

# CLASS OF 1975

**45<sup>th</sup>+1 YEAR REUNION**

Welcome back Sidney Class of 1975.

We hope all is well with you and yours. AS we gather together to celebrate our 45<sup>th</sup> year class reunion, let's reconnect with old friends, share some special memories, reminisce, and create some new friendships along the way.

Your reunion committee has been working hard for over a year (thanks to Covid-19) to make this a successful reunion. As always, the most challenging of tasks is gathering correct addresses, both mail and email. Please keep in mind to update your address with us so we may keep in touch with you.

Sadly, during our search to find classmates, we unfortunately found several classmates that have passed away during the years. We are now up to 39 deceased classmates, 12 of them passing since our last class reunion.

Our class now has a Facebook page (1975 Sidney High Class) and a website (<https://www.classcreator.com/Sidney-Ohio-1975>) as we try to keep up with the ever changing times. Please join both of these so you can stay up to date on what is happening with classmates, and you can update your information as it changes.

This reunion book contains information supplied by your classmates to us by mail, email, or on our website. We have removed the email and phone numbers for privacy. If you wish to email a classmate, that can be done from the website. Your email address is not exposed to others.

**What would you like us to know** Working for the schools has given me the chance to have summers off. Steve and I have taken advantage of this opportunity to spend time with our children and grandchildren, as well as travel with them and alone. We've taken time to travel all over the East Coast. We have taken numerous trips to New York City and to Maine. We have also traveled to Mexico to visit my family. 5 years ago we traveled through Europe for 5 weeks. We visited Spain, France, Germany, Italy, and Greece. It was an amazing trip which helped us find out about both of our ancestors and even meet new family members. We hope to be able to make that trip again. We also hope to take Our grandkids to Mexico in the near future. Even though they know about their Mexican heritage, I would like them to visit and learn the history about the place I came from.

For the last 7 years I have been a construction management consultant with a company based near Washington DC. Sarah and I have taken more vacations and are planning more traveling together once I retire for good.

I had a close call at the beginning of 2019 when a mass was found in my chest pressing against my heart. It was removed and found to be benign. Lesson learned - enjoy life while you can!

I enjoy working in my workshop and spending time outside, especially in our woods and at our shooting range.

**Spouse/Partner and what they do** George | retired ... passed away October 26, 2020  
**How long have you been in your current position and what is your position?** Brand strategy consultant | artist  
**Grandchildren** two step-grands ... family photo is from Christmas 2018, showing husband George, son Blake, daughter Anna and granddog Opal.  
**What would you like us to know** I've been indulging my wanderlust even more since George retired. In the past five years, I've traveled (with him or other family members) to Scotland, France, Italy, Japan, Australia, New Zealand, Peru and the Galapagos Islands and am eager to experience more of the world! A high point of 2019 was winning "Best of Show" in the Amateur Division of the Ohio State Fair Fine Arts Exhibition. George was diagnosed with prostate cancer in early summer; since it was a slow-growing, early-stage cancer, he deferred treatment until after his annual Pelotonia bike ride in August that raises funds for cancer research. Following radiation therapy, all signs are good and he expects to ride next year as a survivor! Sad news: George was injured on March 16, 2020 and suffered severe traumatic brain injury. Though he battled through rehab and made significant progress, he eventually contracted a respiratory infection and could not overcome that. He died on October 26, 2020. Happy news: son Blake is graduation from Humboldt State University with a degree in Forestry Management/Soil Science and has applied to grad school; he and his girlfriend are moving in together soon. Daughter Anna and her boyfriend now share an apartment in San Francisco; they hope to move back east in a few years. Granddaughter Samantha is a softball player and made the varsity team this year as a

freshman; grandson Matt aspires to be an astrophysicist. Their mother (my stepdaughter, Jill) has found she enjoys working from home (she's an accountant with OhioHealth) and hopes she can continue to do so. I have moved to a smaller home in Worthington and am trying to stay busy and productive. Looking forward to the (can it be???) 45th reunion this summer, even if it's a year late. I remember my folks planning theirs, way back when, and thinking how old "those people" were. How time flies!

**What would you like us to know** I lived 10 yrs in the Brazilian Amazon. Two years I was serving

as a missionary, then 8 years I was married to my now former Brazilian Husband. He was a TV and Radio journalist. I also had the good fortune to live and study in France two years.

I wanted to share that the past 12 years my life was directed to overseeing all the medical and personal affairs of my wonderful parents. They both fell very ill in 2008. I eventually had to retire early in 2016 to continue handling all their needs. My beloved parents are now both deceased. The past three years I've been working to return full-time at Ohio State. Sixteen months ago I finally was hired back full-time.

Before early retirement I had worked at the University for 20 years. The journey is super challenging, but I'm grateful!

