

'The Happening' Is Happening At E.F. Tonight

Tonight will astound your eyes and ears. Anything can happen at "The Happening"!

The Jagged Edge have left the Grande Ballroom for the evening to make music "happen" here. But, don't come just to dance. Come to see. Colorful light shows projected on the wall, and an intense and flashing stroboscopic light, both designed to mystify your eyes, will be there as well. Fluorescent decorations will add greater effect.

Booster Club Sponsors

Sound interesting? The sponsoring Booster Club hopes so. But don't worry—the refreshments, Coke and potato chips, will only "happen" to taste delicious. Clothing will be school dress for girls and sport coats for guys (how about a psychedelic tie?). The dance time is 8:30 to 11:30. Tickets are \$.75 with activity ticket number 35, \$1.00 without, and will be sold at the door between 8:30 and 9:00 to students with Edsel Ford identification or special guest passes only.

Students Handle Details

The committee chairmen whose efforts have gone toward creating this dance are band committee, **Bob Pipkens**, 12A; refreshments, **Elaine Sperkowski**, 12B; posters, **Bob Matkovic**, 12A; and **Tom Hire**, 12A; tickets, **Cheryl Burger**, 11A; publicity, **Judy Guerny**, 11A; and **Debbie Drozdowski**, 10A; atmospherical effects, **Tom Hire**, and decorations, **Judy Guerny**.

Thirteen students from Edsel Ford visited Mumford High School yesterday. They attended classes and went to the homes of Jewish and Negro students. The exchange day was sponsored by the social studies department, under the directorship of Miss Grace Kachaturoff.

Preparations Now in Progress For This Year's Junior Prom

Climaxing a very busy year for the junior class is the annual Junior Prom, scheduled for May 19. Preparations such as naming the dance, creating decorations, designing tickets, and choosing refreshments and a band are only a few of the details now being worked out by the various committees.

Chairmen of the committees are theme and decorations, **Judy Guerny**; band, **Bob Keteyian**; refreshments, **Cathy Dunn**; tickets, **Nancy Schauer**;

Stuart Salchow Places in Contest

Out of the 27,000 students from Michigan that took the Annual Michigan Mathematics Prize Competition Test, **Stuart Salchow**, a 12A at Edsel Ford, scored within the top 97 students.

The test was divided into two parts; the first included a multiple-choice exam given October 25, 1966. The top scorers (top 4%) then went on to Part II of the test, which was given December 6, 1966. Nine students out of the 107 from Edsel that took the test, were allowed to go on to this second part.

Out of about 1,000 students who took Part II, the top 97 were invited to attend an award's banquet. This banquet was held March 11, at Michigan State University. The winners were awarded college scholarship awards, and silver and gold medals.

Since any student in Michigan was eligible to take this test, Stuart should be congratulated on his fine work.

publicity, **Marilyn Hogan**, and coat check, **Larry Burek**. Serving as members of the committees are class council representatives and members of the junior class.

This Junior Prom carries with it many of the traditions of the previous proms. For girls, the dress is semi-formal, but no strapless or spaghetti strap dresses are allowed. Being a special occasion, corsages are permitted. Boys are expected to wear suits or sports coats.

Dearborn Advisory Council Sponsors E.F.-Fordson Exchange

Ever wonder what it would be like to go to another school, even if only for a day? On Tuesday, May 9, fifteen Edsel Ford High School Student Assembly members will find out when they attend classes for one day at Fordson High School. On the following Thursday, students from Fordson will attend classes at Edsel.

Bettors Relations

This exchange day has been organized by the Dearborn Student Council presidents and the newspaper editors of the four Dearborn high schools.

The purpose of the exchange days, and in fact the council, is to give the students of each school a better idea of what the other schools are like and to create better relations among the schools.

Conference Held

This will be a change from the

Revolution, Poverty Topics of Discussion At Special Meeting

Everyone has his own idea about revolution and poverty, and these opinions will be voiced in a special conference on Thursday, May 4, at 9:00 a.m., at Edsel Ford. One hundred selected students from the participating schools of Dearborn High, Fordson, Lowrey, Sacred Heart, Saint Alphonsus, and Edsel Ford will discuss "Revolution and Poverty" and listen to guest lecturer Wayne State University Professor, Dr. Otto Feinstein. **Les Luchonok**, 12A, will be the student chairman at the meeting.

