Seniors to be Graduated on June 1

Commencement exercises for the graduating class of Rock Hill High School will be held Monday night, June 1. These exercises will take place at Winthrop College in Byrnes Auditorium and will begin at 8:15 P. M.

The program will feature a guest speaker, speeches by the honor graduates, and special music by members of the Rock Hill High School chorus. The chorus, under the direction of Mrs. Catherine Moore, will sing "The Spacious Firmament" and "May the Good Lord Bless and Keep You".

At the end of the commencement exercises, the new graduates carry out the old traditions of flipping the tassel to the opposite side of the cap, and turning their class rings so the seal is turned away from them.

In the future, it is planned to have the three honor graduates give short speeches on the theme, "Education in the Changing World". The students, themselves, will write their speeches with possible help from their teachers. Commencement exercises will, eventually, be taken charge of by the student body. This gives the students an opportunity to use his leadership qualities, as well as take part in the program.

The seniors will be leaving many things in the past; but they are

headed for a new world. This world has yet to be explored; they will be the ones chosen to explore it. These "Graduates of 1964" are the "leaders of tomorrow".

Seniors Honored With Scholarships

Many students have been honored recently with scholarships.

Olivia Burns won the Winthrop Alumni Scholarship and the Charles L. Cobb Scholarship which was also sponsored by the Alumni at Winthrop. She was chosen in consideration of character, class standing, and college board scores.

Johnny Roberts: "I'm going to the beach with the Un Kappa Fifth, what else?"

SO SAYS ALICE

Editorial Just to Praise

Although an editorial is supposed to try to improve or to commend, I realize that my editorials in the past have only worked to improve. In this, the Seniors' last issue of the Garnet & Black, I will alter that point as I look as the Editorial Editor of the Garnet & Black, at the 1963-'64 school year at R.H.H.S. in retrospect.

My first editorial was on school spirit and I would certainly like to commend R.H.H.S. students, and especially the cheerleaders, for promoting the great school spirit which has prevailed throughout all of our sports' seasons this year. The cheerleaders also played a leading role in the resumption of singing the Alma Mater at our pep assemblies. Although I am not vain enough to

think that one editorial could have gotten this old tradition resumed, I do hope that it helped to make every student keenly aware of its absence at R.H.H.S. If the Senior Class of '64 is remembered for nothing more, I hope it will be remembered for reestablishing as precedence the singing of the R.H.H.S. Alma Mater.

If at times I stepped on some of your toes, I felt that I was expressing the voice of the majority of the students and I hope that you accepted the criticism in the helpful spirit that it was intended. I would not have missed this experience for the world. I wish the new staff the best of luck and I hope that they will profit from the experience as much as I have.

From the Editor's Heart . . .

Seemingly only a few months ago other farewell editorials appeared here as graduation neared and the present Senior class prepared to "show everyone how things should be run." Now it is our turn to bid adieu to Rock Hill High.

Already a new class is preparing to "take over the reins" as you Juniors begin your final year of high school. As we Seniors close this chapter of our lives, we view your beginning accomplishments with pride. The great band at Junior-Senior; the new cheerleading squad; this issue of the Garnet and Black, published by next year's staff—all foretell great achieve-

ments to be expected from you as you make the most of your remaining high school years.

Looking back over these last four years, we realize that our most carefree days are over. We have come to one of the greatest milestones in our lives. Through we are sad to leave our secure places, we are excited at the prospect of new friends, new experiences, and new responsibilities.

Yes, the years move ever onward and no one knows what they hold. There is one way to conquer the unknown, though, Seize your opportunities, trust God and let him guide you, and all will be well.

WELL WE COULD fail our grade and remain ON AS THE GARNET AND BLACK STAFF

New Students Praise RHHS

Do you wonder what people from other schools would think of Rock Hill High? Well, the Garnet and Black has interviewed some students who have moved here from other schools and this is what they think.

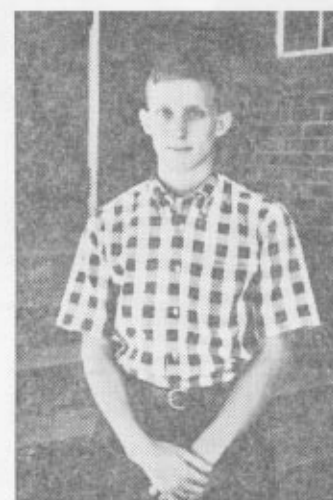

Renaud Pelletier: Rock Hill High is very different from the "proper" British schools in New Zealand. Here pupils have their own clubs and run school activities themselves. Students seem to be more grown-up and a lot friendlier. In New Zealand schools students are under constant supervision, but here you have res-

ponsibility, and I like this. Teachers and pupils mix together with one common interest in study, sports and various activities. I am very impressed by Rock Hill High as a whole, but mostly with the students and teachers.

