CLARKE COUNTY HIGH SCHOOL

Dec. 1, 1966

BERRYVILLE'S EXCHANGE STUDENT DESCRIBES HER CHILEAN SCHOOL

Miss Gladys Grace, Berryville's exchange student from Chile, has been regarding the Clarke County school system with amazement and comparison. It seems she has waltzed through the first six weeks at Clarke County High School with only minor difficulties. This induced the Eyrie staff to ask her to relate a typical school day in Chile. Her reply was frank and impressive.

She said that in Chile, school begins at 8:30 A. M. The morning consists of four classes with a

fifteen minute break after the first two. After these classes are completed, everyone goes home for lunch, since there is no cafeteria in the school. After lunch she would attend three more classes with a fifteen minute break after the first two periods. School ends at 4:30 P.M.

She does not attend the same classes each day, since she takes fourteen subjects each year. Each subject requires a certain number of hours of class time each week. Thursdays and Saturdays are agreeable days to Gladys and her classmates because school is attended only half a day.

Since Gladys studies in a school restricted to girls only, she looks forward to the completion of each day's studies. After school, all the students meet on a certain traditional street in the city where they gather with their boyfriends or

other friends to stroll up and down the street. This activity is comparable to Clarke County students going to the Soda Shop or Taste-Freez and meeting with friends.

When Gladys arrives at her home, about 5:30 P.M., she and her family have tea. Then she begins her homework. After dinner, she completes her homework and listens to the radio over which is broadcasted much of the popular British and American music, not to mention some swinging number from Chile herself. Since there are no television networks in this area of Chile, sleep is the ultimate climax to every evening.

On the weekends, or I should say, Saturday afternoon and Sunday, the teenagers of Chile like to take walks through the cities and the countryside. Often they take in a movie which is nine times out of ten, produced in Hollywood.

Imagine how she felt when for the first time she went through a normal school day with a merciless mob of typical American high school students.

WOOD SUCCEEDS BURTON; OVERBY HEADS NEW OFFICE

Mr. Wood is a firm believer in public education. Mr. Wood was elected in April, 1966 to succeed Mr. Burton. Most of his ideas are basically the same as Mr. Burton's. His basic conviction concerning education is believing that every child should have the opportunity of a formal education regardless of his physical standard. He also feels that every child needs to go to kindergarten and is planning such a program in the new school.

Mr. Wood believes that the school system is up to the people of Clarke County not the School Board, Board of Supervisors, or the Superintendent. He feels that the majority of the people want an educational program based on quality. Mr. Wood plans to go before the people and ask for their support.

Mr. Wood has set up a new educational program for adults. He feels that this program will help the adults urge their children forward. There are seventeen adults enrolled in this program as of now. Mr. Wood started this program on the 18th of October. He hopes the students will encourage their parents to attend.

Mr. Wood is not satisfied with the educational program of Clarke County. Although he likes it, he believes that anytime a person becomes satisfied with his present position he ceases to grow.

Mr. Wood enjoys being a superintendent although he misses coming in personal contact with the students. He believes in a good guidance program and would like

to give Mr. Boyce more help. He feels that Mr. Boyce needs more help with this new program.

Mr. Wood firmly believes in teachers' aides; he feels that they can relieve the teachers of some of their duties in order for them to spend more time with their students.

Mr. Wood would like to ask the student body a question (and each of you should ask yourselves if you can answer it). "How many of you have been in the Superintendent's office to pay a social visit? Why?"

Mr. Overby heads a new office in

the Clarke School System. This new office is the Director of Instruction. Mr. Overby's job is to assist Mr. Wood. He was selected to fulfill this new system last spring. He, like Mr. Wood, was a principal and, like Mr. Wood, misses the personal contact with the students. He feels that "anything that has to do with the Eagles has got to be good" because that was what his former school's team was named, too.

