

## Editors' Observations

### Did You Know:

that Lowrey's highest single basketball game was 92-86, with Lowrey defeating Willow Run? The game was held on February 12, 1960?

that Bob Greco was Lowrey's highest basketball scorer with 42 points on December 2, 1955?

all of the locker numbers come from Aurora, Illinois?

that "Vita, Veritas, Amor" on our school emblem means life, truth, and love?

a new supply of art equipment arrived on November 1?

there are 11 hall dividers?

### Did You Notice:

the modern remodeling in the small hall to exit 5 on the first floor?

the shop display in the showcase on the first floor?

that the doors in the gym hall have been revarnished?

## Annual Sales Lagging

The final week of the annual drive is upon us. You have until November 17 to buy yours.

Sale of 400 annuals is needed before the closing date in order to have an annual at all, according to Mr. Falvo, annual sponsor. At the time of this writing, approximately 220 have been sold.

The annuals cost \$2.75 with an activity ticket, and \$4.00 without.

Mr. Falvo stressed, "This is not a 12th grade project, this is a school project."

If 400 annuals are not sold, this means no annual for this year, and the failure will jeopardize class annuals in the years to come.

If you are not now a senior, plan ahead. You'll want sophomores and juniors to patronize your annual when you are a senior. And if you are now a senior, an annual of your classmates will be a pleasant memory.

Annuals can be ordered in the main hall on the first floor between 8:25 and 8:40. Also, during the 4th and 5th lunch hours in the cafeteria.

### Order Now!

## Homecoming Is Big Success

The 1961 Homecoming of Lowrey, sponsored by the senior class, is considered to have been a rousing success by all. It literally started out with a bang—a fuse blew.

Just after the Queen's court took its place, the fuse blew, and there was a delay of about fifteen minutes before the Queen, Sandy Kellner, made her entrance.

Sandy was radiant in a floor-length gown of white nylon. As tradition goes, she carried a dozen red roses.

She was preceded by her court. Robby Cole, a senior attendant, wore a floor-length dress of pale blue peau d'soi.

Karen Dearvang, the other senior attendant, wore a floor-length red dress of organza, with a bustle in the back.

Junior, Pat VanAssche, wore a balerina length brocade dress in many colors.

Lynn Nihill, another junior, wore a bright blue, bell-skirt satin dress.

Gwen Snow, the only sophomore, wore a pale pink chiffon dress.

The court all carried a dozen white roses.

Crown-bearer Johnny Goins, nephew of Jean and Jack Ashby, carried the crown in a purple satin pillow. Johnny wore a red blazer.

John Antonelli, one of the newly elected co-captains of the football team, crowned the Queen, which officially gave her her new title of "Lowrey's Homecoming Queen of 1961."

The dance was held in the Lowrey Ballroom, which was decorated in an oriental theme.

The Montereys provided the dance music. Two of the band's members, Bob Mata and Larry Janow, attend Lowrey.

There were many familiar faces at the dance. Here is a list of some of the alumni who were present: Marge Hull, John Jacobs, Garry Peck, Jane White, Shirley Paluha, Pat Kollath, Don Whitaker, Darlene Pate, Joyce and Jane Hypnar, Brian Andraus, John Kolwck, Dawne Burkett, Judy Stezlecki, Diane Kasperwitz, Joe Hribal, Lenny Levandowski, Jim Cummings, Fay Holland, and Mr. Jim) Boron.

A total of \$223.25 was taken in, but this is the figure before debts were paid off. The profits will be split between the 12B's and the 12A's. The 12A's will receive 1/4 of the profits and the 12B's 3/4 of the profits.

All in all the Lowrey Homecoming Dance of 1961 is considered to have been one of its best in recent years.

Lowrey's Homecoming Queen for 1961, senior Sandy Kellner.

## Lowrey - A Unique School

Although there are other schools in Dearborn that have special education departments, Lowrey is the only one in Michigan which has a special education department and also kindergarten through grade 12. Mrs. Zudick, the head of Lowrey's special education department, stated, "Lowrey is the main headquarters for special education for physically handicapped children." Our special education consists of six sections — the blind, deaf, orthopedic, cardiac, homebound, and nursery; and in this issue we would like to acquaint you with the section for the junior and senior high blind students.

