

College Night at Dearborn High To Be Presented On October 24

Dearborn's ninth annual College Night will be held this Tuesday, October 24, 1967, at Dearborn High School, from 7:30 p.m. to 9:45 p.m.

Twenty-five Representatives

Representatives from twenty-five Michigan colleges and universities, some out-of-state institutions, one American university of a foreign country, and the United States service schools, will be present at the College Night. These representatives will better acquaint the parents and students with the programs offered at their various schools.

Program Set-Up

Three thirty-minute sessions will be held to give the interested students a chance to discuss with the school's representative various information concerning the school's admission requirements, costs, programs offered by the institution, and other important matters.

All Invited

Seniors (sophomore and junior students are welcomed also!) are invited to attend this important event to get the needed information that will eventually lead to their final college selection.

The purpose of this program is to aid the college bound students in making a wise selection of their prospective college. The college representatives will be glad to answer questions that the student and his parent might have.

This event is sponsored by the Parent-Faculty Association of Dearborn High. Anyone requesting further information concerning College Night, should call Chairman, Mrs. Richard

Martini, LO 1-1264, or Co-Chairman, Mrs. Fred Brandenburg, LO 3-0240.

Congratulations to Our Semifinalists

N.M.S. semifinalists are (from left to right) Mike Malizia, Mark Piegza, Dave Hardesty, George Spooner, Heather Cook, and Mike Harris. Absent, Bill Pine.

Edsel Ford is proud to announce seven students as National Merit Scholarship semifinalists. These students are seniors **Heather Cook, Dave Hardesty, Mike Harris, Mike Malizia, Mark Piegza, Bill Pine, and George Spooner.**

The qualifying score in Michigan was 141. Each student who earned a score of at least 134, but lower than 141, will receive a letter of commendation.

Pep Assembly for 10B's

October 27, sixth hour, the 10th grade class will be guests of the cheerleaders and Presidents Council at a pep assembly. The assembly,

which is under the supervision of Mrs. Bieniek, the cheerleading sponsor, will be held in the gymnasium before the football game between Edsel Ford and Dearborn High.

Each Club Represented

The program will be divided into three sections. Each section will be devoted to either the service clubs, educational clubs, or athletic organizations. A representative from each club will be present to explain the activities, purpose and qualifications of the club.

Cheers Demonstrated

Between the three portions of the program, the cheerleaders will demonstrate cheers, teach chants to the crowd, and dramatize through prepared skits (the latter being strictly for entertainment purposes).

A major part of the program will be competitive cheering between the sections of the gym. The sophomores will receive some help from the senior members of the varsity club who will act as ushers for the program.

U. of M. Conference Attended by Council Members Monday

Five Edsel Ford Executive Council members will be attending the Michigan Association of Student Councils Conference, Monday, October 23, in Ann Arbor, Michigan. This conference is sponsored by the University of Michigan. Representing Edsel Ford will be **Cathie Johnson, Janet Johnson, Karen Kitzmann, Blair Kooi, and Eulaine Pittinger.**

The conference will consist of a general assembly and small group sessions. All discussions will be concentrated on two areas, the first of which will be the general philosophy of citizenship in our society. The second area will include specific and current issues confronting student council leadership within the schools.

The seminars will be conducted by staff members of the University of Michigan and participants of the summer leadership workshops, which the Edsel Ford Executive Council officers attended. The representatives being sent from our school hope to gain some new understandings and helpful information from fellow council members around the state.

Music Assembly Planned

Once again the time has come for students to strain their vocal chords, put on their dancing shoes, and begin practicing for "A Walk On Broadway."

This year, on November 15, students from Edsel Ford will present an assembly for the student body. The assembly will feature music from famous Broadway musicals and academy award winning songs.

Auditions Held

Approximately two weeks ago, auditions were held for those who wished to perform at the assembly. Some of the featured numbers selected include a solo from **Fiddler on the Roof** by **Linda Marley, 12B**; a trio including seniors **Joanne Black, Debbie Breckle, and Linda Marley;**

and a duet from **West Side Story**, performed by **Don Schumacher, 11B,** and **Charleen Moravec, 11B.** Also performing will be the Vocal Ensemble featuring **Eric Vanderhaagen, 12B; Janice Graham, 11B,** singing a song from **West Side Story;** and **Sandy Slaven, 11B,** doing a dance interpretation.