BOYCE TAKES CHARGE OF GUIDANCE SYSTEM

Mr. Boyce has set up a new guidance system in the general organization of the school. This new system has already started. Mr. Boyce, who is solely in charge, is in the Guidance Room during the day, every period.

Drama Club Reorganized

The purpose of the Dramatics Club is to give students an opportunity to learn about the stage, to direct, and to act.

The club was restricted in membership this year because there were too many uninterested members before. Anyone who wrote a paper telling why they desired to be in the club and their experience in acting was admitted. There are thirty-six members now in the club.

The new officers of the Dramatics Club are: President, Sam Headley; Vice-President, Linda Orndorf; Secretary, Tucker Childs; Treasurer, Amose Ewing and, Reporter, Ricky Sponseller.

The sponsors, Mrs. Bushong and Miss Huffman, feel that while the newly formed club will be better than last year's it still won't compare favorably with the surrounding schools' Dramatics Clubs. The reason for this is that there are no trained sponsors. However, the club does have the desire to learn.

Seated: Levenia Johnson, Jackie Livengood, Susan Smalley, Tucker Childs, Mary Galloway, Doris Duvall; Standing: Ernie Stoneberger, Danny Longerbeam, Buckeye Potts, Charles Brown, and David Loope. Cindy Wood was absent for the picture.

Top Twelve Chosen

The Top-Twelve Seniors of the Class of '67 have been chosen. These students are the ones that have done the most for their class in the past five years. They were chosen by the Senior class in the middle of October.

CHARLIE BROWN is the president of the S.C.A., a cartoonist for the Eyrie, a member of the Beta Club, and an outstanding athlete in Varsity basketball.

JACKIE LIVENGOOD is the editor and assistant club editor of the Talon, Beta Club treasurer, secretary of the Tri-Hi-Y, and chairman of the New York Trip Committee. She was treasurer of her Junior class.

CINDY WOOD is the Beta Club president, the secretary of the Senior class, typist for the Talon and was the Tri-Hi-Y historian.

SUSAN SMALLEY is the Senior class vice-president, clubs editor of the Talon, a columnist on the Eyrie staff. She is also secretary

of the Beta Club, and was the S.C.A. representative for her Junior class.

TUCKER CHILDS is co-captain of the cheerleaders, a page editor on the Eyrie staff, circulation manager for the Talon, a member of Beta Club and was the P.T.A. representative for the S.C.A. last year.

DAVID LOOPE is president of the Senior class a member of the Beta Club, and on the Varsity football and track teams. He was president of the S.C.A. for the school term of 1965-1966.

MARY GALLOWAY is Senior class treasurer, an assistant editor on the Talon, the reporter for the Beta Club, and a columnist for the Eyrie.

BUCKEYE POTTS is the Eyrie sports editor and is on the Varsity football and track teams. Last year he was the Junior class vice-president and S.C.A. Parliamentarian.

DORIS DUVALL held the office of class president in her Junior year and secretary of the S.C.A. in her Sophomore year.

ERNIE STONEBERGER is co-captain of the Varsity football team and is on the Varsity basketball team. He served as president of his freshmen class.

LEVENIA JOHNSON works along along with Mary Galloway as an assistant editor on the Talon. Along with many other activities, she is a member of the Beta Club.

DANNY LONGERBEAM is also a co-captain of the football team. He has also done much work with basketball and track.

Students Voted To Office

The Clarke County High School term, 66-67 contains four classes and two classes have graced themselves with a host of dutiful officers to serve and carry out their businesses during this nine month session.

The senior class is fortunate to have at their disposal the services of David Loope, president, Susan Smalley, vice-president, Cindy Wood, secretary, Mary Galloway, treasurer, and John Davis, SCA representative.

The junior class has employed the talents of Billy Whiting, president, Richard Ramsburg, vice-president, Mary Jane Click, secretary, Carla Carlisle, treasurer, Randy Morrow, parliamentarian, and Mike Pope, SCA representative.