The agenda will consist of different meetings, some of which are a lecture session, question and answer period, individual group discussions, and a refreshment period. Each student attending the meeting was required to read the following selections: Books—**The Rich Nations and Poor Nations**, **Five Families**, **The Great Ascent**, and **War and Revolution**; Pamphlets—**"On Revolution and Poverty"**, **"On Revolution"**, and **"New University Thought"**. These writings will supply the student with the proper background for the conference.

At the meeting there will be one teacher from each attending school. Dearborn High, Fordson, and Lowrey will each send fifteen student representatives. Sacred Heart and Saint Alphonsus will send ten students each, while Edsel Ford will be represented with twenty-five students.

traditional exchange day procedure which was previously open only to the Executive Council. The Executive Council members will have their day, though. On April 27, twelve members will attend the Governor's Council on Student Leadership at Oakland University.

The purpose of the conference is to instruct the students in the theory, practice, and philosophy of leadership.

Students Present "Spiral Staircase"

Spellbinding, suspenseful, intriguing, exciting, and full of surprises. All these words can be used to describe the plot of the play that the Edsel Ford Drama Club will present to the public on May 4, 5, and 6 at 8:00 p.m. **The Spiral Staircase** is a mystery concerned with the pursuit and capture of a murderer. The murderer has a hatred for any girl with any sort of an imperfection. The main theme centers around a young girl named Helen, who is a mute.

Cast Full of Experience

The cast of the play includes many experienced actors and actresses. Starring as Helen is **Jan Hoehner**, 12A; **Paula Trumble**, 12A, plays the part of Mrs. Oates. **Yvonne Shumacher**, 12A, plays Nurse Barker, and playing the role of Mrs. Warren will be **Norma Hall**, 12A. **Diane Hatcher**, 12A, is the understudy for both Mrs. Oates and Nurse Barker; **Cheryl Riske**, 12A, is the understudy for Helen.

Men with Acting Experience

Playing the role of the constable is **Bob Matkovic**, 12A; **Dan Berry**, 12A, will portray Professor Warren. **Rick Turpen**, 11A, will play the part of Stephen Rice, and **George Spooner**, 11A, will be Dr. Parry.

Behind every play there are many people besides the actors and actresses that make the play a success. This play is no different. Taking over the duties of student director and assistant director are **Dave Guffey**, 12A, and **Linda Watts**, 12A. The stage manager is **Ken Buss**, 12A, and in charge of the lighting is **Dave Lange**, 11A.

Do you want to do something different for a change? Go to the hootenanny and dance tomorrow night at Dearborn High School. The dance is being sponsored by the American Field Service and it will run from 8:00 to 11:00. Tickets will be sold at the door.

Congratulations to Mr. Maguire, who became the father of a baby girl, Ann Marie, April 10 . . .

On April 27, Mrs. Muriel Hunt, showed her slides of Japan to the 11A English Humanities classes . . . Watch for the Executive Council survey in Human Relations' classes concerning school government, music in the cafeteria, and the proposed "Bermuda Day" . . . Edsel Ford music students will soon be receiving scholarships to Michigan State, Central Michigan and Interlochen . . . Senior Doug Millikin, and juniors Jim Meers, Bob Buryta, and Mike Arquette attended a Detroit Economic Club Luncheon, April 17. They were chosen from other Junior Achievers at the Telegraph Center . . . Congratulations to Miss Grace Kachaturoff who has been appointed to the Curriculum Committee of the Michigan Council for Social Studies.

Juniors Attend Annual "J Day" At M.S.U.

Interested in going to Michigan State, juniors? Like to know what it's like? If you didn't participate in the Fifth Annual "J-Day", then you missed your chance.

Of course you can plan on attending college there, but you won't know as much about it as you could have learned.