The teacher of the junior and senior high blind students is Mrs. Hasler, who teaches in room 228. The department is well equipped with necessary supplies. It has four braille writers which cost approximately \$90 each, a few braille editions of regular textbooks costing about \$60 each, raised maps, a raised globe 30 inches in diameter and standing 51 inches off the ground which was priced at \$225, and several typewriters. The blind students are taught braille writing in the first grade and must be able to type before they enter the seventh.

The department also has a dictionary. Actually, it's 56, 250 page volumes, but it is only equivalent to one standard size dictionary. There is one other thing we have which we are particularly proud of. It is a set of 107 volumes of the World Book Encyclopedia, costing

## Annual Tradition For 31 Years

"I pledge allegiance to the flag..."

Once again last Friday these words were echoed by the Lowrey student body. For thirty-one years our school has been holding this flag raising, both as a salute to the flag and in honor of the Lowrey boys killed in battle.

The program began with selections by the band. After which the flag was slowly raised to its place of honor. With it waving overhead, the pledge of allegiance was recited by one and all, followed by the singing of the "Star Spangled Banner", accompanied by the band.

Fred Waring's arrangement of "America, Our Heritage" was sung by our chorus. Mr. Waring is a favorite of our chorus director, Mr. Coedy. Another selection, "God of Our Fathers", was presented later.

A Marine honor guard was present and delivered a gun salute.

Mr. Openlander, the Superintendent of schools, was present at the ceremony and spoke of the significance of Veterans' Day. There was then an explanation of the plaque in the main hall by our principal, Mr. Romanow.

A moment of silence was observed in memory of those killed in the wars. Taps were played, followed by everyone singing "America". The last stanza was sung as a prayer by the chorus.

The program was recorded and presented Friday night on WKMH at 7:05 p. m. It was also shown on channel 2 television on the 6:30 and 11:00 newscast, Friday night.

\$600; and there were only 20 first editions offered in the entire United States. We are honored to be one of the twenty schools in the U. S. to have been offered a first edition.

As you can see, it costs a great deal to support the special education students, approximately four times as much as it costs to support regular students. The Federal government, however, helps pay for the expenses of special education students all over the U. S.

We will bring you more information about other sections in future editions.

## "Light" Review

In this issue of *'The Lowrey Light'* we are starting a new column which we hope you will enjoy and benefit from. We want to give you brief resumes of current movies and books which you can find in the library. In this issue we are featuring the movie "Breakfast at Tiffany's."

Audrey Hepburn and George Peppard, a Dearborn boy, are at their best in the Jurrow-Shepard production of "Breakfast at Tiffany's". It is taken from the book of the same name written by Truman Capote.

The movie has an unbelievable plot but a cast of actors who do their job well.

The story revolves around a New York playgirl and a writer who has published only one book. Audrey Hepburn is delightful as Holly Golightly, an ex-hillbilly who lives in a Manhattan apartment. She lives only with a no-name cat who drinks milk from a champagne glass and sleeps in the sink.

Holly Golightly meets Paul Varjack played by George Peppard and they have many amusing and serious incidents together.

Mickey Rooney plays a Japanese photographer and is in many humorous scenes throughout the picture.

Besides the characters played by Mickey Rooney and George Peppard, Audrey Hepburn becomes involved with an underground dope syndicate, a movie director, rich men, and a man from Brazil.

We found "Breakfast at Tiffany's" wonderful nonsensical fun.

## Guess Who ???!

This little guy with the "I like ice cream" expression is a senior in homeroom 12B-4.

He is on a College Prep course and after graduation wants to do one of two things. He says he will either join the service, and get it over with, or go on to college.

His favorite sport is playing football. He was recently moved from second string to first string and plays tackle on the Varsity Football team.

Outside of school his favorite hobby is boating. He spends a lot of time working on his family's boat.

For this senior's name, look at the bottom of the page.

