

Journalism Class II Newcomers, Overthrow Bolt Staff Professionals

The Bolt may have a different appearance this issue due to the fact that the Journalism II class put it out. The Editors were **Joel Carty**, 11A, and **Steve Gee**, 10A. The pictures

were edited by **Mike Sherman**, 11A. **Pat Kozel**, 10A, and **Diane Taliaferro**, 11A, took care of circulation.

Page one editor was **Diane Carnevale**, 10A, with the help of **Annette Amici**, 11A; **Bill Baud**, 11A; and **Debbie Asquith**, 10A.

Sharon Plonka, 11A, and **Darcy Green**, 11A, edited page two with the help of **Beth Lyon**, 11A; **Linda McGrew**, 11A; and **Julie Lindner**, 11A.

On page three, **Claudia Pilarski**, 10A, did the editing. Helping was **Margaret Falkiewicz**, 10A; **Mary Musil**, 11A; and **Marilyn Cibor**, 11A.

Editing the Sports page was **Bob Proctor**, 11A, with the assistance of **Marilyn Neher**, 11A; **Mimi Mitchell**, 10A; **Fred Bean**, 11A, and **Ernie Savas**, 10A.

Dance Planned In Early June

Are you one of those people who gets Spring Fever every year? Or worse yet, do you get Summer Fever? Well, either way, the 12B class had you in mind when they named their upcoming dance, June 2, "Spring Into Summer".

The dance will be held from 8:30 to 11:30 in Thunderbird Hall. The price will be \$.75 with an activity ticket and \$1.00 without. That's a pretty good price for all the excitement that's being planned. The dance will feature WKNR d.j. Steve Robbins. The details are still in the making, but the 12B's are promising a great dance.

Committees have been set up to handle all the plans for the dance. Refreshment committee chairman, **Elaine Sperkowski**; band committee chairman, **Sidnie Delude**; decoration committee chairman, **Julie Taleric**; ticket committee chairman, **Ron Putnam**; and publicity committee chairman, **Larry Hanlin**, are all working hard to make the dance a success.

Don't forget to circle June 2 on your calendar. It's your chance to "Spring Into Summer."

EXTRA! **Kathy Bailey**, 12A, placed third in the nation for her achievement in the National German Contest. For her first place rating in the state, she has received an inscribed book from the German Counselet in Detroit and one from the Austrian Counselet as well.

Election Results Are In - - - Next Year's Officers Chosen

On May 12 and 19 elections were held for Executive Council officers, class officers, and Executive Council representatives. The following are the results:

Executive Council

Executive Council officers: president, **Bob Keteyian**, 11A; vice-president, **George Barbu**, 11A; secretary, **Karen Kitzmann**, 11A; and treasurer, **Cathie Johnson**, 11A.

12A Officers

The 12A class officers: president, **Dennis Vogel**; vice-president, **Tim Nowicki**; secretary, **Eileen Nahina**; and treasurer, **Janet Ware**. The 12A Executive Council representatives are **Pat Wilkie** and **Orliea Hessler**.

12B Officers

The 12B class officers: president, **Mike McCarten**; vice-president, **Erica Kitzmann**; secretary, **Debbie Soens**; and treasurer, **Mary Ellis**. The 12B Executive Council representatives are **Darcy Green**, **Ted Grignon**, **Tammy Larsen**, **Bill Pine**, and **Debbie Sutt**.

11B Officers

The 11B class officers: president, **Gary Kreps**; vice-president, **Pat Strahota**; secretary, **Sue Crandall**; and treasurer, **Dan Waite**. The 11B Executive Council representatives are **Gary Johnson**, **Blair Kooi**, **Shelley O'Brien**, **Jan Johnson**, **John Ossensmacher**, **Eulaine Pittenger**, and **Erik Knorr**.

The Bolt congratulates all the hard-working winners.

SURPRISE!!! Mr. Jim Ankenbrandt; Your Day Has Finally Arrived

Congratulations, **Mr. Ankenbrandt!** So you finally got your picture on the front page. Why did the Bolt include Mr. Ankenbrandt on the first page? Well . . . the truth of the matter is that we heard Mr. Ankenbrandt felt left out. Every two weeks, since September, when the Bolt came out, one of the staff members would bring in copies of the newspaper at which time Mr. Ankenbrandt would give one of his well-known chuckles and casually say, "Well, well. My picture

is on the front page." Besides shocking the staff to say the least, the rest of the class would rock with uncontrollable laughter. Laugh no more, because what was once a joke, has come true. Mr. Ankenbrandt's wish has been fulfilled.

