VOL. I NO. 14

LASALLE HIGH SCHOOL

APRIL 22, 1966

PERFORMERS AT LASALLE

Join in the fun either on the stage or in the audience at the Hoot'n Hollernanny, which will be held May 20 at 7:30 in the LaSalle gym.

The Hoot'n Hollernanny will be a showcase of local talent, including students from LaSalle as well as musicians from outside the school. Groups may play folk, beat or other types of music. Singers must supply their own accompanists. Auditions for the show will be held Tuesday, Wednesday and Thursday, April 26, 27, and 28 in the LaSalle gym.

For aspiring musicians the Hoot'n Hollernanny will be an opportunity to gain the valuable experience of performing before a large audience and will also serve to advertise their talents. The setting for the show will be a stage in the gym surrounded by colored lights.

Tickets will be sold from May 16 to May 20 in the main hall and in home room. The price for a ticket is 50¢, and no tickets will be sold at the door.

Members of the publicity committee are Micki Bickel, John Garrage, Marcia Katz, Bob Klute, Pat McCue, Pat Moon, Ann Shelley, and Kathy Steiner.

Those on the ticket committee are Arlene Cramer, Vicki Lezak, Mary Hafron, Mike McCue, Mary Niezgodski, Charlene Ratenski, and Brenda Williams. The entertainment committee consists of Nancy Brewer, Jim Bromley, Kathy Claeys, Vicki Daugherty, Dave Gardner, Betty Hinz, Evelyn Polay, and Linda Saunders. Linda Garnitz, Mike Heim, Carol Maclean, Diane Norris, Pat Pritchard, and Mike Scholine are on the stage committee.

Valparaiso To Hold Journalism Seminar

Ten journalism students from LaSalle High School will attend the sixth annual Northern Indiana Journalism Seminar, Saturday, April 23, at Valparaiso University, Valparaiso, Ind.

Mrs. Nelson, EXPLORER advisor, will accompany the students to the Seminar which was instituted to promote better journalism on the high school level. The theme of the 1966 NIJS is "Devoted to the Growth of Journalism in Northern Indiana: Pride in Publications by Achieving the Best."

Micki Bickel, Kathy Claeys, Arlene Cramer, Vicki Daugherty, John Garrage, Marcia Katz, Patrick Moon, Mary Niezgodski, Pat Pritchard and Kathy Steiner will be representing LaSalle.

Keynote speaker for the event will be Mr. C. J. "Skip" Leabo, assistant director of National Scholastic Press Association and Associated Collegiate Press at the University of Minnesota at Minneapolis, Minnesota.

In addition 24 separate classes covering every aspect of high school journalism will be taught in three class sessions by journalism advisors from throughout the northwest Indiana area.

Student panels, which will be conducted by students from northwest Indiana, will discuss the trials and tribulations of high school publications.

Delegates to the convention will be treated for their efforts with a Pepsi-coffee hour during the 8-9 a.m. registration hour. A sock hop will conclude the day's events from 3:30-4:30 p.m.

'EXPLORER' RECEIVES NATIONAL CITATION

The LaSalle EXPLORER has been awarded a Certificate of Honor, highest national award, in the School Press Project sponsored locally by the Junior Board of the Tuberculosis League.

There were five school papers submitted to the State TB Association from St. Joseph County; in turn, the state judges selected five papers to send on to the national project which is sponsored by the National TB Association and the Columbia Scholastic Press. Four of the five won Certificates of Honor and two of these came to our county. The Penn High School PENN POINTS was the other paper so honored.

Mrs. Faye Nelson, staff advisor of the EXPLORER, and Pat Moon, third page editor, attended the Junior Board meeting on Wednesday, April 20th, where they were awarded the Certificate. The two articles "Pitfalls of Puffing" and "Find TB Before It Confines You" were written by Charlene Ratenski, and "Jobs In Health Work Unlimited" was written by Arlene Cramer.