Nancy Harsh: "This school is so different. I never thought customs like saying 'Hey, Y'all' were real. I always thought that these things were exaggerated. Now in the halls I hear 'y'all' everywhere. Rock Hill High is a lot bigger than what I am used to and I don't know everyone here. Where I came from in Ohio I knew everybody, but here I only know a comparatively small group of people."

Kathy Nelson: I came here from Wisconsin and this southern hospitality is wonderful. I have enjoyed every minute—well, almost every minute—at Rock Hill High. It is very different from a northern school of this size in that the teachers show more concern for their students and I just love southern accents.

Sandra McDonnell who comes from Oswego, New York likes Rock Hill High very much "because the people are so friendly and nice." Ronnie Feagin finds Rock Hill High very different from his school in Anchorage, Alaska. Rock Hill High seems a lot bigger. It feels strange to run up and down stairs and from one building to another because we only had one building. I do like Rock Hill High very much."

Bert Moore

Words to the Wise

With graduation near, Bert Moore, President of the Student Council, has the following words of wisdom for the students he will leave behind at R.H.H.S.

(Quote) "Don't be a drop-out, or you'll regret it. High school has a lot to offer if you are willing to look for it. Each year brings new challenges, so enjoy it while you can." (Unquote)

Bert, who considers his junior year the best of the four, plans to major in Textile Management at college.

Fair Beckons

The World's Fair recently opened and the whole world marveled at its exhibits and its size. Proclaimed as the most spectacular fair in history, it promises to draw millions of visitors. Among these visitors will be a few of our own Rock Hill High School students. Some of the exhibits which will be open to spectators are the Automated Superform, Electronic City, Computerized Weather, Underwater Conquest, Billion Year Ride, Kimono Contingent, Fountain Fantasy, and Giant Kaleidoscope. After a tour of the fair, one should be enlightened with new ideas of the future and a better concept of the past.

When asked what they would like most to see at the fair, Rock Hill students, who plan to attend the fair, answered:

Colette Stringer, "I want to see the animations that Walt Disney built for another company. I'd like to see the Chinese restaurant also."

Ed Burwell, "The main thing I want to see is the General Motor's exhibit, and General Electric's display."

Bill Barber, "I want to see the Ford Company's exhibit. I also want to see the display called the Modern World. I'd like to eat dinner on the tower and I hope to take a helicopter ride."

Gary Sturgis, "To tell the truth, I'm just going to try to see as much as I can."

"Wonder what makes it taste so good?"

Last Go 'Round for Our Class

It's almost over. All the thrills and excitement of our Senior year are quickly drawing to a close. We will no longer be a part of the R.H.H.S. cheering throng as our mighty Bearcats display their brute strength in a glorious football season or feel the surge of joy as our Homecoming Queen is crowned. Gone will be the pride in our basketball, track, baseball, golf, and

tennis teams and our year at Carousel. Gone is the anxiety of wondering when we will receive our Bearcats, published by our class, and the curiosity of guessing who the next poor victims would be in the Garnet & Black. And, of course, another treasured part of our high school life will be lost forever—the golden moments of the Jr.-Sr. Prom. The "Beach Party" last year was fabulous and the Juniors really proved to us this year that just around the bend was a truly wonderful and happy experience.

All we have left now are our pleasant memories and the many friendships made during our high school days, especially in this, our last and greatest year as "Rulers." It is one we will never forget and always cherish in our hearts. God bless you and good luck to you all. From the Seniors I bid a heartfelt farewell to Rock Hill High—now and forever.

The Spirit Speaks

I am the spirit of Rock Hill High. I have been here for many years and have watched many students come and go. As usual, I am getting sorta' misty-eyed because it is the end of the year and the students will be leaving soon.

Toward the close of school I like to turn back the pages in my memory book. It seems only a short time ago the sun-tanned students were returning to school in the warm September sun. There was endless chatter about the swingin' times at the beach and all the other happy summer experiences.