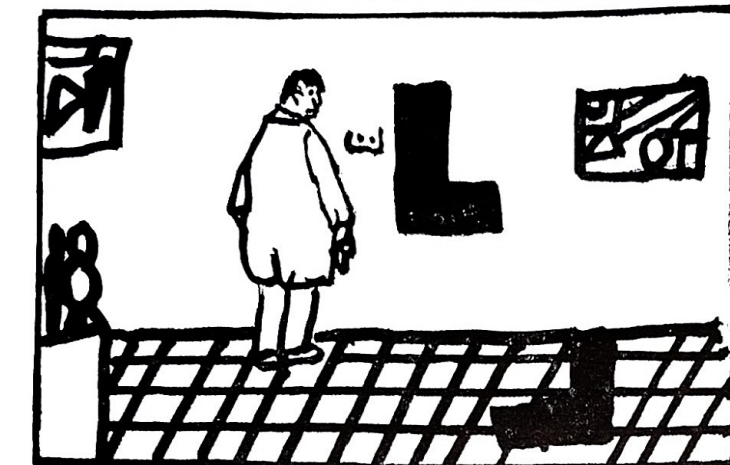

The Michigan State University Association held "J-Day" on Saturday, April 22. The project was planned with three objectives in mind: to assist students planning for a college education, to aid teachers and counselors in emphasizing the importance of a college education, and to show the juniors many of the facilities and programs that are available at the school.

Last year over 1,000 juniors visited the campus and took part in the program. Did you take the time to look into it?

Clean-Up Campaign at Edsel Will Enhance School Beauty

Believe it or not, National Arbor Week is drawing to a close. You did not even know it was here or what it was? National Arbor Week is a week set aside each year by the state of Michigan to plant trees, bushes, flowers, and other plants. Actually, at Edsel Ford, it is the beginning of the annual Clean-Up Campaign.

For the past two years, Edsel Ford has been the winner of the Clean-Up Campaign in the high school division. As a result of winning each year, the school received a fifty dollar award that was used to buy plants for the school grounds. Last year and this year petunias, shrubs, and trees were planted around the school. Mr.

The World In A Flower Pot

by Mary Jane Glass

Has anyone seen an extra pair of track shoes? If they help you run or jump faster and higher, I'll take them!

Track shoes would be an improvement over my tennis shoes. Since the asphalt has decided to make its home in them, they have zebra stripes. Zebra striped tennis shoes? It may come into fashion after the track session is over.

The girls are in high style when they leave the locker room with "zebra striped shoes" and gritty socks, along with regulation clothes. Slacks and sweatshirts are part of our outfits, if it looks like rain or snow.

The favorite part of the track program is jumping over those pieces of broken fences all over the track called hurdles. Have you ever tried jumping over some of those? I remember my first time; it really was a challenge!

Here I am in one of the track sessions. I'm more scared than I thought I would be. My first hurdle—I wonder if I can make it over. Here goes! I made it over! I guess it isn't so bad after all.

Stanley Smith, horticulture teacher, advised the junior commissioners on what kind of trees should be purchased.

Junior commissioners Blair Kooi, 10A, and Karen Kitzmann, 11A, have been busy setting up this year's campaign. A special something has been custom made for Edsel Ford to correspond with the fix-up angle of Clean-Up Week. A mahogany T-Bird will be hung in Thunderbird Hall. A similar one disappeared from Edsel three years ago.

Everyone is hoping that Edsel will come out on top of the campaign again this year.

There's the whistle to go in. I wonder how long it will take to get the grit off. I'll have until the next gym period to scrub it.

After thinking this over, I think the girls would rather have the boys do the running.

Along Alumni Row

Prominent Alumni Students Tell of Honors and Awards

In the past years, many prominent students have graduated from Edsel Ford High School. They have gone on to many different areas, from University of Michigan scholars to "Miss Dearborn" beauty pageant entries.

Each year the University of Michigan announces the outstanding students who have earned honors and awards. This year, seven former Edsel students were among the recipients.