Some of the titles of the films are:

1. Drop Outs — Road to Nowhere
2. You and Your College Boards
3. Getting and Keeping Your First Job
4. Washington and Lee University
5. Marietta College

Mr. Boyce has already talked to many new students and quite a few students. He hopes that everyone will take advantage of this opportunity and that everyone will drop in to see him.

What Are You?

Recently I visited several well-known and respected colleges. I was shocked to see the attitude and dress of the students. They had a complete disregard for society's living conditions. Their attitude was of a care-free nature. They couldn't care less of what people thought of them. Their dress was ridiculous. The students were wearing shorts, sneakers, and cut-off shirts in forty-degree temperatures.

I wondered where this complete disregard for society began. High school would be the logical place since this is the first institution to which a rational young person will belong. How is a student's attitude formed in high school? In high school there are many cliques which people belong to because the other members of the clique think that they are "cool."

What is this word "cool"? A "cool" person is one who does different and unique things. When a person goes to extremes doing these cool things, he breaks society's uniformity. In doing these things to impress his so-called friends, this person is breaking the undrawn rules of society. This person is called a non-conformist. I do like individuality but not to extremes as to cause dissention between teachers and students.

Our attitude as students is formed in high school. If we revolt against rules while we are in high school, then what is going to stop us from revolting against laws after we're out of high school. Think about the example we are setting for younger generations. The younger generations want to be cooler than us so they even do more radical things. The people in college revolt because they want to be cool and gain publicity. The idea of being cool causes chaos both locally and nationally. It is up to us as students to remedy this chaos. Ask yourself, what can I do to stop this chaos?

The Editor's Mailbox

Dear Editor:

The plans for the home-coming game were really great. The parade and bonfire were like groovy excitement and a big support to our school spirit. I think that it was really all heart to let the school have these privileges. I just hope that the conduct of the students was A-OK and that they really saw how lucky they were to have these extra privileges.

Pam Livengood

Dear Editor,

As a cheerleader, I realize and understand greatly the problem of "school pride." This expression, "school pride" is composed of many different qualities like school spirit, respect, and participation.

Time and time again, we cheerleaders have tried to boost "school pride," but somewhere along the line we have failed. This may be due to the lack of cooperation with many students.

We plaster the halls with posters which take much time and money, but some students just have to discard them. Also, after a game is over, all of our decorations are torn down or else removed. In the exhibit we had in the downstairs hall, three little football helmets and a small football were removed. We tried to have a bus for George Mason and only seven signed up. We have tried to have a student section but many students won't yell.

What are we to do? We are truly and deeply concerned with this problem. All our attempts have failed, and we need both student and community support.

The public is interested in us. Therefore, we need the cooperation of the students. What has happened to CCHS's pride? I, nor anyone else, knows. Yet, with the students' help, we will find it.

Orums Host S.E. Assembly

Each year the Southeastern School Assembly Program presents four to six assemblies to the students and faculty of Clarke County High School. The first Southeastern Assembly this year was held on September 29th and featured the Orums.

When they are not on tour, the Orums live in San Francisco, California. This husband-and-wife team are nationally known and have both appeared on radio and television. Mr. Orum is a concert pianist and his wife a concert soloist.

The Orums' program centered around four instruments—the marimba, the vibraphone, the celeste, and Chinese Temple Blocks. They played "Autumn Leaves," "The Surrey with the Fringe on Top" from Oklahoma, some Chilean songs, and a medley from The Sound of Music.

READ THIS

by DEBBIE BALLARD

At the beginning of the year, C.C.H.S. had a handbook published which contained all sorts of information. However, I saw that there were some very important matters which the pamphlet overlooked. Most of the students probably know about these things, but just in case some don't, they are listed below.

(1) Don't run your vehicle over that big green hose in the school parking lot since it is actually Mr. Grove's pet boa constrictor, "Baby." Last year the young three-foot snake delighted biology students by swallowing whole frogs before they could be dissected and polishing his meals off with jars of fruit flies for dessert. In February, however, "Baby" escaped through an open window. He is now about forty feet long and has changed his diet from frogs to cars. "Baby" needs a meal about once every two months and it's time for him to eat again. Car owners watch out!