TB testing has been a program in schools for about thirty-five years. On April 11, the juniors were given tuberculin skin tests. The testing can tell whether a person has the TB germ in his body.

STUDENTS NOMINATED FOR ENGLISH HONOR

Ann Shelley and Miriam Weinstein have been nominated for the annual Achievement Awards Program, sponsored by the National Council of Teachers of English (NCTE).

For the ninth year, NCTE is conducting the national Awards competition to grant recognition to outstanding high school seniors for excellence in English. The writing abilities and literary awareness of each nominee will be judged by local and state committees, and NCTE will announce the winners in December, 1966.

The winners' names will be sent to every U.S. college and university director of admissions, English department chairman, governor, representative in Congress and state superintendent of schools with the recommendation that these students be considered for scholarship assistance. Most Award finalists report that they have been admitted to one of the colleges of their choice, and many have been given direct scholarship assistance.

According to James R. Squire, Executive Secretary of NCTE, the Achievement Awards Program is part of a comprehensive program undertaken by the Council in cooperation with American high schools to encourage improvement in English.

By stimulating interest in English studies and by supporting the improved instruction in English, the NCTE seeks to contribute to an education program of excellence.

DEDICATION POSTPONED

The formal dedication of LaSalle has been postponed until early next fall, but an informal program will be held as soon as the auditorium is completed. The program will be held at an assembly for the student body, and will be a formal recognition of the completion of the building. The Glee Club and the Band will take part in the program.

SCHOOLS PLAN CAMPAIGNS

SAFETY CHECK LANE CONTEST OFFERED

LaSalle is participating in the biggest Safety Check program ever to take place in South Bend. The other eight high schools in the South Bend area are also participating. Each school will have a program of its own, and the school judged to have the best program will be awarded one thousand dollars in cash. Other schools will be awarded monetary awards on the basis of the judging.

Mr. Moriconi, an industrial arts teacher at LaSalle, is directing the program here. Paul Sovinski will serve as the Student General Chairman and will coordinate the three committees: Patrick Moon is the Public Relations Chairman, Jim Lowe is the Check Lane Chairman, and Valerie King is the Award Entry Chairman. Each of the chairmen will lead committees of interested students. Sergeant McDonald of the South Bend Police Department will advise the students on the program.

Plans have already been started for the campaign at LaSalle. A dramatic display of a wrecked auto is being planned to illustrate the dangers of automobile defects. A poster contest is being planned to include art students from LaSalle and the feeder schools in this area.

An assembly will be presented to the student body to start the program, which will begin on May 2 and run through May 20. Other forms of publicity are being planned by the Public Relations Committee.

The Check Lane Committee will be given a list of ten points on which to check the cars and trucks. If a vehicle has one or more defects, the car will be rejected until the defect has been corrected. The percentage of cars that return after having defects corrected will aid our school in the judging. Sergeant McDonald will assist the students at the Check Lane.

The Award Entry will consist of a scrapbook prepared by the committee. The scrapbook will have a picture summary of the program presented at LaSalle. A contest is being planned for the best cover design of the scrapbook.

The program is sponsored by the Auto Industries Highway Safety Committee and LOOK magazine with the cooperation of the Association of State and Provincial Safety Coordinators. A committee of involved citizens will judge the program.

Under the direction of Mr. Moriconi, the auto mechanics shops will make minor repairs on defective autos. These autos can then go through the Check Lane again and be approved immediately. Parts can be bought by car owners and brought to the shop where they will be placed on the car free of charge.

Join the Circle of Safety: Check Your Car---Check Your Driving---Check Accidents.

Lonnice Robertson was injured recently during warm-up exercises for track practice. After treatment he was returned home. A knee injury will keep him from athletic participation for about 3 weeks.

Pictured here are the Safety Check chairmen and their advisor. From left to right: Patrick Moon, Valerie King, Mr. Moriconi, Paul Sovinski, and James Lowe.

Junior Named Honor Student

Marcia Katz, a junior, has been selected an Indiana University Honors Student in French, and she will spend eight weeks this summer studying in St. Briec, France.

