

High School Has Three New Teachers

Miss Romanow—Spanish

One of the new additions to the Lowrey High School teaching staff is Miss Romanow. For two hours in the afternoon she teaches Spanish at Lowrey. The early part of her day is spent teaching Russian and Spanish at Fordson High School.

Miss Romanow has degrees from the University of Michigan, Central Michigan University, and Indiana State University.

She devotes most of her time to teaching, studying languages, and travel. She has traveled through most of Europe including Spain and Portugal. She has also visited the West Indies, Mexico, and the Soviet Union.

This is Miss Romanow's first semester of teaching at Lowrey. When asked her opinion of the students she replied, "The students are most cooperative, friendly, willing, and eager."

Miss Vance—Phys. Ed.

Lowrey would like to welcome Miss Joanne Vance, our new physical education teacher. Miss Vance returned to Michigan from San Diego, California this summer after two years of teaching Junior High, History, and physical education.

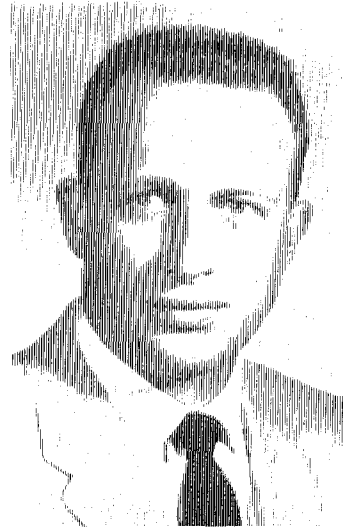

She was born in Ionia, Michigan, where her parents are still living. After attending four years at the University of Michigan, Miss Vance and twelve other girls traveled to California to begin their teaching assignments.

Miss Vance's future plans include going to graduate school. She is also the new cheerleading sponsor. When asked to comment on Lowrey she said, "The students are very alert and helpful."

Mr. Martin—Science

Mr. Martin, one of our new teachers at Lowrey, teaches geometry, physics and 9B science. He's had eight years of previous teaching experience, some of which has been in Wayne. He received his masters degree at Eastern Michigan University.

Mr. Martin is interested in all sports and especially likes tennis and wrestling. He is going to be the tennis coach this spring. He once had a chance to become a professional wrestler, but turned it down for a teaching career.

Art Teacher Returns

Mr. Jones, senior high art teacher, returned to Lowrey this fall after a year's absence. He studied a year at Berkley. Among the courses he took were humanities, history, English, metal sculpture, and all the art courses offered.

Some of Mr. Jones' paintings and sculptures were picked for the All Campus Art Show. At the end of the year he was thrilled to be asked to give a one man show of his oil paintings.

While he was there, Mr. Jones attended many cultural lectures and shows.

Mr. Jones and his family drove straight through on the way to California but on the return trip to Michigan they went to the World's Fair, the Badlands, and through other scenic areas.

The weather remained mild most of the time but while he was there, the worst earthquake California has had in years occurred, also the first snow fell since 1922.

Mr. Jones said that it was a very stimulating experience but he is very glad to be back at Lowrey. Although glad to be back he would like very much to visit California again some day.

Calendar of Events

- Mon., Sept. 24: Junior Achievement Representative speaks to Senior High.
- Thurs., Sept. 27: Student Council 10th Election for Class Officers and Homeroom Representatives.
- Fri., Sept 28: Band Day
Football, Willow Run, Home, 3:30 P. M.
- Fri., Oct. 5: Final Day for fees
Homecoming Queen Election
(Continued on page 2)

PROFITABLE SUMMER for Mr. Fedoruk

Mr. Fedoruk, a science teacher, went to Texas Agricultural and Mechanical College for the summer. He studied four different subjects, astronomy, geology, mineralogy, and oceanology, which qualified him for twelve hours graduate credit. Mr. Fedoruk stated that the college he attended was one of the better schools to attend for the study of geology.

Mr. Fedoruk and his family spent a weekend in Houston, the following weekend they went to San Antonio. Mr. Fedoruk said there is a lot of History to be learned there. They saw Indian missions, the Alamo, and they learned a lot of Mexican folklore also. The Fedoruk were unable to do much traveling because of a rough schedule.

