out with some guy in a car in a Black River cemetery....and I was stuck outside of the car with 2 goons trying to get me to make out with them...YIKES. I think I did get grounded that night. Or the best was when Loren Klemp was pretty much buck naked running down N. 7th street after we got caught with our boyfriends from Melissa's dad. OR...the times with Julie Perl & Kathy Nelson...chasing Falls guys.  
 • Worst Memory: When Tommy Gardner nor Andy Trilling asked me to any dances or proms. Or it could be my on going parking tickets from north 10th street.

Sheboygan, WI 53081

Children: None

Education: Assoc. Deg. UW Sheboygan, furthered education at UW-Milwaukee

Occupation: Resin Polymer Research Tech at Plastics Engineering

Goals: I would like to release a CD and a book at sometime in my life, not of a "vanity printing", but one that outside sources deem worthy.

- Surprises: I have two of them. First is that classmates Greg DePagter, Dan Zitzer and myself are members of the 1989 State Baseball Champion Team. The season went past our graduation date, and being seniors, we never got to go to school as "champs" again. The second is that at EXPO of 1989, fellow grads Alex Kell, Bill Kuehl, Sean Meyer and myself performed as the band "MILITIA". 20 years later, uninterrupted, Alex Kell, Bill Kuehl and I are still together in a band and love making music together.
- Best/Worst Memory: Honestly, I almost didn't graduate with our class. I was going to be one credit short in history unless I "aced" the final exam. \$20.00 and some illegal activity later, I had the scan-tron answer sheet in my hands. I then had to do the most difficult thing I had done in high school up to that point: memorize the following 50 word paragraph that cued me into the scan-tron answers:

Big Dog! Big Cat! Elephants Can't Drive Audis Because Big Animals Don't Corner Cars Anway!  
Doesn't Being Cautious Always Cause Danger Anways? Beer! Beer! Disco Coke! Don't British Call  
A Dude A Bloke? Baseballs Bounce, Cucumbers Are Better Cool, But Critters Eat And Every Doggie  
Barks! Doe Are Deer Bait.

2 bonus questions: 1) RUSH RULES! 2) SOUTH SUCKS!

Fortunately for me I pulled it off; otherwise I'd have to wait another year to celebrate, and it wouldn't be with the fine individuals that make up the class of '89. And for me, that also makes it my best high school memory.

Spouse/Partner: Greg Oppermann

Children: Alexa 9 yrs. old. Born 11/99 Ava 7 yrs old. Born 8/01 AJ 6 yrs. old. Born 1/03 Mckenzie-step-daughter 17 yrs. old. Born 3/92

Education/Occupation: Graduated from UW-Oshkosh with a Bachelor's degree in Nursing. I am a Registered Nurse in the operating room.

- Something Surprising: I have turned into a cowgirl! I have a horse, named Bud, and I really enjoy my time with him. I love to go riding and have a little "pony club" going on with some ladies who also enjoy to ride. On the other hand, given my occupation, I could probably do the grossest procedure imaginable (although I don't really find much gross) and then go to lunch without a problem. I've seen it all!
- Best Memory: Hard to say. I remember having fun with my girlfriends going to the Back 40 and dancing our butts off, and getting busted for having a case of beer in the front seat. Singing in Northern Lights and our many concert performances; painting my car for the homecoming parade at Amy Korkko's, attending many sporting events and cheering for North! Our big trip to State for boys basketball our senior year, whoa, that was fun!
- Goal/Accomplishments: Although I am proud of my education and the job I do everyday, my main goal is to raise 3 great children. If they succeed and prosper, and grow into well mannered adults that would be the greatest accomplishment of all. So far we're doing pretty good!

