JANUARY 25, 1963

STUDENTS CRAM FOR MID-YEAR FINALS

Ambitious students who are trying to make the most of their time are spending many hours in the school library cramming for those final exams. Miss McMahon, librarian and her assistant, Mrs Holden state that the library all of a sudden becomes quite popular around exams.

Trip to U.N.

The Odd Fellows' Lodge is sponsoring the U.N. Pilgrimage for Youth. To be eligible to enter the contest you must be sixteen years of age and a junior in high school.

The series of tests will start in February. In the first test a contestant will be exposed to is an objective test on the United Nations consisting of history and current events.

The runners up in this test will compete in giving speeches about the U. N. to determine who will receive the all-expense-paid trip to Washington D. C. and to the United Nations headquarters in New York City. The entire trip lasts about a month.

Last year's winner was Glen Wells. For information about entering the contest see Mr. Stewart. by Tom Williams

Winter Show Renamed

Our annual Winter Show will be known as the Spring Show this year. Because of the need by both of the Junior and Senior classes of more time for preparation and because of the constant engagement of the auditorium through February and March, the tentative date of Feb. 15 has been pushed all the way to March 30. This date was accepted by the General Assembly on Jan. 10 to be the definite date for our Spring Show.

Semester Exams

This semester is almost over and finals are coming. Here is the schedule for those who aren't familiar with it.

Tuesday, January 29

1st period classes 9:00 - 11:00 A.M. *Gym*

2nd period classes 12:50 - 2:50 P.M. *M.D.*

Wednesday, January 30

3rd period classes 9:00 - 11:00 A.M. *SPANISH*

4th period classes 12:50 - 2:50 P.M.

Thursday, January 31

6th period classes 9:00 - 11:00 A.M. *Eng.*

7th period classes 12:50 - 2:50 P.M. *H/37*

Friday, February 1

5th period classes 9:00 - 11:00 A.M. *Geom.*

Regular classes 11:10 - 2:50 P.M.

Early finishers of the exams will be supplied with reading materials by their teachers.

The General Assembly has also approved an overall theme for the show. This general theme which will cover both the junior and senior show is "Those Wonderful years."

Students Propose Draft Change

Students: The following is an excerpt from a letter sent to Senator Kuchel by a student committee in Mr. Archer's 5th period class. The organizers of this action were elected by the class. They are: Glenda Moses, Jim Bryden, Joe Pruitt, Robert Johnson, Pat Flagg, Sandy Soltis, and Marilyn Ramge. Petitions will be circulated around school soon. Therefore, you should read the following so you will be familiar with the contents when you are asked to sign a petition.

Honorable Senator Kuckel,

We, the Young People's Committee for Revisions of the Selective Service Laws, have been chosen to represent the members of the Associated Student Body of Napa Senior High School to draw up proposed revision to the present Selective Service Laws.

The following ideas have been expressed by the majority of the members of the students at Napa Senior High School:

- 1) The draft age be 18 years with the provision that if a person is not drafted between the age of 18 and 20, he cannot be drafted unless a national emergency is declared by Congress.
- 2) If a person is for any reason deferred from the draft while between the age of 18 and 20, he may then be drafted until the age of 25, but thereafter only if a national emergency occurs.

The young people of Napa, California believe that these revisions should be incorporated into the Selective Service Laws because:

- 1) It is usually very difficult to get a substantial job unless one has first completed his military obligation
- 2) It emotionally disturbs young married couples because the chances of the family being denied its male members are very great. It develops a feeling of uncertainty.
- 3) Fear of being drafted puts a haze of indecision on draft age youths.
- 4) It steers many young men from the advantages of higher education.

With these reasons in mind, we request that the changes we proposed as amendments to the Selective Service Laws be incorporated by you and introduced into the U. S. Senate.

In a short time this letter will be followed by a petition signed by the students of Napa Sr. High School concerning this issue . . .

