March of Dimes Contributions Promote Research

By Bruce Kaufman

Your contributions to the new March of Dimes will make possible a program aimed at increasing the numbers of vitally needed health workers. Your contribution may also make possible for you or one of your friends to study for a rewarding career in nursing, occupational therapy, physical therapy, medical social work, or medicine.

This spring, over 500 college scholarships, each of them totaling \$2,000 over a four-year period, will be offered to high school and college students in each of the 50 states and District of Columbia, Puerto Rico, Virgin Islands and Canal Zone.

These scholarships are apportioned geographically, according to population. The highly populated states may receive as many as 25 scholarships; five for each profession. No state is offered less than five. Winners may attend any accredited school in the United States.

Application blanks and detailed information will be available after the middle of November from Mr. M. D. Morris, principal or the head of any accredited college or high school, or guidance

NHS Debaters Take First Place at Salina

On display in room 308 is a magnificent 30 inch first place debate trophy. This symbol of success was captured by Ed Nordstorm and Bill Getz at the two-day invitational Salina Debate Tournament last weekend.

Top Students To Be Helped

Newton High School Principal Merle Morris and Counselor Alden Allbaugh left Saturday Dec. 5 to attend an all-day conference in Lawrence concerning superior and talented students.

Developing a list of superior and talented students, and a means of teaching and counselling such students was the topic of discussion for the 58 Kansas schools which were present. Newton High School was one of those schools.

The demand for superior and challenging students since Sputnik I has created a demand for this program.

Newton and four others in Kansas were chosen by the North Central Association to be included in the 100 schools they are using to establish a means to discover the superior and talented students and develop programs to challenge the abilities of these students to determine if such programs are effective in influencing students to go on to college.

Talented and superior students are based on grade averages; scores in reading, achievement, and intelligence tests; and teachers' recommendations. According to the Association, one-fourth of the students are believed to qualify as superior students.

To make this trophy harder to attain, the tournament sponsored quarter-finals, besides the standard semi-finals and finals. Entering the quarter-finals all teams flip a coin for sides (affirmative or negative.) Newton drew the affirmative side for the quarter-final, semi-finals and finals.

After the quarter-finals were announced, Salina debate Coach Mibeck stated the winners of the semi-final would be kept secret so each of the four teams did not know whether they were debating for first or third place. This definitely added to the suspense of the tournament. A tired but happy team (after six rounds of debating) accepted the wood-trimmed gold trophy, both agreeing "it was well worth the effort".

Also attending the Salina tournament was the team of Susan Walton and Susan Cain who had an impressive 5-1 record. Newton was the only undefeated school after the first round up of the sixth round when the Walton-Cain team lost a split decision to Ellsworth. Mrs. Alam Moore, debate coach, accompanied the teams.

Before the official opening of the tournament were entertained by the Salina Madrigals who sang selections from "Brigadoon" and "Amahl and the Night Visitors" in Salina High's beautifully decorated auditorium.

The same weekend, Mr. Leland Moore accompanied teams to Hutchinson for the Hutchinson High School Invitational Debate Tournament. Again, split decisions seemed to be a handicap. The team of Judy Graber-Lanny Unruh lost a split decision to Topeka High School and the team of Bill Brown and Gene Schmidt

Guidance Program is in Progress at NHS

by Susan Cain

"A recent development on schools has been the field of guidance services," said Alden Allbaugh, NHS guidance counselor. "Newton has had a part time

The fourth type of guidance is the placement service which helps students to take their next step

Year Book Staff Meets Deadline

"Now what did I do with those pictures?" is a familiar cry of

guidance services," said Alden Allbaugh, NHS guidance counselor. "Newton has had a part time guidance service for four years but this is the first year it has been a full time program."

Developed for the benefit of students, the guidance programs of schools belonging to the North Central Association are divided into five sections.

First the student inventory service attempts to gather information about individuals from tests or academic records to aid a student to gain information about himself. Then, occupational and educational information concerning possibilities after high school graduation, is made available to all students interested.

Counseling is the most prominent service offered at Newton at the present time since the program is relatively new. Mr. Allbaugh explained that there was a difference between a counselor and advisor. An advisor suggests to a person what to do, whereas a

own decisions.

The fourth type of guidance is the placement service which helps students to take their next step in the field of education, be it a question of what curriculum to choose or which college to attend. The follow-up service is the last major section in which the schools try to find from former students how well the high school curriculum has prepared them for their chosen fields.

Mr. Allbaugh, who has a Masters in Guidance and Counseling, does a little of all five parts of the extensive program but he is mainly a counselor. Serving as an aid to 650 students, he is kept quite busy. He explained that the major difficulty of his job was finding time when the students could be excused from class to consult with them.

"I hope as the guidance services become firmly established in Newton," said Mr. Allbaugh, "I will be able to spend more time in counseling individual students."