Four alumni, who are now seniors at Michigan, received awards for their academic achievements. To receive this award, they must have attained two consecutive semesters of half A's and half B's. Under the category of Literature, Science and the Arts are Gwen Ellington, a June '63 Edsel graduate and Milan Demeter who was a member of the "Five Jacks" folk group and a Jan. '63 graduate. Another Jan. '63 graduate, Paul Sawyer, also received the award. In addition to this award, Paul was initiated into Phi Beta Kappa, a scholastic honor society that recognizes outstanding intellectual achievements of men and women in Literature, Science, and Art, Education, Music, and Graduate schools. Senior Paul Rasor received honors in Music; he was a January '64 graduate. Also receiving the award was '63 Edsel graduate, Billie Joyce Wahlstrom. Miss Wahlstrom is now a student English teacher here at Edsel under the guidance of Miss Evelyn Pugh.

In the same category of Literature, Science and the Arts, June '64 grad-

Cafeteria Music Remains Part Of Lunch Hour

The idea of a musical lunch hour was first suggested last Christmas.

At that time, there was no means of relaying the music to the lunchroom. So the A.V.I. boys got together and set up the system. This meant running a line from the little room beneath the auditorium stage to the cafeteria. A record player also had to be installed.

Music Began

We had our first music three weeks ago on a trial basis. But along with the music came mechanical troubles. The sound was not as good as it could be.

It is also necessary for one A.V.I. member and one student council member to be on hand when the music is being played.

Opinion Poll Taken

Student response to an opinion poll showed that a majority of students were in favor of the music. Suggestions were made for more instrumental and more folk-type music to be played. The music was stopped for a while during the conducting of the polls.

uate Carol Woodward received honors as a junior, as did sophomore Kenneth Stiver who graduated from Edsel in June '65.

The Miss Dearborn Pageant was held on Saturday, April 15; two of the entries were former Edsel students. They were Karen Knapp, June '66 graduate and Linda Guenther, a '65 graduate.

"The Art Movement" Splashes Edsel Ford

All students with any artistic abilities at all will be happy to know that they will get the chance to show their talent. On May 4 and 5, the art department will sponsor an art showing of work done by the students of Edsel Ford.

The show will include painting, sculpture, and jewelry. The requirements for the art projects will be listed in the show case by the ticket booth. Anyone interested in submitting art work should bring this finished project to the art rooms between 8:00 and 8:25, and between 3:30 and 4:00. There is no limit to the amount of entries a student may submit.

If the students involved in the art show and the student body show enough enthusiasm in this project and cooperate to make it a success, Edsel may form a new club called The Art Movement.

It looks as though Stout Junior High's Pat Santin will have a happy Mother's Day after all. Thanks to Pat's many good friends and well-wishers, the student was able to obtain \$526 for her family's freedom.

Stout collected the ransom in two days, through money from a St. Patrick's Day dance and a basketball game.

New student teachers seated from left to right are Miss Wahlstrom, Mr. Schoen, Mr. Cleland, and Mr. Neale.

New Student Teachers At E.F.; English Department Gets Three

There are four student teachers presently at Edsel Ford High School. These four teachers are Mr. Robert Eugene Neale from University of Michigan, Dearborn Campus; Mr. Keith L. Cleland from Central Michigan University; Mr. Dean Ernest Schoen from Central Michigan University; and Miss Joyce Wahlstrom from the University of Michigan.

Robert Eugene Neale, majoring in English, is planning to teach high school English. Robert wants to teach in Highland Park or in Detroit. At the moment he is teaching with Mr. Donald Lynch, an English Humani-

ties teacher. His favorite past time is studying and talking. Robert likes furthering his understanding of young people. He dislikes giving out E's. He says he likes Edsel Ford very much and says teaching here is a chance to learn something about a unique and desirable curriculum.

Keith L. Cleland, majoring in Art, is planning to start teaching next year and to continue in school towards a Master's of Fine Arts Degree. Keith wants to teach in the southwestern region of the United States. He is now teaching with Mr. Ralph Hashoian, the art teacher. Some of Keith's likes are going to a play, show, or exhibit, and sketching out of doors. One of his dislikes is getting up in the morning. Keith's favorite kind of music is folk-rock. So far he is enjoying his stay at Edsel and says that Mr. Hashoian and the students have been great. Some of Keith's hobbies are bowling and dancing.