Comments: well this is what I have been up to for the past 20 years, during my junior year I got a job at pepsi and worked there till 95 and felt that there was more to do in this world, I then joined Will-Pemco and was an electrical assembler and went to LTC for electro-mechanical technology, did that for awhile and still was not satisfied and moved to Georgia and attended Toccoafalls College, moved back to sheboygan and got into the glass business and worked for several shops until last year when my step dad asked me to take over the family business (Z&N machine in sheboyganfalls) which I am still trying figure out. during all this I was married for 9 years then divorced in 2003 and have 4 wonderful children. In my spare time which is not alot I enjoy restoring old cars of which one I have pictured (1976 Fiat spider) and take to the vintage races at road america and love to golf although I am taking a break from league this year. I also still play guitar and bass and am always working on some sort of musical project searching for that perfect opus.

- Education/Occupation: I graduated from Lakeshore Technical College as an Administrative Assistant Associate in Information Processing. In the early years after graduation from LTC, I worked full-time at the Sheboygan County Courthouse. After many years working at the Courthouse and having two children, I went to work part-time for the City of Sheboygan so I could spend more time with my children. After six more years and another child, I left the City of Sheboygan and now have the best job a mother could ask for...being able to work from home while being a stay-at-home mom. I work for the best employer in Sheboygan, Greenscape Lawn and Landscape, doing their payroll, billing, etc. This allows me to be able to volunteer at my kid's school and contribute to all their activities. I often have to pinch myself because I feel very fortunate to live the life I do.
- Something Surprising: I have a tattoo of a dolphin on my ankle. Though this may not come as a huge surprise to those who knew my love for dolphins in high school.
- Best Memory: Definitely the boys basketball team going to State or should I say the road trip to Madison. Some of State was such a blur . . . particularly for Tammy Miller. Also, the many trips going to the Back 40 in Manitowoc . . . especially the trip when Melissa Thimmig told the cops that she was Melissa SMITH! What great times!!
- Goals/Accomplishments: I swam with dolphins in the Gulf of Mexico at the Dolphin Research Center located in Grassy Key, Florida. I have also been fortunate to travel to various places that I never thought I would thanks to my husband: (Pre-kids) West Indies—St. Lucia, Canada/New York—Niagara Falls, California—drove up the coast from L.A. to San Francisco, Florida—Key Largo down to Key West. (Post-kids) Illinois—John G. Shedd Aquarium/John Hancock Bldg./Science and Industry Museum, Florida—Orlando...Disney World/St. Augustine, and most recently South Dakota—Mt. Rushmore/Black Hills/Badlands and Wyoming—Devil's Tower which was simply amazing!
- Doing Last 20 Yrs: I have been living the best part of my life these past 20 years...I have been blessed with a great husband and the most outstanding father to our three beautiful-smart-fun loving girls. I have traveled several places with my family and simply enjoy watching them grow. In addition, I attend many of their soccer games, swim meets, chess tournaments and so on. The past 20 years have been very eventful...but very rewarding! I would never change a thing.

Garches France

Spouse/Partner: Christopher Gittens - Married in October 1999

Children: William (Will) Gittens - Born March 4, 2002 Alexander (Alex) Gittens - Born December 5, 2003

Education/Occupation: B.S. Political Science - UW Oshkosh; B.A. Spanish - UW Oshkosh; M.A.

International Economic Policy - The American University, Washington DC

- Something Surprising: I drove a CaseIH Combine Harvester in Mato Grosso, Brazil to harvest soybeans. I was there on a business trip and after landing on a dirt runway in the middle of a cornfield in a 4 seat airplane we toured some of the largest soybean producers in the world. It happened to be harvest time and having a picture taken of a bunch of corporate guys from Wisconsin harvesting soybeans was priceless. The things you get to do when you work for a tractor company. After living in France for almost 3 years I still cannot speak French. I know enough to get by in most day-to-day life instances, but my 7 year old will tell you that I have a really bad American accent.
- Best Memory: I have a lot of great memories from high school and growing up in Sheboygan. I have come to learn that the older I get and the further away I move the more I appreciate all of it. As I see my kids meeting and saying good-bye to friends every year you realize the value of having roots and being able to say that you still exchange email and Christmas cards with your friends you met in kindergarten. Some of my best memories from high school were the summers I worked in Door County and hung out with Nise Bremer.
- Goals/Accomplishments: As far as professional goals go, I think if I was to go back to our senior yearbook it would say that in 20 years I wanted to be a corporate attorney with a corner office. As far as that goes, I never went to law school but I did spend my time in Corporate America working on transactions and projects much as I had envisioned a corporate attorney would do when I wrote my Career Paper in Freshman English. I didn't have a corner office but instead one with a fabulous view of the Eiffel Tower. So all in all it worked out pretty well. One of my personal goals is to visit all 7 continents by my 40th birthday. I have made it to 5 as well as the Arctic Circle. I have Asia and Antarctica left. Asia is quite possible from Europe but Antarctica may be a bit more challenging. I'll just have to wait and hope that Antarctica does not completely disappear with global warming.