Upon their return home they were greeted by a huge sign draped across their home, by the neighbors, which read "Welcome Home."

and Miss LaMarca

Miss LaMarca, a senior high English teacher, made an interesting trip to California this summer. This was her 15th trip west, each time she has taken a different route. On this particular trip she went by way of the Great Northern Railroad to Seattle, where she went to the World's Fair. According to Miss LaMarca the fair wasn't comparable to the World's Fairs in New York and Chicago.

While in Seattle, Miss LaMarca rode to the top of the ride called the Needle. She said that the Puget Sound area is a very beautiful sight at sundown.

From Seattle, Miss LaMarca travelled to Mount Ranier. "This," she said, "is something for everyone to see." Then she went to San Francisco and Long Beach, where most of her family lives, to a family reunion.

The highlight of the trip was her trip to the country where Jack London did most of his writing. She also visited the area where John Stienback, author of Grapes of Wrath, wrote many of his novels.

Miss LaMarca returned on the California Zephyr which takes the most scenic route through the Colorado Rocky Mountains.

Homecoming Dance

Plans for the Homecoming Dance, sponsored by the Senior Class, Oct. 19, 1962, are now underway. This is one of the biggest dances of the year and shouldn't be missed by anyone. Plan now to attend!

Lowrey Undergoes Many Changes;

Basement Sparkles

The changes in our building are many as you know. The Lowrey Light staff has checked on all of the changes and will explain them to you in detail during the next three issues.

In this issue of the Lowrey Light the staff would like to introduce you to the changes in the ground floor.

In the next two issues we will try and bring closer to you the changes that are being made on the first and second floors.

The major part of construction in Lowrey is being done in the basement.

A great change is taking place in the kitchen and cafeteria section. The cafeteria will be complete with indirect lighting, painted plaster walls, sound proof ceiling and new ceiling fixtures. In place of the old sky-light there will be an illuminated ceiling. A new kitchen will be in place of the old lunch line, while the old kitchen is converted into a hall, with three social science classrooms, and an office.

The old chemistry room is being remodeled and made into a math room. Across from this new math room lavatory facilities are being installed.

The old print shop is being converted into the student supply room. The old supply room and Mr. Howser's old room will be combined to make up the new drafting room. Mr. Rice's homeroom is being remodeled into an elementary music room.

A P.T.A. room is now being built across from the Physics room. They are also putting new fire bricks in the furnace and new gas lines to the furnace.

Florescent and recessed lighting will be spread throughout the basement. New gray tile puts a finishing touch on the remodeling of the basement.

Enrollment Figures

Lowrey School has students ranging in grade from kindergarten through the twelfth grade. The total number of all students is 1689. According to figures in the office this number breaks down as follows:

Kindergarten - 8th	660
9th	142
10th	292
11th	264
12th	230

Lowrey has a large special education department which numbers 101.

Editorial

Some Confusion, But Better Things Ahead

Here at Lowrey confusion and noise have accompanied the remodeling of the school. Many times our classwork is disturbed by the pounding of a hammer, the sound of an electric drill, or by bells ringing at unexpected times. Irritating as these interruptions are, we should try to see past them and visualize the improvements which are showing up and becoming more concrete.

The workmen are doing their best to get the job done as soon as possible. Try to help them by being polite, courteous, and staying out of their way. The sooner they get the job done, the sooner we are able to appreciate their work and enjoy the improvements.

Keep in mind that this is the first large scale remodeling that the school has undergone since it opened, and plenty of work is being done. Problems arise that the workmen do not expect, and their work is delayed. Take this into consideration. Naturally there will be times when our nerves will be tried, but be patient. Remember in the long run the improvements will outweigh all the hammering, ringing, and drilling going on now.