Dean Ernest Schoen, majoring in
(Continued on page four)

EMU Hosts FTA For Teaching Day

On Thursday, April 27, Eastern Michigan University will be host to future teachers from several Michigan high schools for a day of teaching workshops. More than twenty students in FTA at Edsel are planning to attend the workshops, which will consist of lectures on the teaching profession.

Workshops

These workshops are frequently sponsored throughout the school year by other colleges such as Western Michigan University, Mercy College, and University of Detroit.

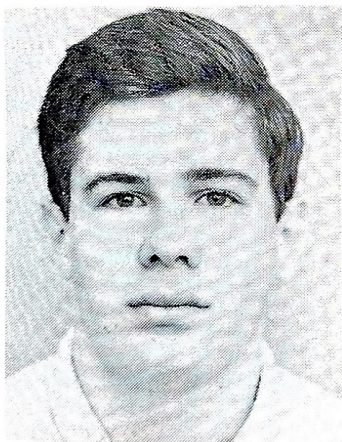

Eric Cummins, 12A, Journeys To U.N.

Eric Cummins, 12A, recently had the opportunity to visit the U.N. and Washington D.C. He left on January 29, with 110 other students from various Methodist Churches in Michigan, as a result of an essay on the church role in world peace.

Discussions during the trip were centered primarily around the Vietnam situation and world peace. Eric met State Department officials as well as religious leaders. He also was fortunate enough to speak with Congressman John Dingell of Michigan for over an hour about Vietnam.

Speaking of his impressions of the trip, Eric said, "When you go to these places, Washington and the U. N., you are right there, and you know it will affect your life as well as other's. We learned so much that now knowing all of these things and seeing all of it, we see that we cannot remain inactive."

Pine-Mich. Wolverine Award

Bill Pine, 11A, has been selected as the Michigan Wolverine State representative from Edsel Ford.

representative from Edsel Ford.

To receive this award, Bill was selected by his teachers and counselors from the class of junior boys. The selection was primarily based upon his outstanding academic ability, his leadership quality, and his good sportsmanship.

Summer M.S.U. Award

On receiving this award, Bill will be going to Michigan State for one week during the summer. During this time he will have a schedule of events which will round out each day. On the final day the represented members will select one outstanding boy who will sit in the governor's chair for one day. He will also observe the House of Representatives and the Senate in session.

This award is co-sponsored by M.S.U. and the Kiwanis Clubs.

Revere's Raiders Air Opinions At A Detroit Teen Conference

"Where The Action Is." Four words that, as the title of a network television show, spelled success for three people who were in Detroit recently to appear before high school journalists at a press conference sponsored by WKNR.

Mark Lindsay, Paul Revere (of Paul Revere and the Raiders), and Keith Allison (solo performer from "Action") were on hand to air their opinions on just about everything before Detroit area teens. With a few opening words from WKNR Music Director, Paul Cannon, the conference was left to the teens.

Questions thrown in Mark Lindsay's direction were thought through carefully by the entertainer. Mark, very conscious of his appearance, sported a most striking feature, a ponytail that has been growing for two years and "gets pulled quite often by over-enthusiastic fans." If he had not been a Raider, Mark declared, "I'd probably be in show business—even if only a juggler." With 2,000 pieces of mail a day, it's doubtful

that Mark will have to worry about another profession.

Keith Allison seemed to have little to say. Bearing a striking resemblance to Beatle Paul McCartney, Keith mentioned that it was his mother who first noticed the likeness. Does he admire McCartney? "Somewhat," Keith says, "but I admire the people at Motown, especially Berry Gordy, the creator." As an afterthought, Keith added, "I'd give anything to meet Elvis!"

While Keith Allison had little to say, Paul Revere made up for it by getting in on every question. In speaking of fans, Paul likes almost every one of them. "The screamers are fun," says Paul, "but I don't dig the throwers!" He admits that being pelted with marshmallows is nice, but it's beans and Coke bottles that sting."

What about the future? With "Where The Action Is" off TV, Keith will join the Raiders for a summer tour of the U.S. Then, it's back to Hollywood for Paul and his Raiders in September to begin filming a movie.