- **Doing Last 20 Yrs:** The first thing that popped into my head after reading this question was....Work. Which I have, and as my husband pointed out, some of it has even been interesting and enjoyable. I graduated from UW Oshkosh and moved to Washington D.C. to work on Capitol Hill and then for a couple of small government relations firms. One firm focused on Department of Defense -related clients and projects. The other represented every major oil and gas company in the world providing political and economic risk analysis. While I was in DC I went to graduate school as well as met my husband. I spent almost 7 years in DC during the Clinton Gore years and loved living there. When we got married, we moved back (Chris grew up in Ripon) to Wisconsin. Upon returning to Wisconsin, I worked for about a year as consultant and then joined CNH (Case New Holland) in Racine. At CNH, I started in Treasury and then moved into Corporate Finance, finishing in Business Planning and Development. I worked primarily for the Financial Services division. In 2006, I was offered a position in the European Financial Services Headquarters so we moved to France. It was a great opportunity and a huge challenge to live and work in a different culture. I worked primarily on setting the strategy for the business in Europe, as well as aligning the business structure. While we, as Americans, think that Europe with the euro is now one market, the reality is very far from that. Different legal systems, languages, tax codes and cultures still dominate the markets. Presently, I am a full-time stay at home mom and tag-along spouse. Chris was offered a role in Austria so we are in the midst of moving to Vienna for two to three years. On the personal side, I have two little boys. Will was born in March 2002 and Alex in December 2003. They keep me busy with school activities, sports and music lessons. As a family, we have tried to experience as much of Europe as we can while living here. The boys are experts on castles and knights. They don't always like the traveling, but they are both very eager to add a new country pin to their collection. We have memories and pictures to last a lifetime from all over Europe and North Africa. It really has been a grand adventure for us.
- **Worst Memory:** One of my more embarrassing memories was being caught with Laurie Matthies skipping Mr. Fitch's math class. It was embarrassing because my Dad had taught at North for many years and still knew Mr. Ericson and most of the teachers. I am confident my parents knew that I had to spend time in detention before I even got home.

Education/Occupation: Marquette University 1993 Sociology, Lakeland College 2000 Accounting; Currently working in Accounting and HR at Richardson Industries, Inc.

• **Something Surprising:** I've been in prison four times.....No, I wasn't sentenced to any hard time, but I had a keen interest in the correctional system. I interned in Probation and Parole as I was completing my Sociology Degree at Marquette. My mentor at the time really tried to make my internship experience a valuable one, so he arranged several prison tours: Taychedah, Sturtevant, Kettle Moraine Correctional Institution, and Dodge Correctional Institution. It was an extremely interesting experience complete with meeting one of Sheboygan's notorious imprisoned murderers doing a life sentence. I've also shot a police revolver, participated in building searches, and drove a Sheboygan police car. In my first job, I participated in the City of Sheboygan's Citizen's Police Academy. It was an exhilarating experience. I guess these two experiences were my "walk on the wild side...."