Play In Progress

"The Diary of Anne Frank" will be the next play put on by our drama class. Mr. Payne expects it to be a "very good play." Performances will be on March 1 and 2.

Here are the cast members and the parts which they will play: Miep, Nancy Self; Mr. Frank, Dennis Chiniquy; Mrs. Frank, Etta Fowler; Mrs. Van Doan, Gale Conley; Mr. Van Doan, Ward Thompson; Peter Von Doan, Craig McClelland; Anne Frank, Carol Hogan; Margot, Carol Barmettler; Mr. Kraler, Dave Loveall; and Mr. Dussel, Bob Butler.

Mr. Payne will produce the play; Ray Eckert will be in charge of props; Bill Lewis, sound effects, and Roger Blackwell, lights.

by Randall Hough

JOKES

MUCH SMALLER

There are so many foreign cars today that it's been two years since anybody was hit above the knees.

He: "Want me to call you a taxi?"

She: "Yes."

He: "You're a taxi."

Mother: What do you want to take your cod-liver oil with this morning?

Elmer: A fork.

DAFFYNITIONS

Critic: A man who leaves no turn un-stoned.

Theater: The only place where the poor man can look down on the rich.

Pedestrian: A guy who was sure there was gas in the tank when the guage pointed to empty.

Grand National Roadster Show

Monday, February 18, will mark the first "Students Matinee" ever held in the 15-year history of our Grand National Roadster Show. The "granddaddy of all shows" is presented in the Oakland Exposition Building, located at 918 Fallon Street.

Creative car building experts will be on hand to explain the finer points of experimental cars, custom cars, sports cars, custom power boats, and customized motor cycles as the Roadster Show opens its doors from 4 p.m. to 6 p.m. only on February 18, for high school and college students interested in handbuilt automobiles.

Students will be admitted to the special matinee for the discount price of one dollar by showing student body cards. Adults will be admitted for the same discount price when they accompany students.

Regular hours for the 10-day Roadster Show, Feb. 15 through 24, are from 1 p.m. till 10 p.m. on Saturdays, Sundays and Washington's Birthday, Feb. 22; from 6 p.m. till 10 p.m. on weekdays.

Over 100 awards valued at more than \$10,000 will be presented to winning exhibitors on Sunday, Feb. 24, the last evening of the show. The "Tournament of Fame" winner will receive a free trip to the Paris Auto Show, in France, and the winner of the title as builder of "America's Best Roadster" will be awarded the \$5,000 nine-foot trophy, said to be the largest loving cup in the world.

Orchids & Onions

ORCHIDS — to Santa Claus for the good job he did this year.

ONIONS — to couples who perform indiscreetly in the parking lot

ORCHIDS — to the drama dept. which is now working on the next school play, "The Diary of Ann Frank."

ONIONS — to whoever left the waterfilled balloon on the sidewalk for people to step on.

ORCHIDS — to the students who have already been accepted to a college.

ONIONS — to people who have not kept their New Year's resolutions.

ORCHIDS — to those of you who did not receive progress reports.

ONIONS — to people who ignore library return dates.

ORCHIDS — to Dave Cudaback, who is trying to preserve our Winter Show. Why not help him out?

Teacher Of The Month

Mrs. Florence Juvinal, one of Napa High School's favorite language teachers, is the January "Teacher of the Month."

Mrs. Juvinal may be seen scurrying back and forth between the Junior College and high school, as she has class rooms in each during various periods of the day. While interviewing her, she struck me as a very dedicated and understanding individual.

She was born in Manila on the Phillipine Islands and lived there up to the age of eleven. At this age she moved with her family to San Deigo, California. During her college days, she spent her freshman and sophomore years at San Deigo State College and junior and senior years at Stanford University. While at the university, she majored in French, and minorred in Spanish.

Among Mrs. Juvinal's interests are travel, religion, current events, politics, and conserving California's natural resources. She enjoys attending operas, ballet, plays, and art galleries. She is also very interested in new methods of teaching languages.

