

## Editor's Observations

by Kitty Erway

Congratulations are in order to our fine basketball team. They worked hard, which was evident by our high position in the Tri-River League, and Lowrey is proud of them.

Seniors showed just how nice they can look last Wednesday, February 26. This dress up day was proclaimed by the Senior Class, but was not planned in honor of any special event. (It was just agreed upon that it was time the Seniors showed off a little bit.) Dressup days and school spirit are synonymous. If students care enough about their school, all dress-up days will be successes.

Many students have wondered where the famed Lowrey Polar Bear was acquired. During the depths of depression, Lowrey acquired the statue of its mascot, The Polar Bear, which has its place of honor in the second floor main hall. The man who sculptured the statue was assigned by the Work Progress Administration (W.P.A.), an organization set up by the federal government to aid the unemployed. Our school colors, red and gray, were adopted long before Lowrey's acquisition of the Polar Bear by the junior high students.

**Did you know—**

In 1935 Lowrey's total enrollment was 1932 pupils, including kindergarten through junior high and a large special education department. Lowrey's '63-64 senior high enrollment is: tenth grade, 349; eleventh grade, 284; and twelfth grade, 252.

## Chorale Workshop

Four students from the Lowrey Robed Choir were selected by Mr. Coedy to attend the Wayne State University Choral Workshop Saturday, February 22, from 9:30 a.m. to 4:00 p.m. These students, John Leitner, 12A-6. Anita Merkle, 12A-6 Claudia Sell, 11A-9, and Rick Spencer, 11A, sang all morning and afternoon, then listened to the Wayne State Men's Glee Club sing.

Here are the students' comments: **Claudia Sell**—"I thought it was a fine experience for anyone interested in choral work. It was really great."

**Anita Merkle**—"I thought it was absolutely fabulous."

**Rick Spencer**—"I would recommend it to anyone who is interested in music. They really should attend. It's fascinating."

**John Leitner**—"I think it was pretty

## Phyllis Is Lowrey's Homemaker of Tomorrow

Phyllis Wilkenson, 12A-11

clopedia Britannica. The state's second ranking girl will receive a \$500 scholarship.

In the spring, state Homemakers of Tomorrow, each accompanied by a school advisor, will enjoy an expense-paid educational tour to colonial Williamsburg, Virginia, Washington, D.C., and New York City. The trip will be climaxed with the naming of the 1964 Betty Crocker "All American Homemaker of Tomorrow." She will be chosen on the basis of her original test score together with personal observation and interviews during the trip. Her scholarship will be increased to \$5000. National runners up will receive \$4000, \$3000, and \$2000 scholarships, respectively.

All time high in the number of senior high school girls and schools enrolled marked this, the tenth annual Betty Crocker Search program. More than 484,000 girls in 14,000 of the nation's schools participated. Since the program was launched, more than 3,500,000 girls have participated and scholarships approximating one million dollars have been awarded.

Congratulations, Phyllis, and the best of luck in the future!

## Date Set for Junior Paper Drive

A Junior Class paper drive has been planned for March 4. Ninety volunteer workers and twenty-one cars are needed.

The truck where the papers will be collected will be parked at Best Junior High.

The scheduled time for the paper drive is from 10:00 a.m. until 3:00 p.m.

Each car will have 2 streets to cover. The area they will cover is from Telegraph to Southfield and from Van Born to Dartmouth.

Come on, Juniors, this is a good time to show your class spirit!!

neat, myself."

Everyone seemed to think the Men's Glee Club was very entertaining.

"My parents and I were surprised and happy," commented Phyllis Wilkenson 12A-11 when she was asked how she felt about scoring the highest of all the girls at Lowrey in the "Betty Crocker Homemaker of Tomorrow" Contest knowledge and aptitude examination given December 3, 1963. She continued, "I have a sneaking suspicion that I will be doing more housework than ever, now. Seriously, I would like to thank everyone for their interest and congratulations."