Committees at Work

The assembly will be completely planned and directed by students. The chairman for the assembly is **Mark Sawyer, 12B.** Other committee chairmen include **Gary Johnson, 11B,** settings, and **Linda Marley, costumes.**

Still needed for the assembly is an instrumental ensemble. Any students wishing to audition, report to the music room by November 1st.

High school grades, accomplishments, leadership qualities, extra-curricular activities, and school citizenship are also evaluated, in addition to test scores, in selecting the winners.

Names of the Merit Scholars in the 1967-68 program will be announced by early May 1968. Good luck to all the semifinalists!

Stratford Bus Trip a Success

Well, they went! ! E.F. juniors and seniors, 107 of them, boarded the bus at 8:30 a.m. on Wednesday, October 11. Their destination—Stratford, Ontario, three and a half hours away.

Three and a half hours of laughing, knitting, talking, and sleeping until the three busloads arrived at the Shakespearian Festival.

The play, **Richard the Third**, started at 2 p.m. and was followed by a question and answer period. By 7 p.m. the buses were loaded and ready for the trip home. A weary but still laughing group arrived back at Edsel. Mr. Brown's comment when they arrived home, "Start saving your money for next year."

Editorial

Participation & Appreciation Also a Part of School Spirit

School spirit is probably one of the most controversial subjects at any high school. Everyone talks about it, we all agree that we want it, but no one can say for sure what it actually is.

Actually, school spirit takes many forms. Almost all of us have it in one form or another. School spirit is not only the cheering we do for our team, but it is also the pride that we feel when we say we are from Edsel Ford. It is the special feeling we get when we hear the Alma Mater played, or when we sing our victory song after a touchdown.

Probably the best example of school spirit was shown just a few weeks ago at our Homecoming. Although we had only a very short time to prepare for it, we all helped make it one of the best we've ever had. It was this display of school spirit that made each class and club strive for the best float, pushed the football team to work for a great victory, and gave the whole school enthusiasm to cheer the team after our victory.

Your school spirit can be shown now when you join a club at school, voice a worthwhile suggestion to the Executive Council, or even when you care enough to look into the courtyards and appreciate what a beautiful school we have.

There is no doubt that school spirit exists at Edsel Ford. It exists at the games, our class council meetings, and even at a girls intramural game as the teams fight it out with field hockey sticks. If you still aren't convinced of this liberal "definition" of school spirit, just see if you don't get a special feeling the next time you say, "I'm from Edsel Ford."

Student Dress is Controversial

School dress has been a controversy that won't be solved in an easy manner. With the new and flashy fashions coming in, such as hardware, it's hard to define what goes against the school code of dress when there is nothing stated about a particular area.

I remember a few years ago when girls went to the store and bought a skirt, took it home and shortened it. Today, to be within Edsel Ford's dress code, when you go home you have to lengthen the skirt. The problems are, however, what is the standard for distraction, what is the accepted length, etc?

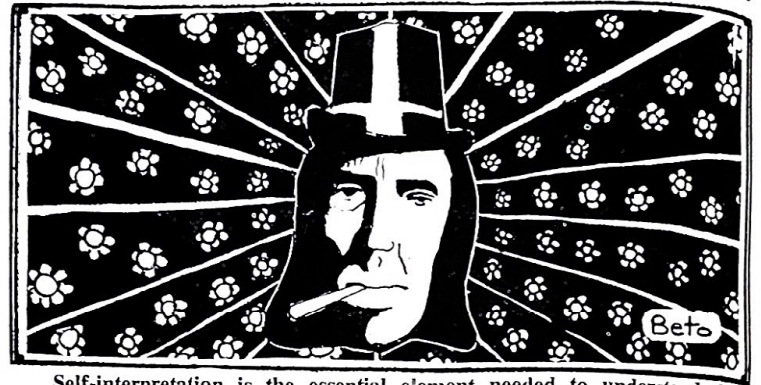

The school has been quite lenient in the matter of hair and make-up. The area that states that unnatural hair color is not permitted should be updated since many of the girls color their hair regularly. Perhaps if the

hair color was an unaccepted color, then a complaint might be in store. But again, what is an acceptable color?