• **Best Memory:** My best memories of high school come out of my involvement in both band and tennis team and the friends I made through those experiences. I loved playing trumpet for everything from pep band at basketball games to jazz band to classical performances. We had so much fun on our band trips to Madison for both state basketball tournaments and the UW Marching Band Concert. I loved to perform and the challenge of trying to master a new piece. In high school I played tennis extensively all summer long and was always eager for tennis season to start. I lost to players from South more times that I would have liked, but it was extremely gratifying to win Sectionals our Senior year with Jenni Cordes as my partner and end up with our doubles and singles players winning first and second places and advancing to State as both individuals and as a Team.....it was a very triumphant moment!

• **Goals/Accomplishments:** Fifteen years ago, most of my goals revolved around school, my career and what positions I wanted to achieve. As I earned each degree or moved up the next rung on the corporate ladder, each achievement was satisfying. However, I also spent too much time during these years anxious and stressed out. Now, my biggest personal goals pertain to achieving and maintaining balance in my life. I strive for happiness and health. Having kids really changed my life and direction for the better. Kids are definitely a lot of work, but they have also helped me to experience true joy. They have helped me appreciate the simple things and how blessed we really are. Instead of striving so hard for attaining a goal, the girls are teaching me to enjoy the journey along the way. Being a mom has helped me become a more focused employee and a more confident, compassionate person. I feel really fortunate to be able to work part-time. This flexibility has been wonderful for our family. I have been given tremendous opportunity to grow professionally with the company and take on ever-changing areas of responsibility while also having a chance to enjoy being a wife and mom. I'm thankful to be able to keep one foot in the corporate world and one foot in the "kindergarten world" helping out in my daughter's classroom. For the future, my goals are to focus on my marriage and family and to raise kind, thoughtful, resilient kids capable of thriving in this unpredictable world. I'd like to travel as a family and share some of the experiences with our girls that Arwin and I loved in our early years of marriage. Career-wise, my goal is to remain open to the possibilities that come my way. I always thought I had to have this huge plan for my life and my career, but life so far has taught me that happiness and success can come in some of the most unusual ways when you least expect it.

- Doing Last 20 Yrs: In a nutshell, the first 12-13 years after high school were spent on college, establishing my career, and fixing up our home; the second 8 years have been focused on family and raising our two girls. After graduating from Marquette in 1993, I got my first job as a Youth Educator at the Mental Health Association. I worked in Sheboygan County schools doing programming on mental health-related topics and serving on various boards and committees. I had my summers off allowing me to teach tennis and continue to play with various bands. I married Arwin Herzog in October of 1993. We had met in 1989 shortly after high school graduation. During the next several years, we had the opportunity to travel, perform, and enjoy life as a couple. We played alot of band "gigs"--ethnic festivals, weddings, and conventions. I decided to switch fields and began working at the corporate office of Richardson Industries, Inc. in Sheboygan Falls in 1996. I completed a degree in Accounting at Lakeland College. In my 13 years at Richardson's, I've moved from Accounting to a Human Resources emphasis working extensively on the company's 401(k) plan, employee benefit plan development and in the areas of taxes and compensation. In December of 2002, Arwin and I became parents for the first time. Kendall was truly a blessing in our lives. After nine years of marriage, a baby was a definite adjustment, but a welcomed one. After maternity leave, I went back to work part-time working three days per week and have continued in that capacity. Our little sparkplug, Erica, was born in 2006 completing our family. We are living in the same neighborhood in which I grew up. Although I am not a huge fan of Sheboygan's 9-month long winters, I will never tire of living near the lake. My older daughter is completing kindergarten at Grant School, the school which I attended as a child. We are very fortunate to have both sets of grandparents close by. They are tremendously helpful in caring for our girls. Although the majority of my free time revolves around my girls and their activities, I enjoy gardening, walking, photography, scrapbooking, and reading. My husband and I both share the love of music, so I hope to return to the trumpet as the kids get older.