General Mills, Inc., sponsor of the program, will award her a "Homemaker of Tomorrow" pin to signify her achievement, and her test paper will be entered in competition for state honors.

The state Homemaker of Tomorrow will be awarded a \$1,500 college scholarship and will be named a national finalist. Her school will be presented with a set of Ency-

## Summer Music At Interlochen

Two girls from the Junior Class have been chosen by Mr. Coedy to apply to Interlochen Music Camp near Traverse City for two weeks this summer. This year, Anita Day

Claudia Sell, 11A-9

11A-3, and Claudia Sell, 11A-9, are the lucky ones.

The scholarships are given to two senior high students from each school in Dearborn because of the generosity of the late Mr. Harry Sisson who set up a scholarship fund to be continued even after his death. Under the terms of the schol-

## Future Teachers Elect President

Linda Wilkinson, 11A-10, was elected as the new president of the Future Teachers Club at their home coming meeting for Mrs. Dotson, club sponsor, which was held on Tuesday, February 18.

Future Teachers elect their president during the second semester of each school year in order to give her (or him) some experience in presiding over the club before the previous president graduates.

Alice Satoh, the out-going president, will stand by to help Linda if she has any questions or problems.

The club is planning a field trip to Wayne State University for the latter part of March. They also discussed plans for taking a trip to Eastern Michigan University some time during April.

Everyone in the club was very pleased to have Mrs. Dotson back.

Anita Day, 11A-3

arship, \$75 for each person is paid from the fund and the students chosen must each pay \$50.

Here are comments from the two students:

**Anita Day**—"I know that it will be a wonderful experience, and I am really looking forward to a great two weeks."

**Claudia Sell**—"I can't wait to leave. We haven't sent in the application yet, but I can't wait to find out if I've been selected. I certainly hope so because I really want to go."

## It's Your Future

Attention all Lowrey Senior High students—the time is rapidly approaching when you should start to give serious thought to your future plans. Right now, seniors seem to be more concerned with their future than the juniors or sophomores; but everyone should be concerned with tomorrow—TODAY.

Most underclassmen usually take one of three stands toward future plans. Some students take the attitude, "Why should I be worried about the future? After all, I still have one or two more years before I have to face the world's trials and tribulations."

The second attitude that a few students take is, "School is just a waste of time, I can't wait to get out."

Have you ever asked these types of people what they will do after graduation? (That is if they graduate.) They may stammer a little before saying, "I guess I'll get a job, or maybe travel to California . . . or something."

Not too many tenth and eleventh grade students care about the far ranging future. Most students are just concerned with the present, and how much fun they can have at the risk of their studies. Before these people realize it, graduation day is just around the corner.

In the third category are students who have the attitude, "As long as I am in school, I am going to try to do as well as I can and enjoy my years in high school."

This is a more profitable attitude to develop.

Students in high school should face reality. The need for further education after high school is more of a necessity today than ever before. To be accepted in any college, business, or trade school, grades and ability are important. Stop and think, "What do I want out of school that will be an asset to me for further education?" Then start to work hard toward your goal.

## Lowrey School is Yours Take Pride In It

Students at Lowrey should take pride in their school spirit, their band, and their athletes. Loud cheering at games shows loyalty for the school as well as the team.

Lowrey can be the best—that's what all of us search for both in and out of school. Students can be sure that Lowrey will be the best by participating in school activities, co-operating with each other, and putting Lowrey on top in the public eye in and out of school.

Student conduct at past games, especially at the Romulus basketball game, has helped to do that just as much as the team's actions and victories, both in the gym and on the field. By improving conduct at school—in the cafeteria, halls and classes—we will make the school we attend great.

## Should Teens Be Trusted?

by Barbara Riach

This question is one that cannot be answered in all cases with a simple yes or no. It depends a great deal on the people involved, but in most cases the answer is yes.

Most teenagers want to be trusted and are willing to take the responsibilities that accompany trust. There are those, of course, who do not realize that trust has responsibilities. These are the people who should not be trusted, but it is not fair to the majority of the teenagers to be judged by the actions of a few.

