HARVEY H. LOWREY HIGH SCHOOL
LOWREY HIGH SCHOOL, DEARBORN, MICHIGAN

Vol. 31, No. 10

Bits 'n' Pieces

On February 16, 17, and 18 over 300 ninth grade students from O. W. Best will be visiting our school. This visit is to acquaint them with the school for their future years here. We would like to ask everyone here at Lowrey to cooperate with these students, and show them complete welcome.

One day in the last week of March, an admission officer from Henry Ford Community College will come to Lowrey to speak to all seniors who wish to apply for admission to H.F.C.C.

In order to get an application form from the admission officer you must bring \$5. This five dollars is a deposit for the application form.

Remember!! If you wish to get into this school, you should get your application then, or you'll have to wait in line the next day and you won't be guaranteed an application.

✓

On Monday, January 25, Mark Erickson's father passed away. All of us here at Lowrey would like to send our deepest sympathy to Mark and his family.

Stop, Read, And Think!

When you're buzzing around in that 1942 Ford of yours, or on that black and bold little cycle, do you ever notice any of those red, octagon-shaped signs on many of the city's corners? The ones with the large white print, spelling a four-letter word we all should be quite familiar with by now.

There is a reason for a sign such as the one mentioned above, a reason which might mean as much as life and death. Did you ever step on an ant, and just stand there and watch him die? The little thing had scurried to get away, but had no real chance against something so much bigger than himself.

Have you ever seen a little girl crushed by a car? She doesn't just take it as a joke and walk away . . . she bleeds, and she cries, and sometimes she even dies.