For those of you who don't know Mr. Ankenbrandt, he teaches French and Latin, and he also sponsors the Latin Club. He has been teaching at Edsel Ford for nine of his twelve teaching years. He attended the University of Toledo, University of Colorado, Wayne State, and Michigan State to complete his education. In his spare time, Mr. Ankenbrandt enjoys gardening, listening to classical music, and reading detective stories.

Well, Mr. Ankenbrandt, we guess you can see why we couldn't resist putting your picture on the front page of the Bolt. It does add quite a bright spot to the page.

Above is Mr. Ankenbrandt, hard at work in his classroom.

Edsel Ford Student Leads In National Language Test

Kathy Bailey, 12A, is this year's Michigan winner of the National German Contest. This contest is sponsored each year by the American Association of Teachers of German.

To enter this contest, Kathy and the other German students who entered had to go to the University of Detroit. There they took tests according to their grade levels.

Kathy, who is a second year student, managed to score the highest number of points of all other second year students in Michigan. Other Edsel Ford students who scored in the upper third of the second year category are juniors **Janet Weber**, **Linda Wenglowski**, and **Joanne Black**. In the third year category, seniors **Bonnie Ledebuhr** and **Eric Cross** scored among the top third.

All of the French students at Edsel took similar tests. However, the contest that they entered was sponsored by the American Association of Teachers of French. They took the test right here in school.

There were four categories of French tests, one for each grade level. In the first year category, **Clara Nalli**, 10A, scored the most points in the school. **Carol Wiecek**, 10A, scored the most in the second year category. **Tilmann Hasche-Kluender**, 11A, was the highest scorer at the third year level, and **Kathy Bailey** scored the highest in the fourth year category.

Kathy was honored at a School Masters Conference on May 12 in Ann Arbor for her outstanding achievement.

See EXTRA, page one, for additional results.

Individuality Brings A Man's True Identity Into The Open

Since the beginning of history, man has constantly striven for the element defining himself as unique from his fellow men. His firm belief in himself and his identity have produced the diverse social patterns of society. It does not take an outlandish physical appearance to mark a man as an individual. It is his ability to follow his beliefs and defend them from his own hypocrisy. Many say they are individuals, but the test of an individual is whether or not one can tolerate the other individuals in one's environment. The true individual firmly believes in the thoughts and elements that make him unique, tolerating the differences in fellow men, be they length of hair, type of tie, or color of skin. A man who fails to believe in himself cannot tolerate others. A man who cannot tolerate others is not an individual, and a man who is not an individual is nothing. The true identity of the individual is described by William Ernest Henly in his poem, "Invictus."

Out of the night that covers me,
Black as the Pit from pole to pole,
I thank whatever gods may be
For my unconquerable soul,
It matters not how straight the gate
How charged with punishment the scroll
I am the master of my fate:
I am the captain of my soul.

E.F. Students are Baffled; Cafeteria Music Disappears

Dear Editor,

Recently, during the Human Relations classes, the Executive Council sent opinion sheets out to the students to find out what they like, and what they would like to have included in the school curriculum. One of the subjects on the sheet dealt with music during the lunch period. Later, in the April 24 Bolt, there was printed a fairly big headline saying, "Cafeteria Music Remains Part of Lunch Hour." Well, I must admit they did play music for a couple of days, but after that, there wasn't a note played. The Bolt or the Executive Council should not print or ask about music during the lunch period if they don't plan on playing it. Most of the students I have

talked with so far want noon-time entertainment, and they have specified what kind of music they would like best. What about the music? Does anyone have the facts?

—Fred Bean

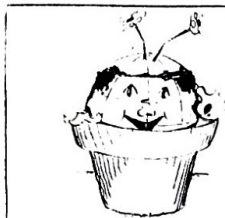

Edsel Ford Alumnus Receives Distinction-Enters Robot Society

Robert N. Tiett, a former student of Edsel Ford, has been initiated into the Robot Society at General Motors Institute in Flint, Michigan. The Robot Society, organized in 1928, serves the purpose of recognizing students who demonstrate outstanding leadership in extra-curricular activities and maintain satisfactory grade averages. Robert was one of nine students to receive this honor, which is about one-half of one per cent of the student body.

Girls From EF's Future Nurses On Big Job At Oakwood Hospital

Guess who wears a cherry red smock and name tag and goes bobbing from hospital room to hospital room . . . Who must be neat and clean, helpful, dependable, industrious, obedient, tactful, courteous, friendly, and keep patient conversations' confidential . . . Who assists in delivering patients' flowers and helps to unwrap and arrange them . . . Puts papers in order so the R.N.'s may chart . . . Pushes patients by wheelchair to the x-ray department for blood tests, and aids in dismissing patients . . . Feeds patients unable to

feed themselves . . . Cheers patients when sad . . . Reads stories, plays games, and amuses little ones in Pediatrics (especially when they miss mother and home) . . . Is constantly being told "Gee you girls are cute; you're going to make fine nurses one day" . . . Who leaves the hospital feeling a great sense of pride in being allowed to learn how to give of herself to help others . . . ??? I knew you'd guess . . . It's the girl from the EDSSEL FORD FUTURE NURSES CLUB on the job at Oakwood Hospital.