The Edsel Ford French Students Plan A Weekend Trip To Expo '67

A billion-dollar world's fair all wrapped up in one city? Pretty hard to believe, isn't it? The city, if you haven't heard already, is Montreal, Canada, and the fair is commonly known as Expo 67. It will be on location for six months, from April 28 to October 27. It's quite an exciting exposition and one of the largest fairs yet. People will flock to the fair in large crowds just to see what interesting things the fair has to offer.

It's a strange coincidence, but students from Edsel Ford are planning

a weekend trip to Expo 67. Their hopes are to rent buses and travel to the fair, enjoying a fun-filled and wonderful weekend in Montreal. Viewing the new and amazing things that Expo 67 is going to bring has the students eagerly planning for the excursion.

Some of the interesting things that are going to be exhibited are such little items as a Dead Sea Scroll, a tiled Tunisian mosaic from the 2nd century, primitive African dances, and Elvis Presley's own guitar.

Support Your Teams

Key individuals, hard work, and two good coaches sparked Edsel Ford's track team to what looks like the beginning of an exciting and successful season—by beating Franklin High 65-53.

Doug Bock, 12A, and **Terry Walters**, 12A, both took first place in every event they entered. **Bock** came close to two records in both low and high hurdles. He also took a first in high jump. **Walters** also edged closer to records in the 100 yard dash and 220 yard dash. Terry made an outstanding effort in the 880 relay by making up ground when one of his team mates fell, and was then barely edged out of a first place finish.

Pat Monea, 12A, turned in a good time in the quarter mile for this early in the season. **Jack Gruska**, 10A, had the best 10th grade performance by placing in a tie for first in the pole vault along with **Curt Chubner**, 12A.

Tennis

Support Your Team

Luck was not on Edsel Ford's side at the beginning of the tennis season. The team played their first match with Cranbrook in Ohio, strange territory for them, and came home with a loss of 7-0.

Then natural elements, better known as rain, post-poned the game with Plymouth. The re-scheduled match with Plymouth, although we lost, showed that we were improving as the score was 4-3.

Although off on a bad start, the team should be able to improve. They are an experienced team with 5 lettermen returning.

Returning are **Charlie McKay**, 12A, captain; **Tony Vadino**, 12A, captain; **Dennis Lloyd**, 11A; **Glenn Kough**, 11A; and **Doug Samson**, 11A. New members on the team are **Dave Lanyon**, 12A; **George Spooner**, 11A; **Jim Shopp**, 11A; **Dick Reed**, 11A; **Mike Malizia**, 11A; and **Glenn Shilling**, 11A.

April 20, an Allen Park meet was the third match of the season, and it brought about the third loss with a score of 6-1. However, hope still remains. Help the team along; come to the next home match with Wayne, on May 9.

The 12A class council is sponsoring a donkey basketball game on May 6 at 8:00 p.m. in the boy's gym. Heading the committee for the game is chairman **Colleen Dumm** and working with her are **Camille Wojewuczki**, **Danette Brandy**, **Connie Tripoli**, **Jan Lewis**, **Marlene Pochmara**, and **Dan Schewe**.

To prevent damage to the gym floor, the company lending the donkeys shoes will be a different type. The floor will also be insured to prevent any further damage.

The price of the tickets will be \$1.00 for adults and 50 cents for children.

Mike McCarton, 11A, and **Dennis Smillie**, 12A, battled each other for a place in the two mile event. Running the two mile is something new to Edsel Ford track team, and finding two runners like McCarton and Smillie is going to help Edsel Ford gather some extra points.

In the shot put, **Bob Niemczewski**, 11A, took a first. Half inch behind was **Dennis Polk**, 12A, and completing the clean sweep in the shot put was **Joe Trautwein**, 10A, finishing third.

With the season so young and records about to be smashed, the 1967 Edsel Ford track team should bring victory to Edsel Ford again!

Kough - A Sports Star; Dream Comes True

"When I was young, I dreamed of being on first string varsity football, basketball, and baseball in my senior year. I feel satisfied with what I have accomplished," stated this edition's star athlete, **Steve Kough**, 12A.

