

# Olney Memories # 161

## Feb 8, 2025

Here we are in another year and does it seem possible to you? Not to me! I just got used to writing 2024 and now have to change it to '25. Don't we wish when we were in school the years passed this fast sometimes! J But all in all I think we can say our schooldays were mostly good and carefree years of fun and learning. I know I can remember all my teachers were very kind and likeable and I hope I showed my appreciation for their hard and earnest work toward our education. Do you think it would be honorable and fun to list as many teachers as we can think of that we had from Kindergarten thru High School? I realize that would take in a slew of them, counting all the years these OM people represent, but I think it would be nice! Please join me.....

Below are more pictures of our much loved Olney May

Day Parades....compliments of Roger Boatman of course. This is the last of the May Day Pictures and I think we have all have shown an interest and we have had lots of fun looking back on these photos of memories of a lot of us during these years! I don't live in Olney anymore, are the May Day Parades still going ---on? I never hear much about them but after all, but maybe I'm just missing out on hearing.....

OK, I'll start with my list of teachers off the top of my head and won't name many, to leave some for you and besides I won't remember all of mine:

Mrs. Godfrey,

Mrs. Shaw,

Ms. Spillman,

Mr. Noerenberg,

Ms.Dole,

Mrs. Brown,

Mr. Shafer,

Mrs. Shumaker,

Ms. Mounts,

Ms. Youst,

.....that will get you all started ...

Ann King

**We could have a bit of fun and see if we could identify ourselves in any of these pictures? I realize it's been a few "days" ago, but I at least we could try.**