The World In A Flower Pot

by Linda McGrew

Well, it's almost here. Just a few more days to go. What am I talking about, you say? The day that brings to mind thoughts of flags, parades, picnics, Camp Dearborn, and most of all, summer. Memorial Day of course!

How are you going to spend this day? Maybe you're one of those who will get up at 5 o'clock, dig out that lovable old air mattress, squeeze into an outgrown bathing suit, and head out to Camp Dearborn. The trip takes 4 hours through bumper-to-bumper traffic, but you finally make it. (It seems everyone else has the same idea.)

After you succeed in obtaining a 1" by 1" mound of beach from a savage mob, you grab your trusty air mattress, and head for that beautiful water to relax in the sun. Splash! Gurgle, Glub . . . As you slowly begin sinking into muck, you remember those holes you forgot to patch up from last year. But you can't even drown in peace. Before you know it, someone is dragging you onto the beach to give you artificial respiration before you can explain the air mattress, or the fact that you are an expert swimmer anyway.

Minutes later, waterlogged and

The annual A.L.S.A.C. (Aiding Leukemia Stricken American Children) March is scheduled for late September. Proceeds will go to St. Jude's Research Hospital for children in Memphis, Tennessee. Teenage volunteers are desperately needed to march. If you are interested, call Larry Hanlin at 274-4988, or Shelley Raus at 562-3914.

Y-TEENS

The new officers of Edsel Ford's Y-Teens have been chosen for the 1967-68 school year. The new president of Omega is Chris Dunowsky; vice-president, Sue Borsos; secretary, Shawn Barnett; treasurer, Judy Malzahn. The new president of Alpha house will be Eulaine Pittinger.

SPANISH CLUB

The Spanish Club held their annual graduation banquet on Thursday, May 18, in the school cafeteria. Any club or senior who is presently taking Spanish was invited to attend. The purpose was to honor all the graduating seniors in the club.

FRENCH CLUB

The French Club held a dinner at Debbie Gersell's house on Monday, May 15. Any member of the club, as well as all French students were able to attend. The food was supplied by the students, each student bringing something typical of the French cuisine.

somewhat disillusioned, you decide to sun yourself and try to get a tan at least. After saturating yourself with sun tan oil, donning sun glasses, and stretching out lazily, you suddenly jerk up at that awful crashing sound in the sky. As you grab your things and race for the car in the downpour, you start to laugh. Now you know that summer has begun.

Feathers

by Annette Amici

Have you noticed that you've had much more money lately? That's because the price of milk is down a penny . . . Many thanks to Mrs. Hassie Birbari for being such a good sponsor to the Booster Club . . . The new majorettes for the 1967 Edsel Ford Marching Band are Mary Kamensky, 11A, captain; Debbie Sutt, 11A; Marion Clough, 11A; Brenda Booth, 11A; Kim Garwood, 11A; and Carol Musket, 11A . . . The choir is having a picnic June 4 at Lower Huron Metropolitan Park . . . The Pear Tree is coming soon . . . Remember, your opinions on student government are still wanted. Drop them off in the opinion box in the student office . . . Thanks to all the students who worked on the Junior Prom committees helping to make it such a big success . . . Mr. Neil Brown has five reservations left for the Shakespeare trip. Hurry and make one yours . . . Did you know that almost every home baseball game has been postponed at least one day because of the rain? . . . The Booster Club is planning a picnic June 4 at Edward Hines Park . . . The Junior Class rings will arrive May ??? . . .

Organized 10A's Have Success

With clear blue skies and warm spring weather, the 10A Car Wash began with a terrible splash. Brave souls started washing at 9:00, at the Mobile Gas Station on Pelham and Carlyle on Sat., May 13. As the day progressed, business really spurted. Dodging jets of water and tearing away from sudden hose showers were just part of the fun.

If you were one of the fortunate persons that had your car washed, you probably noticed the organized assembly line. From watering, to washing, to rinsing, and drying, your car finally came out sparkling clean.

Closing time was 6:00, and weary washers trudged home with aching muscles, sunburned faces, and dripping clothes. One thought did come to mind though; it was hard work, but it had proved rewarding because the 10A's grossed \$175.48, excluding expenses.