She likes students that study, and also people who like: foreign food, longer Christmas vacations, Monday AND Friday, and June 19th. She also is very delighted with people who have the courage to have an opinion on important matters and express it with their name attached.

Mrs. Juvinal dislikes correcting grammar notebooks, taking roll, German, arithmetic, dish washing, jokes she can't understand, and anonymous phone calls or letters.

When asked her future plans, she replied, "Ask the Sphinx; I never know!"

by Willa Weidler

Essay Or Not

The Stone-anteater is a very nice animal when he is sober. He also has nice fur. People make nice capes and stoles from the nice fur of this nice animal. People who make stoles are called stealers or thieves. Stone-anteater fur capes keep you warm through the long winter months. But remember, - - - 30 days hath September - April, June, and Montana. All the rest have rainy weather, except when it's sunny, and that isn't often.

Capes are very nice, particularly Cape Cod (unless you prefer halibut). Fillet of sole is very nice too, but they often wear out. But, as you know, stone-anteaters don't eat fish on Fridays.

The stone-anteater's fur changes color each season. Personally, I prefer no seasoning on my steak, but there are those who find steakes very useful for holding up tents, etc. I don't really know, but it seems to me that holding up a bank would be much more profitable. But, back to the anteater (or if you prefer, we could talk about the stomach). His fur does change: it is white in the summer and black in the winter. However, long (or short) about May, the fur is right in the middle of its change and appears stripped. But this is a horse of a different color, namely, a zebra.

by R. David Cudaback

New Year's Resolutions

Wally Hendricks - to never play Black Jack under the influence.

R. A. Bunch - to say "Hey Ugh" to Dox Graham at least once a day.

J. W. Lewis, Jr. - never to smoke another cigarette under delusions of optimism.

'Snavel' Evans - to get into more poker games. (I need the money!)

J. Sunnafrank - start studying (what a joke!)

C. Donahoe - grow a beard, fake my age and join the Playboy Key Club!

A. Lyerla - Get drunk on all ensuing New Years.

B. Erricson, Esq. - live (and I mean live!)

G. Wells - change my name and visit Tahiti.

S. Thompson - quit cussing and start acting.

EXCHANGES

by willa weidler

In one of the recent publications of "The Clarion" from Turlock High School, they proudly boasted their "Teen Tones." This group seems to be a popular trio of girls who just started singing for fun and suddenly found themselves singing for religious conventions, school assemblies, radio and television. They recently recorded some songs, soon to be released under the label of World Records and will contain a variety of religious songs. Yes, Turlock, you certainly should be proud of these girls.

"The Wolverine" from Willits High School, recently contained an article which applies perfectly to our critical problem: trash. I would like to quote a few paragraphs. Maybe their ideas will sink into the heads of Napa High School's "careless" students.

"Did you know that it only takes 0.00879 foot pounds of energy to drag a 0.2 gram candy wrapper 100 feet to a trash can?"

"Yet many students would rather throw it on the ground. Actually it probably takes as much energy to do that as it does to throw it in one of the many convenient trash cans."

"We realize that only a few of the students are guilty of littering yet it looks bad for all of us. If you are tired of being tabbed as a litter-bug, and aren't guilty, then use your influence on those who are the culprits. If you are guilty, then cut it out!"

Larry Ahlsweide Try and be nicer to Mike Shulties.

Jean Aruda Resolves not to make up any more resolutions because she never keeps them any way.

Carole Abrams Resolves not to be caught on the front porch with M. T. by M. A.

Judy Early Resolves to keep close tabs on one college boy.

Randy Hough Resolves not to peek behind closed doors. Especially when certain people are behind them.

Linda Coleman Resolves to try and remember which ring belongs to which boy.

Mike Crane Resolves to study for English vocabulary tests.

Andy McGall Resolves to be faithful to his Scotch ancestors.