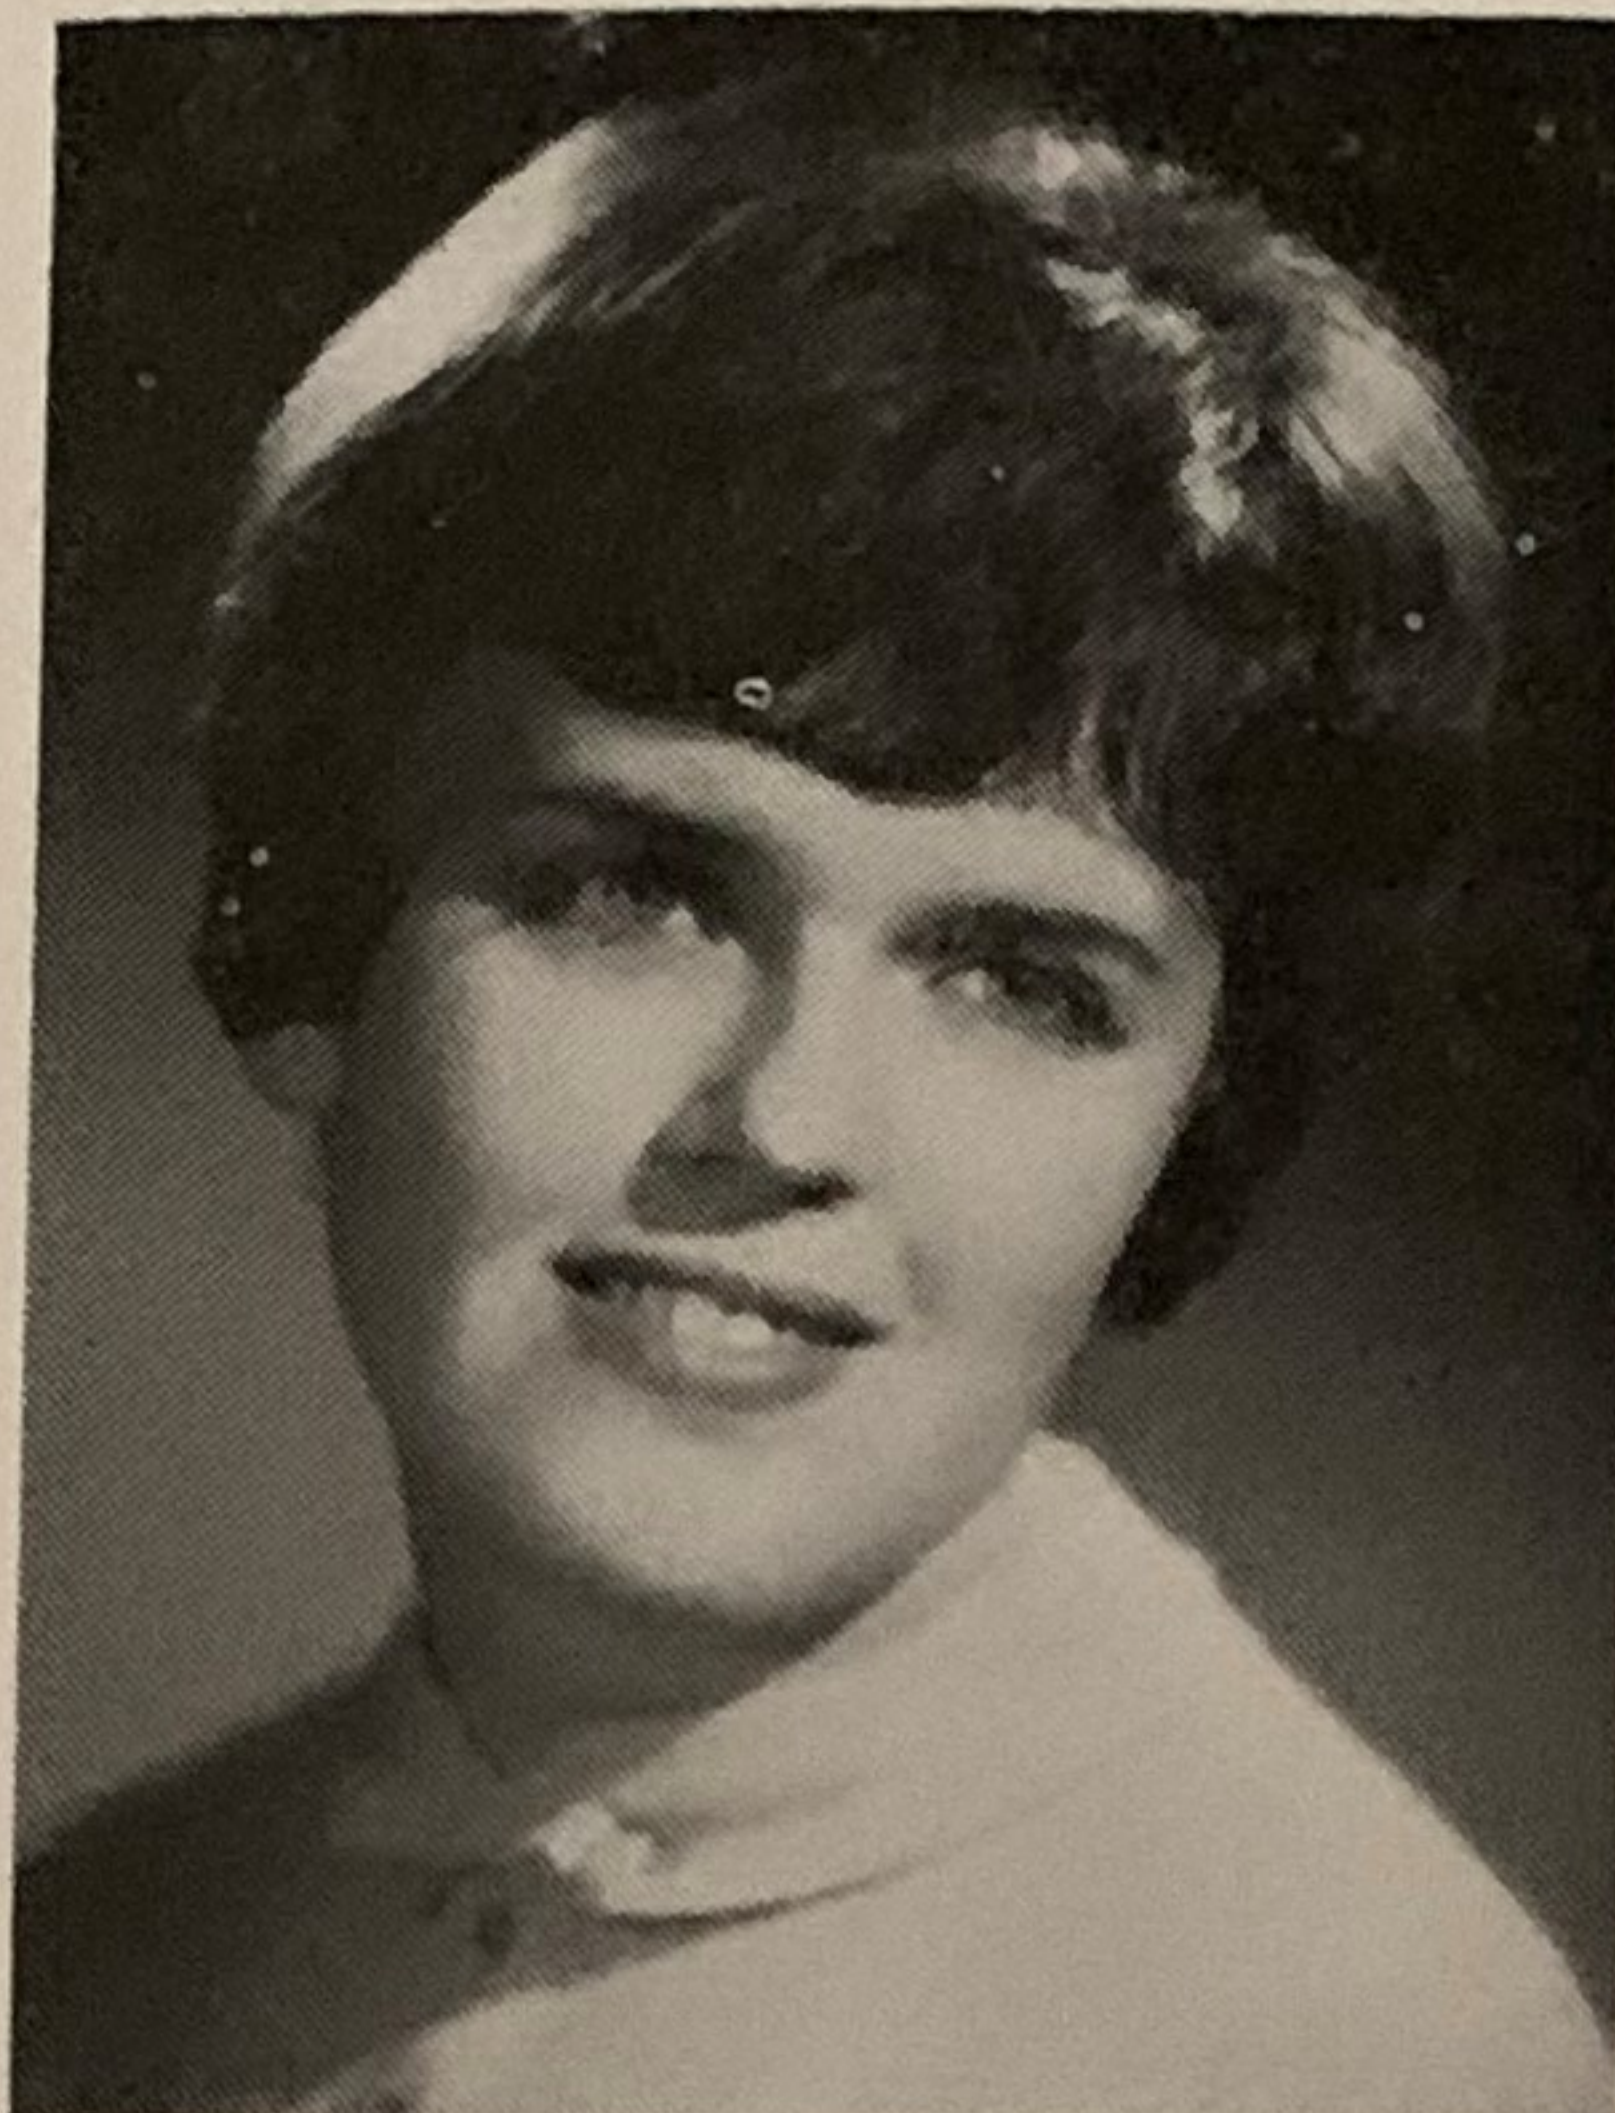

Licenses are given out every year to those who have had sufficient training, and who have passed their course satisfactorily. You may be in such a driving course now, or you may even be a present license holder. Always remember the rules of the road, and follow them intelligently.

It's just a big, red, octagon-shaped sign, with large white print, asking you to stop . . . and think.

Homemaker of Tomorrow

Linda Wilkinson has been named Lowrey's 1965 Betty Crocker Homemaker of Tomorrow. She scored highest in a written homemaking examination taken by senior girls on December 1, and is now eligible for state and national honors.

Test papers of all school Homemakers of Tomorrow in the state are currently being judged. The state's highest ranking girl will receive a

Linda Wilkinson

Mrs. Dotson

\$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Search for the American Homemaker of Tomorrow. The state runner-up will be awarded a \$500 educational grant. In addition, the school of the State Homemaker of Tomorrow will receive a complete set of the Encyclopedia Britannica from Encyclopedia Britannica, Inc.

Later this spring, The State Homemaker of Tomorrow, together with a school advisor, will join first-place winners and advisors from each of the 50 states and District of Columbia in a tour of colonial Williamsburg, Virginia, Washington, D.C., and New York City. Climax of the week-long tour will be the naming of the Betty Crocker All-American Homemaker of Tomorrow. To be chosen on the basis of original test score and personal observation and interviews during the tour, she will receive an increase in her scholarship to \$5,000. Second, third, and fourth place winners in the nation will have their grants raised to \$4,000, \$3,000, and \$2,000, respectively.

The Betty Crocker Search for the American Homemaker of Tomorrow was initiated by General Mills in 1954 to emphasize the importance of homemaking as a career. Including this year's record enrollment of more than half a million senior girls in more than 14,000 high schools, the total number of participants during the program's eleven year history stands at four million. Scholarship grants exceed \$1 million.

+ Calendar of Events +

February 5—Senior High basketball, Haston at Lowrey

February 10—Band Assembly Program at O. W. Best Jr. High

February 11—H. S. Swim meet, River Rouge, at Lowrey, 4:00 p.m. Jr. High Basketball, Edison at home, 3:45 p.m.

February 12—H. S. Basketball, Cherry Hill, away

February 16—O. W. Best student visitation for 10B's

February 17—O. W. Best student visitation for 10B's

Jr. High swim meet with Stout at 3:45 p.m.

10B Parent Visitation night at 7:30 p.m.

Final day for fee paying

February 18—O. W. Best Junior High visitation

H. S. Swim Meet with Hamtramck at 4:00 p.m.

Jr. High Basketball with Fairlane at 3:45 p.m.