Each year Indiana University sponsors such a program for French, German, and Spanish students. Approximately thirty students are selected for each program. Students are selected on the basis of merit only, with no regard for race or religion.

Marcia will go to Indiana University on June 10 and will have an orientation. The following day, she and the other honor students will fly to Luxembourg and will then journey to St. Briec.

Anyone is eligible to participate in the Honors Program so long as he or she is at least a sophomore in his fourth year of a language, or a junior in his third year of a language. Candidates are tested first, then applications are filed, and finally, Honor Students are selected on the basis of an interview.

Students who receive grants-in-aid to help pay for the program, receive these grants on the basis of need rather than merit.

New Honor Roll Adopted By City

A new honor roll system has been adopted by all city high schools. It will be computed by IBM machines. This system will be in effect for the end of this grading period and for the last one. Any student with 14 points (whether he takes 4 or 5 solids) will be eligible. However, this student must be in good standing with the school. He may or may not have one L. No student with 2 C's will be eligible and no D's or F's will be accepted.

NEWS BRIEFS

Last Wednesday, principals from the LaSalle feeder schools visited LaSalle and had a luncheon here with Mr. Nelson. They toured the building also.

Mr. Ellie Hassan, sportsman and publicity man for the Harlem Globe Trotters spoke this morning about his experiences with the Trotters and presented some ideas on good sportsmanship.

Students are not to remain in the building after the 3:15 dismissal, unless they have special obligations to various activities. Students are to wait for the bus outside.

GYM CLASSES BEGIN

For the duration of this year swimming and gym will be held for students in these classes. On Monday, April 18, gym classes started at LaSalle. Boys are to enter on the northwest side of the gym, using the corridor by the lunch room. Girls will continue to enter on the northeast side of the gym, using the corridor by the court.

Editorial

EMINENT COMMUNICATION

Dear "Explorers,"

The time is ripe for me to make my debut as the lump of coal in a diamond display. It is about time that someone said something about this school besides, "Keep it clean." or "Support your Lions." To quote the eminent philosopher, Z.X. (short for Zeke Xavier) Smith, "Life is not a bowl of cherries."

There is something wrong here. That is normal, but what worries me is the fact that no one cares. Juniors are sitting in four or five classes a day being bored to death, but not even thinking that they won't be very well prepared for college at that rate. Freshmen are planning to take Chinese I, "if they offer it when I'm a junior". Sophomores must be complaining about an issue or two, too. NOBODY does anything about it. What can kids do about the problems they complain about? They can put a petition before the student council to form a curriculum committee; they can talk to their counselors about the problems; they can ask their parents to join a parents for better education group. These are only suggestions. If one hundred students talk to their counselors, the counselors will run out of excuses. Maybe the administration will stop ignoring the problems and let the kids begin to run some of their activities. Some kids do have enough brains to organize programs (they don't waste their time by writing to the newspaper). Maybe by the time I graduate (in 1973) students will once again be thought of as homo sapiens.

I ought to apologize for sounding like a member of Students Wildly Indignant About Nearly Everything. However, I know that there are problems that need solving at LaSalle; and I hope that this will wake a few of the bored students up.

Praise the Lord and pay the gym fees! I hope someone else SENDS their pet peeves to the EXPLORER. I do not like to be a misfit all the time.

Sincerely,
Zeke Xavier Smith

REHEARSE MUSICAL

"Around The World In Eighty Days" during first and second hours and was originally scheduled for three days during homeroom in room 111. Many at Jackson and three days at LaSalle. of the Glee Club students have tickets. Since the auditorium here is not to sell also.

In the following weeks, all rehearsals will be at Jackson, except for dedication. The play will be presented one at Washington. Many rehearsals at 8:00 P.M. on May 5, 6, 7, 9, 10, called for just LaSalle's scene, but and 11. Tickets are one dollar each. participants from LaSalle must travel. They can be obtained from Mr. Vogel to Jackson.

