

# Grignon Number 1

It all happened the day before the All Sports Banquet. The head football coach, John C. Davis, received a special registered letter stating that Teddy Grignon had been selected for the number one spot on the Class 'A' All-State Football Team, an equivalent to that of being an All-American in college. This is the first time in the history of Edsel Ford, as well as in the city of Dearborn, that a number one, all-state selection has been made.

Last week, Ted, with Coach Davis, attended a dinner held in his honor at the Sheraton Cadillac Hotel, where he was presented a plaque by a Detroit News representative. Also attending the dinner were the other ten players that make up the rest of the All-State Team.

Along with this award came recognition from a couple of colleges. A couple did I say? Western wants him, Eastern wants him, University of Michigan wants him, Michigan State wants him, and Bowling Green would love to get their hands on him. Ted has visited all of these schools with

the exception of Bowling Green and Eastern, but he has not made any commitments yet of where he will use his talents.

If anyone asks you why Ted was chosen for the award or why he is so great, just tell them that out of the 30 touchdowns scored this year, Ted scored 26 of them either by running with the ball or passing.

Coach Davis is extremely pleased with the outcome of Ted's high school football career and had this to say: "I'm very happy for Ted. I can't think of anyone who deserves it more!" Coach Cornell contributed this statement: "It was a justifiable award, and there isn't any big head about him. I think that's why just about everyone likes him."

Ted Grignon, 12B, honored the school by earning state football award.

## 'White Christmas' Dance To Be Sponsored by Hi-Y

"Santa Claus is coming to town . . ." is the familiar tune heard around town this time of the year, and another familiarity is the annual Hi-Y Christmas Dance.

### Buy Your Tickets

This year's dance, titled "White Christmas," will take place December 22, from 8:30 until 11:30 in Thunderbird Hall. Tickets will be on sale next week at \$2.00 with two activity tickets, \$2.25 with one activity ticket, and \$2.50 with no activity tickets. Tickets will not be sold at the door.

### Dance Chairmen

Charlie Reaume, 11B, heads the entire dance project, making sure committees function and all jobs are done. Under Charlie's supervision are the following committees and their chairmen: publicity, Dennis Pe'ri, 12B; tickets, Frank Nastase, 12B; invitations, Earl Johnson, 12B, and Blair Kooi, 11B; coat check, Mark Hultz, 11B; band and intermission, Dave Hardesty, 12B; decorations, Bill King, 12B; refreshments, George Barbu, 12B; and clean-up, Mike Gardner, 11B.

Invitations have been sent to past Hi-Y officers, the parents of this year's officers, and the committee chairmen's parents. Due to the fine work of Dave Hardesty, the band at the dance will be The City Limits, a group guaranteed to make you feel groovy. All refreshments will be furnished by the Hi-Y boys' mothers, and as in past years, the Y-Teens

will help out in the cookie department.

### Elect Your Claus

What would a Christmas Dance be without a Santa Claus? When you purchase your ticket, don't forget to nominate any senior girl and boy for Mr. and Miss Santa Claus. All nominations will be tallied and a ballot will be given to each person at the dance. Everyone will check his choice, after which the winning couple will be announced at the dance. To complete a wonderful Christmas evening, senior Glen Shilling will lead everyone in a few choruses of our favorite Christmas songs.

So, boys, remember that it is up to you to ask a girl and spread a little of that Christmas spirit!

## Program To Boost Spirit

Yes, the time for bright lights, mistletoe, presents, and good cheer is beginning to fill the hearts of many people throughout the world. And without a doubt, Edsel Ford will again bring Christmas cheer to those both in and out of school.

### Concert Presented

Filling the Christmas season with plenty of music is important in the tradition of Edsel Ford. Once again, the Music Department presented the annual Christmas Concert on December 13 for all who wished to attend. Various Christmas selections were performed by the sophomores,

## Excitement Mounts As Students Begin Work For A New Production

The Edsel Ford High School Thespians are presenting "Any Number Can Die," a comedy-mystery, on January 5 and 6. The play, which will be presented in the Edsel Ford Auditorium, will begin at 8 p.m. and will end around 10:00 or 10:30. Tickets for the play are going to be sold for one dollar to students and adults, or fifty cents for a student with an activity ticket. The play tickets can be bought, either from members of the cast, or can be bought at the ticket booth during the lunch periods.