(2) There is absolutely no truth to the rumor that this school is a disguised U.N.C.L.E. headquarters and that certain members of the faculty are secret agents. (How do these rumors get started anyway?)

(3) Don't let any playful seniors sell you assembly tickets. Assemblies are free!

(4) There is no heated swimming pool in the school's basement, even though some people may be selling pool tickets.

Imagine that you are the leader of a band of assorted characters and that all of you are lost in the desert. (How or why you got there is unimportant—you're just there.) You have a compass and you know if you keep going in the same direction, you will reach civilization in seven days. However, there is only enough food and water for three people to make it all the way—the rest must stay behind and die. The following people are on the trip:

(1) A brilliant scientist, who is working on a cure for cancer, (2) A sweet little boy of 5, (3) A famous concert pianist, 30, (4) Your 20-year-old fiancé, (5) Your favorite television or movie star, (6) the 40-year-old president of an important European country, (7) A famous baseball star, 30, (8) A half-breed guide, 42, who has 13 children to support, (9) a famous novelist, and (10) You.

Of these people, which three would you choose to live, and what are the reasons for your choices? Answer this question and leave your answer in the Eyrie mailbox in the office or give it to me. The three most interesting answers will be published in this column in the next issue and the writers of the three will receive surprising prizes!

Science Trip For Lucky Juniors

On November 13, 14, 15 two lucky students of Clarke County High School will attend a Science Symposium held at the University of Virginia in Charlottesville, Virginia. The two privileged Juniors, Jay Dofflemyer and Becky Jo Racer will attend lectures, watch experiments, and go on field trips conducted by leading scientists of this country. This Science Symposium is an annual event held on the campus of the University of Virginia. Gifted students from all of Virginia attend. The students absorb firsthand information and knowledge which they then carry back to their own schools. During the conference's three days, Backy, Jay, and the chaperon, Mr. McAvoy, will stay at a leading motel in Charlottesville. Meals and lodging for the students are generously paid for by the University. By being in contact with many leading scientists of the United States, the students attending the symposium will be aware of the many new fields of science that are fast developing throughout the world.

SUE and MARY IN THEIR OWN RIGHT

I think this is the most idiotic school I've ever attended. It is full of people who are vulgar in language and habit. Cheating and stealing are practiced daily by almost every student. I wish something could be done about it, but this is normal Clarke County behavior. I'm ashamed to be going to school here and I am glad that I shall soon leave this place.

Disgusted

"Idiotic" is defined as "very foolish" and possibly this school could be so. We would point out, however, that the real Student does not cheat. Unfortunately some persons do cheat and some are remiss in their personal habits. Though they are in the minority, a sore thumb does swell! "Idiotic" might apply to these persons. The word

might also apply to the person who would leave the problem rather than try to rectify it.

Teachers give way too much homework.

L.W.W.

"Work is, til work isn't."

People should have the right to dress as they please. For clothing and hair are personal property, and man is entitled to the freedom of life, liberty, and property.

Freedom Hair-Raiser

This is true, but health and mental well being are affected by cleanliness and appearance. A person should have the right to exercise individualism to the extent that it does not revolt others.

Essays Are Written

In addition to the annual Wildlife essay, the students of Clarke County High School have another opportunity for their imagination and penmanship. The International Lions Club is sponsoring an essay to be entitled "Peace Is Attainable." Any student entering this competition is making a bid for the \$25,000, which will be awarded to the winner of the international level, not to mention the numerous prizes available between the national and local levels. For the more abstract students this is an opportunity to express their opinions on how to solve the world problems which I am sure everyone has given serious thought to.