EXCHANGE

If teenagers drive, and if they live long enough to let the law of averages catch up with them, they can expect:

1. One moving violation ticket every 9.2 years.
2. A serious moving violation ticket every 9.2 years.
3. A negligent property damage accident costing over \$100 once in every ten years.
4. An accident involving a non-fatal injury every 68 years.
5. To drive 16,000,000 miles before having a fatal accident.
6. A parking ticket every two years.
7. A reckless driving ticket every 69.5 years.
8. A speeding ticket every 15 years.
9. To drive 9,357 miles a year and 1,400 miles on vacation.

Riverview H.S.
Sarasota, Fla.

HONOR ROLL CORRECTED

In the last issue of the EXPLORER a mistake on the honor roll list was made. Mary Hafron was recorded as having 4 A's and 1 B when she actually received 5 A's.

SPOTLIGHT ON INDUSTRIAL ARTS

Our school is very fortunate to have a well staffed and equipped Industrial Arts Department. In our department we have three very qualified teachers, Mr. Kindt, Mr. Moriconi, and Mr. Bodle.

Mr. Kindt received both his Bachelors and Masters degree from Ball State Teachers College. He teaches in the area of drafting and wood-working. Every day the sound of lathe and sawing equipment fill his department. A recent project and an asset to our Dedication Ceremony was the boat made for "Around the World in Eighty Days."

Mr. Moriconi, our machine shop teacher, is a graduate of Indiana State College. His classes at the present moment are making small tools while getting a better view and experience in operating the various types of equipment. The machinery in the shop values at a price of approximately \$100,000 and 1/3 of it is yet to be delivered. Another present project is the Safety Check Program.

Mr. Bodle graduated from Ball State Teachers College. He would like to go into guidance and administrative guidance in the near future. The equipment in the department of Electronics and Auto Shop is valued at \$15,000. Complete garage facilities are there. Students in the auto shop are presently working on their own cars.

We should be privileged to take an active part in these classes and to have these industrial arts teachers guide us through this phase of education now and in the distant future.

SESQUICENTENNIAL
YEAR CELEBRATED

This year, our state has attained an honor that we can look to our heritage and see the vast array of events that has given it this distinction. Our state of Indiana in 1966 marks its Sesquicentennial year. President James Madison approved the resolution for admitting the state of Indiana into the Union on December 11, 1816. It was the 19th state to be admitted to the Union.

The main part of the celebration will take part between April 19, 1966 and December 11, 1966. Everyone is asked to participate in this very worthwhile and rewarding event. This will be brought to the attention of the people by means of various programs, projects and publicity throughout the state. Some of the various features are as follows:

The history mobile being prepared by the Indiana Sesquicentennial Commission will visit St. Joseph County. Our local museum has been asked to contribute to this project.

April to mid-October Vincennes, trail blazer railroad will take individuals on an hour tour of the rich and history bearing story of this old French outpost of Revolutionary war days.

May 13th and 14th, Bloomington "Little 500" week-end on the University campus for all bicycle enthusiasts. There will also be a Cream and Crimson football game at this time.

All senior high government classes will also have a 2 to 3 day classroom study of our state and its many early leaders who have helped envelop it to a beautiful land and a statehood to be proud of.

As we think back to those early days of December in the year 1816 we can be proud to see ourselves now as an American Citizen and a member of our respective community in this wonderful state.

From left to right: Mr. Bodle, Mr. Kindt, and Mr. Moriconi -- the members of LaSalle's industrial arts department looking over some of their equipment.

Vacation Brings Fun Rest

Following the farced closing of LaSalle High School last week due to uncontrollable mice raids, students found themselves with a week of freedom to enjoy. Our reporters on the scene managed to catch the following remarks on the activities of LHS students during spring vacation.

CANDY OEHLER - "I went to the Marquette School Carnival and regressed for an hour or so, bowled with some friends, and spent two days

in Chicago spending my clothes allowance. I came home penniless, but satisfied."