### Mysterious Plot

The play, which was written by Fred Carmichael, is about four ingenious murders that take place in an old, creepy sounding, island mansion. A pair of elderly detectives set out to work on the murders, which turn out to be their first case. The ever-popular storm, the unexpected guests, the cryptic poem, and the missing fortune add to the intricate and inventive mystery off which the laughs bounce.

### Student Production

The cast for the play has already been chosen and rehearsals are now underway with the help of Mark H. Sawyer, 12B, who is the student director, and Mallory Simpson, 11B, who is the assistant director. The cast that has been chosen includes the following students: Laural Pilch, 11B; George Spooner, 12B; Rick Turpen, 12B; Claudia Hill, 10B; Jim Kaiser, 12B; John Babcock, 11B; Bill Hendricks, 11B; Joanne Black, 12B; Sandy Slavin, 11B; and Gary Johnson, 11B.

## Assistance and Money Needed

Attention all interested students and would-be horticulturists! Edsel Ford's Thornley Court is in need of financial assistance.

Mr. Stanley Smith, the school horticultural instructor, stated that due to the disappearance of some of Thornley Court's bird population during the last Easter holiday, including some White and Silver Pheasants and Black Bantams, money is now needed to replace the lost birds.

Mr. Smith added that the court was dedicated as Thornley Court in 1963 in memory of the late Willard C. Thornley, former assistant principal of Edsel Ford.

Mr. Smith commented that money could possibly be obtained by donations from various clubs and organizations of Edsel Ford. Or there is the possibility of the suggestion made by Mr. Anthony J. Lawski, former principal of Edsel Ford, about a Thornley Court Tag Day to raise money for this purpose. What about this worthy cause for a beautiful, integral part of our school?

junior, senior, and male choirs. Christmas spirit was felt throughout the entire program.

### Assembly Follows Concert

Along with the annual Christmas concert, another tradition for the past few years has been to bring the spirit of Christmas to the students at Edsel. And this year, the tradition is not about to be broken. On December 20, two assemblies will be given to the student body. Various minstrel groups will perform, along with selections from the Christmas Concert.

It is hoped that the spirit of Christmas will be brought to you!

# The World In A Flower Pot

by Phyllis Turley

With a couple of sputters, a loud cough, and a big jerk I know that I have failed again. No, I am not trying to start our lawn mower or cure my best friend of the hiccoughs. All of the sputters, coughs, and jerks come from my attempts to drive a standard transmission car.

My first opportunity to drive a standard came one afternoon when I talked a friend of mine into teaching me how to drive his Volkswagen. At the time we were in our church parking lot. I started out quite contentedly letting him work the manual shift while I tried to work the clutch and steer the car.

Because of the smallness of our parking lot, I could only get up enough speed to shift into second, and after seventeen times around I needed a change of pace. Instead of continuing around in the familiar route, I pointed the car into city traffic. Unfortunately, at the first stop sign I mistook the clutch pedal for the brake and found that it didn't work quite as well as the brake would have.

My next attempt to drive a standard was in October while working on our class homecoming float. At a crucial moment in our float's progress, we needed some Kleenex to continue work. I volunteered to drive to a nearby store and one of the boys threw me the keys to his car as I left. I returned a few minutes later, not with the Kleenex, but instead to report that I hadn't gotten along too well with the car.

The owner of the car then agreed to come with me, and I did fairly well

until the time we reached our first traffic light. Four lights, fifty-six cars, and one policeman later we were still sitting there, and it was then I realized that it was impossible to start a car in fourth gear.

After numerous other experiences with standards I have only one thing to say: If at first you don't succeed, settle for an automatic.