Children: Grace, born 2001 Allison, born 2003

Education/Occupation: Spanish Teacher and World Language Department Chair, Chandler High School, AZ

• Doing Last 20 Yrs: Like many of us I'm sure, I have struggled in the past twenty years to find the balance between giving and receiving, being unselfish yet selfish, maintaining friendships yet putting family first ... the list goes on and on. At this '20 year' marker I am happy to say that I've reached a stride in my life and feel like I've learned to handle the balancing act a lot better.

• Best Memory: My best memory from high school is all of the support I got from my friends, and even those I only knew a little bit, when I decided to spend a year in Peru. It was a scary thing to go off and do, but I had so many people encouraging me, writing to me, even calling me - and this was back when an international call was quite pricey. Coming back home after a year was almost as scary as leaving, but everyone made me feel right back in the loop of things.

• Goals/Accomplishments: I love languages and everything to do with teaching and learning. I have worked with one of my sisters, also a Spanish teacher, on creating presentations geared towards other teachers and students. Last fall we got our first book published and hope to have many more on the way! I've learned through the years to manage having a family and staying in a career that I love. I couldn't do that without great family and friends around me.

• Doing Last 20 Yrs: I feel like I've been in high school forever...! I have worked at Chandler High School since 1995. It's always funny to me that times change, but the 'high school student' is always the same ... and the same as we were back then! They go by day to day thinking that their teachers know nothing, that they know everything, etc.! I have worked with some great teachers and have had some fabulous students. My biggest regret is that my students are always the same age and I am always getting older!!

• Worst Memory: Can't really think of a worst memory ... besides maybe Chemistry class - not something I get!

I have backpacked through Europe twice and I have gone skydiving 3 times...Loved it!! Also...I do not run competitively anymore..only for exercise.

• Best Memory: I can't forget the unique teachers we had. Mr. Duane having students chase away pink elephants with a yard stick, Mr. Arnott chucking chalkboard erasers at me when I would doze off in physics, Ms. D being the cranky, tough broad who loved to take on students in the pool during lifeguard training class, Herr Zumpft (enough said) and although Ms. Krepsky (aka "the silver fox") was tough, she really taught me a lot. I really had fun with a lot of the teachers at North.

• Goal/Accomplishments: I accomplished the goal of finding a career I love. My main goal now is to raise good, moral and strong children and give them a happy childhood. Kids grow up too fast and I want every minute to count.

• Doing Last 20 Yrs: I would definitely say that I've packed a lot in the last 20 years. I spent my single years traveling all over the US and Europe while working as a physical therapist in Milwaukee. I continue to work as a physical therapist and I think that I am blessed to have a career that I enjoy and am passionate about. I met an amazing man and have spent the last 10 years creating a wonderful life and family with him. We have moved several times in the past 12 years to and I learned that I really love Wisconsin.

Spouse/Partner: Keith Loppnow

Children: Denis Loppnow Age 8 Nikolai Loppnow Age 3

Education/Occupation: Bachelor of Science, Mechanical Engineering--Part Time Systems Engineer/Full Time Mom

• Something Surprising: My husband and I have an alpaca business in which we breed alpacas for sale and harvest their wool.

• Best Memory: It's difficult to pick just one. Probably all the hours spent planning and then actually toilet papering friend's houses. I think we took it to a new art form!

• Goals/Accomplishments: As I get older, my goals become simpler...to live a life that I and my family can be proud of. Life is too short to get hung up on all the details. I just try to seize the opportunities as they arrive.

• Doing Last 20 Yrs: I went to college for mechanical engineering at Marquette and have been working in various quality/project engineering & management roles since then. My husband, Keith, and I married almost 10 years ago and we adopted two boys from Russia less than 3 years ago. I am lucky to be able to stay home with the kids except working one day a week doing engineering project work. We live near Columbus Wisconsin on a little farmette raising alpacas on the side. We spend most of our time just enjoying living in the country. I still like to sing for church; but, I do my best singing in the car, at bedtime or dancing around the house with the boys.