## Inquiring Reporter

Several students were asked what they would do with a ZEUC-TOCOELMATO. Here are some replies:

Pat VanAssche, 11B-8; "I'd wrap it up and give it away on Christmas."

Marty Stiles, 11B-7; "I'd put it in an aquarium."

Marty Hotvedt, 11B-3 "Put it in the refrigerator."

Linda Sevener, 10B-9; "I'd put it in my dresser drawer and hope it wouldn't explode."

Tom Martin, 10B-6; "I'd wear it on my head."

Jerry Lustig, 11B-5; "I'd put it in my doghouse and make ring-bologna out of it."

Dan Sullivan, 11B-7; "I'd feed it to Mertz."

Jim Hribal, 11B-4; "I'd tie it in knots and hope it came out right."

Janice Gerstler, 10A-1; "I'd put it on my pizza."

Zeuctocoelomata is a group of animals including vertebrates, worms, and mollusks.

Guess Who: Jim Hersman.

## Junior Has Lone A Average

During the first card-marking of a senior high school student had a all-A report card. Sharon Wilkie, a junior, was the only one on the A honor roll.

## Kitchen Staff Feted

The Army has its "mess", the Navy has its "chow", and Lowrey has its "cafeteria". Despite the good natured gripes and complaints, the majority of us enjoy our cafeteria's food.

Mrs. Gabel is largely responsible for the lunches we receive. She is the lunch-room manager and has worked here at Lowrey for sixteen years.

Nine women work in the kitchen besides the extra clean-up help. Each cook specializes in her field. There is a pastry cook, vegetable cook, salad cook, sandwich cook, and general cook. In fact, the only thing the kitchen doesn't make itself is bread. The person with whom we are most well-acquainted doesn't work in the kitchen. She is Mrs. Schwartz, the ice-cream lady.

The number of people who buy a plate lunch varies depending upon the menu. If favorites are served, such as Barbeque Beef or bun or hot dogs or hamburgers, the number tops the 300 mark. But when stew or chop suey is the dish, the number drops to 200 or lower.

Here at Lowrey cherry cobbler and pie squares rate highest in the dessert department. Another favorite is peanut butter cookies. For those of you who would like to make these cookies at home, Mrs. Gabel was kind enough to give us the recipe.

**Peanut Butter Cookies**  
Yield: about 40 cookies  
Time: 15 to 20 minutes

### Cream:

3/4 lb. fat (1/2 butter and 1/2 Crisco, or all Crisco if you prefer),  
3/4 lb. White sugar  
3/4 lb. Brown sugar

### Add:

14 oz. peanut butter  
3 eggs beaten

### Sift together:

1 1/8 flour  
3/4 Tblspn. Baking powder  
3/4 Tblspn. Baking soda  
1/2 Tblspn. Salt

Add sifted ingredients to cream mixture then:

### Add:

1 Tblspn. Vanilla  
Use a large tablespoon to drop batter onto cookie sheet. Do not flatten.

## Names! Names! Names!

Have you ever wondered where names come from? Every name has a meaning. Now-a-days everyone has at least two names, the first or Christian name and a last or surname. In early times people only had one name. Later the surname was added as a means of identification. These names were called *ekenames*, from which we get our *work* nickname.

Christian names are usually drawn from older languages, such as, Hebrew, Greek, Latin, German, Celtic, and Anglo-Saxon. Names were originally given to describe the child or something that happened on the day of their birth. Later the first names were chosen only for its pleasing sound or for other reasons.

Many surnames were used to identify the place they came from, or the person's occupation, such as a person living near a woods or green would often be called Thomas Wood or Russell Green. Smith, Taylor, and Wright are common occupation names. The royal name of Stuart means Styward, guardian of the sty.

Meaning of popular boy's and girl's names:

### Boys

- Charles**—Strong, manly.
- Dennis**—Greek, belonging to Dioussus, the God of wine and dramatic poetry.
- Edward**—Anglo-Saxon, guardian of property.
- John**—Hebrew, the Lord is gracious.
- Paul**—Little.
- Phillip**—Greek, lover of horses.
- Richard**—Old High German, Strong, like a ruler, powerful.
- Roger**—Old High German, Famous with the spear.
- Russel**—Red-haired.
- Thomas**—Hebrew, A twin
- William**—Old High German, resolute protector.