JIM PHEND - "I laid around and soaked up the beautiful weather we had!"

CHERE SPARKS - "I went to a slumber party, helped my mother clean house, played cards, went downtown, took a trip to Logansport, and talked to my friends on the phone. I didn't do anything."

MIKE THAR - "While most of my time was spent confined to quarters by the rain and snow, I enjoyed the warm weather in northern Alabama. I spent my time with friends and soaked up the 75-80 degree weather. Swimming was a lot of fun too."

JAN KUEHL - "I stayed up all night at a slumber party and slept the whole day afterwards. I also went to a carnival and bought a baby blue balloon, peanut brittle and a huge sucker."

JIM MAZURKIEWICZ - "Spring vacation was a time of total relaxation for me. It was a long awaited time to just mess around and put school work completely out of my mind, and that's just what I did."

STUDENT WRITES PLAY

Mr. Lewandowski's second hour English class recently enjoyed a two-act skit, "The Different One," written and directed by Karen Boyles, a member of the freshman English class. The theme of the skit centered around the idea of the person of today who tries desperately to be different but is literally smothered.

The cast included: Bill Lile as Tom Wilson, a quiet but out-spoken husband; Marianne West as Jan Wilson, an overly protective, talkative mother; Greg Gornes, the attending physician; Karen Boyles, the young girl who wanted to be different and help people but did not succeed; and David Fodroczi, the narrator.

COURT SELECTED

The Junior prom court was selected recently. Members of the court will be named in the next issue of the EXPLORER.

CLERK ADDED

A new member has been added to the LaSalle staff. Mrs. Cecilia Swanson is the new clerk in the Book Store. She has never worked in a school before. She was graduated from a South Bend high school.

FRENCH

Dear Diary,

'Just a quickie to get you up to date with all the doings 'round dear ole' LaSalle since the Easter Bunny hopped by. Speaking of one of my imaginary friends, did you know that MICKEY BICKEL and DAVID GARDNER have joined the ranks of BATMAN pretends? After viewing him for four hours - perhaps I would too!

Say, do you suppose the members of the JUNIOR CLASS can bake cookies as well as they sell cookie sheets? Speaking of the "JUNIORS" --- weren't they brave souls when they got stuck in the arm to see if they have "bugs" which cause a certain illness?!

'Tis said that SCOTT BREWER had blisters on his feet for days after winning that dance contest at the "COOP". Wonder who his partner was? Only identification known - "she wore a yellow hair ribbon."

'Flash! DENNIS MARTIN will gladly (?) dry dishes for his friends so they can get a-going!

Nothing new under the sun? Oh yes, but there is! The EXPLORER Staff is gonna have a HOOTANHOLLER! That's a new twist for a Hootnanny. Then too, JIM LEVINDOFSKE snacks on Tootsie Roll Pops in English class. Wonder if they were from the "Bunny"?

THINGS THAT NEVER HAPPEN
TERRY CODDENS studying for tests.

MR. HAWKINS passing up the chance to give tests.

Accidents in Chemistry -- oh no! MISS HATT not giving homework. TERRY MARTINOWICZ always on time.

'Did you ever hear it said that this column was as necessary to THE EXPLORER as Cheese is to Pizza? Neither did I.

Au revoir,
FRENCHY

JACKSON BEGINS QUILL AND SCROLL

Nine members of both the Jackson yearbook and newspaper staffs have been elected as charter members of the Jackson chapter of the Quill and Scroll, an international honor society for high school journalists. The society is open to juniors and seniors who have done outstanding journalistic work and are in the upper one third of their class.

Those members elected are: Roberta Ford, editor of the yearbook; Susan Kennedy, editor of the HICKORY; Patricia Danielson, newspaper circulation manager; Chris Mahnke, news editor for the newspaper; James Hewitt, photographer; Clara Crowder, newspaper business manager; Keith Klopfenstein, newspaper sports editor; Greg Stevens, yearbook sports editor; and Mary Marsh, feature writer for both the school paper and the high school page of the Tribune.