Homerooms Elect Representatives

Elections of homeroom representatives for the senior high student council was held on Friday, Sept. 14. The results of the elections are as follows:

- 10B-1 Katherine Beddoes
- 10B-2 Doug Cole
- 10B-3 Anita Day
- 10B-4 Christine Hines
- 10B-5 Rosalyn Ish
- 10B-6 Dennis Leslie
- 10B-7 Geraldine Novak
- 10B-8 Frank Perri
- 10B-9 Mark Schalte
- 10B-10 Linda Wilkinson
- 11B-1 Connie Brunner
- 11B-2 Dave Denhard
- 11B-3 Pat Flanigan
- 11B-4 Kathy Grebeck
- 11B-5 Geraldine Lahr
- 11B-6 Meg McIntosh
- 11B-7 Patricia Moore
- 11B-8 Barbara Riach
- 11B-9 Alyse Satoh
- 11B-10 Gwen Snow
- 11B-11 Phyllis Wilkinson
- 12B-1 David Weyn
- 12B-2 Frank Dudek
- 12B-3 Loretta Gombos
- 12B-4 Joan Kruszewski
- 12B-5 Fred Ligi
- 12B-6 Gordon Naumoff
- 12B-7 Charlotte Spiter
- 12B-8 Dusty Watkins
- 12A-1 Jean Burns
- Special Education: Linda Scid

Teachers Vacation

Several of Lowrey's teachers spent the summer traveling to many interesting places throughout the world. Here are some of their comments and reactions to these places.

Mr. Howser, (one of our math teachers), and his wife took a month long trip through Europe this summer.

They traveled by jet to London, then they went via bus through Holland, Germany, Denmark, Sweden, Norway, Switzerland, France, and then back to London. The Howsers took a similar European trip four years ago.

This year they went through Denmark, Sweden, and Norway, which they did not see on their previous trip. Of these three countries, Mr. Howser was particularly impressed with Norway and its scenic fjords.

Switzerland, however, turned out to be the high point of the trip, with its breathtaking beautiful mountains and lakes. Other highlights included a cable car ride to the top of a mountain in Switzerland, and a cruise down the Seine River in France.

Besides touring by bus, the Howsers also spent much time traveling the waterways of the various countries. Mr. Howser enjoyed noting the contrasts in the settings, foods, and people of the various countries.

Mr. Keiffer, along with three Lowrey June graduates, Jim Francis, Gary Johnson, and Ed Pavowski, spent the early weeks of their vacation on a seventeen day camping trip touring the United States.

Places they visited included Tahquamenon Falls, Mt. Rushmore, the Badlands, Las Vegas, and the Seattle World's Fair. After visiting the fair they went to San Francisco where they saw China Town and rode the cable cars. Then they visited Los Angeles and southern California.

Mr. Robert Flee, one of our Senior High mathematics teachers, vacationed in Florida this summer. Mr. Flee traveled by car about 4,000 miles. The trip took him through North Carolina, Virginia, and down into Florida to Fort Lauderdale and various other vacation areas. Mr. Flee enjoyed two weeks of relaxation and visiting friends and said he would like to return anytime.

Mrs. Dotson, one of our Senior High Homemaking teachers, along with her husband, built a cottage this summer about fifteen miles south of Battle Creek. The remainder of the summer was devoted to painting and doing various other odd jobs around the cottage.

Guess Who

This is how one of our Juniors looked a few years ago. He still has that shy smile. He is on a college prep course and is the leader of the Junior class. He is also from District 2. If you can not guess who this is, look on page 4.

Alumni News

The following Lowrey grads are in the service:

- Jim Drouillard, '62, in the Army
- Tom Gary, '62, in Marine Corps stationed in San Diego, California
- Harvey Hancock, '62, in the Navy
- Morris Lewis, '62, in the Air Force
- Jack Miller, '62, in the Navy
- Jim Renaud, '62, in the Air Force

Wedding bells rang for:

- Sandy Broilo, '62
- Irma Samples, '62
- Jean Thompson, '62
- Kathy Vincent, '62
- Jo Ann Hoskins, '62
- Rosemary Jennings, '62
- Ronnie Hughes, '62
- Connie Wood, '62
- Marion Patricia Rouse, '62. (Marion is planning a fall wedding.)

Volunteers Honored

Seven girls from Lowrey have recently been honored by the American Red Cross for volunteering their services and time to work this past summer at the Veterans Hospital.

They are Dianne Houle, 12B4, Linda Jubenville, 11B5, Joyce Laverdier, 11B5, Kay Loucks, 11B6, Judy Meadows, 11B7, Donna Perkins, 11B6, and Anne Wook, 11B11.