# Edsel Ford's Student Artists Show Skill in Recent Contests

This past spring Edsel Ford students won various awards for their fresh concepts in art. On May 26 and 27, during Michigan Week, the State Youth Art Festival was held in Kalamazoo. Awarded High Honors were John Stolfo, 12B, for and op art pen and ink drawing, and Larry Sturzenegger, 12B, for a tempera trademark for "Global Van Lines." Given recognition were Tammy Larsen, 12B, for a water color; alumni Darlene Boatin, for an ink on mat board; David Hyry, for sculpture; and Joe Ryder, for a water color.

### Students Enter Poster Contest

Mr. R. LeVeque entered a number of students' work in the Junior Round Table Brotherhood Poster contest. Out of the 200 entries, two

# Poetry Written By Student Expresses Views of Life

by Joel Carty

### Brutal Eventual

Coffin Eye sees decay,  
Honest affront to humanity,  
We enter, close lid, Exist  
no more — Our tracks  
through an endless jungle,  
Vanish.

### Code — Rock

Born dead — alive with  
Pride, patriots, psychopaths.  
A code — stands for  
order, strength, unity, liberty.  
Stifles life.

### Sameness

He — a different flesh —  
Color of dirt, is dirt  
to trampling foot of sky,  
Sees dirt, eats dirt, breathes  
dirt, As close to God as  
Clouds.

# AWAKE & AWARE

by Janet Ware

What does Christmas mean? Oh, let's see . . . there's Santa Claus, the manger, carols—and of course—those pushing, shoving crowds of Christmas shoppers.

We (three girl friends and I) set out for downtown Detroit bright and early a couple of weeks ago. Now when I say bright and early, I'm not kidding. We were on the corner waiting for that bus at quarter to eight (on a Saturday morning, no less)! Our original intention was not to Christmas shop, but to see "Gone With the Wind." We saw the movie all right and figured that as long as we were down there, we might as well get in some shopping. That was our first mistake! If we'd used our heads at all, we'd have been able to see that everyone who came out of that movie had the same idea.

We pushed (or were pushed) along Woodward Avenue toward Hudson's. After much struggling, we made it through the door and headed for the escalator. Trying to secure a spot on those moving steps is a major battle in itself. We triumphed again and moved slowly up toward the fifth floor—which is as far up as we ever got.

One by one, the floors went by, each getting progressively worse. The mezzanine wasn't worth stopping at—you couldn't even get near enough to the merchandise to pick it up and carry it to the counter.

As if the crowds weren't enough, Sonny Eliot wasn't even on our side. It poured—not nice Christmas-type snow, but rain! Since I'd brought along a couple of Ors, I had no trouble.

I've learned my lesson. Next year I either shop in August or hold my own Christmas in April—no, that might interfere with Easter shopping. Better switch my Christmas to June. Know where I can get a tree then?

At any rate, Merry Christmas—even if it is ten days early!

of the top awards were presented to our students. First place was presented to Greg Gehringer, 12B, who will receive a cash award, and John Stolfo, who came in second place, was awarded a certificate. The awards were presented to these students on December 7 in the Community Arts Auditorium in Wayne State University.

### Plaque Given

When Greg Gehringer received first place, besides receiving a cash prize, the school was also presented with a plaque that will remain in the school for the year noting his accomplishment.

# Want - Ads Give Students Chance To Buy & Sell

Want Ads is a new column for the Bolt. It is on a trial basis for a month, and the responses will determine its success. Please turn in all Want Ads to the Bolt office, A24, or a member of the Bolt staff.

FOR SALE: Heath DX60 Transmitter and Receiver—with Accessories—Excellent Condition \$100—Call LO 3-0642 after 4 p.m. Bill Koziel