Started Young

Steve started sports when he was seven by playing on a Dearborn Recreation team. He has continued this summer activity through his senior year. He started organized football at eleven on the West Dearborn Lions football team. At Stout Jr. High he played under Coach Muldowny and Coach Stumbo's undefeated, unscored upon, football team. In seventh grade he started organized basketball on Stout Jr. High recreation teams.

High School Achievements

Steve joined the Varsity Club as a

(Continued from page three)

English, will be going back to Central teaching Freshman English classes and working on a Master's Degree. Dean does not know where he would like to teach, but he wants to teach either at college or high school, and he would like to teach in a number of states. Dean is now teaching with Mr. William MacIntosh. His favorite past time is reading contemporary literature. Popular music and jazz are some of Dean's favorite kinds of music. He likes combining and/or alternating physical exercise with reading (for a change of pace). Dean dislikes getting up early for zero hour and driving on the express way. Dean's hobbies are skiing and the martial arts (karate).

Joyce Wahlstrom, majoring in English, transferred to Central in her freshman year and then graduated from University of Michigan with honors. Joyce is a former Edsel Ford student. In her spare time, Joyce writes poetry, plays tennis, and reads avidly. While at the University of Michigan, she was a lay member of a lecture series called "Challenge."

Doug Bock shows the style that has helped him to win in the hurdles.

Golfers Win Two Good Season Ahead

The Edsel Ford Golf Team has proven to be quite successful so far this year. Their first match with Ypsi turned out a close loss. However, since then, the team has met Trenton, Wayne, and Melvindale, and all matches were big wins.

Some of the outstanding golfers this year are seniors **Chuk Gulash** and **Ed Grigg**. Other members of the team show great improvement and possibilities.

With high spirits, the golf team is looking forward to the Dearborn Press Invitational in Brighton on May 1 and the Regional Golf Meet on May 9. Such a successful record so far this year shows promise for the team in these meets.

The golf team is practicing now to prepare for their big 18-hole match with Ann Arbor, Flint South Western, and Dearborn on May 24.

Batmen Victorious In Spite of Rain

Rain, rain, go away . . .

If there were cheerleaders for baseball, that would be the most appropriate verse they could learn. Through the first week and a half of the young season, the T-Birds have managed a 2-0 record, although they had more trouble with the elements than with the opposition.

So far Edsel has had three games scheduled, and all three have been postponed at least one day because of rain or bad weather.

Fordson Romp

In the opening game of the season, Edsel Ford battered Fordson with everything they had, and walked away with a 12-1 victory. **Mike Yuskowatz** added to the Tractor's agony by firing a two-hitter in his first start for the varsity club.

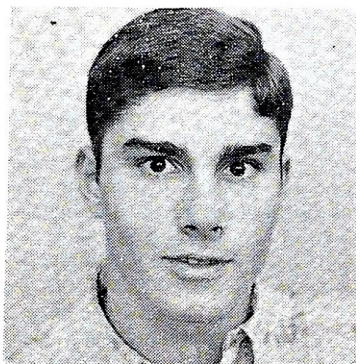

The next week, the T-Birds came home to take on Allen Park, and again the game was postponed from Thursday to Friday because of rain. But when it finally was played, Edsel Ford squeaked to a 3-0 decision, and Yuskowatz, again pitching well, hurled a five hitter in going the distance.

Hitting Fades

Fritz Tallion, moving easily from shortstop to leftfield this year, went two for three in the contest and scored the winning run in the second inning.

He led off with an infield hit, moved to second on Steve Kough's bounce out, and scored on Matt O'Donnell's single to center. O'Donnell later scored on a wild pitch.

Terry Walters is the holder of four track records. He holds the record for the 220 dash, 880 relay, the quarter mile, and the mile relay. He is edging closer to the 100 yard dash record.

All sportsman - Steve Kough

Many students have been talking about the stories written in the **Bolt**. Now they have a chance to express their opinions. The **Bolt** will display positive and negative criticisms constructively written, on a special bulletin board in A24, which will be open for public viewing. You may submit them directly on a copy of a **Bolt**, or you may type the criticisms on a sheet of paper. If you think your suggestions or criticisms will help the **Bolt**, please submit them to the **Bolt** office in A24.