Teenagers need to be trusted. When a person enters adolescence, parental authority should gradually diminish and be replaced with trust. If trust is placed in teenagers, it will help them gain self-confidence and become more mature adults.

If adults aren't willing to begin trusting the young adults of this country, the American youth will never be able to take their place in the modern world.

## A Brief History of St. Patrick

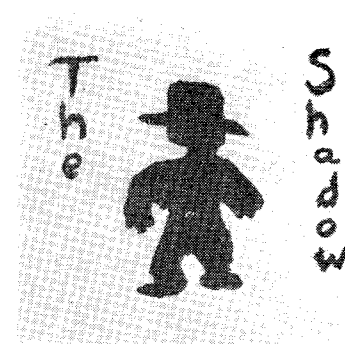

St. Patrick, the saint who is honored each year on March 17, was born in the year 389 A.D. Although his place of birth is uncertain, it is said to have been in southwestern Britain. He is known as the Apostle of Ireland. His British name was Succat. The name Patrick is the Anglicized version of the Roman name, Patricius.

At the age of 16, St. Patrick was carried off by Irish marauders. He passed his time in Ireland as a herdsman. While a herdsman, he saw visions in which he was told to escape and after 6 years of slavery he did escape to the north coast of France. After living in a monastery in France, he was ordained Deacon of Auxerre. Fourteen years later he returned to Ireland and founded over 300 churches and personally baptized over 120,000 people. St. Patrick is said to have been the one who "found all Ireland heathen and left it all Christian."

He is also credited with chasing all the snakes out of Ireland, and also with establishing the shamrock as the national symbol of the Irish. He is said to have chosen the shamrock because he believed that its 3 leaves were symbolic of the Trinity.

## Report Cards Due

The end of the marking period for Lowrey students is March 13. From the looks of some of our report cards next week, we will discover we didn't do as well as we expected don't give up, keep trying. Remember, there are two card marking periods left to go. If we try, we will make it.

This week the Shadow is following a tenth grade girl. See if you can identify her.

First hour she is in Miss Knopow's English class trying to understand the difference between "can" and "may."

Second hour she is in Mr. Bodary's study skills class trying to find where the skill is.

Third hour she is in Miss Ward's homemaking class attempting to make something suitable for digestion.

Fourth hour she is at the noon movie looking the male population over.

Fifth hour she is in Mr. Van Norden's integrated math class attempting to get her figures to add up correctly.

Sixth hour she is in Miss Weaver's gym class getting in shape. Seventh hour she is in Mrs. Elliott's chemistry class learning the correct way to make cyanide.

Still don't know who she is? Turn to page 4 for the answer.

## Annual report

## Pictures Taken

The final pictures for the 1964 Futorian were taken in the school cafeteria on February 14. With these pictures the committees will be able to finish their work and the Annual will soon be ready to go to press.

Committees and their chairmen working on the Annual are as follows:

Senior Pictures — Nancy Poswalk  
Senior Index — Priscilla McElmurry  
Senior Poll — Alyse Satoh  
Activities — Paulette Thompson  
Clubs — Sharon Sparling  
Athletics — Paul Ray  
Faculty — Barbara Riach  
Miscellaneous — Carol Loftus  
Underclassmen — Linda Wilkinson  
Beverly Straver

The sponsor of the annual is Mr. Falvo. Editor of the annual is Barbara Riach and assistant editor is Mike Kay.

This year's annual will have 96 pages, an increase of 20 pages over last year's annual. The annual will be distributed about a week before this semester ends.

## Inquiring Reporter

The question asked the students this week is "What would you do if you found a pedagogue in your living room when you came home from school."

Jim Winfield, 12A-9: "I'd give it to Linda for her birthday."

Jean Waterman, 12A-11: "I'd go to another room and hope it would be gone when I got back."

Larry Babcock, 10A-1: "I would shoot it and run away."

Dennis Warner, 10A-13: "Put it on the table in front of the window."