Joyce, Kay, Judy, and Donna represented Lowrey at a luncheon given at Cobo Hall, Sept. 20, to honor all of the people who gave their time, but most important their services.

The guest speaker at the luncheon was General Alfred M. Gruenther, President of the American Red Cross.

Calendar (cont.)

- Thurs., Oct. 11: Teacher Institute (No School)
- Fri., Oct. 12: Teacher Institute (No School)
- Football, Hamtramck, Away, 8:00 P. M.

Classes Plan Activities

The 12A class officers are: Virginia Kea, President; Lois Bellottie, Vice-President; Cheryl Beaver, Secretary; and Wilma Mark, Treasurer.

With approximately 70 days left before graduation, the officers are making plans for commencement exercises and a senior banquet. The commencement will be held in the Little Theater if it is completed by January. On January 19 the 12A's will meet for their banquet and honors assembly.

This year the senior class officers are: Larry Bohner, president; Pat Vanassche, vice-president; Kathy Dearvang, treasurer, and Janet Settles, secretary. The officers wish to have more participation by the members of the class in various activities.

To earn money for the class, the members have been sponsoring car washes. Larry said that there will be more car washes if the weather permits. The senior class will hold a number of bake sales throughout the year. The seniors will also sponsor the homecoming dance this year. This will be held on October 19, in the Lowrey Ballroom. These financial ventures will aid in the paying for the senior prom, and senior fountain. At the moment the senior class has \$45 in the treasury.

Larry Bohner is working on ideas for the senior fountain. It will be located between Mrs. Kaufman's office and the main stairs on the second floor. The senior lounge will also be located in this hall. Mr. Romanow wishes to have work begin as soon as possible. Larry said that the labor will cost twice as much as the fountain.

In closing, Larry had this to say to the senior class, "Each member of our class should take it upon himself to work hard for the benefit of our class, so that he can make his senior year a memorable one."

The Junior Class officers are: Bob Srednicki, President; Alyse Satoh, Vice President; Sandy Zvoch, Secretary, and Dennis Snudermeyer, Treasurer.

The class has several money making projects planned. They have been selling book covers and pens. In the future they plan to have a bake sale and possibly a car wash. Plans for their Junior Prom are underway.

- Oct. 15: United Foundation Kick-Off High School Band
- Friday, Oct. 19: Homecoming Dance 8:00 P. M. to 11:00 P. M.
- Locker Inspection
- Marking period ends
- Wed., Oct. 24: Report Cards
- Fri., Oct. 26: Football, River Rouge, Away, 8:00 P. M.

Inquiring Reporter

With the summer vacation just over, the Lowrey Light thought it would be interesting to hear where several students spent their vacations. The question, "Did you have an interesting or unusual vacation this summer?", was asked, and here are several replies:

Larry Bohner, 12B1, "This summer my family and I went to Atlantic City. We visited the famous Boardwalk with its amusement parks, teen dances, girls, and stores. While traveling, we also visited Hershey, Pennsylvania, where Hershey candy is made."

Judy Price, 10B-8, "I spent a lot of time home, but we also went to Washington, D. C. We saw the Washington Monument and the Jefferson Monument. We visited the Senate and House of Representatives and saw Congress in session."

Diane Houle, 12B4, "I attended Interlochen National Music Camp for two weeks. Then I went to Mackinac Island, to Greenbriar, which is a resort in West Virginia, and to Cedar Point in South Waverly, Ohio."

Bob Machnee, 12A2, "I spent ten weeks at the D Bar A Scout Camp working on the staff, it's a wonderful way to spend a summer."

Kitty Rafferty, 11B9, "I went to Niagara Falls and saw the Falls at night. Then I went through the New England States to New Hampshire and finally to Cape Cod."

Kathy Calvin, 12B1, "I went to the University of Michigan for a writer's workshop."

Pam Falke, 11A1, "I went to Arkansas and camped in the mountains for a few days."

Julie Ciavola, 12B2, "Well, we went from Michigan across the states to California and into Mexico, and covered about 18 states. We saw the Petrified Forest, Grand Canyon, Painted Desert, Yellowstone National Park, Tijuana, Las Vegas, Disneyland, Hollywood, and many other interesting things including several movie stars."