In the area of make-up, the school code states that eye-shadow is not permitted, but since the rule is broken daily by hundreds with no repercussions, perhaps this rule should also be changed to fit the times.

High heels are not allowed, but few would want to wear high heels. This is a female-teacher prerogative. The few square-toed shoes are now the style, with heels being low and chunky.

Student dress at Edsel Ford shows over-all good taste and moderation with the students still in fashion. But shouldn't we have a school dressing code that is current and enforceable?

Self-interpretation is the essential element needed to understand the true and forceful impact behind this work of art.

AWAKE & AWARE

By Janet Ware

A two-foot tower of saucers crashes to the ground, tray after tray of dirty dishes wind their way down a conveyor belt, and twelve plastic dishpans sit in a row waiting to be emptied of their garbage. Sound like a nightmare? It isn't. The name of the game is "Summer Job, 1967," and I'm stuck right in the middle of it.

I began applying for summer jobs early, ready and willing to do anything—and anything is exactly what I got. My official title was dietary aide. I'll let you in on a secret. That's just a polite way of describing a dishwasher who peels potatoes on the side!

My job wasn't at all glamorous, but I'll have to admit it was educational. Where else can a girl learn such useful kitchen skills? I mean, one never knows when the need may arise for 200 cups of black coffee. Or how about 916 cream cheese balls carefully rolled in nuts? I spent an entire afternoon manufacturing those.

I can't say I'm sorry I worked all summer. There's just one thing. All of you who landed the office jobs where nothing but your over-typed fingers got tired—what's your secret?

Feathers

by Eileen Nahina

Congratulations to Sharon Sarkisian, Nancy Schauer, both 12B's, and Eulaine Pittinger, 11B. Sharon, Eulaine, and Nancy were finalists in the Miss Teenage Detroit Contest . . . **Gotta sweet tooth?** If so, the 12A's will be selling mints and chocolate candies in the next few weeks . . . **Next Friday, October 27,** Edsel Ford's vocal ensemble will sing at a dinner at the Dearborn Inn . . . **Seniors!** Remember your pictures for the yearbook are due in the **Flight** office by November 15. Turn them in any Wednesday after school to Mrs. Patouhas in room A18 . . . **An assembly** for the entire school will be held on November 15. With entertainment being based on the theme "Broadway Musicals", the assembly will be put on by the music department . . . **Tomorrow, October 21,** the debate class will attend a debating clinic at the University of Michigan . . . **Well done, Juniors!** Hard and hectic work on the Homecoming float paid off as they took first in the Homecoming float contest.

Clublicity

by Debbie Asquith

FRENCH CLUB

Watch the French Club move!!! At the first meeting on Monday, October 2, at 3:30, elections were held to elect new club officers. The club's new officers are: President, **Barb Cameron, 12B;** Vice-president, **Eulaine Pittinger, 11B;** Secretary, **Joan Woodward, 12B;** Treasurer, **Steve Greenwood, 12B.**

DRAMA CLUB

The Drama Club is planning to usher at Wayne State University's Bonstelle Theater for the play, "The Lark," on November 10. Not only are members new to the Drama Club, but they have a brand new sponsor. She is one of Edsel Ford's newest additions to the English Department, Miss Jane Jennings.

The World In A Flower Pot

By Beth Darwish

If you read last week's paper, which I'm sure all of you did, you might have noticed some very interesting information. The clues: the news was on page one, the ninth paragraph (from the top), or the nineteenth paragraph (from the bottom). It was in the sixteenth sentence, or if you counted differently, the thirtieth sentence, or would you believe the three hundred and sixty-second word? All this nonsense boils down to the fact that there are approximately 1900 students at Edsel Ford.

