

# Picture of the Week

Presented by the  
Springfield Art and Historical Society

Photo #548 - Idlenot Ground Breaking: This ground breaking ceremony picture was taken in the 1980's. For a not so "old" picture of only about 30 years, it took several people to identify everyone. Here they are left to right: Jack Hake, Ed Huber, Tom Wallin, unnamed engineer from Stahlman Engineering, Doug Gurney, Keith Boundy, Lanny Aldrich, Kenney Aldrich, Mike Filipiak and Don Gurney.