WANTED: A good quality, use-1 guitar— See Mr. Young in B11

# Feathers

by Eileen Nahina

Seven Edsel Ford students have qualified to take the second part of the State Math Contest. These students are Chris Bredow, 12B; Heather Cook, 12B; Dave Lennox, 12B; Robert Kostowny, 11B; Doug Kuligowski, 12B; Bill Pine, 12B; Richard Osborn, 11B; and Paul Sandie, 11B. . . Be sure and register for the A.C.T. test to be given on February 17. The deadline for applications is January 17 . . . Members of the Future Nurses Club are again participating in a volunteer work program at Oakwood Hospital . . . The 12B class is building a sleigh to put in front of the school during the Christmas holidays . . . The Thespian Club will be conducting initiations next week. Be prepared for anything! . . . On Tuesday, December 19, our basketball team will host Franklin High School. Come at 6:30 p.m. and support the J.V. team, too . . . Do you know that Christmas vacation will begin at the end of third hour next Friday, December 22? . . . By the way, credit for the art illustration in last issue of the Bolt goes to Day Zanardelli, 11B . . . Don't forget the home wrestling meet next Thursday, December 21, against Huron—Ann Arbor at 6:30 p.m.

## Three New Practice Teachers Enjoy Teaching at Edsel Ford

If you have seen some new faces in the halls lately, it could be that you have been seeing one or more of the new student teachers here at Edsel Ford. Three of Edsel Ford's four student teachers are Richard Burkett, Mr. Daniel George, and Mr. Gary Hunley. Each of these student teachers teaches in a different department. Mr. Burkett is teaching English Humanities, with Mr. Don Patrick, while Mr. Hunley is working with Miss Grace Kachaturoff, in social studies. Mr. George can be found teaching with Mr. Leonard Stolfo in the print shop.

### Opinions of Edsel Ford

All three teachers agreed that Edsel

Ford is a very impressive school. It is bright, open, and conveniently arranged—a school the students should be proud of. Though none of the student teachers could say that Edsel Ford students are particularly unique, Mr. Burkett commented the good school environment reflects an active student body and good student-teacher relationships.

Edsel Ford's curriculum got the unanimous vote of "excellent" from our new student teachers. Mr. Hunley said the social studies program is very strong and one of the best. Mr. George commented on the great opportunities to view the many aspects of the printing industry offered in printing classes. Also, Mr. Burkett praised the English Humanities program as one of the greatest learning experiences as student can be offered.

### Future Plans

Mr. George and Mr. Hunley are both attending Wayne State University, while Mr. Burkett attends Central Michigan University. After graduation, Mr. Burkett and Mr. George hope to go right into high school teaching. Mr. Hunley would like to continue his education in graduate school.

## Valentine Trust Fund Allows Debate Coach To Lead Normal Life

**Bill Valentine Trust Fund.** This is one of the major and most worthwhile projects Dearborn High School has taken on this year.

Mr. William Valentine, Dearborn's debate coach and speech instructor, has an incurable kidney disease, nephritis. To allow Mr. Valentine to lead a fairly normal life, it will necessitate the use of an artificial kidney machine. The initial cost of the machine is \$7,000. Yearly, \$3,000 must be spent to supply the chemicals necessary to do the job.

The treatment Mr. Valentine needs is a process for removing impurities from the blood, a job which normal kidneys fulfill. This process accounts for twelve to twenty hours of time per week.

For this purpose Dearborn High has volunteered its services to help raise the money required to keep Mr. Valentine alive. Committees of students, faculty, parents, and friends have been formed for just this intention.

The students have been busy with money raising ideas. Perhaps one half the funds received from the all-school play "Teahouse of the August Moon" will go into this project. Last weekend, a basketball game and jazz concert were held for his benefit.

## Current Events And Distribution Prove To Be Interesting Clubs

### Forum Club

The new Forum Club has opened its doors to anyone interested in current events. The club meets after school in A6. This new and interesting club will be examining problems and events of a current and controversial nature. Mr. Wolfe, who sponsors the club, says that all aspects of the issues will be discussed. So, no matter if you are right, left, or in the middle, you have a chance to give your side of the issue.

### Distributive Education Club

Another new club has been added to the others here at Edsel Ford. It is the Distributive Education Club. Distributive education deals with the distribution of products to the consumer. Since a large number of the members are co-operative training students, the club has decided to meet in the mornings before school when most students will be able to attend. The club will travel to various locations and have speakers to help them better understand the student's business interests.

## N.Y. Harlem Lords Leader Speaks To Edsel Students

by Mike McCartan

Recently the Social Studies Department had the privilege of presenting as their guest speaker, Mr. Tom Skinner. Born in Harlem, New York, a district two and a half square miles in area, containing one million people. Mr. Skinner painted a grim picture of ghetto living.