### Girls

- Anne, Nancy**—Hebrew, grace.
- Barbara**—Greek, foreign, strange.
- Catherine, Katherine, Kathleen**—Greek, Pure.
- Cynthia**—Greek, of or from Mt. Cynthus on the island of Delos.
- Diane**—Latin, Goddess (related to several words connotating brightness, Dianna was the moon Goddess.)
- Gertrude**—Teutonic, spearmaid.
- Irene**—Greek, peace.
- Jane, Joan, Joanne**—Feminine of John.
- Judith**—Hebrew, praised.
- Margaret**—Greek, a pearl.
- Sara**—Greek, a princess.
- Vicky**—Latin, victory.

## Honor Students At M. S. U.

When a student is in high school, he feels that his teachers are too hard on him. These feelings often change when a student enters college. He finds out, sometimes too late, where his former teachers have failed him.

Honor students at Michigan State rated the characteristics of their best and worst high school teachers for a study conducted by Dr. Beulah M. Hedahl, assistant professor in MSU's Counseling Center, and Dr. Gordon A. Sabine, director of admissions and scholarships at the university.

In the eyes of the students their best teachers seemed to understand them, were fair in their grading, spent time with students who needed help after school, answered questions willingly, had a sense of humor, were persons the students would like to be like, were frank and honest, were respected by others, were enthusiastic, and taught the students how to take notes from a lecture.

"The students swiftly see through the teacher who really doesn't know what he's talking about, who plays favorites, who is too easy, too slow, too undemanding," said Dr. Sabine.

Students' worst teachers expected them to memorize what they told them, were dictatorial, were cold and unfeeling, were frequently angry, did not assign work to be done outside of class, embarrassed students who were unprepared, and gave better grades to the popular students.

The candid replies of the students cover the whole field of student-teacher relations:

"Give the students more opportunity for independent, original work."

"Teachers should stop trying to be good buddies. They should be firm, fair, and reasonable, but maintain their position."

"Don't make a high school class like nursery school. Don't make your class a big joke. Teach a hard course."

"I respected most teachers who ran their classes on the assumption that students were willing to work at the task of learning."

"Don't underestimate the American student. We have as great a capacity for hard work and creative work as any nation's youth."

## The Senior Scene

Well, we seniors have seen our last Polar Bear football game as Lowrey students. Despite the fact we had a losing season, we had a few exciting games and it was good to see so many seniors out there cheering our boys on.

Congratulations to our lovely Homecoming Queen, Sandra Kellner, and her court. The whole student body, and we seniors especially, should feel mighty proud to have had such a beautiful girl reign over our Homecoming Dance, which, by the way, due to your great co-operation and participation, was a success.

If you haven't had your picture taken yet, and you want it in the annual, you haven't got much time left. A 3x5 glossy print has to be in to Mr. Falvo before December 1. Come on you stargglers and get your picture taken soon and let's have every senior pictured in the '62 yearbook.

It's a shame the way annual sales are progressing. You seniors haven't shown much support. Remember, its your yearbook! Get one today!

Senior pins should be here in another week or two. Be patient.

Just think, there are approximately 140 school days left until graduation. Quite a pleasant thought isn't it?

I'll bring you more news from the June Class of '62, next issue.

See you then.  
Your Senior Class President,  
Fred Moreno

## Ten Commandments Of A Student

1. Thou shalt not come late to school. (Take the whole day off.)
2. Thou shalt not wear a cap in school. (A hat is much more dignified.)
3. Thou shalt not look on someone else's paper. (Have it passed to you.)
4. Thou shalt not run in the hall. (Sliding is more fun.)
5. Thou shalt not leave thy tray on the cafeteria tables. (Hide them under the chair.)
6. Thou shalt not whisper in class. (Shouting draws more attention.)
7. Thou shalt not borrow pencils or paper. (Take them.)
8. Thou shalt not throw erasers in schools. (Books are more fun.)
9. Thou shalt not skip stairs. (Use the banister.)
10. Thou shalt not drive the teacher to his (or her) grave. (Let the undertaker do it.)