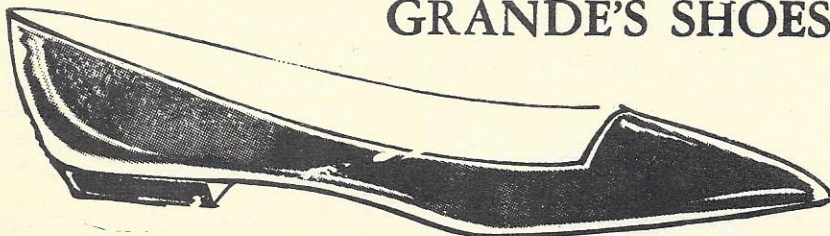

Geri Manners Resolves to stay away from the Navy.

Judy Carpenter Merely stated that you'd be surprised.

Gene Sousa Resolves to date only blondes excuse us, only one blonde.

F.B.L.A. Officers

FBLA officers for the Spring Semester are as follows: President: Dorothy Anglemyer, Vice President: Paula Harding, Secretary: Marilyn Murdick, Treasurer: Mike Jinks, Recorder: Ellen Read, Membership Chairman: Sue Barr, Publicity Chairman: Karen Malone, Social Chairman: Donna Luce, Historian: Louise Madden.

On Saturday, January 12, 1963, some of Napa's FBFA members attended the Northern California Section Conference. Representing Napa High School FBFA in the conference at Novato High School were the following members:

Dorothy Anglemyer, Sue Barr, Paula Harding, Mike Jinks, Louise Madden, Karen Malone, Marilyne Murdick, Sandy Stith, Jerry Lollis, and Mr. Carreon faculty advisor.

Contests held as part of the conference entered by the Napa FBFA members were: Spelling, Vocabulary, Typing and Shorthand. Future plans of the club are: Spring installation to be held on Friday, February 1, 1963; Spring conference at San Francisco during vacation; and guest speakers from industry.

Earlier this month the Band and FBFA were given the opportunity to sponsor the Hogan and Vallejo basketball games as benefits. Part of the proceeds awarded FBFA will be used to establish a scholarship for a graduating Senior student.

Membership in the club is open to all Business students. If you are interested in becoming a working part of this organization, see Sue Barr, Membership Committee Chairman or any of the officers of the club before the end of Fall semester.

Our own beloved Marilyn Range and Larry Ahlswede pose somewhat charmingly as we snapped this picture.

TRUE CONFESSIONS

NAME:

Linda Lord and Gary Wagner

WHERE DID YOU MEET?

Santa Rosa

FIRST IMPRESSION:

She: "I thought he was stuck-up."

He: "I thought she was cute."

WHEN DID YOU GET TOGETHER:

She: "August 13, 1962 at the Donut Shop in the Valley Shopping Center. We've been going together for 5 months on January 13th."

FIRST FIGHT:

He: "We've never really fought; just small disagreements."

DISLIKES:

She: "When I get mad he laughs at me. He's real sarcastic."

He: "She's always complaining that she has a big nose, but she really doesn't."

LIKES:

She: "He dresses neat."

He: "Linda is well mannered, she dresses nice, and has beautiful eyes."

Larry was born 17 years ago on a crisp Autumn day in November in that really SHARP Parks Victory Hospital. He's never been the same since!

"Girls who rat their hair and use too much make-up really bug me," exclaims Larry as his pet peeve.

Larry states, "It's not as neat being a senior as it is a junior, because there was more competition."

As for sports, Larry likes everything but tiddley winks!

He belongs to the Key Club, A.F.S., and conducts the meetings at General Assembly. In other words he's the big chief, "Vice Pres."

Larry's ambition is to be an Orthodontist. For you who do not know what that is, it's more commonly referred to as a "tooth straightener." And to obtain his degree, Larry wants to attend Cal at Berkely.

by Mike Shulties

SENIOR PERSONALITIES

Marilyn, "Marv" Range with her sexy brown eyes is the first interview this issue. She was born on August 10, 1945.