Born the son of a church minister, Mr. Skinner led a double life. While in school, his life was greatly influenced by the Black Nationalists, a militant Negro movement, and he soon rose to local distinction as the leader of the Harlem Lords.

The Lords was a local teenage gang whose initiation procedure included the whipping of the initiate with leather straps while he lay helplessly suspended from a pole which jutted out from an alley wall.

Mr. Skinner's academic achievements included student council president and title roles in Othello, Hamlet, and Macbeth. He was also co-captain of the football and basketball teams. He had ranked number two academically in his class. During his high school career he was secretary

of the Debate Team, president of the Shakespearean Club, and president of his church young people's group as well as being a member of the church choir.

During his two years as leader of the Harlem Lords his only interests were those of looting, stealing, and gang warfare. His life was so corrupted by violence that he could stick the broken end of a bottle in a victim's face and twist it without blinking an eyelid. This life of crime continued until his introduction to a great force that completely changed him.

This force was the realization of the existence of Christ. He immediately gave up his role as the gang leader and dedicated his life to following the dictates of Christ.

## Hi-Y Legislature Opened Dec. 7-9

The 19th annual Youth Legislature convened December 7, and continued on the 8 and 9 in the State Capital in Lansing. This year Edsel Ford has the honor of having the President of the Michigan Hi-Y Council elected from our school—senior **Dave Hardesty**. Dave was elected last spring by representatives from all schools in Michigan. He is also President of the Detroit Metropolitan Council of Hi-Y members.

Eleven other Hi-Y members also attended the convention. They were **Bill Pine, Glen Shilling, Mike Harris, Norbert Wustrack, Dennis Petri, 12B's, and Bob Tar, Bill Patton, Blair Kooi, Charlie Reume, and Dave Knox, 11B's**. The purpose of this convention is to increase the knowledge of each participant of the lawmaking procedures of our government.

At the convention, the youths took actual seats in the legislative chambers of the capital and conducted a scaled down version of an actual session of the legislature. Committees met, debates followed, and by the end of program, some bills had been signed into model law.

## Christmas Portrays Loneliness Of American Soldier Overseas

Snow falling softly, smiling faces, children's eyes so big and wide—these are all a wonderful part of Christmas.

Decorating Christmas trees, hanging the mistletoe, caroling, and wrapping presents, gives everyone that certain warm, glowing feeling that comes from down deep in your heart. Some people call it the "Christmas Spirit." It's so wonderful to be with your own family, gathered around the fireplace. It makes you feel secure, loved, and needed.

Could you ever imagine what Christmas would be like without all these wonderful things? How would it be to spend Christmas out in the cold, carrying a rifle—hoping that on Christmas of all nights, you wouldn't

have to use it? You sit and try to picture what your folks and friends are doing at this minute—are they decorating the tree? Hard to imagine? Not really—not if you were a soldier fighting overseas. Nobody to tell you how much you're wanted, needed or loved. Not exactly the "Christmas Spirit" is it?

Well, there are ways to make our men and women overseas feel wanted—and it's so very easy.

How about it? Why don't you do something for them—heaven knows they're doing their share (and more) for us back here in the states. And, like the song, maybe they can be home for Christmas, if only in their dreams.

## New Classes Added to Curriculum Offer Students New Opportunities

Forensics is the newest class that will be added to Edsel Ford's English Department. This class will be made up of a variety of speaking activities combining reading, public speaking, and interpretation. A student is allowed to choose the type of speaking that he will study, such as humorous interpretive, multiple readings, declamation, extemporaneous speaking, serious interpretive reading, original oratory, or radio-news-cast. In addition to the class, there will also be forensic competition for any interested student. In other words, a student

does not have to take forensics class in order to participate in the inter-scholastic competition. For more information, see Mr. Gordon Cochrane in A22.

Another new class that will be offered in the spring is Contemporary Music Humanities. This is basically a course in listening for people who want to expand their knowledge of the wide variety in music of the twentieth century. To be eligible for this class, a student must have completed 11B Music Humanities. The class will count as one-half credit.