Anyone who has ever wanted to let the world know what should be done about Viet Nam, or famine, or the population problem should jump at this chance. For many people this is a once in a lifetime opportunity to tell people in general what one thinks about an important subject and not be rudely interrupted or criticized for what one wants to say. Unlike the "Wildlife" essay, the "Peace Is Attainable" is not compulsory; it is a voluntary act. Therefore, the competition would not be so vast; that is, one would not compete with everybody everywhere in Virginia, just almost everybody everywhere. Good Luck to all who enter.

Parade Highlights Spirited Homecoming

Homecoming was held on Friday, October 14. The festivities included the parade, the bonfire-pep rally combined, the game and coronation, and the dance. This is the first year that a Homecoming Parade and Bonfire have been held.

The parade was composed of original gimmicks made up and sponsored by different clubs and organizations in the school. The Beta Club won the first prize of twenty-five dollars. Their winning theme was 'Bookworm'.

The parade began at 6:45 p.m. The route was from East Main Street, down Church Street, and then by Swan Avenue to the school.

Following the parade the varsity cheerleaders led a pep rally around a bonfire in back of the high school.

After the pep rally, all of the students flocked out to the football stands to watch the contest between Herndon and Clarke County.

The game ended in a seven to seven tie.

During half-time, Jill Regan was crowned Homecoming Queen of 1966 by Superintendent Robert Wood. She was chosen by ballot by the student body of the high school. The little ring bearer was Judy Cain. The Homecoming Court consisted of Jill and her escort, Charlie Brown; Cindy Wood and her escort, Steve Wisecarver; Alice Shugars and her escort, Helge Anderson; Gladys Grace and her escort, Mike Verloop; and Jackie Livengood and her escort, Brad Boehmler.

The Homecoming Dance was held at the community building from 10:30 to 12:40. Mod and The Rockers provided the music. Two dinners at the Lone Oak Restaurant were given away to Levenia Johnson and Freddie Kibler.

Movies of the previous canteen were shown.

Hartung Says Canteen Needs Student Support

by SANDRA LINK

The students of Clarke County have one of the best canteens around. The past participation of the students of Clarke County has been terrific. This past summer the canteens were held twice a week. This was a success. Persons who couldn't make it one night came the next. Many came both nights.

Since school has started, there has been a drop in attendance at the dances. A canteen is held once a week, usually after a football game. Even if there is no football game, that doesn't mean there is no canteen.

A great many of us keep saying to Mr. Hartung, "get the best bands." How can we get a tremendous band, when we can't even pay for a fair one. All the bands that we have had this year have been good. It's just that everybody has a different taste in music.

Presently, Mr. Hartung is taking moving pictures of all the students that come to the canteen. The movies are shown the following week.

This is going over "real big."

In the future we are going to have many more bands: like the Little Rascals, Satins, Cavemen, Mod and the Rockers and the Princetons.

During the Christmas Holidays we will be giving one of these bands away. It will be given to a student in the high school. Chances will be sold on the band. All donations will go back to this canteen. The winning student can have the band or a \$75.00 savings bond.

During the month of November there will be an essay contest. It is open to only canteen card holders. The theme of the essay contest will be announced at a later date. The winner of this contest will receive a \$25.00 savings bond.

"Your canteen needs your support; only by you will it be a success!" is said by Mr. Hartung. Go to the canteens, have fun, enjoy yourself. By doing this we can make our canteen a success.

Canteen cards can still be bought from Mr. Hartung.

New Teachers Comment

Clarke County High School adds twelve new teachers to the faculty. Some of their comments on their opinion of C.C.H.S. are being related.

Mr. Coffelt commented, "C.C.H.S. is in good shape. It's a clean school. It has a very good football team." Mr. Coffelt plans to make some necessary changes with the band.

Mrs. Cougler replied, "Since I have been here as a member of the C.C.H.S. faculty, I have found the school system running smoothly and efficiently; however, what is more important than this, I have found the people, (fellow teachers and the student body to be very friendly and always willing to help whenever called upon. This seems to be one of C.C.H.S.'s outstanding characteristics."

Mr. Devers feels that the students are polite and the staff is excellent. He feels that the school

spirit is good and that the students co-operate.