Buz McCall, 12A-7: "So I guard the old pedagogue upon my floor to keep myself humble as a scientist and as a man full of wonder."

Jerry Ostalecki, 12A-7: "I'd hope I was in the wrong house and then I'd try to see how it got in."

John Golden, 12A-4: "I'd ask it if it knew Buzzy McCall, if it did I'd let it cry on my shoulder."

Jim Costello, 12A-2: "Put it in the washing machine and wash it, then run it through the ringer."

Pat Liberachi, 11A-6: "Throw it." Marlene Mroch, 12A-7: "Give it to Ted."

Sandy Coulson, 12A-2: "Tickle it." Cynthia Scott, 12A-9: "Ak! I would gently scream my head off."

Verne Viger, 12A-10: "I'd throw it out!!"

Pam Olesko, 10A-9: "Yell for help!"

Carol Hayes, 12A-3: "Give it to Jim." Barbara Jennings, "Yell then run."

Clint Putman, 10A-10: "I would try to find out what it is."

Linda Parker, 10A-10: "I don't know."

Linda Thompson, 12A-10: "I would hang it from the mirror in my car."

Bob Scheer, 12A-9: "I'd check to see if it formed a real or a virtual image."

Nancy Cieliesk, 12A-2: "I'd take it outside and lock the door."

John Willett, 12A-11: "Put it in my sister's hair."

Ron Kubisak, 12A-5: "I'd take it back to school."

Sandy Shaw, 10A-11: "I'd call my big bad sister, she's ferocious."

Bill Bangert, 10A-1: "I would run it over with my go-cart."

Gary Anton, 11A-1: "I would take it to the junk yard to see how much cash I could get for it."

## Scholarship Test To Be Given

The National Merit Scholarship will be held in the Lowrey Cafeteria on Saturday, March 14, 1964. The doors will open at about 8:30 a.m., and the test will begin at about 9:00 a.m. The test is designed for eleventh graders but anyone can participate.

The test has several goals. One of them is to search for students that can qualify for a scholarship. The money from the scholarships will help to send students not only to the big colleges, but to business and industrial firms, unions and foundations. Another thing is that it encourages the students to perform to their maximum ability.

There are five parts in the National Scholarship Merit Test:

1. **English Usage**—That is helping to understand and communicate better.
2. **Mathematics**—Problems of involved arithmetic, algebra and geometry.
3. **Social Studies**—To make the students understand articles that are written and try to draw a logical conclusion to the statements or articles.
4. **Natural Science**—Showing experiments in many different ways and trying to solve the problems scientifically.
5. **Word Usage**—To try to understand word meanings better.

These things will help the students to better themselves and it may help them in their school work.

While talking with Mr. Rigotti he said, "Everyone should take the test. They may not be good in one subject and good in another. The test will also help students better their chances for a scholarship. I would like to see a lot more students take the test so that they will feel that they were not cheated on their education."

The test will cost each student one dollar. It will last about three hours and it will start right at nine so all students participating must be prompt.

The test scores will be back at the school no later than May 15, 1964. The students will be notified of their scores.

## Choosing a Career

Graduation is near and for many, a career is the uppermost topic in mind.

For those who are not graduating this year, the career question is still pertinent. What jobs are available? What minimum qualifications are needed? Here are some answers and suggestions.

A career that is mainly concerned with the careers of others is personnel work. Personnel workers match people with jobs, help employees advance within a company, and aims to keep employees happy with employers. To get started in the field, be prepared for a beginning stint as secretary, receptionist, payroll clerk—these are typical first jobs that can lead to personnel posts. Qualifications should include an outgoing personality, leadership ability, effective speaking and writing skills. A Bachelor's Degree is a minimum requirement almost everywhere, with a Master's Degree increasing demand for top positions.

**"TEACHERS PROMISED 25 CENT RAISE**—(provided they perform their labors faithfully—and the Board of Education approves):

1. Teachers each day will fill lamps, clean chimneys, clean wicks.
2. Each teacher will bring a bucket of water and scuttle of coal for the day's session.

two evenings if they attend church regularly.

