Memoruy: I remember all the fun we had cheering at the football and basketball games, and then going to the "Y" after game dances. Boy, those dances were "hot" -- in more ways than one. Sometimes we "glistened with perspiration" from rain soaked clothes and the heat of all those bodies packed in room. Often it was from dancing those crazy dances -- like the surf, the jerk, the shimmy. But mostly it was from dancing ever so close on the slow dances. Especially the last dance -- remember how they closed with "Thank You and Good Night?" (I had that old 15 rpm in the attic til my folks retired) I wonder how many of those "hot" couples eventually married, and better yet, how many are still together today?
