HE IS A LIAR

https://en.wikipedia.org/wiki/False_or_misleading_statements_by_Donald_Trump

Former Trump administration national security adviser John Bolton was thoroughly unimpressed with Donald Trump's last-minute presser at Mar-a-Lago, criticizing him as a man so dishonest that he can no longer perceive the difference between the truth and his lies.

"It's not that he lies a lot because to lie, you have to do it consciously. He just can't tell the difference," Bolton continued. "So, he makes up what he wants to say at any given time. If it happens to comport with what everybody else sees—well, that's fine. And if it doesn't comport with anybody else, **he doesn't really care**, and he's had decades of getting away with it.

HE IS NOT THE MORAL LEADER OF THE COUNTRY

He sleeps around while married
He was convicted of sexual harassment
He brags about sexual abuse
He cheats

"While it is not a requirement for the President to be a moral leader, many argue that it is important for the President to possess moral qualities such as **honesty, integrity, and empathy**. A President who demonstrates moral leadership can set a positive example for the nation and inspire trust and confidence among the citizens. However, it is also crucial for a President to have political and strategic skills to effectively govern the country, as being a moral leader alone may not guarantee successful leadership."

HE CHEATS

He cheats and was convicted of cheating by a jury of his peers. His company was convicted of cheating and a company executive was convicted of lying under oath. **It was a JURY OF EVERYDAY PEOPLE just like you and me, who found him guilty.** This had nothing to do with Biden.

Do not vote for convicted felon (for cheating) and whose company cheats as well.

HE LIES ABOUT CRIME

This what he said: “Four years ago, I told you that if crooked Joe Biden got to the White House, our borders would be abolished, our middle class would be decimated and our communities would be plagued by bloodshed, chaos and violent crime,” Trump said in a speech last month at the Conservative Political Action Conference. “We were right about everything.”

This is what the FBI said: Violent crime dropped by 11% in cities with populations of 1 million or more, according to FBI data, while murders dropped by 20%, rape was down 16%, and aggravated assault fell by 11%.

HE DOES NOT BELIEVE IN CLIMATE CHANGE

WASHINGTON—President Trump said Monday that he doesn't believe the central finding of a report released last week by his administration that global climate change could cause U.S. economic losses of hundreds of billions of dollars a year by the end of the century.

<https://www.wsj.com/articles/trump-says-he-doesnt-believe-climate-change-reports-economic-predictions-1543269363>

In 2012, he famously said climate change was "created by and for the Chinese in order to make US manufacturing non-competitive" - something he later claimed was a joke.

HE IS NOT IN FAVOR OF WOMEN'S REPRODUCTIVE HEALTHCARE – ABORTION

Trump has claimed credit for overturning Roe v. Wade. Last May, almost a year after the Supreme Court's decision, he posted on Truth Social that "After 50 years of failure, with nobody coming even close, I was able to kill Roe v. Wade, much to the 'shock' of everyone."

<https://thehill.com/opinion/campaign/4476670-with-trump-the-future-of-reproductive-rights-is-on-the-ballot/>

The chaos in reproductive healthcare is a direct result of McConnell and Trump. McConnell denied Obama a Supreme Court nominee due to a "nearby election", and then he reversed his position when an opening occurred in a "nearby and election" permitting Trump another Supreme Court nominee.). This was horrible partisan behavior, outside bounds of honesty.