Marilyn belongs to General Assembly, Girls League, C.S.F. and A.S.F.

When asked about her most embarrassing moment, she stated, "When I was in the eighth grade, a bunch of eighth graders had to do a dancing demonstration for the P.T.A. As my partner and I were doing the polka, he tripped and everyone else who was dancing around us tripped over us. Pretty soon, the whole group was in a pile on the floor — while the music played on."

"Girls who walk out of a certain little girls room and slam the door of this certain room into her and Pat's face while they're at their locker." is her pet peeve.

Marilyn's ambition is to be a textile design er, and she plans to attend the University of California, Santa Barbara.

Her favorite expression is, "I don't know," (Don't let her kid you, she really does!!!)

"Human beings and their actions states Marilyn, "are the funniest thing I've ever seen. I watch people for hours and they are really funny."

Larry, "Larbunkle", Ahlswede claims he's 5 feet,, 8 inches tall. (But just between you and me, Larry's really 5 feet, seven inches.)

P.E. MAJOR

Jim Little has been a very busy person around Napa High lately, and we all appreciate the work he is doing. Jim's job is to enforce laws in the parking area, such as keeping papers off the ground and keeping kids from smoking in parked cars.

Jim, 25 years old, is from Seattle, Washington. He is now a sophomore at Napa J.C. majoring in P. E.. He will go to Chico State when he finishes. Jim is married, and his wife teaches ninth grade Social Studies at Redwood Junior High.

by Judy Carpenter

Shorts In Sports

Did you ever wonder what the girls do while the boys freeze to death in the old gym or outside? It seems that they tumble, play badminton, and fool around with physical fitness . . .

Congratulations to the Varsity team for their game against Hogan . . . that last second shot by Wally Hendricks was really great . . .

Mr. Carreon has asked for all of the track hopefuls to drop by the old gym to pick up their eligibility forms for the next semester track season . . . also concerning track is the recent NBL decision to allow the ninth and tenth grades of Napa's three junior highs to participate in the NBL meets with the High School . . .

Swimming has been held up because the hot water pipes to the pool were broken while workmen were building the new boiler housing . . . then the pool froze (have you noticed how cold it's been lately?) and four or five large cracks have appeared on the bottom of the pool across its width . . . it may be a long, dry winter as far as swimming goes . . .

by Andy McGall

Apaches Scalp Indians

The Vallejo Apaches pulled a 34-28 win over the Tribe in our second league game of the year. In league play the Tribe is now 1-1 with an over-all season mark of 1-8.

Except for a moment of glory in the first minutes of the contest, the Apaches led all the way. At the end of the first quarter the score was in favor of the Apaches. At the half it was 21-12 in favor of the Apaches.

The game started popping near the end of the third quarter when the Indians began to score led by Don McConnell. By the end of the quarter it was 28-22.

With two minutes remaining in the game, the Tribal five came within three points of Vallejo but they couldn't hold the margin, and by the end of the game the score was 34-28.

High scorers were Don McConnell with 12 points and Weins with 6 points

B's TOPPLED

Napa's B's went down to the Appache's B's 60-36 in the second league loss for Herb Jotter's Papooses. In preleague games the B's had a fine record usually trailing until the final quarter where they go to work and get ahead. But when the B's made their bid against Vallejo, the best they could do was to come within 2 points of the long-legged, long-armed-out-of-townners. With better work on the boards the Papooses should be in for a successful season.

by Mike Crane.

SANTA ROSA BEATS INDIANS

Our Napa Indians were defeated by Santa Rosas' Panthers 44 - 30 in a contest that was much closer than the score indicates. A slow start and an extremely cold first half were the factors that lost the game for the tribe. In the second half an almost entire junior team played their hearts out to no avail except to narrow the lead to 7 points. These fighting juniors included Ed Hubbard, Erwin Bollinger, Don McConnell, Jerry Marco, Tom Brown, Dennis Smith, Paul Vallerga and Charley Rinehart.