Mrs. Glascock has been with us before as a substitute, but this year she is with us as a regular faculty member. She feels that this year the morale among the students appears to be better. She commented that maybe this was due to the fact that she had mostly upperclassmen.

Mr. Jackson feels that C.C.H.S. is a typical American High School.

Mr. James stated that the school spirit is very good. He feels that the boys' dressing could improve. By this he means that the boys should wear socks, shirt-tails in, and shorter hair cuts. He would like to stress the fact that he would like to have more food, and that C.C.H.S. could improve more in academic subject matter.

Mr. McAvoy is very favorably impressed with the co-operation of his students and faculty.

Mr. Ross thinks that C.C.H.S. is just great. He loves teaching here very much. He, like Mr. James, would also like to have more food. To sum everything up, "Wow!"

Mr. Sandy claims that C.C.H.S. is just like it was in 1960. Mr. Sandy would like to commend the football team for their great playing and school spirit.

Mr. Styles, like the rest, likes C.C.H.S. and is happy to be here. He feels that the faculty is friendly, and the students are sharp and have a lot of enthusiasm. However, he feels that the school needs improving.

Mrs. Turner says, "I find C.C.H.S. no different from other schools where I have been employed in the

BATTLETOWN INN
BERRYVILLE, VIRGINIA

Eagles Winning Senior Personalities

The Eagles got off to a great start this season by firmly stomping the highly-touted Warren County Wildcats 24-0. The game wasn't close at any point as the Eagles showed their overpowering strength throughout the game.

The Eagles got by on September 9 and thus were down for the big one with state-power Albemarle on the following Friday. Although playing on their home field the spirited Eagles could not cope with these giants from the South and went down to their first defeat 20-13.

Fauquier was the next to come to town and received a solid thumping by the rugged Orange and Blue. The Eagles won this one 26-0 and were substituting freely early in the third quarter.

On the first road trip of the season the Eagles received a scare from the unusually tough Loudoun County Raiders. But the Eagles prevailed in a hard fought contest 9-0.

On October 8, the Eagles hit the road again for their first Saturday game. This was supposed to be one of the roughest of the entire season but the Eagles were really up for this one and shook the whole Northwestern district, by walloping Mason 41-16. The Eagles regulars were out during most of the second half and the substitutes allowed Mason only 16 points.

On the 14th the rugged Herndon Hornets came to town with victory in their heads. But after a really back breaking contest all they could leave Clarke County with was a 7-7 tie.

Then came the day. The Eagles journeyed to Winchester. Being somewhat "down" after the tie to Herndon, and somewhat overconfident because of Handley's lowly record, the Judges whipped the Eagles 13-12.

Cindy Wood

Cindy, a happy bright-eyed senior, plans to attend Madison College to further her education. Her main objective will be to learn the art of teaching music.

Cindy is very active this year. She is president of the Beta Club and secretary of the French Club. She is also secretary of the Senior Class and chairman of the S. C. A. School Improvement Committee. Cindy is very active in the community; she directs the Primary Choir at the Berryville Baptist Church and is a school representative for the Clarke County Red Cross Chapter.

When asked if she thought a woman should be president of the United States, she immediately replied "no." Cindy feels that "women

are ruled by emotion more than men and the purpose of a woman is to make a good home and to be a good wife and mother. If I can do this much for my country, I will be contributing more than if I were president."

"Yes," is what Cindy responded quickly when asked if she would miss C. C. H. S. She said that she likes this year better not only because she is a senior, but because there seems to be a better association between the students and the teachers. She also feels that there is better cooperation among the students.

This top twelve senior wants to pass on her favorite motto "to strive to seek, to find and not to yield."