Autumn brought its brightly-colored leaves and football season. My auditorium echoed the gay cheers of the student body and the cheerleaders. Bundled up in coats, gloves, and blankets the students chanted the mighty Bearcats on to victory.

Before I knew it Christmas vacation had come and gone. Both teachers and students labored over exams, and when they were finally over, both breathed a huge sigh of relief.

Basketball season drifted into baseball practices. With the first blooms of spring the track, golf, and tennis participants blossomed forth. An epidemic of spring fever shot through the school.

ROCK HILL HIGH STUDENTS HOLD MANY JOBS

Did you know that more than 226 Rock Hill High School students hold jobs of many varying types? The next time you're in Proctor's, look a little harder at the boy under the Beatle wig. It's Larry Caulder!

Miss Koon and Mr. Lee are two of the people who'll be missing next year at RHHS.

Teachers Bid Adieu; Seven to Leave

When R.H.H.S. starts its fall term, the following teachers will not be returning. Their impressions of our school, and their future plans are stated below.

Miss Koon: "Haven't decided where I'm going. May be in North Carolina. Grateful I taught in large school and gained experience in different fields. Love the students. Enjoy young people, and like to work with them."

Mr. Lee: "Plan to continue teaching in South Carolina. I've been satisfied teaching here. Most students here are normal students. There are a few abnormal ones too."

With excited anticipation the upperclassmen awaited the Junior-Senior. The beautiful array of colors, the decorations, and the sound of the band combined to make it a night to remember.

The remainder of school will speed by, and soon some of the students will walk down my halls for the last time. Each one will take with him a part of me. The rest of the students will come back after the summer vacation bringing their happy smiles and glowing faces.

Alton Robbins, Charlie Burley, and Benny Partlow are only a few of the many students who are employed at the Bleachery. Alan Rash and Lanny Rhodes spend their spare time at the A & P, and Jimmy Williams is a meat cutter at Winn Dixie.

It would be very unusual to walk into the Smart Shop without seeing Janie London or Gail Hutchins. Naturally, the last person you would expect to see working in Langston's is Robert Langston.

The next time your radio has the measles or some other ailment just take it over to Mac's Radio Hospital and ole Doc. Richard Thomas will fix it up with an aspirin. Now, if you're in dire need of one of Gram's good ole fashion remedies, Dean Gladden works in a drug store and he's the man to see.

If you're anywhere near Saluda, North Carolina, this summer, be sure to stop in the Handicraft Lodge

Dean Gladden busily at work at Camp Palmetto and greet your fellow students Kenneth Barrett, Dicky Taylor, and Glenn Jackson.

Elaine Thomasson

We Salute Elaine

A well known senior about our school is the very talented Elaine Thomasson. Elaine plays an active part in the showmanship of Rock Hill High.

Elaine has been a member of the band all four years of her high school career. She became head majorette in her sophomore year and maintained that position through her junior year. As a senior she served as drum major.

Elaine has obtained approximately four hundred medals during her twirling career and one hundred and twenty five trophies. She was Miss Majorette of South Carolina in 1963 and in 1964. She held the title of Junior Miss Majorette in 1961. In 1963 she held the title of Most Beautiful Senior Majorette. She is the current International Senior Twirling Champion. Elaine placed fourth in the Majorette Queen of America contest. She is the current Miss Sun Fun Majorette. She holds five state championships now and has held thirteen state championships in the past.

After being in the band for eight years and being a majorette for that length of time, she will graduate this year from the school and the band.

Wrap Up For Bearcat Fans

Well fans, I guess that this just about wraps up the sports activity at RHHS for this school year. Regardless of which team was your favorite, we all realize that some of the all-time best Bearcats played for us. Our great football team pulled through in fine style and ended up with a 7-4 record, their first winning record in 10 years. The basketball team got hot in the season's latter half, ending the season 16-10 and going all the way to third place in the State Tournament. The cindermen rolled up a rain plagued record of 2-4, but the season was highlighted by Abie Edward's new pole vault record of 11' 10 1/2". The baseball team, sparked by Bearcat of the Month Nolan Stephenson's long ball hitting, rounded out the year with a 7-6 record. Of course there was the fine

8-2 record by the tennis team and their third place finish at the State Tourney. Last but not least was the 6-4 banner won by the golf squad and their fine showing at the District and State Tournaments. Each of these teams deserves commendation for a job well done.