The Mishawaka High School chapter conducted the initiation of the new charter members at a formal ceremony in the home of Mrs. Lois Claus, faculty sponsor for both Jackson publications. The Jackson group will be in charge of holding a press dinner for staff members and their parents, a bus trip to Valparaiso University for the Journalism day to be held there, and the Jacksonian autograph party at the end of the year.

LHS HOST FOR CITY-WIDE COKE PARTY

Band Competes at LaPorte

LaSalle's band won an "Excellent" rating in a contest on Saturday, April 16 at the LaPorte High School. The contest had bands from high schools in the northern half of Indiana participating.

The LHS band left at 3:00 on Saturday in order to hear some of the other bands play. LaSalle competed in the Class A division, which consists of schools having between 750 and 1500 students attending. There were 20 school bands in this division.

Our band played three selections: "Semper Fidelis" march, "Overture for Winds," and "The Scythian Overture." Our band competed under great odds since half of the members are freshmen and none have uniforms.

There were three judges who rated the bands in each division from one to five, depending on their performance. Dinner was served in the cafeteria, and the LHS band played at 8:30. In addition to the above-mentioned pieces, the band also had to play two pieces they had never seen before.

Junior Prom Plans Made

May 13 has been set as the date for the Junior Prom, to be held in the recently completed gym. Decorations will harmonize with the theme, A Whisper of Spring. Kenny Morris and his band will provide the music for the first prom in the history of LaSalle High School.

To make the prom a success the committee heads need everyone's help. Each and every person in the class can help, not only by working on the different committees but also by attending. Approximately 100 couples must attend to provide for at least a partial success and to enable the class to pay the accumulated bills.

Timewise, the prom will start at 8:30 and terminate at midnight. The dress for the prom will be party dresses and moderate heels, no spikes or metal caps, for the girls. The boys may wear white dinner jackets if they like, although suits or sport coats are recommended. No heel plates on shoes are allowed.

The five couples for the court will be selected entirely from and by the junior class. Two girls and two boys will be elected from each of the six junior homerooms making a total of twelve girls and twelve boys on the first ballot. From these people the class will select five girls and five boys to be on the court. Ballots will again be distributed, and the Prince and Princess will be chosen from the names listed.

Inter-city members of the Future Teachers met in the LaSalle library for an informal coke party. There were approximately 125 persons there.

CHARLES PFLEEGER SPEAKS AT MEETING

LaSalle was the host for a city-wide coke party sponsored by the Community Education Association on April 13. All branches of the Future Teachers of America were well-represented, with a total of about 125 people in attendance.

The formal meeting began at 4:00 in the library with refreshments provided by the members. Following the refreshments, Mrs. Heritage and Mr. Nelson greeted the guests and gave a brief history of the school. They also told of the difficulties involved in starting an organization in such an unorganized situation.

Mr. Kosana spoke of the advantages and disadvantages of pursuing a teaching career, and of his own experiences. The attending student teachers, exploratory teachers, and their co-operating teachers then introduced themselves.

Present was Charles Pfleeger of Adams High School, a state vice-president of the organization. He discussed the upcoming plans on the state-wide scene. A complete constitution revision is now taking place.

Coming up on April 30 will be the state convention in Indianapolis. The program for that day will begin with a mixer in the North Central High

School auditorium. The election of Mr. and Miss Future Teacher and the state election campaigning will then take place. The scrapbook award and entertainment will fill up the rest of the afternoon. The program will then be closed by Dr. Robert Batchelder, National Education Association President.

Each of the presidents then introduced school officers and spoke of his club's activities during this school year.

Miss Patricia Barcza, sponsor of the Central Future Teachers group, spoke of her experiences during her first year of teaching. She reviewed the Future Teacher qualities that must be learned before beginning to teach a class. These qualities were stamina, common sense, intelligence, stability, compassion, and a sense of humor. She explained that she had found uses for each of these qualities during her year.