I have a friend, who has a friend, who has a friend . . . who told me his friend's friend's friend . . . had to eat his (?) lunch on the radiator

because of cramped quarters. I've heard mothers say they wanted a hot lunch for their kids, but this is ridiculous.

Then there's my other friend, who has a friend, who has . . . oh, forget it! Anyway, it's been said some tables have been reduced to intergrated membership. I mean it—both boys and girls—this is radical.

Oh well, I suppose if worse comes to worse, we can always eat in shifts, or we can share chairs, or we can or we can share chairs. How about going on a diet!?!? Just the same, there's this very, very interesting story I heard this story from a friend, who got it from a friend, who . . .

Hard Work & Dramatics Prove a Very Good Pair

Hard work and dramatics seem to go hand in hand. But students from Edsel Ford will have the opportunity to find out that fun also goes along with all the work. This semester, unlike before, there will be two plays the students can work on, the all-school play and the play put on by the National Thespian Society.

Cast Selected

November 9 and 10 at 8 p.m. the curtain in the auditorium will rise on **Ten Little Indians**, ready to give you a thrilling evening. Work is now under way to make this a most successful play. The cast has been selected and consists of many "old hands" along with some new faces. The stage, lighting, and sound crews play a large part in the production. All are learning the trades and skills and are having fun doing good hard work.

Thespian Play Begun

The National Thespian Society Troupe 1408, Edsel's national dramatic club, is starting work on a comedy mystery, **Any Number Can Die**, by Fred Carmichael. Acting chairmen for the committees will be picked from Thespian members only. The play will be held in the auditorium, January 11 and 12, under the direction of **Mark Sawyer**, 12B, with the assistance of **Malory Simpson**, 11B.

Miss Neil Hamrick of the Simplicity Pattern Company's Educational staff will present "Fashion Chemistry" on Monday, October 30. Twenty-three positive reactions will be modeled by EFHS students. To attend, girls need a presign from their counselor or from the homemaking department, B8.

Added Materials Brighten Library

There have been many new changes and additions in Edsel Ford's library this year. New books and foreign language magazines have been added, including those from Germany, France, and Spain.

The library has also obtained copies of the *Unesco Courier*, a United Nations publication, and a newspaper Atlas, with excerpts from world-wide newspapers.

One of the brightest new sights in the library, in addition to the removal of conference room walls and school equipment to allow for more book shelf space, is our new librarian, Mrs. Sandra Cook, formerly a teacher at Whitmore Bolles.

Newest Class at Edsel Shows The Skills Involved in Debating

Debating had never been offered as a class at Edsel Ford, but this year brings just such an interesting course. Public speaking teacher, Mr. Gordon Cochrane, is the instructor.

Debating As An Art

Much is involved in the art of debating. It isn't just the idea of arguing back and forth. It is an organized set of constructive and rebuttal speeches. The constructive speech builds up an argument while the rebuttal speech attacks the arguments of the opposing team.

One team is the negative, or the team which is against the proposal, and the other is the affirmative, or the team that favors the proposal. Referees preside at the debates and they have the final word in deciding which team wins. The judges make their decision on the basis of presentation of the material in the specific time allotted.

Controversial Issue Argued

"Resolved: that Congress should

Boltly Bomb Gartner's '58 Chevy Truck-It's a Big, Green Moving Blob

What is big, green, and really hauls? It happens to be a 1958 Chevrolet panel truck driven by **Bruce Gartner**, 12B. Bruce's machine produces an amazing 130 horsepower from 265 cubic inches—quite a lot for a six. The transmission is the standard G.M. three-speed stick that has all the heavy duty components needed to take rough punishment. The curb weight is 3900 pounds with the whole truck mounted on a half-ton-truck frame.

When it comes to rubber, a beautiful set of oversize whitewalls grace his wagon. Traction is excellent, and this factor recently helped Bruce to wipe a 410 Merc through first and second gears. Other victories have been a 57 V.W. and a 1947 woody, a previous **Boltly Bomb**.