Indians Win League Opener

Our Indian Varsity defeated Hogan's five in the first North Bay League game of the season. Breaking a six - game losing streak with a 41 - 37 win, the Tribe showed up as expected. With six games under their belt, the now experienced Varsity came through in the first league game of the season.

After trailing all the way, the Tribe tied it up with a 20 - foot jump shot by Wally Hendricks at the final buzzer and forced the Spartans into overtime. The play was set up by Don Weins whose full - court pass enabled Hendricks to make two and tie the game. In overtime Jerry Marco and Paul Vallerga each scored and the Tribe's strong defense held the Spartans at 37 points.

Coach Bev Estes praised the whole team for their effort in the game.

Andy McGall and Mike Crane
Associate Sports Editors

Tribe Drops Non-Leaguer

Our Indians were drowned in another non league game Tuesday 54-49 by the Petaluma Trojans. The Tribe has lost 7 nonleague games this season but won our only league game. Coach Estes uses these non-league games to give as many players experience as he can get into the game. Despite the loss he was satisfied with his team's performance and saw good promise in the subs he got into the game.

The Trojans led all the way until the final quarter when the Tribe rallied 20 points and almost tied the game. High scorers were Rich Seminara with 11, and Don McConnell with 10.

The B's easily downed the Trobables in the preliminary game. Del Domezio led the scoring with 12 and Jim May followed with 10.

by Mike Crane

In the B game coach Jotter's Papooses were out shot 46-28 in a game that proved a disappointment to all. Our next contest is with league-leading Montgomery and will prove a real test of the Tribes power.

Fem Fads & Lad Fads

I hate to keep bringing up shoes in this column, but the girls in Napa really keep up with the latest styles in them. Watch, Barbara Burnam's feet; she just got six new pairs. Sandy Holcomb and Joyce Coulter shine in their new patent leather shoes. Sandy's are red and Joyce's are blue. Sue Ramos has a red patent pair of small heels. Barbara C. - your new white shoes are very stylish.

Kay Eckert really looks neat in her blue tweed dress with the white leather binding. Leather accessories and trims are really becoming quite the thing.

I've noticed that several girls occasionally wear their hair behind their ears. These sleek hairdos have been seen on Sue Vosquien, Sandy Parker, Kay Eckert, Merry Lefler, Troiena Frazier, Jurgo Gunderstrup, and Marilyn Ramge.

Glenda, that's a very stunning red blazer. Who did you say gave that to you?

Oh, yes! Sherrie - I really like your navy blue jacket. It's very smart.

Coats are numerously seen around campus because of this weather.

Ann Potgotter has an outstanding red raincoat. Penny Burke's tailored three-quarter length rain coat is very smart. Darlene has a new blue blazer. Margy Evans wears a beautiful green suede hand tailored coat that puts her right up on the fashion pedestal.

Judy Bounsall, Chris Bush, and Marilyn Millet have new mohair sweaters. I think "Santy" brought them.

Mike - that's an awfully pretty pink sweater. Who gave it to you?

Lads' Fad Opinions

The Boys' Ideas of KILT SKIRTS

Andy McGall Owing to my Scottish ancestors I have to like them.

Mike McLaughlin They would be O.K. if you removed the pin from them.

Burt Williams They're O.K., my girl has one.

Mike Crane Alright, if you don't loose the pin.

Gary Bennet I guess they are O.K., but I wish they would do the jig.

Randy Hough They add color to ads for Scotch.

by Joan Arruda & Judy Carpenter

RODDIN' AT THE H. S.

This angle shows the new Stingray's distinct styling.

Denis Chiniquey has introduced a new vette Stingray to the H. S. campus. The red standard coupe is equipped with 327, one carter four-barrel, 3-speed synchro, and four-wheel independent suspension.