Finally, I also send my heartfelt gratitude to the planning committee for all your hard work on our behalf!

All the best,

Jill Heath "Go Yellow Jackets!!"

**What would you like us to know** I just returned from a 28 day self-guided raft trip on the Colorado River through the Grand Canyon. It was beautiful and terrifying at times with waves over 20 feet in height in some rapids. I took out on March 18, 2020 and returned to a different world than I left on February 20, 2020. I am still assimilating to the new realities. Be safe out there all.

Last year we traveled to New Zealand and Australia in Feb/Mar and then to Prudeau Bay

and the Arctic Ocean, AK in July/August - these marked the farthest south and the farthest north we have traveled. We hope to see more of the world in the coming months/years once things renormalize, assuming they do.

Partner. My colleague and I opened our law firm in 2007. I am an attorney specializing in intelletual property matters, construction law matters and general business transactions. Before that I was a partner at the Torkildson Katz law firm in Honolulu and an associate at the Vorys Sater Seymour & Pease law firm in Columbus.

My older son Stephen is 27. He lives and works in Los Angeles.

My younger son Kevin is 19 and is a second year international business student at the University of British Columbia in Vancouver Canada.

I am in the process of trying to retire though it is not simple given my career and clients. When I am not working, I volunteer with Special Olympics swimming in Hawaii and am a mentor to a former military serviceman who is having difficulty integrating back into civilian life. I also sit on the Board of Aloha Festivals which promotes native Hawaiian cultural activities and events.

I still do a lot of dancing and am on a competitive ballroom/latin dance team.

I keep up with our classmates on Facebook on a regular basis.

Plant Manager (semi retired). Last July I decided to semi retire so that I could enjoy doing things that I love to do more such as cycling, working on classic cars and just playing in the yard. Currently I am still doing a lot of the work that I did as Plant Manager but only working 20 hour a week.

The person picked to take over my position is a great guy and is doing well so I am not sure how long I will be needed in this current position.

Also, I am making an easy transition into retirement ( I LOVE IT) so I am not sure how much longer I will want to do it.. For now, I am very happy where I am in regard to work.

**What would you like us to know** This year we sold our Vacation Home business at Norris Lake that we have had for 10 years. This was part of our retirement plan..

We are both glad to be out of the Vacation home rental business! Especially my wife which took care of almost everything!

**How long have you been in your current position and what is your position?** Retired social worker. After graduation from college I lived in Indianapolis for two years. In 1981 I relocated to Kansas City, MO and remained in that area until my retirement in 2015. I moved to Crossville, TN. In 2018 I was back in Missouri (Columbia) to care for my grandson.

**Grandchildren** Eli Xavier, born 2018; Olivia Monroe, born 2020; Kai Ray born 2020.

When it rains, it pours!

**What would you like us to know** I worked 20 years in Corrections (case manager, parole officer and pre-sentence investigator). The last 16 years of my career was as a school social worker for the Independence, MO School District.

Haha! I'm retired...sorta...I have been babysitting grandchildren for two years! Other than that, I travel with friends and family as often as I can!

Since the last reunion I retired and moved to TN to help my father to stay in his home in Fairfield Glade. In 2017 I spent 4 months in the Pacific Northwest to assist my niece and family to relocate from Maui and bicycle across America (OR to ME) During that time I went to Spain and Portugal for 2 weeks...awesome trip! In 2018 I was asked to care for my first grandchild so back to Missouri I went (Columbia). This year I care for my second grandchild. I have a new little guy and I'm not going to babysit him. Lol Back to retirement! Sadly, my father died the day after Christmas 2019. He was 94 and I miss him. I suppose these are the honors and events that I have received that mean the most to me.

I love the reunion every time! BUT...my memory sucks! So if I don't remember your name or a time we shared some fun, don't be offended. We can make some new memories!

**What would you like us to know** Since I retired 1 yrs ago, I have been blessed taking care of my elder sisters that I never got to spend the time with before. I became a grandmother (Gigi) in September. He has had his struggles and still has his feeding tube, and colostomy. So, I have been traveling a lot to Lexington, Ky to help take care of this special little guy when possible. My husband hasn't retired yet, so being patient and looking forward to the good life!  
We have 2 grown children, Jennifer34, Jeremy 32. We were able to go to Japan and visit with my son and his wife while he was there for 2.5 yrs for work. Got to visit our exchange student and her family that we had for a year. Beautiful, busy country. Would love to go back.  
My daughter lives in Cincinnati so I spend time visiting her.  
We just celebrated our 39th Anniversary. Other than that I just worked and tried to spread joy each day.

I am involved with a prison ministry called Epiphany where we go in for 3 days and share the love of God, letting them know that God is a forgiving God.

Looking forward to seeing everyone.
