LAFAYETTE,

TENNESSEE

Today! Stop at the thriftiest pump in town

GET MORE GAS PER GALLON!

You get more gas because only American is all gas!

Yes! It's untained by lead, untined by color, undiluted by additives. American-Gas is ALL gas. That's why only American-Gas guarantees you more gas per gallon. And more gas means more mileage, highest natural octane, smoothest performance, most natural power and greatest

engine protection. You save on repair bills, too. There's no lead in American-Gas to foul vital engine parts or hasten muffler wear. No color to stain carburetors. Now . . . get more gas per gallon with unleaded premium American-Gas!

WELCOME TO THE THIRD INDUSTRIAL BOWL GAME

The Lafayette Quarterback Club proudly welcomes you today to Pat Parker Memorial field for the third annual Industrial Bowl football game.

The organization feels that it has matched two excellent football teams—the Smith County High Owls of Carthage and the Panthers of Sumner county in Portland for this game.

The Quarterbacks, sponsors of today's Industrial Bowl game, is made up of over 100 football fans interested in promoting athletics at MCHS. They have worked hand-in-hand with school officials on such projects as the electric scoreboard at the south end of the field and the new eastside stadium and dressing rooms.

At this time, the club would like to express its thanks and appreciation to each member who has given of his time to help with this third Industrial Bowl game.

A special "Thank You" is extended to school officials and coaches and to the management of True Loom Manufacturing Corporation and Kingsboro Mills, Inc., the two largest Lafayette industrial plants, for the trophies to be presented today.

Again, we would like to say thank you for coming out to today's game. We sincerely hope that the quality of the football game you will see will be such that you will plan now to attend next year's Industrial Bowl in Lafayette.

**Boone Cluck, President
Lafayette Quarterback Club**