Y-Teens Contribute Xmas White Gifts

One way of telling that Christmas time is almost here is by looking at the white gifts that the Y-Teens have left in Miss Edith Whitted's room. Miss Whitted is the head sponsor for the Y-Teens.

For several years Y-Teens members have brought perishable foods wrapped in white paper to be given to a needy family.

Out of this tradition came the name of "white gifts". In the basket the gifts will be surrounded by the meat and bottles of milk which are bought with the money donated by the Hi-Y.

The basket will be taken to the family by representatives of the Y-Teens and Hi-Y clubs. The name of the family was obtained by Ann Suderman, chairman of the Worship Committee.

The Y-Teens' and Hi-Y's are hoping this basket will bring some extra Christmas cheer to the family and increase the true meaning of Christmas for many people.

Leland Moore Attends Kansas City Meeting

Mr. Leland Moore, Social Studies teacher, spent Thanksgiving vacation in Kansas City attending the National Council of Social Studies.

This was the Convention of Social Science Teachers of Colleges, Junior High and High Schools throughout the nation.

Speakers representing all three education levels discussed the main theme: The adjusting and development of the social studies curriculum to meet the demands of youth and society.

An active member of the Council for twenty-five years and the Newton only representative, Mr. Moore stated that emphasis on social studies has increased steadily in the nation's schools.

"Mrs. Moore and I had a very enjoyable time," he said, "the convention was not only interesting but we were also fortunate enough to see "South Pacific" which was most entertaining."

Mr. M. D. Morris, principal or the head of any accredited college or high school, or guidance or scholarship officials.

The county chapter of the National Foundation or The National Foundation Health Scholarships, 800 Second Avenue, New York, 17, New York, will also furnish the necessary information.

It would be wise to start assembling all of this information as soon as possible after the middle of November, for all applications and other necessary papers must reach the National Foundations Health Scholarships office by April 1, 1960.

Meets Deadline

"Now what did I do with those pictures?" is a familiar cry of Miss Nancy Mallery, the journalism teacher. Of course, this only happens during 5th hour when the Railroader staff is busy working.

December 1st, 25 pages of the annual were sent to Myers & Co. of Topeka. Included in this section is senior pictures and activities.

That's only the beginning of the Railroader. There are two more deadlines to meet on February 1st and March 1st. The annual is expected to be delivered to the students the 2nd week of May.

ruh lost a split decision to Topeka High School and the team of Bill Brown and Gene Schmidt lost a split to Highland Park (a suburb of Topeka).

A split decision is when both sides divide the speaker ranks evenly-land 4 or 2 and 5. Newton was also the defending champion at Hutchinson for the Marcy Welsh and Darla McJilton won first place last year.

Beginning teams of Jayne Lloyn and Gwen Morgan had a 3-3 record and a three speaker team of Paul Thomas, Connie Godsey, and Mike Roy had an impressive 4-2 record.

Girls Display Unusual Talents

Anybody looking for a reindeer? The Home Economics room seems to have turned from food to zoology. The girls are busily making center pieces, toys, and other Christmas decorations. The toys are made of cotton, yarn, and other materials.

Most of the girls are making center pieces out of starfoam, candles, ribbon, spun glass, evergreen sprigs, sugar cubes, candy, marshmallows, tin foil, mirrors, miniature figures, paper, toothpicks, and paint.

Sugar cube houses, candy reindeer, popcorn trees, marshmallow castles, and cookie Christmas trees are among the different center pieces being made of food.

Each girl is in charge of a project. The ideas must be original. However, many of the ideas can be taken from various magazines. Each girl must also furnish her own materials.

Helen Willems, '60, and Jean Dombrosky, '60, are making toy octopuses out of yarn. They each used a skein of blue and a skein of white yarn. They covered a large rubber ball for the head, and then divided the remaining yarn into eight braided sections tied at the neck and feet with blue ribbon. They features of the faces are made of blue, black, and pink embroidery floss.

"The last few days remaining before Christmas vacation are go-

ing to be spent making Christmas candies and cookies," says Mrs.

Gordon, Home Economics teacher.

ONE MORE BOW and my Christmas decoration will be completed thinks Patsy Walker in her Home Economics class.

New Year's Resolutions Date Back to Early England

The New Year's resolution had its origin in the notion that the coming year represented an entirely new period of life to the individual, in which he might do as he pleased. What was already passed, he put out of his mind, for it was something over which he had no control. The new year was a period of promise.

In ancient England it was a custom to clean out chimneys on New Year's Day so that luck could descend and, of course, remain all year. With us it is a custom to speak of "cleaning the slate" (of life) and making resolutions in order to keep the "slate" clean. A New Year—a new life!!

The following poem, *Thought For a New Year*, is by Gail Brook Burket, and has a thought for all of us.