• Worst Memory: Running into my parents' garage wall when I didn't engage the clutch starting their little Ford Fiesta. I pushed a cinder block through the drywall pushing the opposite side's drywall out an inch. Amazingly, they still let me take the car out that night!

- Something Surprising: After seeing some of the pictures of my classmates, I think that it's important to point out that I can't fish or hunt worth a damn. I am a complete safety hazard with rod & reel or gun. Once, I fell asleep fishing and dropped my rod in the lake...gone...
- Best Memory: Fondest memory is still beating Neenah in sectional finals in Oshkosh in front of a mad crowd of Sheboygan North fans, which propelled our team to a trip to Madison for state championship tournament. It was great because we played great, Deso was hilarious before the game, the fans were awesome, and we killed Neenah.
- Doing Last 20 Yrs: College to MadTown (Great Value...Great Fun)...Launching Pad for Life. My roommate for essentially all four years of college was fellow Raider Craig Waslin who is still a #1 stand-up guy! Does anyone have the picture of him perm from high school?; then following graduation up to Minnesota into the real world working as auditor and consultant with Arthur Andersen. While at Andersen, I met my beautiful wife-to-be Tina. As part of the package deal, I told Tina that I wanted to leave town for grad school and then wanted to move to Colorado. She bought into the package deal. Soon a hot June wedding, I received scholarship to get MBA at Michigan, which was an awesome 2 years in Ann Arbor and used that as my slingshot to propel us to Colorado, where I've been trying to get since college. In Colorado, we had 3 great kids - Jack, Libby, and Sam. I've worked at a number of companies, always in Finance/Accounting and I am currently the CFO of a start-up software company trying to revolutionize the enterprise desktop market via desktop virtualization solutions.
- Worst Memory: I was totally bummed losing to Kris Simonson (AGAIN) in Adv Physics competition to build a solar panel. James Hoell and I built a damn good one, but she built one using a hairdryer of some sort that circulated the air...well of course it worked better because it used a separate power source...so how was that fair! Also, getting in a bit of trouble of senior homecoming float stunt pulled off by a few daring souls...can't forget that one.

Lake Forest, CA 92630

Spouse/Partner: Nick Van Egmond

Occupation: Veterinary Internist

Children: Gabrielle, Patotas and Trigger- our cats. No plans for the two footed type!

• Comments: From '89 to '95 I was at UW Madison going through rigors to get my DVM degree, then worked in IN and then in Appleton before doing a residency in Internal Medicine at Michigan State. I moved out to CA in '03. I just started my second job in Orange county, CA. Love the weather- do NOT miss snow!! Not everyone here is like the show "The OC", but some definitely are! I met my husband when I lived in Appleton; we went our separate ways during my residency, and then I couldn't find a guy in California to my liking, so went back and got my man from WI. He moved out here with his cat Trigger, and we married in 2005. When I get free time, I like to dance (salsa, ballroom- latin or smooth, you name it). We had a "Prom night" dance a couple years ago-I actually wore my prom dress, big silver bow and all! I also love to rollerblade, and there are some great bike and hike trails here too.

• School Story: I remember driving to the "Back 40" in Manitowoc in bitter winter cold, and coming out afterward to find the doors on my Plymouth Horizon had frozen shut, so we had to climb in through the hatchback wearing mini skirts and high heels- that was the one time we actually got a spot by the front door! (Jill Huibregtse and Lori Piper will remember that too...!).

• Best Memory: Sock hops were always fun- good ol' Sheboygan "mosh pits" were pretty funny.

Children: Jordan (girl) 14, Justin 13, Emma 11, 5 cats!!!! Molly, Lilly, Paris, Nicki, and Gracie

Comments: After graduation I attended UWSP and graduated in 1993 with a BA in Psychology. I got married that same year, (and have been married for 15 years) and have lived in Saint Cloud, WI (small village of 500 in Fond du Lac County) ever since then. I had babies in 94, 95, and 97. I was a stay at home mom and babysitter to many for 10 years. Then, I went back to school and got my CNA license. I worked as a CNA while completing the Practical Nursing program (LPN). I work part time as a Nurse Extern, and am back in school working on my RN degree. We have had a dog, 4 guinea pigs, and many hermit crabs and fish over the years. We are currently the proud parents of 5 house cats, all adopted or strays who found us. I am still freaked out that my oldest daughter is in high school, my son is a teenager, and my baby is 11 already! It seems like I was just in high school! Life is busy, but it is good!