## Cafeteria Situation Needs Much Improvement

Recently, we, of the Lowrey Light Staff looked into the matter of the cafeteria during lunch hours, and came up with the conclusion that 'There should be some changes made.'

After each lunch hour there is complete and utter chaos. The janitors have complained that half full milk cartons and ice-cream cones are thrown in the waste paper basket. Apple cores are left lying on the floor and spilled milk is left unwiped on the tables. In the lounge the chairs are left scattered about the area.

This is caused by plain carelessness and forgetfulness. Mr. Flee states, "Over all, most of the kids are all right, but there are a few offenders."

Some of the students also stated their opinions as to how the cafeteria could be bettered. They said there should be more activities during the lunch hours. Some of the suggested activities were: radio back in working condition, tables put back the way they were, something like records, TV, pool tables, ping pong tables and dancing.

At the present time, movies are being given a trial run. We hope this helps to occupy the student in something not considered destructive.

The main thing to remember is that other people eat in the cafeteria after you, and as the Golden Rule says, and it can apply to you — "Do unto others as you would have them do unto you."

## Know What This Is?

This lovely lady is a "Lovebug". Have you seen her before? Here is what some of your friends have called her.

- Mike Shuipis—"Honey."
- Joe Cuzelis—"I'd call it Melvin."
- Mary Thompson—"What I look like when I get up in the morning."
- Judy Vockler—"A Martian dancing teacher."
- Carol Galdes—"The ideal guy."
- Richard Graham—"A lovebug."

## Writer Questions Student Attitude

On October 27 Lowrey finished its Twin Valley League season by losing to River Rouge. Our football team failed to win a league game as it finished its worst season in several years. In five games we scored only 13 points as compared to our opponents total of 136 points.

Injuries and bad breaks have been blamed for this letdown. It is a known fact that these things have hampered the team's play.

Nevertheless, are these all of the reasons? From the distance the crowds at our home games looked pretty good. Were they? Were the kids really behind the players? At one game near the end of the third quarter the bus from one of the districts arrived. Within a few minutes more than half of the stands had emptied.

What about the players themselves? There is no doubt that the guys were out there trying to do their best. Nevertheless, were there some boys in the stands or at home who could have been out there making an important contribution?

It seems that there is quite a bit of room for improvement in this area. Possibly, with a little more effort by everyone, some improvement can be made during the next year.

## Junior High Has Winning Season

Lowrey's ninth grade football team has completed their five game season with a 3-1-1 record. The team lost their first game of the season to woodworth 19-0. They came back the next week by beating Salina 27-0. Their next victory was a 7-0 victory over Maples. Their second game with Woodworth was a hard fought 0-0 tie. To finish out the season they beat Salina for the second time 47-0. After their season they were tied with Woodworth for first place.

Coach Hannah stated that the offense was sparked by the hard running left halfback, John Oliver. John scored seven touchdowns throughout the season. The defensive team was headed by Jerry Wist. Jerry played very hard and clean football throughout the season. Jerry is also going to Fordson next year.

Coach Hannah's comment on the team is "The team as a whole has a lot of nice boys to coach and work with. Their grades were just as good as their sportsmanship on the field."

## Final TVL Standings

	W	L	T
Hamtramck	5	0	0
Romulus	4	1	0
River Rouge	2	2	1
Willow Run	2	3	0
Ecorse	1	3	1
Lowrey	0	5	0

## Football Co-Captains

Don Cuzelis John Antonelli

Two co-captains were elected for the Varsity Football Team. They are Don Cuzelis and John Antonelli, both 12B's.

The co-captains were chosen by popular vote, on October 30, 1961, on the football field by the members of the team.

Don has played football for six years. When he came here from Salina last year in the 11th grade he played first string center on the Varsity Football team until he injured his knee.