Eagles battle against Herndon

ON THE SIDELINES with

Steve Wisecarver

It looks like Clarke County is off to another great football season, with wins over George Mason, Warren, Loudoun, and Fauquier counties, a tie with Herndon, and two losses to Albemarle and Handley in close contests. This year's team really looks great, with many veterans returning, and a good crop of promising rookies. Returning are such senior greats as Buckeye "Roy" Potts, Ernie Stoneberger, Danny Longerbeam, Gary Lichtler, Bittle Loope, Rick Garrison, Sam Headley, Bugs Sealock, Joe Wilson, Wes Hanline, Donnie Fewell, Eldon E. Tiller, John Davis, Fats Fuller, and Johnson-Williams transfers, Norman and Otis Harper. Backing up these seniors are Paul McWhinney, Robert Morgan, Milton Paige, and Randy Morrow, all juniors; and sophomores: Harry Robertson, Dave Alexander, Poke Ballenger, and Joe Townley. Assisting coaches Reid and Grove this year are Coach Joe Weakley from Warren County, and Coach Charles Jackson, who was largely responsible for the excellent Johnson-Williams records in the past.

that, we'll return to classes!" Needless to say, student participation greatly improved. Mr. Miley, we salute you!

Once again, Clarke County has a cross-country track team. Wearing the orange and blue are such speedsters as Mike Pope, Scott Rutherford, Raymond Cather, Gary Pope, Terry Malbon, Rice Levi, Tommy Digges, and Ken Hinkle. The C. C. H. S. thinclads are coached by Jim Hartung, who also manages the Clarke County Canteen.

Did you ever bet on a baseball team and lose? Jim Willard of Frederick, Maryland, did. Last June, Willard told a friend that if the Orioles won the American League Pennant, he would walk from his home to Baltimore's Memorial Stadium. Last weekend, he made the 47-mile trip in fourteen hours.

Did you know that Washington's soccer-football team has an undefeated season? Too bad the Redskins can't do as well.

For the first time in their history, the New York Mets did not take their place in the National League Cellar. Instead, this honor was claimed by the Chicago Cubs. Was it a freak accident, or are the Mets on their way up?

While we're on the subject of football at Clarke County, it seems appropriate to mention our new cheerleader, our principal, Mr. C. E. Miley, who inspired the student body at our first pep rally with such memorable cheers as, "If you all can't cheer any louder than

New Teachers

Continued From Page 3 sense that it is an institution of learning. The students I come in contact with are young and eager for knowledge that they know will be beneficial to them in today's changing world."

Mr. Weekly thinks that C.C.H.S. is a very enjoyable place to teach. He feels that the students could support their team more and that school spirit could improve.

Charlie Brown

This year as President of the S. C. A., Charlie keeps very active. He is a member of the Beta Club and works on the Eyrie Staff as a cartoonist. He, too, is a school representative for the Clarke County Red Cross Chapter. Charlie has taken part in various class projects. He has participated in the Junior Play Committee and the Prom Committee. He has also been a member of the Eagles' basketball team and is one of the top twelve seniors.

Charlie intends to go to R. P. I., or Holden School of Fine and Applied Arts to continue his education.

He plans to major in commercial art.

Charlie was asked his opinion on eighteen-year-olds being able to vote. Immediately he replied, "Definitely, eighteen-year-olds should be able to vote." To explain himself further, he goes on to say that young Americans are dying in Viet Nam without being able to vote.

SCA Plans Activities

The Clarke County High School Student Cooperative Association hopes for an eventful year with Charlie Brown as its president. The other existing officers are: Vice President, Jimmy Buckner; Secretary, Pam Jackson; Reporter, Rachel Pierce; Parliamentarian, Paul McWhinney; Swap-shop Representative, Tucker Childs. Several projects for the year are being considered by the council, but none have been decided on as of yet. The various committee chairmen and members have been chosen.

The annual S.C.A. District meeting was held on October 1, 1966 at Luray High School in Luray, Virginia. Many of the officers attended along with Mr. Boyce, the S.C.A. sponsor.

The S.C.A. hopes to have a meaningful year with all the students participating in its projects. Only through the students' participation can the S.C.A. mark its progress.