Shaker Heights, OH 44120

Occupation: Grad student in Cognitive Neuropsych & Researcher

Children: Three dogs: Lucius (4 yrs), a Yorkie-Poo; Titus (3 yrs) and Rufus (1 yr), Yorkies. A Cat: Princess

• Comments: I am in grad school pursuing a PhD in Experimental Psychology, specializing in Cognitive Neuroscience. I am currently investigating Creativity, Intelligence, Cognitive Control, and Individual Differences in neuroanatomy and synaptic plasticity that effect all of the above.

I also do freelance graphic design and Medical/Scientific Illustration and animation for fun and profit.

• I am moving to Boston in about 7 weeks, where I will be on a research/writing/publishing binge for the next year, investigating creativity and society's tolerance of creative behavior. I have two co-authored book contracts and a three-paper series to write... so I will probably not be making the reunion. The timing looks like it might be a deal-breaker. Just too busy of a time for such a long road-trip.

• School Story: Physics class, Mr Arnott... Pooh Bear and Piglet, in the airplane, with the slogan, "Buckle-up...Safety first!"... and if you came into class late, it got launched at you upon entry. And the race car on the ramp that they rode in. Or if you fell asleep in his class, he would quietly walk up to your desk, pick up all of your books, and drop them all "SMACK" right in front of you. He had mastered the art of landing the stack completely level, as to get the highest possible sound quality. The seizure-esque freak-out from the formerly sleepy student was awesome; the highlight of my day. I wonder if anyone developed a phobia of napping as a result?

• Worst Memory: I really hated High School.... I spent all of my free-time either drawing, reading, or planning world domination, which I am now putting into action. I was constantly in search of the answers to the bigger questions in life, and now have the opportunity to solve them... at least a few. I didn't speak much to people I did not know in high school... I preferred to observe, process, theorize. I am still a people-watcher of sorts.... part of what makes me a good psychologist perhaps. I really did not have much interest in social activities back then.... was always and still am a science nerd, an artist, and a ponderer ad nauseam. Not much room for anything else.

Children: Our son Gavin was born on July 24, 2004. Our daughter Molly was born on July 26, 2007. Our children are a real joy, they certainly bring a flurry of activity to our lives! We enjoy watching them grow and learn.

Education/Occupation: In 1995 I graduated from Lakeland College with a Bachelor Degree in Elementary Education.

- Something Surprising: In 1999 my husband and I helped to design our current house. Over the past 10 years I have become quite handy using power tools. We have built a two tier deck in our backyard and a very large multi level play structure, it's hard to get the kids to come inside at night! A few years ago we finished our basement adding a nice family room. I have learned to use more tools than I ever imagined I would use.
- Goals/Accomplishments: I have been a teacher at Holy Family School in Sheboygan for the past 12 years. I have taught grades 1, 2, 3, and 4. This summer I will be attending UW Oshkosh to add preschool and kindergarten to my current teaching license as I will be the kindergarten teacher next year. I am also a student at Concordia University. I am working on my Master's Degree in Reading and an additional license as a reading specialist. Being a college student at two different universities this summer should keep me very busy. In addition to teaching, in my spare time (ha, ha) I work for Walgreen's. This October I will be with Walgreen's 19 years. I am a licensed pharmacy technician.
- Doing Last 20 Yrs: The last 20 years....school, marriage, house, work, children, more school, that about sums it up!

Doing Last 20 Yrs: I have spent 20 years serving this great Nation and will continue to do so until I decide to retire. I have been to way too many countries to mention and have served in two combat tours since graduation. I was combat wounded during Operation Iraqi Freedom II in October 2004.