Dave Peters, 12B6, "I went on a camping trip with a bunch of kids and got lost for a whole week about 50 miles from Bruce Mines."

Judy Goehring, 10B4, "We took a trip to the western part of the United States. Our family went to 16 different states in one month."

Fran Buskirk, 12B1, "First of all I went to Miami, Florida, then to Tennessee, Virginia, and then to Indiana. I went with my boy-friend and his family."

Marge Balough, 10B1, "We went to Cleveland on the Aquarama."

Terri Weglowski, 12B8, "My girl-friend and I went to Chicago this summer by Greyhound Bus, for a week. I saw the set where M-Squad was filmed, and the hideouts of the Untouchables."

Roll 'Em

Bowling Club Open

Lowrey's Bowling Club is a worthwhile activity, particularly for those students who don't participate in other school sports. Boys and girls of the 10th, 11th, and 12th grades are eligible to join. Each Tuesday night, as soon after school as possible, the club meets at the Dearborn Lanes, on Schaefer, north of Warren Avenue. Each member bowls two games at a cost of 30¢ a game. There is no charge for shoes. By 5:30, everyone is usually through bowling, which allows time to meet 6 o'clock activity bus.

Each year a president and secretary are elected. This year, the president is Gary Midora, 12B5, and the secretary is Fred Ligi, 12B5. If you are planning to join the Bowling Club, see either Mr. Roe, who is the club sponsor, or Gary Midora Now! There will be no bowling after the first semester ends. At that time approximately a dozen trophies are given out. They are: Championship, First Place, and Runner-Up. Trophies are also given out for the boys and the girls high series and high singles games.

As a sort of tradition, there is a student versus faculty game at the end of the semester, which is enjoyed by all. Let's see more people joining the Bowling Club this year!

Band Marches On,

Visits U. of M. Opener

Lowrey's High School Marching Band will be going to the University of Michigan to attend the annual high school Band Day on September 29, 1962. Mr. Keranen, the band director, estimates 80 students will be attending from Lowrey. The highlight of the game between the University of Michigan and the University of Nebraska will be the half-time show composed of about 200 bands from all over the state.

Mr. Keranen is anxiously awaiting this day. He feels it is a tremendous experience for all. In his opinion the high spot of the afternoon will be seeing and hearing the University of Michigan Marching band. He hopes all of the band members prosper by this forthcoming day.

Well Done 12B6 Class;

Hits Top In Sales

Congratulations are extended to Mrs. Hoffenbacher's 12B6 homeroom for reaching the 100% mark in activity book sales. Because this was the first homeroom to reach 100%, a box of candy is being awarded. It pays to have school spirit !!

This issue's Senior Spotlight is focused on Charlotte Spiter.

Charlotte is on a Commercial Course. After graduation, she plans on attending college in Indianapolis, Indiana. She has maintained a C average through high school. Her future ambition is to be a secretary and marry her boss.

Her favorite hobbies are horseback riding, tennis and summer school.

Charlotte's pet peeves are girls with fine figures.

Here is one of Charlotte's first memories of Lowrey school.

"My first embarrassing moment at Lowrey happened during my sophomore year. A friend of mine was rushing me to class; when we reached the upstairs lobby, I fell and pulled her down too. Instead of getting up we both sat there and laughed. Since then there have been many embarrassing moments such as this."

Boosters Elect Officers;

Plan Year's Events

The Lowrey Booster Club held its first meeting September 11, 1962. Because two of the previous officers went on a co-operative program, elections were held. The new officers are Vice President Kathy Dearvang, 122, and Merit Secretary Lynn Nihill, 12B6.

The club is planning a very active and successful year. To begin its activities, refreshments and pom poms for the first game were sold and the school mascot, a polar bear, was present.

Among the club's future plans is a membership drive. All senior high students are welcome to join the Booster Club. The club provides a student with a way to express school spirit and participate in activities as well as to earn a pin and letter. Because of the success of a joint club meeting last year, Booster Club is planning another in the near future. Such a meeting permits Booster and the many other clubs to work together cooperatively in making our extra curricular program better organized and more successful.