Besides being primarily a utility vehicle, features have been installed such as a radio with rear speakers and a table and lamp. For camping, the rear seat space converts to make

a double bed, and the rear doors open to allow gear to be thrown in.

This truck can also burn through first and bite in second by giving the truck maximum torque and popping the clutch. It has also been known to perform wheel stands reaching eight feet in height! Kidding aside, Gart's truck serves as an all round fun machine for him and his friends.

Someday, if you are confronted with a big, green blob traveling at high speeds, don't attempt to top-end it—unless your machine can do well over a hundred.

Wanted: Penpal For African Boy

Home, sweet home—Tazania, East Africa. Living 12 miles from the nearest post office and speaking Swahili may not seem like home, but it is to many eighth grade children—all of whom desire a "pen friend". The following request from an 18-year-old boy.

Dear pen friend,

I am very happy and pleased to write this short missive to you. My wishes are to know whether you are in good health, as well as to your parents, brothers, sisters, and comrades.

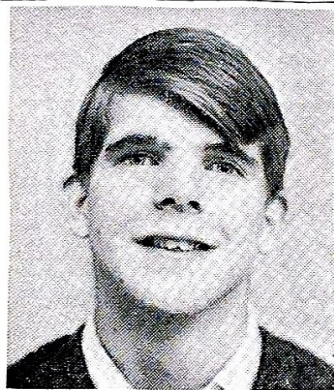

More about me, I am a boy of 18 years old, I am about 5½ feet tall, I'm in Standard eight. I am a Scout, a good footballer and a School Food Store Keeper.

My village is built 4 miles away from the town called Tukuya, the capital of Rungwe District. In my village, people are busy cultivating coffee, tea, bananas, and there are small farms of maize.

I think you will get my picture if I will get an answer.

Anagisy Anelwisy

Bob Nelson, social worker for the children, stated, "In these times of wars, misunderstandings . . . I hope that perhaps we are doing a small part . . . to help bring the world closer together in mutual understanding." A pen pal?

Blair Kooi, 11B

Student Starlight Junior Blair Kooi Leads Busy Life

An Executive Council representative, president of the Lower House of the Hi-Y, and a member of the band, spells out an active life for **Blair Kooi**, 11B.

In addition to his other activities, Blair is one of Edsel Ford's Junior Commissioners. "As in previous years," Blair commented, "I feel that Edsel Ford will again win the Clean-Up Campaign award."

Wins Scholarship

Blair was one of the many Detroit News carriers who applied for the News scholarship. Upon passing the entrance exam, Blair became a finalist. An interview followed and he was chosen to receive a \$500 scholarship.

Enjoys Skiing

Even with his busy schedule, Blair still finds time to enjoy his favorite sport, skiing. He remarks, "I enjoy skiing very much and plan to go up North as many times as I can this winter."

As for the future, Blair plans to attend the University of Michigan to study law.

Edsel Remains Undefeated

The victory beat goes on as Edsel extends this year's winning streak to three.

Ypsilanti fell to the T-Birds 33 to 13, with Edsel scoring in all quarters. **Ted Grignon**, quarter-back, scored Edsel's first touchdown on a run from the nine yard line; Grignon missed the extra point; so the score at the end of the first quarter was 6-0.

Paul Wojewuczki, split end, and Grignon scored on a 45-yard pass play in the second quarter. Ypsi also scored, but they missed the extra point. The score at the half was 13 to 6.

Both Edsel and Ypsi scored in the third quarter. Edsel scored on a 35-yard pass combination that went from

Grignon to **Matt O'Donnell**, wing back.

As the game entered the fourth quarter, Edsel had a 20-13 lead. Edsel then added two more touchdowns in the fourth. The first TD came on a 35-yard sprint by Grignon. **Wojewuczki** intercepted a Ypsi pass five yards back in the end-zone and ran 105 yards for an Edsel touchdown. **Wojewuczki** set a new Edsel Ford record for the longest interception run-back.

The game totals were five touchdowns, three extra points, 112 yards passing, and 203 yards rushing. Also in the passing department there were five pass completions for ten tries.

Edsel set its highest scoring mark against Wayne, 52-0.