Leave trashed sorrow, disappointment, doubt,
Old worry, prejudice, defeat and fear
Heaped like a cast-off weary load outside
The shining portal of another year.
Untraveled hills, and vally's gleam beyond
That wayfarers attain with mounting zest.
Who bears no useless burden from the past
Will find the miles ahead are always best.

With the holiday season approaching, our hearts are light and our hopes and "youthful whims" are strong. Let us not forget to remember long ago when the one bright star gleamed victoriously over a humble yet mighty manger bed. When the year 1960 comes let us also not forget the saying:

There is so much bad in the best of us and so much good in the worst of us that it behooves any of us to find fault in the rest of us.

May your Christmas really be bright and your new year a good one.

Student Writes Annual Letter

Santa Claus is a symbol of Christmas all over the world. He not only lives in the hearts of youngsters but oldsters as well.

When I was small it was an annual event to write a letter to Santa Claus and tell him what I wanted for Christmas. It seems I have let several years go by without dropping the "jolly old man" a note. So this year I decided to get on the "ball" and write my annual letter.

Dear Santa,
First of all I would like to say,
Please help me on this Christmas day.

It just seems like Christmas wouldn't be complete

Unless you could find me someone new to meet.

I am not too particular what height, weight and size just

Now, if you can't find him anywhere,

I am sure I could settle for a new Corvair.

A car is a must in any girls book

Ask the parents, they say they've been took.

To get right down to it, my closet is bare

I need so many clothes, includ-

December 25 Birthdays

Besides celebrating Christ-
mas, three Newton high stu-
dents will also be celebrating
their birthdays on December
25th.

On this day of good will to-
ward men, the stars say you
will bring joy and cheer to
others. However the stars
warn against over-indulgence
in any one activity. (This must
mean not to eat too much tur-
key.)

For the future, the stars
point out financial success and
popularity. The stars also
show you will chose a mate
who likes to travel. You will
retire successfully and happily
after a busy life.

Your birthstone is the Gar-
net, a semi-precious gem, fam-
ous for its power to ward off
lightning and save the wearer
from being poisoned. The gem
is also said to cure headaches
and soothe away troubles.
(The next time your're faced
with lots of homework—wear
a Garnet.)

Who are our special birthday
people? Carolyn Endres, John
Olson and Mary Ray. Happy
Birthday and Merry Christ-
mas!

Merry Christmas to Breewee and all the gang in his

Thespians Elect Officers

Newton High Thespian club has elected officers for this year.

Officers are Susan Walton '60-President; Donna Wilson '60-Vice-

President; and Carol Decker '60-Secretary-Treasurer. Mr. Tom Beattie is the director of the group.

Gary Ellis, Gary Vance, Bill McMillen, Kay Hanna, Rosalind Regier, Annie Simpson, Sue Hale, Susan Cain, Joyce Klassen, and Donna Walker are the members other than the officers.

Membership in Thespian club may be acquired by earning 20 points. These points may be earned by acting in any production, working on stage preparations, giving readings or by doing anything that has to do with acting.

Projects for the Thespians include such programs as a one-act play they gave for P.T.A. Fund Night "Old Moore's Almanac", a Christmas play for Business Professional Women "A Certain Star", and several one act plays they plan to give in the spring.

"Work for the night is coming—" could well be the theme song for Thespians as they have been kept busy with a round of rehearsals for their first two plays.

"I really think we have a good Thespian Club this year," commented Susan Walton.

Latin Club Crowns King and Queen

With a flourish of a triumph the Chisholm and Santa Fe Latin Clubs crowned Jay Spaulding and Barbara Scott, as their Saternaulia King and Queen last Thursday night at Chisholm Junior High.

Other candidates for the queen were Connie Godsey, Jane Roberts, Karen Perry Robin Bruner, Susan Dillman, Earlene Lynch, Julia Taffila, Dorothy McKanna and Connie Myres. They were escorted by the candidates for the king were David Okerberg, Matt Canzaneri, Pat Sizemore, Robert Staugh, Jeff Ault, Richard Sims, Charles Graber, Russell Covey, and Charles Craig.

After being welcomed by Russell Covey, Counsel; the Chisholm Latin Club presented a Christmas play called "Glad Tidings" narrated by Karen Allbaugh and Ted Freeburn.

The fifth hour Latin class presented "Eo Saternaulia" the story of a cook who is chosen as king. It was introduced by Howard Neufield and starred Eugene O'Keefe, Pat Sizemore, Chuch Hays, and Bill Preheim as slaves, and Charles Garber as the cook.

Earlene Lynch presented a short history of Saternaulia and a take off on the quiz show "21" was presented. The Master of Ceremonies was Jim Endres. Jay Spaulding was Caralous Vandorus, Barabara Swim was Merus Corncealus Sentora Grakes, Jack Ravenscroft and Betty Lou Richert were the professional cheaters. Judy Troline gave a commercial and Karen Perry was the hostess for the program.