Future Teachers Club

The Future Teachers are planning many activities this year, according to Mrs. Dotson, club sponsor. The activities include trips to Eastern Michigan University, Wayne State University, and University of Michigan.

After the seniors graduated last June the club was left with 15 members.

The newly elected officers are:

President: Alyse Satoh
Vice President: Pat Moore
Secretary: Meg MacIntosh
Treasurer: Betty McKee

One of the club's traditions is "An Apple for the Teacher Day." It is a day set aside to honor all of our teachers. And besides being honored, each teacher receives a shiny red apple.

The senior members of the club sometimes get an opportunity to take over a class if a teacher is called away. This cadet teaching can give these prospective teachers some experience in the field of teaching

Brighten Your Day

A junior swaggers down the hall. A sophomore thinks he knows it all. A freshman looks at both, confused. A senior views it all, amused.

How True

You can always tell a freshman by his silly, eager look.
You can always tell a sophomore 'cause he carries one less book.
You can always tell a junior by his knowing air and such.
You can always tell a senior, but you can't tell him much.

Freshman: I don't know.
Sophomore: I can't remember.
Junior: I'm not prepared to say.
Senior: I don't think I can add anything to this discussion that hasn't already been said.

Money Matters

Ten cents was once big money to kids, but dimes have changed.

Game Crowd Fun; Which Are You?

The die is cast! The players prance onto the field to the frenzied cries of confident students.

As the high school heroes run the pigskin down the field let's look at these zealous students. In this screaming crowd let's find Suzie and Sammie. They are students who never miss a game, physically that is. Suzie and Sammie are engrossed in each other that they see no one else. They hold each others hand, gaze into each others eyes, and give long intermittent sighs. Sometimes when the crowd becomes noisier than usual they tear their eyes apart and see what's happened. As they get carried out with the crowd they ask who won and what the score was, only to forget it as they gaze into each others eyes again.

Next in line is Sara Spectator—a real go-get-um girl! When she arrives at the field you can hardly see her. Sara has on her boy-friend's letter sweater (which falls almost to her knees), carries a pennant and pom-pom in one hand and carries a bottle of Coke and a bag of potato chips in her other hand. You see. You can hear her loun, booming voice far above the roar of the crowd as she screams, yells, oo's, ah's, and employs any sound which can emerge from her mouth. At the end of the game she is hoarse, but happy.

Then there is the "Football Brain". He figures that on the 2nd down our team will definitely get a touchdown and automatically carry the conversion point. This calculation he figured out last night using calculus, geometry, chemistry, and physics. He has decided that $m/c \cdot Ag \cdot NO_3 \cdot 2/5x \cdot 399 \cdot x / 100 \cdot NaCl \cdot H_2O$ equals a touchdown. How he figured this we'll never know.

Joe is an average student. Although he enjoys the games very much he doesn't go all to pieces when our team makes a touchdown, nor does he feel that he is obligated to buy all the buttons, pins, or pennants that are on sale. Joe and his girl come to the games, watch it, and go for maybe a Big Boy after the game.

Last but not least are the cheerleaders! They are the ones who keep up the spirit of the crowd. They are the dedicated. When our guys make a touchdown they yell, "We want another one—just like the other one!" When the other team is getting close to their goal line they yell, "Push 'em back, Push 'em back, way back." They are the ones who keep everyones spirit from cracking.

This is a typical cross section of football fans. These students are the ones you'll see at the dances, the basketball and baseball games, the track and swim meets, and all other school activities. The thing is that they get there!! Do you?

New Cheerleaders Introduced

Now that football season is in full swing and our school spirit is beginning to grow, we would like to introduce the new cheerleaders.

Carol Griglio, 12B-4, is the new senior cheerleader. Carol is on a commercial course and has maintained a C+ average through high school. After graduation she plans to become a secretary and attend night school. Her other extra curricular activities include Booster Club where she is secretary. She is from district 7 and attended Best Junior High School where she was also a cheerleader. When asked how she felt about being a cheerleader she said "I am very proud and feel it is a great honor."

Sandy Coleson, 11B-2, is one of the two junior cheerleaders. Sandy is also from district 7 and was a cheerleader in junior high school. She is on a college prep course and maintained a B- average through her sophomore year. Sandy's extra curricular activities include the Bowling Club and Booster Club. After graduation she plans to attend Henry Ford Community College. When asked how she felt about being a cheerleader she stated, "I am very happy and enthusiastic and feel it is a real honor."