Edsel scored in all quarters; 27 points in the first, 7 points in the second and third quarters, and 14 points in the fourth. The touchdowns in the first quarter were scored by **Bob Keyeyian** on a 3-yard run. **Ted Grignon** scored on a 10-yard option play, **Paul Wojewuczki** on a pass, and **Ken Yungkans** on a 20-yard run.

Scoring in the second and third quarters came on a 15-yard run by Grignon and a 9-yard run by **Matt O'Donnell**. Fourth quarter scoring came on a 15-yard pass from Grignon to **John Julian**, and an 18-yard run by **Mike Yuskowatz**.

Varsity Club

Initiates Survive Embarrassment

Since initiate Steve Gee relishes banana creme pie, Varsity Club member, Ted Grignon, assists him in his feast.

If you noticed some oddly dressed boys walking around the school with greased-down hair, wild ties, and white socks, you have just discovered the Varsity Club initiates.

These boys earned their varsity

letters in some sport last year, therefore, qualifying to join the club. This year's crop consists of twenty boys ranging from juniors to seniors. They are **George Spooner**, 12B; **Dick Reed**, 12B; **Jim Shopp**, 12B; **Ken Bankwitz**,

12B; **Dave Baxter**, 12B; **Mike Malizia**, 12B; **Joe Raidl**, 12B; **Frank Pare**, 12B; **Dennis Meyers**, 12B; **Don Burlison**, 12B; **Jim Ford**, 12B; **Mike Krajewski**, 12B; **Joe Trautwein**, 11B; **John Ossenmacher**, 11B; **Larry Buryta**, 11B; **Steve Gee**, 11B; **Doug Ballnik**, 11B; **Jack Gruska**, 11B; **John Sweet**, 11B; and **Pat Watts**, 11B.

Some of the duties of the initiates are painting the goal posts, cleaning out store rooms and the weight room, and taking care of football statistics. Besides working after school, during school hours, they perform embarrassing tasks ordered by Varsity Club members.

The newly elected officers of the Varsity Club are 12B's **Frank Nastase**, and **Mike McCartan**, Vice-President.

Majorettes Work As Season Ends

When you go to the home football games, at half time sit up and take notice; you'll see seniors **Brenda Booth**, **Kim Garwood**, **Mary Kamensky**, **Carol Musket**, **Debbie Sutt**, and **Junior Marion Clough** our "67-68" majorette squad. This summer the squad was busy preparing new routines, for the coming season. "We made up about twelve new routines, among them a cape routine which we will perform at the Dearborn game," said captain **Mary Kamensky**.

Now everyone has a good excuse to keep his eyes open at half-time, to listen and see the new sights and sounds of the E.F. band department.

Promising Year

J.V.'s See Success

Many students have heard about the Junior Varsity, but not many know what the words actually stand for. For one thing, this organization of football players has won twenty games out of the twenty-two played. Now that should be considered fine work.

Coach Pleased

The following was stated proudly by Coach **Jon C. Davis**: "This is a fine team that's off to another winning season. The team is characterized by a very hard hitting defense. I think this is the finest defensive group of boys at Edsel Ford at the sophomore level. The offense is led by the

quarterbacking of **Gary Schauer**, and supported by four good running backs, **Andy Olinik**, **Joe Maltese**, **Bryan Larsen**, and **Frank Pantoni**. The defensive unit is spearheaded by linebacker and defensive captain **Gordon Luchonok**."

Team Winning

Their first game last week was against **Livonia Bentley** which the JV won with the final score 13-6. They also beat **Ypsilanti** by a score of 33-0.

With Coach **Davis**, the team, and the help of **Mr. Evans**, this year certainly looks like a successful one for the Junior Varsity team.

A special one-half student rate again will prevail at all home games of the Detroit Pistons, general manager **Edwin E. Coil** has announced.

Students may purchase a \$2 reserved seat for \$1, merely by presenting their I.D. cards at the Pistons' box office at Cobo Arena prior to each game. Adults, accompanying students, may purchase adjacent seats by paying the regular price.

The \$1 rate for students also will apply in the balcony.
