It must give you an exceptional special

We know the sigh of relief that comes at the end of your final exam. Long years of study behind you, and a big wide world ahead.

But even at that it isn't the final test—of the end of your learning. The biggest tests still face you in the choice and fulfillment of your life's work.

Many plan for college, some must reckon with the armed forces, others will seek positions in industry, trade, business. We, at Dennison, congratulate you on your past accomplishments; if your future plans call for steady employment or summer work, we'll be glad to discuss your problems with you.

Our Employment Department will welcome the chance to outline opportunities existing in our offices, factory and warehouse.

Live life abundantly. Give love much to give - but be good to yourself.

**Before you accept
that first job . . .**

**Look over
your
employer
as carefully
as he does
you**

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone Company . . . New England's largest employer.

Why not talk with our employment interviewer soon, before you graduate? Ask your Guidance Counselor to tell you when and where to apply.