Magazine Name Asterisk

Asterisk was the name selected for the Lowrey literary magazine at the last meeting. The name was submitted by Doug Stamp and was voted upon by the members of the Literary Club after some lobbying by Doug. Asterisk (which means to take note of a footnote—in this case, footnote of the current Lowrey life) will be published this spring, according to Mrs. Helveston and Mr. Leslie.

Contest to be Held

A contest, under the direction of Mr. Jones and the art staff, will soon be held to determine a cover for the magazine which will correspond with the name. The contest will be open to all Lowrey students. The basis for the cover should be modern design using pen and ink or a block print in the shape of an asterisk. The date for the contest will be announced in a future issue of the Lowrey Light.

Size Not Established

Also at the last meeting, plans were discussed as to the size of the magazine for publication. As of yet, no definite size has been set.

Social activities were planned and some actions have been taken as to seeing a play in the Hillberry Classic Theater at Wayne State University.

The staff and their crew reported that they were making much progress.

Staff Praised

When Mrs. Helveston was asked how the Literary Club was getting along, she replied, "The student editors and staff are doing an excellent job. They are demonstrating both the good organization and good taste that is necessary to produce a literary magazine of quality."

Basketball Game And Bus Trip Successful

Friday, January 30, forty-nine Lowrey students, alumni, and faculty attended the Lowrey-Lansing Waverly game in Lansing.

The trip was made by bus, sponsored by the Booster Club. The bus left at 4:15 and returned at 11:45. The trip took approximately two hours each way.

Lowrey won the game by a score of 82-66. Doug Cole, in his last game of the season, scored 19 points. Jerry Wood was high with a score of 26 points. This win made our overall standing 8 to 2.

observe how the Rotarians carry on their business of service to the community.

Honor Students

Two of Lowrey's seniors will be honored by the Dearborn Rotary Club this month at a series of luncheons held by the Rotarians.

Vickie Ostrander, 12B-7, and Curtis Barron, 12B-1, will attend the luncheons on consecutive Thursdays on the 4th, 11th, 18th, and 25th of February.

The purpose of these luncheons held by the Rotary Club, an organization of businessmen dedicated to service to the community, is to honor two students from each of Dearborn's high schools who are good scholastically and who are good citizens.

Mr. Boatwright, our assistant principal, explained that the purpose of the luncheons will be "to honor them (the students) and show them how the business community functions."

The two seniors will not have to speak before the club; they simply will sit back, enjoy good meals, and

Summer Volunteers

The United Community Services of Metropolitan Detroit in connection with its Student Volunteer Program sent reports to Lowrey High School from health, welfare, recreation, and other community agencies commending several Lowrey students who donated their services during the past summer.

For various reasons, a few agencies were unable to furnish complete reports. Therefore, there may be some volunteers whose names are omitted. Out of 86 reporting agencies, 1814 volunteer assignments were filled by students from 222 public, parochial and independent schools in the tri-county area, for over 77,000 hours of service.

The following persons from Lowrey gave time and effort:

Veterans Administration Hospital

	Hours
Catherine Bruce, 12A-1	64
Marsha Buzanowski, 12A-2	114
Lynne Campbell, 11A-2	161
Heather Clark, 12A-2	161
Karen Croskey, 12A-2	33
Marilyn DeWolf	98
Connie Doughman, 11A-3	108
Sharon Magdowski, 11A-8	62
Martin McKinnie, 12A-8	39
Donna Perkins, 11A-8	58
Judy Price, 12A-8	51
Henry Stewart	3
Laureen Wegge, 11A-13	105
United Foundation	
Paula Wilder	5

Evangelical Home for the Aged

Eve Brill, 12A-1 3

These fifteen volunteers filled an important place in the agency services during the summer months. Their generosity was greatly appreciated by the agencies and hospitals. Once again we would like to congratulate all of the student volunteers for their fine work.

Jrs. Take Test

On January 18 the entire junior class took the Otis-Gama Intelligence Test. This test is used in terms of scheduling, and is used for part of training for college entrance and to measure ability in verbal areas.

The Madden-Peak Test, another test taken that day, deals with arithmetic. It is an achievement test, and a skill test. They are marked in a cut-off score to see who takes refresher math. This test is just part of the testing program. The results are in your counselor's office if you are interested in finding out what you received on it.

On March 13 the National Merit Scholastic Qualifying Test will be taken at Oakley W. Best. This test shows the college you wish to attend what your ability in progression is. The questions on this test are, for the most part, grouped according to the major areas of the high school instructional program. The results show the kinds of situations the students will experience later. The test will cover five areas. These are English, mathematics, social studies, natural science, and word usage.

Are You A Conformist?

"Don't get involved." That is a common phrase and a rising slogan for conformists.

Such statements cause worthy projects like CARE and UNICEF to be pushed into the background. People who listen to this slogan may have something to say about standing up for civil rights, voicing opinions, but they push their values aside and stand with the un-involved majority.

"Be like everyone else." "Don't speak up." "Don't get involved." To not get involved is to ignore. To not get involved is to sit back and let others make your decisions. To do this is to destroy the ideals of our democracy.

Teen as well as adults refuse to get involved—to think for themselves. They stick with a crowd and think only of themselves.