Lynn Christie, 11B-2, is on a college prep course and has maintained a B+ average through her sophomore year. After graduation, Lynn plans to attend college and has not decided upon the school she would like to attend. Lynn also has had experience in cheerleading at Best Junior High School. She is very active in the Booster Club and was a class officer in her sophomore year. When asked how she felt about being a cheerleader she commented "I was thrilled to become one of Lowrey's cheerleaders and plan to do my best for the squad and the school."

These girls, along with the entire cheerleading squad are putting forth all their effort to boost school spirit and student participation.

G. C. Downs Bears

Garden City High combined quick scoring punch with good hard defensive play to come out on the long end of a 26-13 score against our Polar Bears, on Friday, Sept. 14th.

In the first quarter Garden City scored early to take a 7-0 lead. Later in the second quarter Garden City added to its lead by scoring on another run, hiking the score to 13-0 at the half.

Early in the third quarter Lowrey challenged Garden City by scoring on a 1 yard plunge by Ron Kubisak, 11B, making the score 13-7. Later in the same period Garden City increased its lead by scoring on its third long run sending the score to 20-7. Lowrey came right back in the same period on a 55 yard run by defensive end Dave Bogataj, 11B, after intercepting a fumble in mid-air running the score to 20-13. However, Garden City put the game on ice by scoring in the last period for the fourth time.

When asked about the team Mr. Bach, head coach, said, "We should have done better." Later Mr. Bach commented on Garden City's team, "They have a good club."

Majorettes March

Seven pretty majorettes will be marching with Lowrey's band at our home football games. Two new girls have been added this year. They are Diane Houle, 12B-4, and Carol Toth, 11A. Kathy Calvin, 12B-1, is the new co-captain. The remaining girls will be January graduates. They are Lois Bellottie (captain), 12A-1, Joyce Fithian, 12A-1, Virginia Kea, 12A-2, and Danya Landry, 12A-2.

After a refreshing summer vacation, majorette practice began on September 9. The regular Tuesday night practices began on September 11. A busy future is in store for these girls. On September 29 they will participate in Band Day at the University of Michigan. On October 15 they will help kick-off the March of Dimes Drive at the City Hall.

The majorettes are a good representation of school spirit !!

Reserves Suffer Defeat

Lowrey's reserve football team played its first game and suffered its first defeat at the hands of Garden City, by a score of 6-0, on September 13.

Outstanding defensive players were Phil Griglio, Bob Zichafoose and Charles Ciricop. Bradley St-Andrews did a fine job of running along with Doug Cole at quarter back. Other outstanding players were Herman Beaver, Frank Perri, and Louie Seymore.

Coach Gretzner said, "Too many fumbles and penalties lost the game for us. The boys played hard and good but not good enough to overcome the fumbles and penalties. The boys suffered from first game jitters, but should have a good season."

Sports Spotlight

This issue of Sports Spotlight is focused upon Don DeMayo, 11B. Don is playing varsity football this season as he did last year; he is a halfback. He also plans to play baseball this spring.

Don maintains a C average and plans to attend college after high school.

Don likes to work with cars in his spare time.

When asked about the school spirit he commented, "The school spirit is better than it was last year, but it could stand improvement."

New Event Begins

For the first time Lowrey High School will present a new track and field event, called Cross Country.

For the benefit of those students who do not know anything about this event we would like to explain it briefly.

There are fourteen boys competing during the race. It is run over a one and one half to three mile course. The team receiving the least number of points is the winner.

The first meet is scheduled for the 27th. of September.

Mr. Sande is head coach and one of his plans is to organize a reserve team in the near future. We wish Mr. Sande and his team good luck in their first season.

Here is a list of the team:

Don Vicory	12B
Dale Ferriby	12B
Harry Sawicki	12B
Corky Hall	12B
Steve Kornblum	12B
Jack Richmond	11B
Ed Jamieson	11B
John Golden	11B
Ed Keaton	11B
Ray Karbon	12A
Paul Zwarka	11B