Best Memory: I really enjoyed every moment in Mr. Schinke's class and all that I learned from him.

I wanted to graduate from High School and get a college degree from serving in the Army and I did that. I had my family drag across this world and want to do what they want to do for now.

Goals/Accomplishments: I have been serving in the forces which guard our freedoms and our American way of life. And now it is time to dedicate my time to the raising of our children.

**TERRY WILLIAMS - [twilliams@rhinelanderfd.com](mailto:twilliams@rhinelanderfd.com)**

Rhinelander, WI 54501

Occupation: Fire Chief

Comments: I have been reading up on everyone that has info and found it interesting, so I thought I would write a little something.....

After highschool I worked at Park and Shop as a Meat Cutter for a short time and decided that wasn't for me. I went on to get a degree in Fire Science and was hired shortly after by Rhinelander Fire Department. I have worked here ever since, seventeen years now. I worked my way through the ranks and applied for the chief's position when it opened.....got it. Someone told me " careful what you wish for, you might just get it ", boy were they right. I love the job, but it deffinatly has it's challenges. This career really opens your eyes to what the world is all about and how people really live. The job forces you to see some awfull things and makes you look at your own life to sole-search as to what you need and want.

Enough about the job, when I have spare time I still love to fish and have taken up golf again. Golf gave me something to look forward to, during down-time from meeting travel. Now I find myself traveling early to catch nine holes somewhere. I have also gone through a sort of second childhood and bought some ATV's, not the four-wheel drive ones, but the racing models that go alot faster than I should. I now judge how much fun I had yesterday by how sore I am today.....sign of getting older I guess. I ride about three days a week on the trails here, it is the one thing that I do where I think more about what I am doing than what I have to do at work.

Occupation: Currently work for an international company. I will be leaving my current company end of year to take on a new job affiliated with Kid Rock and other major film/music industry mogules. Bringing Motown back to Detroit.

• Goals/Accomplishments: I personally have worked on raising my boys to be successful and driven young men. My youngest is incredibly talented athletically and I am very excited what High School, College and Post College will bring to him. My oldest is graduating and starting college in the fall. I have been divorced for 4 years, so raising my boys single handedly, and lord is that ever challenging. Loving myself and growing spiritually, mentally, emotionally! I have been blessed with many opportunities and took many wrong turns, which I truly ensured ended up being the right turns. Living vicariously through my children and younger brother whom is currently playing pro ball in New Zealand! Traveling the world and enjoying life.

• Worst Memory: I didn't even drink, and in my freshman year, decided to be a rebel and bring a bottle of 150 proof liquor and hide in my locker (somebody turned me in), I ended up losing an opportunity to go to State for Forensics as well missing the boys state championship. - Something Surprising: I once swallowed a minnow at a bar in Stevens Point- got a free t-shirt for it though- how gross! Debbie I think you did it too!
- Best Memory: Hard to pick just one, going to state was a blast. Going to Rib Mountain with Dawn and Debbie-Lot's of fun nights at the Grimm's. Oh ya, and let's not forget the party and Tammy's house that was fun too until Grandma arrived.
- Goals/Accomplishments: My goal was to be able to practice hygiene part-time to be able to spend time with my kids.
- Doing Last 20 Yrs: I have been working hard. Trying to give my kids everything that I had growing up.
- Worst Memory: I seem to recall a night at the Top 40-never knew that the serial numbers on the cans in a case of beer all matched. First lesson learned-never litter- I remember having the rest of the case of beer under my feet covered by a blanket. When we were pulled over, the officer said either it was a case of beer or a VCR. Next thing I remember we were on our way to the police station. I had the K-9 dog breathing down my neck, everyone else was in the other car. When asked if anyone was drinking I said "yes". Everyone else denied it. Long story short- I never did get cited. I remember one of us using a false name-anyone know a Melissa Smith??? Second lesson learned- always tell the truth.