As retiring sports editor of the *Garnet and Black*, I would like to thank all of you fans and cheerleaders who so faithfully supported our teams. I also want to thank Jo Ellen Abernethy, Eldon Armstrong, and the other sports writers who helped me to publish a sports page which I hope you enjoyed and benefited from. And during the coming years, fans, remember those words from the first issue that you observed at the sporting events: "It doesn't matter whether you win or lose, but how you play the game."

Remember How Great ???

Having heard a lot of Bearcat fans boast that they were experts on Rock Hill sports, the *Garnet and Black* has devised a little quiz to discover who's kidding who. Try your hand and see what you remember.

1. Which Varsity baseball player held the season record for most points in one game? What was that record?
2. Which Bearcat coach ran the 100 yd. dash in 9.0 sec. at USC?
3. Which Rock Hill back specialized in field goals and PAT's racking up 21 points with his specialties?
4. Name the two Bearcat representatives at the Shrine Bowl and give their positions.
5. Which Rock Hill golfer has been a medalist in 5 of his 10 matches?
6. Which Bearcat hoopman scored in double figures in all but two of his ball games?
7. Name the Rock Hill vaulter who tied for third at the Queen City Relays.

8. Which Rock Hill netman placed 2nd in his division at the State Tennis Tourney?
9. Name the captain of the Varsity cheerleaders.

Connie Wade

The Big Jersey

Down in the summer silent locker room, the big jersey hangs limp and empty. Number 81, perhaps, is even lonely, for no longer will it be draped over the shoulders of right end, Connie Wade.

It's a big jersey, not only because it had to span Connie's broad back, but because it covered many accomplishments—AAA lineman of the year, Shrine Bowl star, All-State, All Area pick, and high school All-American.

Recently, Connie signed with Clemson U, and the big jersey hangs limp and empty and, perhaps, even lonely.

Brenda Ratterree

"Cheerers" Chosen

It was March 22, 1964, in the Rock Hill High School auditorium. Eighteen junior and senior girls nervously awaited the opening of a special assembly for the ninth, tenth, and eleventh graders. These girls were trying out for Varsity Cheerleaders.

The assembly was finally underway. Lynda Evans had the devotional. Brenda Ratterree then introduced this year's senior cheerleaders, after which they gave their farewell cheer.

Next the tryouts began. The girls cheered in smaller groups of four or five. The students then voted and passed their ballots to their homeroom teachers.

The ballots had been counted! The announcement came over the P. A., "The following girls have been selected as Varsity Cheerleaders: Barbara Bolin, Becky Couick, Barbara Crump, Gloria Kimbrell, Rosanne Moore, Pris Morgan, Susan Wall, and Kathy Collins as an alternate."

Becky, Rosanne, and Barbara Crump were B-Team Cheerleaders their freshman year after which they were Junior Varsity Cheerleaders their sophomore year. They were then Varsity Cheerleaders this year.

Susan, Gloria, and Kathy were B-Team Cheerleaders last year and J. V. Cheerleaders this year. Barbara Bolin was also a J. V. Cheerleader this year.

This group is under the guidance of Mrs. Ora Settlemyre.

Planning to Attend Summer School?

Summer school begins this year on Monday, June 15 and runs for six weeks. Students will meet at 9:00 Monday in the auditorium and be told where to go to enroll. The costs will be \$10.00 for one semester of an old subject and \$15.00 for one semester of a new subject.

Summer school courses are offered according to demand. If as many as ten students sign up for a course, it will be given.

Last year courses were in algebra, geometry, general math, U. S. and world history, problems of democracy, psychology, social problems, ninth grade Latin, chemistry, and general science. Personal typing and developmental reading were also offered for students who wanted the courses for self-enrichment. Students who attend summer school should expect to work, for none of the courses are easy, and summer is just as important as regular school.

We Salute Brenda

The face in the photo above is certainly familiar to most of us here at RHHS. Brenda Ratterree is a Varsity Cheerleader, a member of the G. A. A., Senior Dramatics, Block RH, and the French Club. She also is the president of her homeroom.

Brenda enjoys sports. Her favorite sports are basketball and swimming. She has been captain of various sports at high school.

Next year she plans to go to Winthrop where she will major in physical education. After college, Brenda will either teach P. E. or be an instructor at the "Y".

Good luck in the future, Brenda. You will certainly be missed at RHHS.