# Cagers Shoot EF to Victory

History seems to be repeating itself as Edsel Ford's basketball team starts another winning streak by beating Ann Arbor 57-53 and Livonia

Bentley 65-64. Last year, the Edsel Ford cagers edged out Bentley by one point, and they also compiled a 13-game winning streak.

## Ann Arbor Game

Both Edsel Ford and Ann Arbor had troubles scoring in the first half. Usually, these two teams play fast, high-scoring basketball. The score at the half stood at 18-10 in favor of Ann Arbor. **Dennis Aylward** and **Bob Bores** both scored 13 points, **Ted Grignon** scored 10 points, **Bob Keteyian** scored 8 points, **Glen Kough** scored 5 points, and **Ken Yungkans** and **Jim Beems** scored 4 points. **Bob Bores** also grabbed 14 rebounds. The final outcome of the game was a close 57-53.

## Livonia Bentley

It was the same story as the Ann Arbor game, but the half time score stood 38-29 in favor of Bentley. Making up the 11 point difference was made by **Dennis Aylward** scoring 19 points, **Bob Keteyian** scoring 16 points, **Bob Bores** and **Ted Grignon**

scoring 10 points, and **Glen Kough** adding his 8 points.

Last minute hustle and drive paid off in favor of Edsel Ford. One point made the difference to bring victory to Edsel Ford's basketball team for the second time this season.

## Can E.F. Faculty Drum Diplomats

The Harlem Diplomats, an internationally known basketball team, are challenging the male faculty of Edsel Ford and other junior high schools in Dearborn. This event will take place at 8:00 p.m. on Thursday, January 18, at Edsel Ford.

Sponsored by the 11B Class Council, the Harlem Diplomats will provide hilarious entertainment for the spectators. Patterned after the Harlem Globetrotters, the Harlem Diplomats, from Toronto, Canada, have been playing professional basketball for the past ten years. They have made previous appearances in the Detroit area.

Mr. Joseph DiFranco, an 11B counselor, remarked, "the teachers feel like they'll be able to drum the Diplomats out without any difficulty."

Well . . . that remains to be seen. Everyone is welcome, so be sure to attend, as it should prove to be a most exciting evening.

## An 'Old-fashioned' Soccer Game Finds Edsel as Champion

Last week the Dearborn High intramural soccer team came over to Edsel Ford's muddy turf and accepted our seniors' challenge to a good old-fashioned soccer game. The weather, for this inter-school championship, was considerably better than it had been for previous elimination games. This was a great asset for both sides, because without the burden of all those extra pounds of clothes, a person could move around with more speed and agility.

With such little publicity, quite a crowd had assembled for the contest. There were between fifteen to twenty people on both sides! There were a few teachers, parents, and of course the ever present Varsity Club to cheer on our seniors to a 1 to 0 victory.

A few of the Senior players who participated in this madness are **Steve Korzyk**, **Mike McCarten**, **Dave Lennox**, **Matt O'Donnell**, **Dave Baxter**, **Jim Koppin**, **George Barbu**, **Norbert Wustake**, and many others who fought to sock it to Dearborn.

# Tankers Find Competition Keen

By 9:05 it was all over, Edsel had swam hard but could not quite handle the Spartans of Fitzgerald. The final score was Fitzgerald 61, Edsel Ford 44.

Edsel's swimmers ran into a group of good swimmers headed by the state champ in Class A, 200-yard Free Style.

The T-Birds were having a bit of a problem keeping up with their opponents at the end of each race. In just about every race, at least one of our swimmers was in the lead until the last twenty-five yards or so, and then one of Fitzgerald's swimmers would come from behind and edge our man out.

All is not as gloomy as it may seem though, for there was an E.F. varsity record broken by **Ross Lind-**

**say**. The record was set in the 100-yd. backstroke; the time was 1:02.2.

Edsel did collect some first place points. The first place showings were in the 200-yd Medley Relay (time-1:49.3), and the 400-yd. Free Style Relay.