4. Women teachers who marry or engage in unseemly conduct will be dismissed." . . . so went the rules for teachers in this country in 1872. Yet young people, fortunately, kept on entering the teaching profession. Why? They must have thought it worthwhile, exactly as students do today when they plan to enter teaching as science, research, medicine, law, or the ministry. They know that long hard roads stretch ahead.

Unless someone finances your education, you probably will have to work for it. If you want it enough and stick to your goal, you will find that it is worth the sacrifice. Also, if you truly want it enough, and if you have more-than-average ability (which, believe it or not, usually goes along with terrific desire) you may be able to get financial help all along the way. How? Our biggest industries are looking forward, as you are, to the future. And they can't have a future, no matter how many oil wells, mines, factories, shipyards and airplanes they own, unless they train young men and women to handle them. That is why industries will help many young people who are good enough and eager enough. Ask your counselor.

Good teachers are necessary. Geniuses are born, thank goodness, but they must be taught, too. The smartest of them are the ones with sense enough to take and appreciate what good teachers can give them.

## Student Makes TV Debut

Sandy Coulson, 12A-2, recently performed on "Starlit Stairway," a local talent show for WXYZ-T.V., in Detroit. In the show Sandy did a pantomime dance step to "Sweet Old-Fashioned Girl." For this number she had to create and design her

own costume and choreography.

The show went over well as did Sandy. She was awarded a trophy by the network for her performance and asked to return on "Starlit Stairway" in the near future.

Here is a picture of six Lowrey high school cheerleaders. In the first row, left to right, are Linda Sevensen and Raymonde Egli. In the second row are Sandy Coulson, Coleen Mack, Lynn Christie and Pat Moore. Sharon Char and Jean Sawicki were absent when the picture was taken.

## Clinic Begins

This year's cheerleading clinic will begin March 16 to train tenth and eleventh grade girls who are interested in becoming cheerleaders. The program is sponsored by the graduating cheerleaders, but the cheers will be taught by all of our six regular cheerleaders, Sharon Char, Lynn Christie, Sandy Coulson, Raymonde Egli, Linda Sevensen, and Jean Sawicki. Alternates Pat Moore and Coleen Mack will also help out in this program.

In order to be eligible to compete, a girl must attend the clinic everynight after school throughout the week of March 16. On the following Monday, March 23, sixteen semi-finalists will be chosen. From these 16 girls, 8 will be selected as cheerleaders on the same date. Two of the eight will be alternates.

Beginning this year a new rule will become effective. All girls desiring to be cheerleaders will be judged competitively, including the eleventh grade girls that are already cheerleaders.

Although only 8 girls are chosen, this is a good way to show your

## Balloon Go Bang

It was recently learned that the members of the Phys-Chem Club have cancelled their project of constructing a balloon to be navigated by one of the members. When asked why the project was cancelled, Mr. Keiffer, the club's sponsor, said "After thorough research, and after due consideration of all the dangers, federal restrictions, and exorbitant costs involved, the club has concluded that man will never fly."

school spirit and enthusiasm. Lowrey needs this kind of support."

1- Those girls that will be chosen must live up to the cheerleaders's code. This consists of no smoking, no drinking at anytime, and no swearing. The girls must wear moderate hair-dos and make-up, and they must wear red lipstick while cheering.

They are also judged on:

- 2- Ability and execution
- 3- Stunts such as jumps
- 4- Synchronization
- 5- Enthusiasm as shown by voice, pep, and facial expressions.
- 6- Average appearance
- 7- Scholastic achievement. The girls must maintain a "C" average.

Miss Joyce Weaver, the cheerleading sponsor stated:

"I would like to see as many girls as possible come out for this clinic.

## Football Scoreboard is Possible

Plans for the purchase of an outdoor scoreboard for the football team were discussed at the Student Council meeting held on February 17.