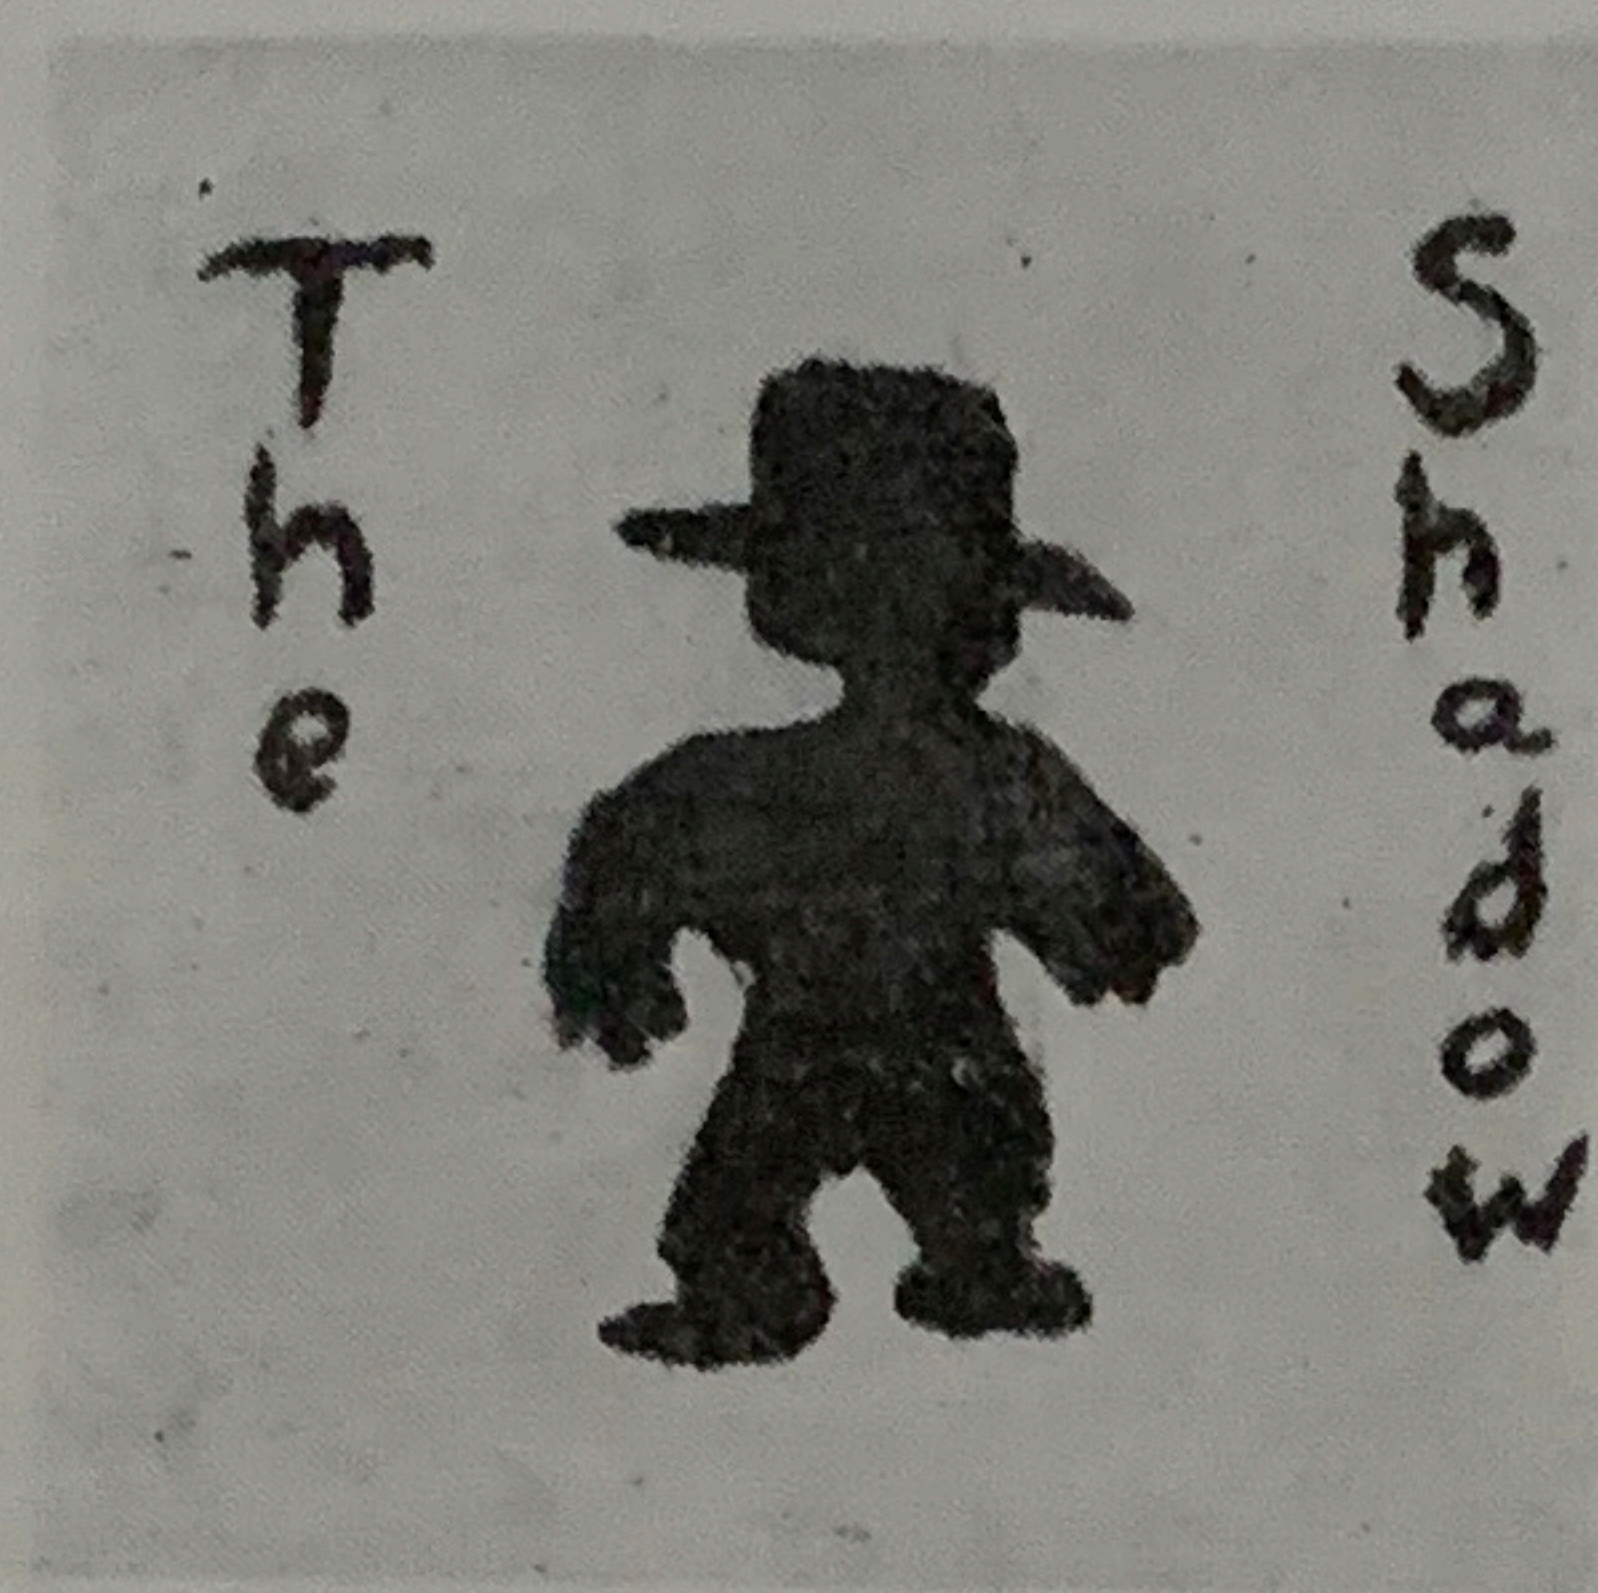

When people won't become involved and conformity is the only pattern of life, we will stop thinking for ourselves and that is when people become a herd of sheep, ready to be led in any direction.

Teenagers are the makers of tomorrow. If we don't get involved in thinking today, tomorrow will be too late!

If bus regulations disagree with you, maybe you did nothing to show that you were mature enough to prove you didn't need them.

If the Student Council is a do-nothing organization, perhaps you haven't wanted strongly enough to express your ideas.

Your life is what you make it. Get involved in living. It will make Lowrey a better school, you a better person, and the world a better and safer place to live.

In this issue of the Lowrey Light the Shadow is following a senior girl.

1st hour she is helping one of the junior high counselors.

2nd hour she is trying to sing her part and not the bass part in chorus.

3rd hour she is trying to learn how to become a secretary.

4th hour she is deciphering her shorthand.

5th hour she is gobbling down her food in the cafeteria.

6th hour she is in English class

Start off on The Right Foot..

Attention seniors, juniors, and sophomores! A new semester is here and with it comes a chance to improve your attendance record. Frequently being absent not only harms your grades, but it also hinders your opportunities for getting a job in later life.

When you apply for a job, your prospective employer checks on your attendance record in high school. If he finds a consistent amount of absenteeism, your chances of getting a job with that or any company are next to nothing. This is especially important to seniors who are planning to work after graduation.

In connection with absenteeism, it must also be pointed out that the percent of absents here at Lowrey is the highest in the Dearborn Schools. This is a black mark on the whole student body as well as the school!