This season he played guard on offense and line backer on defense.

Don is quoted as saying, "I'd like to thank my team mates who elected me as co-captain. I wish them better luck next year."

John Antonelli, our other co-captain, has also played football before coming to Lowrey. He has played at Salina and Clara B. Ford. His position on our team is right half-back.

John's comment is, "I have enjoyed playing football at Lowrey and think it is a great honor to be elected as co-captain."

## Robichaud Beats Lowrey Varsity

Robichaud defeated Lowrey's varsity football team 13-0 on November 3.

The strong Robichaud team supported by a strong running attack surprised the Lowrey team on offense and defense. Robichaud was in complete charge most of the game. Many people around Lowrey said that the team would win their second game against Robichaud.

The football season is now over for the Lowrey football team. They have been through a rough year. They didn't win a game all season in league competition, but they were still good sports and tried their best.

## Basketball Starts November Dates

Lowrey's varsity basketball season will begin the first week in December. The Polar Bears open with a non-conference game with Garden City at home.

Lowrey will play ten Twin Valley League games. They meet each TVL team on a home and home basis.

The first league game will be with Willow Run, December 8, at Willow Run.

Here is the basketball schedule for the coming season. All varsity games will be preceded by a reserve game starting at 6:30.

- Dec. 1: Garden City, Home, 8:00
- Dec. 8: Willow Run, Away, 8:00
- Dec. 15: Hamtramck, Home, 8:00

- Feb. 23: Ecorse, Away, 8:00
- Mar. 2: River Rough, Away, 8:00

## Bowling Club

The Bowling Club has been bowling at Dearborn Lanes for the last nine weeks. About fifty students are participating in this club. The season will continue for the rest of the semester and will be climaxed when many of the students bowl against the faculty at the end of the season. The highest boy's game so far is a 210 which Marty Stewert bowled. Marty also has the highest two game series total of 412. The highest girl's game bowled so far was a 156 by Sandy Masonis. She also has the highest two game series total of 295.

November comes just between Autumn and Winter. The trees are quite bare, and the dead leaves on the earth have lost the brilliant color they had in October. Soft snow seldom hides the bareness of the fields. This brownness of the landscape is sometimes relieved by delightful days of hazy sunshine. Many outdoor activities come to a halt in November. Nature seems to be restive after the harvest. Near the end of the month, the people of the United States celebrate the Thanksgiving festival which the Pilgrims began in order to show their gratitude for their first harvest in the new land. Here are some more of the events that happened in the festive month of November.

- November:**
16. Oklahoma was admitted to the union as the forty-sixth state.
  17. The Suez Canal opened in 1869.
  18. Standard time went into effect in the United States in 1883. Although the United States had used standard time since this date, no legislative action for the country as a whole is recorded until March 19, 1918.
  19. George Rogers Clark was a surveyor and Indian fighter, soldier and border hero and conqueror of the Northwest territory. 1752-1818.
  19. James Abrahm Garfield was a General in the Civil War and twentieth President of the U. S. 1831-1881.
  19. Lincoln address at the dedication of the National Cemetery on the battlefield at Gettysburg in 1863.
  20. Amos Bronson Alcott was an American visionary philosopher and social dreamer and a great pioneer in the field of American education.
  21. Mayflower Compact signed in 1620 when a little band of Separatists, later called the Pilgrim Fathers, embarked from Plymouth, England.
  22. Sieur De LaSalle was a famous French explorer in the United States.
  23. Birthday of Franklin Pierce the fourteenth President of the U.S.
  24. Birthday of Zachary Taylor the twelfth President of the U. S.
  25. Andrew Carnegie, noted American statesman and philanthropist.
  26. John Harvard Day, a celebration commemorating the founder of the Harvard University.
  27. Thanksgiving Day.
  28. Anton Rubenstein, Russian Composer and virtuoso.
  29. Advent Sunday is a preparation for Christmas, as Lent is a preparation for Easter.
  30. Winston Churchill is a British statesman and prime minister, World War II author, journalist, orator, descendant of John Churchill, Duke of Marlborough.