A committee, headed by Gary Bachman, 12A-1, is looking into the various types of scoreboards. Because the Council has limited funds, it may have to form a "scoreboard fund" so that the other clubs and classes can donate to the fund. This possibility has been added to the possibility of forming a Senior High lounge.

The representatives also ordered Student Council pins at the meeting.

# Bears Drop Final To Lyons 61-60

## Bears Lose Beat Romulus

Lowrey defeated Romulus in a rough and tumble basketball game Tuesday, February 25, by a score of 73-64. The Bears started out slowly in the first quarter as Romulus went ahead 14-13.

In the second quarter the game was delayed when the clock broke down. During this quarter the ball went out of bounds and in the scramble Jerry Wood was knocked against the seats. His arm was bruised and he was taken from the game temporarily. He was replaced by Bob Shrednicki. Lowrey led at the half 30-26.

In the third quarter Jerry Wood returned to action. The Bears lost their lead in this quarter and the score became 48-45.

In the fourth quarter Lowrey's Leron Paryaski was a big factor in the Bears comeback, as he scored ten points.

Late in the fourth quarter some trouble developed on the floor between Jerry Wood and some Romulus player, for which he was removed from the game.

The high scorer for Romulus was Les Pennington with 20 points.

The scoring for Lowrey's cagers is as following:

Jerry Wood	24 points
Doug Cole	18 points
Leron Paryaski	16 points
Dave Bogataj	9 points
Joe Gary	6 points

This game marked another win in Lowrey's best basketball season. The Bears' record now stands at 12 wins and only two losses. The Bears have beaten Romulus twice this year.

## Reserve Dumped By Southgate

Lowrey's reserve basketball team lost to Southgate 69-57, on Friday, February 20, in the Lowrey gym.

Lowrey played a strong game on the boards in the first quarter, and the score was close at halftime with Southgate in the lead by three points, 27-24.

The third quarter was identical to the second, both teams playing equally well. Southgate, however, steadily pulled away to a six point lead at the three-quarter mark, 47-41.

In the last period of play, the game changed almost completely. Lowrey was close behind for the first four minutes, and once came within one point of Southgate, 57-56.

The following is the breakdown of scoring for Lowrey:

Mitchell	18 points
Fritz	13 points
Fox	10 points
Rentschler	7 points
Flanagan	6 points
Zoller	1 point
Marchetti	1 point
LeBar	1 point

## Sports Spotlight

In this issue of the Lowrey Light our Sports Spotlight is focused on Dave Bogataj, 12A-1, a resident of District No.7. Dave plays forward on this year's basketball team. His favorite hobby and pastime is playing sports.

Dave is on a college prep course and is majoring in math and science.

He has averaged a "B" through his three years in high school.

When Dave graduates he plans on attending H.F.C.C. for two years and U.M. for four years. He plans on majoring in engineering.

When asked what his most exciting experience has been since he has attended Lowrey, he said, "Beating Garden City twice in basketball."

When asked how he liked playing basketball here, he said, "I like it, because I feel we have a good team that will go far in the tournament."

## Jr. High Cagers

Lowrey's Junior High basketball team beat Salina on Thursday, February 20, by the score of 42-27.

Dennis Gusick and Ali Metaj lead Lowrey in scoring with 12 and 10 points respectively.

Lowrey built up a 15 point first quarter lead.

Starting the second half Lowrey kept their 15 point lead. Since this was Lowrey's last game, Coach Currie used all of his 20 players in the last two quarters.

Lowrey ended the season with a 4-4 record for the year.

Coach Currie commented, "I was happy the way we played in the second half of the season, but we missed having the real big man."

Answer to the Inquiring Reporter: a pedagogue is a teacher or an instructor.

Answer to the Shadow is, Lynn Duffy 10A 3.

## Season Record, 12 Wins 3 Losses

Lowrey's varsity basketball team defeated Southgate, on February 21, 1964, by the score of 78-70 in a game played in the Lowrey gym.