The students who are always having the "one-day" flu are not kidding anyone but themselves. What about those Friday and Monday "school-skippers"? Why is it that you are only sick on the first and last day of the school week?

What about those grades? It's your grades that suffer because of your bad attendance. The majority of students here at Lowrey have the ability to do the work. Therefore, any bad grades indicates a lack of initiative on the part of the student.

Don't be a shirker! Don't let your grades slack just because you "don't feel in the mood" for doing your work. Remember—the sooner you get started to work, the sooner your work is done.

So, just don't sit there reading this article—open that book and get your work done!

Delay Soph Dance

The sophomore sponsored dance originally scheduled for Friday, January 29, has been postponed until May 14.

One obvious reason for the postponement is the fact that the basketball game at Lansing Waverly was scheduled for the same evening, however, could not be foreseen. When the date for the dance was set this past spring, a contract had been signed for fourteen basketball games. After this time we scheduled the game with Waverly on the same date. Another reason is that last year the dance was held at the end of the semester when students were too successful. It would be a bad not in school. The dance was not risk to once again schedule the dance on a day when school was not in session.

The only other alternative was on May 14 as many people do not consider it proper to attend such activities during the Lenten season. The dance will be two weeks after the Easter vacation, and the last dance before the senior prom.

Student Spotlight

Musical talent can be found in many students at Lowrey. One such person, solo clarinetist Mark McFarlane, will be featured at Lowrey's annual Winter Concert on March 7. He will play the fast moving piece "Adagio and Tarentella."

On February 13, Mark and eight other Lowrey students will go to Garden City East High School to compete in the Solo Ensemble Festival. Accompanied on the piano by Mrs. Evelyn Soffias, he will perform the "Rondo of Concerto" by Mozart. This year will be his third in the festival. He has won two first place regional medals and two state medals. Mark was the first person from Lowrey to ever place first in the state.

Finding music both fun and interesting, his ability to play the saxophone has become almost par with his performance on the clarinet. He displays this ability in a dance band, "The Jaguars," and also in the Lowrey Stage Band.

He further expressed his interest in music this way, "I find music relaxing, inspirational, and quite challenging. Although it has taken a lot of my free time, I find it has been time well spent."

Team Wins Again

Lowrey debaters have won another league debate! Both of our teams, affirmative (Donna Daley, 12B-2, and Mark Farlane, 12B-6) and negative (Jan Ting, 11B-12, and Jan Wissmuller, 11B-13), debated John Glenn High School and won. They debated the proposition "Resolved: Nuclear Weapons Should Be Controlled By An International Organization." The judges, both from the University of Michigan, declared our teams the winners on January 19 giving us a record of four won and two lost with our last league debate coming up with Southgate.

Our debate team went to a debate clinic in Ann Arbor on January 23. Our teams each debated three other schools. Out of six debates, Lowrey won four.

The affirmative team won one as the negative team won all three of their debates.

Bowlers Roll

With spirited enthusiasm, Lowrey's student bowlers beat the teachers by a score of 13 points to 8 points in their last match of the year.

The final results of the match were:

Boy's High Single	
Dan Dismondy	187
Boy's High Series	
Dan Dismondy	347
Girl's High Single	
Sue Opp	133
Girl's High Series	
Sue Opp	260
Man Teacher High Single	
Mr. Koster	211
Man Teacher High Series	
Mr. Rigotti	393
Woman Teacher High Single	
Miss McLean	134
Woman Teacher High Series	
Miss McLean	227

Congratulations, students, for a job well done. And teachers, better luck next year.

More information about the students who will receive trophies for bowling will be published in the next issue.

Fiz-Chem Club

Ever had tha secret urge to maybe blow up the school? Well don't feel alone because there are others like you and they get together just about every Tuesday night in Room 14. The Fizz-Chem Club, as the group is commonly called, serve as an outlet for discussion of the ideas of Lowrey's future genuises.

At the present time, the club is hunting for project ideas. At the last meeting a "Comedy of Errors" type of movie on scientific experiments was discussed.

Future plans for the field trip to Ann Arbor in May. At the U of M they will view the Phoenix Sience Project.

With the new semester here, Fizz-Chem is asking for new members. Anyone with a C or above

Physical Education as a Career

High school students! Do you like to do things to help other people? Are you seriously interested in many different athletic activities? If your answer is yes to both of these questions you should consider a career in teaching Physical Education.

Our bodies need excercies and we need someone to teach us how to excercise properly from an early age.

To be a Physical Education teacher you must go to college and complete the required courses.

The subjects that the student will be taking his first two years in college are generally the same name classes he takes in high school. Some of these are English, Math, Social Studies, and Sciences.

The second two years the student will get down to his major in Physical Education and two minors. The student may choose any minors such as English, Math, or Science to name a few. He learns about the various parts of the body such as the muscles, joints, and tendons and how various excercises will affect them. He also takes classes in coaching many sports such as football, basketball, and baseball.

A Physical Education teacher must be able to work with boys and girls. He must be able to understand children and be a friend as well as a teacher.

Recently a study of salaries of recreational directors in business and industrial firms. These salaries differed and ranged from \$3,600 to \$10,500 a year. The average salary was the annual sum of \$6,600.

The deep sense of satisfaction that comes only when you feel that you are performing a service for others in the greatest reward any profession can offer. This reward is offered to you as a Physical Education teacher. The professional recreational leader works with people in many different and interesting activities. It is almost impossible to find one which is more fun and will offer greater satisfaction to the young person who enjoys sports, competition and working with young boys and girls.

Mr. Gretzner, the head of the Physical Education department here at Lowrey, made a statment that is not only true in a career in Physical Education but in any professional career. His statment was, "You have to have the desire, patience and sacrifice in order to do a good job."

Science News - Cigarette Smoking

Reverse smoking: A group of doctors have currently come up with some very amazing results after studying the direct relationship between smoking and lung cancer in the inhabitants of the Caribbean islands.

It seems that these natives don't smoke cigarettes in the usual and well known method. Instead they put the lighted, end in their mouth and commence to puff and puff to their hearts content.

Before you laugh so hard that your smoke inhabited lungs begin to turn over you should analyze, chew up, and swallow the one small, but vital, bit of information about their cancer rates. There wasn't one single solitary case of lung cancer among the natives, even though little smoke is inhaled into the lungs. There was no cancer found in those who had been smoking up to 63 years.

By now you are no doubtsaying that someone should write a quick letter to Ripley. But as far as the Forsyth Dental School, an affiliate of Harvard Dental School, is concerned this process made several trips to these islands and are planning more.

These trips started when the doctors went to study the lack of tooth decay in the natives who practice "reverse smoking", even though their teeth were deposited with large quantities of tar. Now the dental school believes that smoking interferes with the process of tooth decay. If this is true in the future there may be small amounts of tobacco in toothpaste.

The final twist was when the doctors asked the native women, who do most of the smoking, why they smoke in thes manner. They found that the women perfer it in going about their household duties because it kept ashes from falling on their food and clothing.

Chorus Students visit Wayne

Four of Lowrey's choir members will take part in the annual Workshop Chorus at Wayne State University on Saturday, February 13. The workshop will start at about 9:30 a.m. and end about 4:00 p.m. Students taking part in the workshop will be guests at a luncheon. Mr. Don Craig will be guest conductor.

At the present time, the four choir members have not been chosen, but we expect an announcement soon.

average in science is allowed to join. To officially become a member you must come to a business meeting. These are held the second Tuesday of each month.