The meeting ended with a tour of the building. Each group was guided by a LaSalle Future Teacher. The guests were shown both floors of the school, including such spots as the gymnasium and the natatorium.

Future plans for LaSalle's Future Teachers group will include a trip to the area convention at Ball State University on April 22. Also in the planning stages are a car wash and a bake sale.

The club also plans to offer its assistance to teachers at LaSalle for grading papers and to help in the children's ward in a city hospital.

LaSalle Nine Stumbles Twice

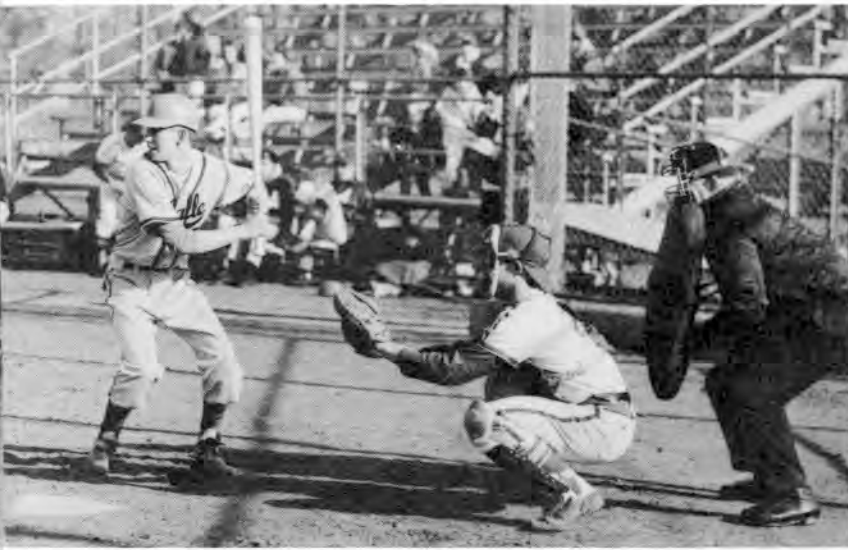

ADAMS CRUSHES LASALLE 18-0

The LaSalle Lions received a beating from the Adams Eagles at Bendix Park last Tuesday. The Eagles scored in every inning but the first, and beat LaSalle 18-0. Bob Storm banged out five hits including a double as the Eagles ripped through the Lion defense. Storm was the winning pitcher and Tom Strychalski the losing pitcher for LaSalle.

TIGER RALLY NIPS LASALLE

The Jackson Tigers spotted the LaSalle Lions three runs in the third inning, and then rallied from behind to upset the Lions, 4-3. This was the first win for the Tigers and the second defeat for the Lions.

Winning pitcher Dennis Parrish rapped two doubles and knocked in three runs. Tom Strychalski suffered his second pitching defeat.

PLAY BALL -- The Lions began their baseball season by trying to keep warm while they waited for their turns at bat. Swinging a bat just created more cold winds.

LaSalle Honors Winter Sportsmen

MIDSHIPMAN SPEAKS ON U.S. NAVAL ACADEMY

Before spring vacation, Midshipman Douglas May of the United States Naval Academy spoke to boys interested in attending Annapolis. He stressed the fact that this type of higher education is intended for military career men. The aim of the U. S. Naval Academy is "to develop midshipmen morally, mentally, and physically and to imbue them with the highest ideals of duty, honor, and loyalty in order to provide graduates who are dedicated to a career of naval service and have potential for future development in mind and character to assume the highest responsibilities of command, citizenship, and government."

Candidates for admission to the academy must: (1) meet general eligibility requirements, (2) obtain a nomination, (3) qualify scholastically, (4) qualify medically.

A candidate's previous academic record and his performances on required college entrance board examination tests are the factors used to determine scholastic qualification for admission. The results of any college board that a candidate takes to qualify for the Naval Academy are applicable to all nominations which a candidate may hold. There are two methods of qualifying scholastically: the examination method and the college certificate method.