Winnings in the other events were 200-yd. Free Style, **Tom Liddie**, 2nd-2:01.4; **Jerry Reimer**, 4th-2:12.8; 50-yd. Free Style, **Dan Skorich**, 2nd-24.7; **Gary McCasky**, 3rd-25.7; 200-yd Individual Medley, **Stu Baker**, 2nd-2:22.2; **Mark Rodak**, 4th-2:30.6; **Baker**, 3rd-1:06.4; 400-yd. Free Style, **Liddie**, 3rd-4:24.7; **Vogel**, 4th-4:46.1; 100-yd. Breaststroke, **Jerry Reimer**, 3rd-1:15.8; **Rich Lenardon** 4th-1:16.6; Diving, **John Burkhart**, 2nd-59.1 points, and **Jim McBeth**, 3rd-39.25 points.

100-yd. Butterfly, **Mike Sitarski**, 2nd-1:00.7; **Dennis Vogel**, 3rd-1:03.0; 100-yd. Free Style, **Rojek**, 2nd-56.5 and **Charlie Wade** 3rd-58.4; 100-yd. Backstroke, **Ross Lindsay**, 2nd-1:02.2;

## Wrestlers' Power Proves Victorious

Good evening folk's. Welcome to another one of Edsel Ford's "Big Time Wrestling" meets. With our team showing exuberance in speed, dexterity, co-ordination, determination, how can they but win all their matches. As you know, they have big guys, small guys, and all size guys on this great team. And to show their actual potential, let's take a look at last week's meets.

In the match against Belleville, Edsel's wrestlers came crashing to the mat with a winning score of 38-8. Among all the hot air, sweat, and floundering frustrations, we found our four pinners. They were seniors **Frank Blaskowski**, 127 lbs.; **Fred Kemp**, 180 lbs.; juniors **Pat Carmichael**, 154 lbs.; and **Mark Rodak**, 103 lbs. And so ended our very exciting and interesting game at Belleville.

AHA!!! You thought that game was really something? Take a look at the next match.

This just has to be the year of victories, because that's just what it was when Edsel played Catholic Central, just another victory with a final score of 31-17. In this knock-about, tossed-around situation, we had five pinners and two decision men. Pinners were seniors **Frank Blaskowski**; co-captain **Mike Sherman**, 133 lbs.; and juniors **Pat Carmichael**; **Brian Guffrey**, 165 lbs.; and **Mark Rodak**. The two decision men were juniors **Tom Mooney**, 95 lbs. with an 8-2 pin; and **Frank Cullen**, 120 lbs, with a 5-3 pin.

## Varsity Club Initiates Struggle To Withstand Outlandish Chores

I was eating my lunch in the cafeteria the other day when one of the supervisors strolled over and asked me to pick up my apples. "Apples?", I questioned. "I didn't bring any apples today. Besides those guys have been fooling around with all the apples," I said, pointing to some kid with his sportcoat on backward. "All those guys are being initiated into the Varsity Club," I explained as the supervisor grabbed a prospective member and forced him to deposit fourteen mutilated apples in the container.

The antics performed by all initiates to the Edsel Ford Varsity Club are not new to anyone, but they have been refined throughout the years. I hear now that few apples will be found on the floor, for the present members are commanding the initiate to deposit all apples in the white

trash containers . . . with their mouths.

Besides appearing in odd forms of dress, initiates perform outlandish chores. Some of these include an apple rolling contest, the object of which is to crawl on hands and knees, roll the apple (with the nose), and be the first person to travel to a prospective female student — with a very good chance of being turned down.

The new initiates are as follows: juniors **Ken Smith**, **Kevin Naylor**, **Fred Chubner**, **Bob Ambrose**, **Warren Broglin**, **Brian O'Grady**, **Tom Krismanich**, **Jim Newcomer**, **Mike Rataj**, **Dave Morely**, **Andy Kwyer**, and seniors **George Barbu** and **Gary Collins**.

Although the duties performed by the future members seem (at times?) extremely funny and embarrassing, there's no doubt that all the participants will survive only to harass the next incoming group of initiates.