The next meeting is February 9, so come on out and share your ideas with the rest of the group.

Daddy bought a little car,

He feeds it gasoline.

And everywhere that daddy goes,
He walks! (His son's 16.)

Speeches are like steer horns—
a point here, a point there and a lot
—Liberty
of bull in between.

Future Nurses Club

Mrs. Whiting, co-sponsor of the Future Nurses Club, talked to the girls on the two and three year nursing programs at the meeting held on Tuesday, January 18. She pointed out some of the advantages and disadvantages of these courses, as well as some of the things to be exepected during nurses training.

Sheets of paper listing some of the schools of nursing in the Detroit area, along with some things to be included when writing to a school of nursing, were given to all girls. Some of these points were grade, when you expect to enter, a request for information, an a request for an application blank.

The last meeting was held on Tuesday, February 2. We were glad to see new as well as old members attend. At this meeting we made plans for the sale of carnations sometime in February. Plans for attending an open house were also discussed.

Speaker for FTA

Mr. Donald Courtwright, a 6th grade elementary teacher at Lowrey, was recently a guest spaker at the Future Teachers' Club.

Mr. Courtwright talked about the teaching of foreign languages in the lower grades. French was chosen as the ideal language to teach because it is closely related to the English language and also because there were more teachers available who knew French.

According to Mr. Courtwright, the language program at Lowrey begins in the 4th grade and is continued on into the 5th and 6th grade. It is chosen as an elective course in the 7th grade.

The class has a 20 minute television program twice a week. They also have several records. The students listen, watch, and then repeat. Very little writing is done in class. They learn mostly through repetition.

The Future Teachers' Club would like to say "Thank You" to Mr. Courtwright for his enjoyable talk.

Carnation Sale

A touch of springtime will come to Lowrey on February 12, through the efforts of the Future Nurses Club.

On Monday February 1, the club ordered twenty-five dozen long stem carnations from Schebor's Florist.

These flowers will be sold on Friday, February 12, before home-room, during first hour, and also during the two lunch hours. The price of these flowers is \$.25. Be sure and buy yours.