Every midshipman must take the "core curriculum" plus a selected minor. The core curriculum is designed to give the midshipman the essential education in science, engineering, social science, and humanities and naval service that he will need to perform effectively as an officer in the Naval Service.

Midshipmen compete against top-flight teams in 21 varsity sports. In addition, organized competition is provided in 24 intramural sports. Athletic facilities are extensive and modern. Midshipmen are expected to participate in sports for the development of their character, physical fitness, and mental well-being. Even so, they are not expected to be of varsity caliber.

The amount of personal freedom and privilege granted a midshipman varies directly with his seniority and the degree of his authority and responsibility.

HEADLIONS

There is a world where time runs backward, and everything as we know it is reversed. We've been calling it Monday morning. Such was the universal feeling as we returned to LaSalle hoping maybe the week would get better.

Spring, 1966, is standing in the wings ready to go on--that is, unless a final impromptu snow storm sneaks in to grab the act. With the coming of spring, "new" sports arrive at the scene. With the turf still soft and squidly under foot, players prepare for the track or baseball seasons.

The Lions were friendly players on

opening day. They were put out of their baseball opener quickly, and with Bob Storm pitching superbly for Adams, never threatened.

It was the Eagles who were savage. By the time they finished assaulting the Lion pitchers, Adams was credited with an 18 to 0 shutout.

But this incident isn't to be taken lightly or humorously. As a first year club, LaSalle shows potential. The Lions show courage and stamina by playing experienced, varsity competition. The players should be congratulated for representing LaSalle in

by Paw

sports; I'm sure the student body vigorously recognizes, supports, and thanks Mr. Hoeval and Mr. Thompson for their diligent work.

With the invasion of spring, track also emerges onto the spring scene. Although they haven't had prosperous success, they pick up valuable pointers and experience from other fellow athletes. But time will tell the season.

If you really believe that you can do something, you are right. This responsibility also rests on the student body. Coming are numerous athletic events. Make sure you support them.

STUDENTS, FACULTY HONOR LHS ATHLETES AT FIRST ASSEMBLY

On Friday, April 15, LaSalle High School had its first all school assembly. It was an Athletic Awards Assembly in the newly completed gym. At the Awards Assembly basketball players, wrestlers, and swimmers received their letter sweaters. Also at this time football players were awarded chevrons for their letter sweaters.

Mr. Lewandowski was the master of ceremonies.

The Lettermen are listed below:

BASKETBALL	SWIMMERS
Ayers, John	Levindofske, Jim

Lee, Billy
Karasiak, Ben
Bingham, Everett
Sims, Tony
Heyde, Tom
Hotel, Larry
Chimelewski, Paul
Shelley, Tom
Martynowicz, Terry
Paul, Bob
Walkiewicz, Gary
Meehan, Tim
McCue, Patrick

Trackmen Winless In Three Attempts

Dave LaRoche won three events and Darrell Seering two to lead Rolling Prairie to a 71 1/2-46 1/2 dual track triumph over winless LaSalle on April 15 at Clay field. The Lions have lost three straight. LaRoche took the 100 and 200 yard dashes plus the broad jump. Seering captured both hurdle races.

LaSalle High School's first effort at track proved a losing venture on April 5 at School Field when the Lions absorbed a 75-39 defeat at the hands of the LaVile Lancers.

Terry Meehan was LaSalle's only winner as the Lions bowed 91-27 to Jimtown in a dual track and field meet at Jimtown April 12.

STUDENTS STOP ONLY WHEN CAUGHT BY CAMERA -- Our cameraman catches students studying hard, eating well, and enjoying special highlights of the last few days. The pool is now in use, and a very enjoyable program was given by Miss Julia Botet, St. Mary's College student. Miss Botet presented a group of folk songs, including Cuban, Spanish, and Afro-Cuban, for Mr. Correoso's Spanish classes. Glee Club members were invited guests, also.