Railers Tromp Demons, Hawks

In a non-league school basketball test at Parsons, Dec. 5, the **Newton Railroaders** went down to defeat in a chaotic last quarter in which Newton fell short of pulling the game out of the fire by just 2 points, 39-37.

It was the season opener for the Railers (0-1) and the second the Parsons in two consecutive nights, who are now (2-0).

The Vikings, led by Rusty Mullinax scoring 13 points, got 11 field goals—same as Newton but cashed in 17 free throws to pull their narrow decision out of the fire.

Newton, which had a bad time holding on to the ball, was paced in the scoring column by Vernon Smith and Jerald Franz each with 11 points. Charles Mayberry, who played much of the game, scored 10 points and captured a number of vital rebounds to help the Railers in their last minute struggle to win their first game.

Newton was never in front at the period stops and trailed by as much as 9 points in the third stanza. Scores at the end of the quarters were 9-8, 23-22 and 36-29.

The Railers were in high spirits (even though they did lost to Parsons) and proved it by winning over Dodge City. The Railers led all the way and the score by quarters was 27-14 1st, at half it was 27-14, at 3rd 41-25, and won the game with the score 54-34.

Vernon Smith was high point man with 13 points and Charles Mayberry close behind with 12, while Jerald Franz scored 9.

Hibbard was high point man for the Dodge City Demons with 11.

After tip off at half, a technical foul was called on Newton to cause a little excitement after half.

The Salt Hawks came to Newton Dec. 11, with the sign "Derail the Railroaders", but the Railroaders stayed right on the track for a 58-41 victory.

The Railers took the lead from the beginning and never gave it up. They racked up 14 points to Hutch's 6 in the first quarter, then completely took the game

away in the second frame. In the first half, Newton hit 53 per cent of its shots and led 34-18.

In the second half, Coach Weston Johnson gave the first team a rest and substituted the remaining players freely throughout the half, as Hutch was never closer than 14 points the whole last half.

Newton Groaners Railroaders Host Begins Its Season El Dorado Cats Here Friday Night

The Newton Wrestling team plans to take on the "groaners" from Kinsley, El Dorado, and Hutchinson High School in its next three matches.

"Not too much is known about the Kinsley team, except that they will probably provide a tough match, as all matches are," stated Coach David Winters.

El Dorado is said to be extremely tough in its 127-pound and 180-pound classes. Their two starters in these two classes are Wichliffe, and Baughman, respectively. El Dorado took fourth place in the West Invitational tournament held on December 12th.

Hutchinson, another team that participated in the West tournament and took second place there, has had wrestling teams for the last four years, and promises to be one of the toughest squads faced by the Newton High School wrestlers this year.

NHS Wrestlers Twist Emporia

By Gary Raffety

Newton High School grapplers looked good in their match in Lindley Hall Dec. 10 with Emporia, as they literally walked all over their opponents 35 to 11.

The Newton wrestlers won handily eight of the eleven matches. With five points given to Newton by forfeit, the Railroaders racked up 35 points with three falls while conceding eleven points and one fall to Emporia.

Newton won its share of falls, Sanseda, 121 lbs., dropped his opponent in 2:55 of the third period. Perez, 133 lbs, pinned his opponent in the third period. Sadowski took his man down fast and pinned him in 1:44 seconds of the first period.

This match was summed up by Coach David Winters as "The easiest match we will probably have all year."

The results are:

95 lb., Emporia forfeited;
103 lb., Martinez, N. 5, Copt, E., 0; 120 lb., Lindley, N., 1; Tucker, E., 3; 127 lbs., Geis, N., 3; Ranger, E., 9; 133 lbs., Perez, N., 5; Rider, E., 0; 138 lbs., Goldsmith, N., 3; Helstrom, E., 0; 145lbs., Schorn, N., 5; Hopper, E., 0; 154 lbs., Sadowski, N., 5, Penny, E., 0; 165 lbs., Locke, N., 0, Witte, E., 5; Solis, N., 3, Burris, E., 0; Heavy Weight, Ault, N., 0, Payton, E., 3.

Wrestling

"This years wrestling team has vastly improved," said Coach David Winter, Physical Education teacher and Railer Wrestling Coach. "We are experienced in six weights but otherwise the team is young and unexperienced.

This is wrestling's second year at Newton High School since in the early 1940's. Under Coach Winter, who graduated from Kansas State University in 1956 and taught two years at Claffin, Kansas, the wrestling squad had a find first year. NH has six returning lettermen: Henry Sanseda, '60, John Geis '61, Bob Schorn '60, Mike Rhoades '60, John Solis '60 and Tom Sadowski '61 are expected to do even better.