BEARS ROLL OVER TIGERS 83-70

Tankers Nip Hamtramck 53-48

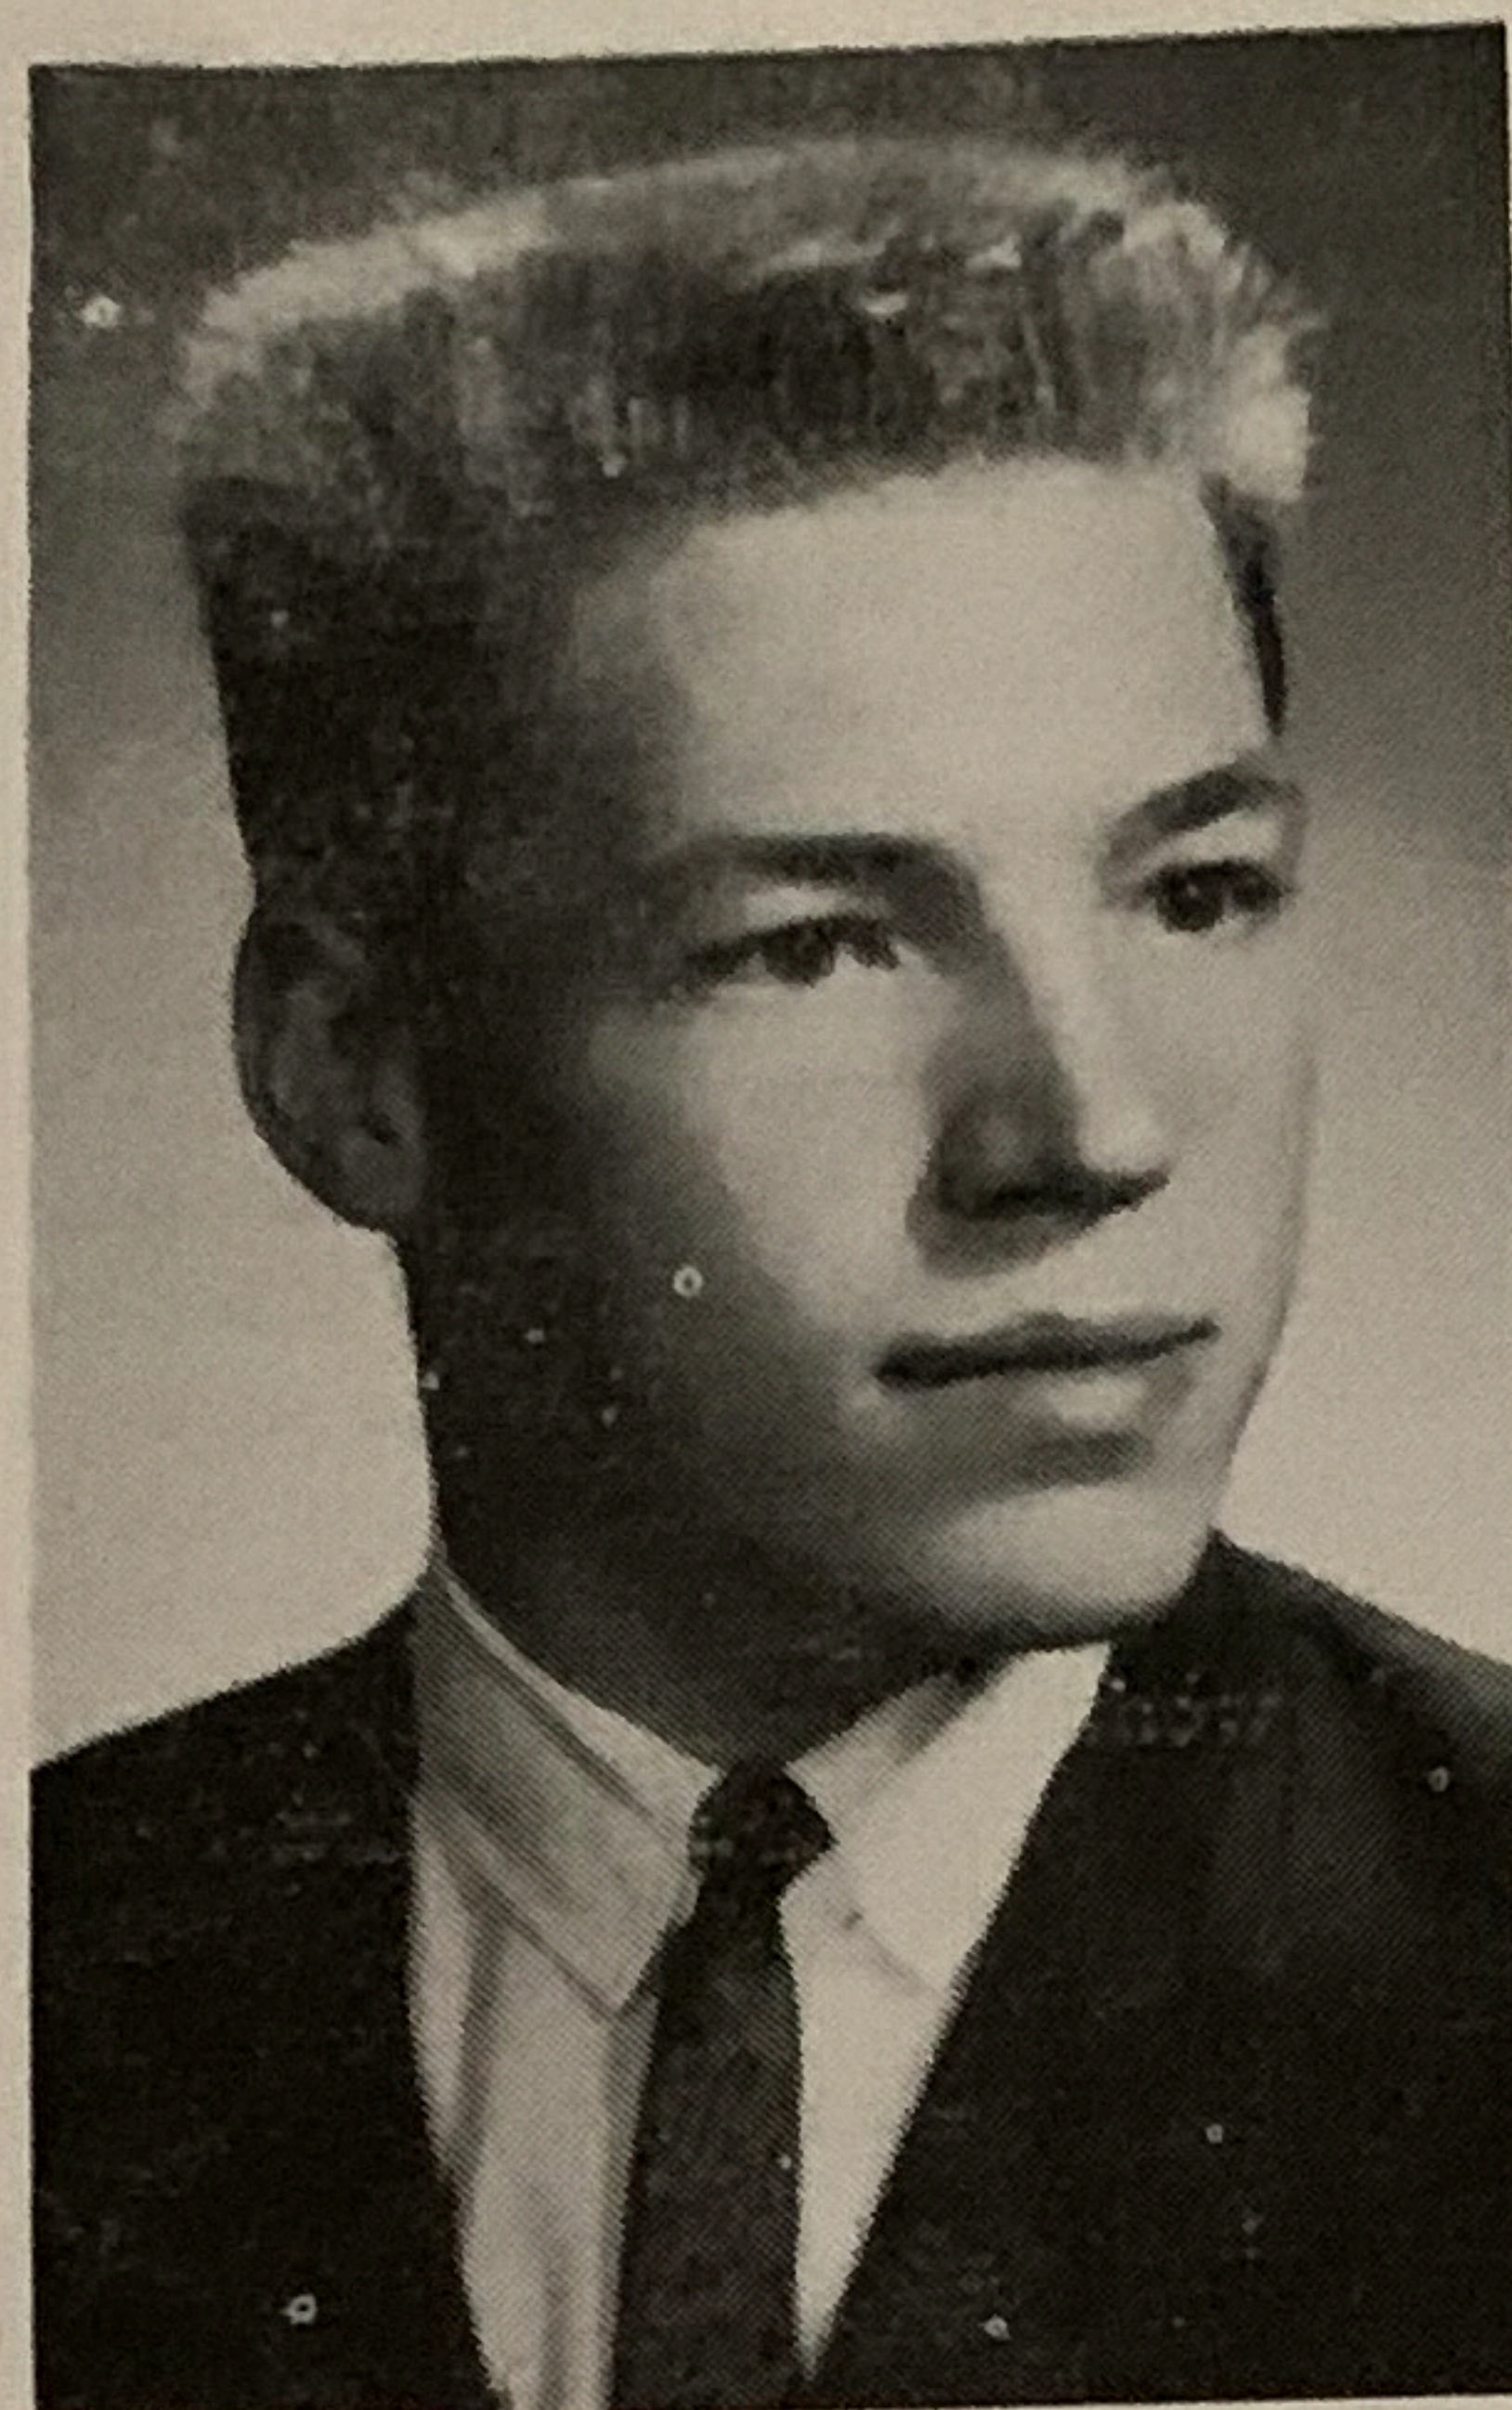

The Polar Bears of Lowrey, despite a disqualification in the final event, managed to nose out Hamtramck on Thursday, January 6, by the score of 53-48.

The win brought Lowrey's swimming record to three wins against two setbacks. The win was primarily due to a number of double events winner. They include: Steve Davis, 11B, 200 yd. and 400 yd. freestyle; Ron Aitken, 11B, 50 yd. and 100 yd. freestyle; and Dan Lukaschewski, 12B, diving and 100 yd. butterfly.

The following boys placed in their respective events:

Event:	Swimmer:	Place:	Time:
200 yd. Medley Relay	Cagle, Babicz Halstead, Hughes	1st	2:09.5
200 yd. Freestyle	Davis	1st	2:20.8
50 yd. Freestyle	Aitken	1st	:26.2
	McPhee	2nd	:27
200 Ind. Medley	Halstead	3rd	2:56
Diving	Lukaschewski	1st	
100 yd. Butterfly	Lukaschewski	1st	1:14
	Stamp	2nd	1:15
100 Freestyle	Aitken	1st	1:01
	McPhee	2nd	1:03.5
100 Backstroke	Cagle	3rd	1:16
400 Freestyle	Davis	1st	5:16
100 Breaststroke	Komraus	2nd	1:21
	Babicz	3rd	1:22

Asked to comment on the game, Coach Sande said, "We are really starting to improve, this could be our best season in a long time, if the boys keep working."