The Bears bounced back after an overtime loss to Riverside on Valentine's Day, and completely in the last quarter the Southgate team put on a determined rally and kept cutting the margin. The Sabers used a full court press and it had a strong effect on the Bears. When time ran out the Bears were on the long end of a 78-70 victory and this left them in second place alone.

The following is a breakdown in scoring for the Bears.

J. Wood	25 points
D. Cole	22 points
L. Paryaski	16 points
J. Gary	10 points
D. Bogataj	5 points

This ends this year's league games and the following is a list of the final league standings.

Riverside	8 0
Lowrey	6-2
Southgate	4-4
Haston	2-6
Cherry Hill	0 8

## Four Cagers To Graduate

At the end of this semester Lowrey will lose four of its varsity basketball players. They include Dave Bogataj; Leron Paryask; Tim Schlyer; and Bob Shrednick. Leron and Dave are both members of the first team, while Bob and Tim are first line replacements.

Leron has played on the basketball team for three years now. As a sophomore and as a senior he has played on he first team. In his junior year he was first line replacement. Leron's only regret in playing basketball here was that we couldn't beat Riverside.

Dave Bogataj is playing first string for the first time this year. Last year he was a first line replacement. In his sophomore year he didn't play basketball. Dave has won letters in football and baseball and will now win one basketball.

Bob Shrednick has won letters in baseball and football and would like to win one in basketball this year. He has never been a first stringer in basketball but has always been a strong replacement.

Last of the seniors is Tim Schlyer who has never played any first string sport. He has always given it the college try.

We congratulate these boys for their contribution to Lowrey school and we wish them well in the future.

## Sabers Rattled Bears Lose

Lowrey's Varsity basketball team was defeated by a score of 61-60 Friday, February 28.

In the game South Lyons played a fast moving game, taking the score 14-13 in the first quarter. At halftime Lowrey took the lead by a score of 29-26. In the third quarter the score was still close 41-38. In the fourth quarter the tensions rose and tempers were on edge. Lowrey who couldn't get moving finally put on the steam and ended the game in a tie, 48-48.

The first overtime the Bears started off in a quick fashion with a mination by the Lyons team quickly caught up with the moving Bears squad and kept at a close tie with the quarter ended. In the second overtime, Lowrey lost both control and Doug Cole and Bob Shrednick. At the free throw line Lowrey lost its advantage. South Lyons came to Lowrey's 8. In the final few seconds South Lyons froze the ball to from behind to make 18 free throws give them a 61-60 triumph. The Bears tooktheir 3 loss of the season, and ending a fine season with 12 wins and 3 losses. Compared to 3 wins and 12 losses, Lowrey's become a leader in basketball. The following is the breakdown in scoring for Lowrey.

J. Wood	24
D. Cole	15
D. Bogataj	8
L. Paryaski	8
B. Shrednicki	5
J. Gary	0

## Baseball Near

Lowrey's High School varsity baseball team will start practice in about two weeks. According to coach Rigotti the practices will be held in the gym until warmer and clearer weather permits the team to practice outside.

The returning letter men will include Dave Bogataj, 12A Jim Furtak, 12A Ron Takas, 11A and Doug Cole, 11A. Mr. Rigotti said that there would be a record breaking crowd of boys coming out this year for the team, he wishes everybody good luck and hopes to have a winning season.

Here is the Lowrey Varsity Baseball Schedule for 1964.

Tues. April 7	Edsel Ford	Away
Thurs. April 9	Ecorse	Home
Mon. April 13	Fordson	Away
Thurs. April 16	Dearborn	Away
Mon. April 20	Willow Run	Home
Wed. April 22	Riverside	Away
Fri. April 24	Southgate	Away
Wed. April 29	Cherry Hill	Home
Fri. May 1	Haston	Away
Thurs. May 7	Garden City	Home
Fri. May 8	Riverside	Home
Wed. May 13	Southgate	Home
Fri. May 15	Cherry Hill	Away
Wed. May 20	Haston	Home
Mon. June 1	Ecorse	Away