Sports Spotlight

Dan Lukaschewski, 12A-2, is one of the top divers on the Lowrey High swimming team. He has won five letters, three in swimming and two in cross country. On the swimming team he concentrates mostly on diving and the butterfly.

Dan has a B- average and is on a general prep course. After graduation Dan would like to go to J.C. for a couple of years. His hobbies are cars and diving and his interests in school are drafting and shop. Dan is also a member at large on the varsity club.

When asked what he thought of the swimming team and the school spirit this year, he said, "I think the swimming team is doing much better than it ever has before and I think it will get even better. I also think we could stand a little more support at all the games and meets."

Cagers Bomb Sabers

Lowrey's varsity basketball team defeated Southgate 86-42 on January 23.

The Polar Bears took the lead early. They were very strong offensively and at the end of the first quarter they were ahead 24-10.

Lowrey remained strong in the second quarter and the half ended with Lowrey ahead 48-20. In the third quarter Lowrey continued to play a fine game. Doug Cole fouled out late in the third quarter after scoring 17 points. Coach Rice emptied the bench in the third and fourth quarters and the game ended 84-62.

Jerry Wood played an impressive offensive game with 32 points. He scored 10 out of 12 free throws.

The scoring was as follows for Lowrey:

Wood	32
Cole	17
Gary	10
Wigley	7
Miller	7
Fox	6
Eliffson	4
Mitchell	1

Gary Scores 28

Lowrey's Polar Bears defeated Garden City West, 83-70, on Tuesday, January 29, at Garden City.

The game was very close in the first half. Garden City had a very good shooting game. The half ended 39-38.

Lowrey put on a strong offensive surge in the second half and at one point was leading by 25 points. The Tigers came back with their strong shooting to narrow the lead.

Garden City was unable to keep it up and the game ended with Lowrey having a 13 point lead.

Lowrey's defense was weak again and this could have accounted for the Tiger's shooting power.

Joe Gary played his best offensive game of the year, piling up 28 points and taking scoring honors.

Other scoring was as follows:

Jerry Wood	27
Doug Cole	19
Ed Wigley	5
Gene Effelson	2
Chuck Rhodehouse	2

Reserves Bombed

The Reserves dropped their first league game of the year on Friday, December 8, to Haston by the score of 45-26.

The first quarter the Bears won 12-6 but the remaining three they were held in check as the Knights outscored them, 10-5, 16-3, and 13-6, for their 45-26 victory.

The scoring for the Polar Bears was as follows:

Opp	8
Malyzek	7
Korte	5
Hull	3
Gerych	2
Ordus	1

Basketball Terms

The October 14 issue of the Lowrey Light presented fourteen football terms to help the average fan know how the game was going. This issue we present you some of the many numerous basketball terms.

Offense: The team in possession of the ball.

Defense: The team defending against the offense.

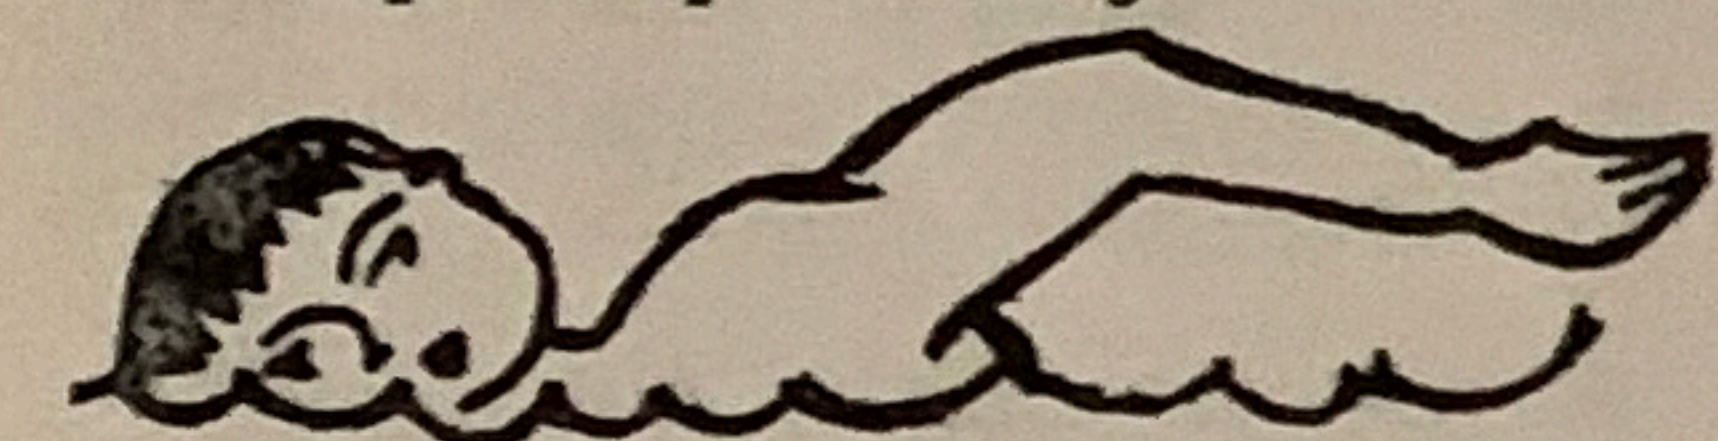

Jump Ball: When one or more player on each team "freezes" the ball for more than five seconds.

Traveling: When the man with the ball moves his pivot foot before dribbling the ball.

Double Dribble: When the man with the ball dribbles, stops and holds the ball, then dribbles again.

Over and Back: When the offensive team takes the ball over the ten second line then takes it back before the defense touches it.

Quarter: A high school quarter is eight minutes in length.

Bears Revenge Earlier Defeat

Our basketball team got back on the winning side by beating Garden City East 82-77 at Oakley W. Best on January 19. This victory avenged the season's opening loss to the Panthers at their home court. The game also was an extremely hard fought battle all the way.

Early in the first quarter the Bears took a five point lead which they held until the Panthers put on a last minute spurt to take the lead 19-16, at the end of the quarter.

In the second quarter, with a tightened-up defense and some spectacular shooting by Doug Cole and Jerry Wood, Lowrey began to fight back. Aided by mistakes made by the Panthers, Lowrey managed to end up on top at the half way mark by the score of 41-36.

The third quarter was the Bears' best of all. Lowrey again took charge of the game and went out in front, 63-49. The scoring chances of the Bears were hampered somewhat during this and the following quarter as Lowrey's center, Joe Gary was in foul trouble and had to play under pressure.

At this point the game seemed to be a certain victory for the Bears, but this was not so. The Panthers made a tremendous comeback attempt, but fell short in trying. The Bears again tightened up their

Reserves Drop Two

The Reserves were victims of both Riverside and Garden City East during the week of January 27 to January 22.

They lost to the Rebels on Friday, January 15 by the score of 67-45, even though the Bears led once by the score of 22-6.

The Bears led 16-6 at the end of the first quarter but were trailing 27-22 at halftime.

In the last half the Rebels completely mauled the Bears as they outscored us 40-23 and as a result, we lost by a score of 67-45.

Against Garden City East, Lowrey trailed every quarter. The Panthers had leads at the end of the quarters of 11-8, 28-20, 45-34, eventually won the game 60-49.