The turn-out was tremendous for the first Sophomore project. Congratulations 10A's for a job well done.

Bolty Bomb

Croll's Fastback Is A Winner

With the advent of spring comes the multitude of unique cars on our highways. Such a car is driven by **Craig Croll**, 11A, owner of a beautiful, 1963 1/2 Ford, two-door fastback. Craig's Galaxy is painted a fashionable deep burgundy. Besides being an exceptionally clean car, Craig's Ford has the needed power essentials to make it a contender on the street.

On both front fenders, Craig sports gimmick 427 flags, but actually power is derived from a 289 block bored to 305 cubic inches. His 305 sports, a single deuce carburetor, produces approximately 283 horses. The transmission, a three-speed Hurst on the

floor, offers Craig good performance. As for rubber, Craig has installed gold lined tires up front, mounted on chrome wheels, and oversize tires on the back, mounted on stock rims, for extra traction. To produce that pleasing, low rumbling sound, dual glass-pack exhausts have been added.

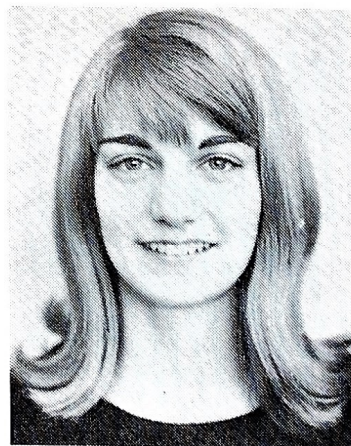

The clean interior is trimmed in black vinyl with bench seats, including such essentials as a radio and heater. Craig is presently taking auto shop and is keeping his car in a highly-tuned condition. Interested in auto mechanics, he plans to work on his car and run it at the strip this summer.

Next time you are sitting at a light and you see a dark maroon fastback pull up, get a good look at this fine car. You will be seeing quite a bit of the back when the light changes.

Some of the Edsel Ford students who have pen pals out of the country are **Darcy Green**, 11A, Ireland; **Pat Kozel**, 10A, France; **Mimi Mitchell**, 10A, England.

Student Feature

Edsel Ford Sophomore-Expert

Retailers Look Into Business

Lately you may have noticed the same group of young adults missing from your classroom quite often. Then you perhaps wondered if the absentees had skipped class since they were not on the absence list. Had you inquired, you would have been told that the missing students were on one of the many field trips with Mrs. Ruth Woods, retailing teacher.

These twenty-five students of Retailing I have been to the Ford Motor Company Computer Center where they saw clocks from more than thirty countries, representing so many square feet of computers shooting figures so fast it appears impossible.

In Manufacturers Bank, they saw the safe deposit vault, the door of which weighs twelve tons. In Jacobsons they saw the window display. In Eurichs General Store they saw the clock shop and the candy shop where the students bought old-fashioned bags of candy. They went to Crowleys and saw the receiving docks. They also went to McDonalds where their guide related the interesting fact that the average lunch is 4 hamburgers, 2 or 3 cokes, and 3 or 4 fries.

On April 12 they went downtown on an all-day trip to the GM Building. There a guide showed them how GM filmed the "Bonanza" television commercials.

In addition to field trips, certain retailing students were involved in a window decorating contest held on May 19, which included **Brenda Booth**, 11A; **Janice Cobb**, 11A; **Gerry Pollak**, 12B; and **Frank Phillips**, 12A, who decorated Muirheads' window. As a result, Mrs. Woods and these five students were then invited to a breakfast at the Pancake House on May 25, at which time the trophy was given to the most outstanding window decorator.

Pen Pals - Rewarding

Do you wonder what's going on in other countries? What the fashions are? What the people are like?

Here is one solution. You can find out just what is happening in France, Italy, England, Spain, or any other country. For just 11 cents you can have a pen pal to write to to find out information you wouldn't know otherwise. For the latest fashions in other countries, you write and ask your pen pal. The results can prove interesting.

Have as many pen pals as you like, in as many countries as you like. The longer you write, the more you will enjoy it!

Find out just what the guys or girls are like, and just how they feel about their country. You can get to know what their country is like. For the summer you can go and visit your pen pal, or invite him to come and visit you. It will be as if he is part of your family, and you will feel as if you are a part of his family.

Switzerland, Rome, Africa, Japan. get in touch with people all over the world. Instead of using your time to watch television, take a half hour out of your daily entertainment and really enjoy yourself.

Summer Fun-Traveling

While most of the Edsel Ford student population is sitting at home in the summer watching TV or working in the yard cutting grass, a fortunate few will be taking summer trips. One such a person is **Bill Baud**, 11A, who will be going to the Haight-Ashbury District of San Francisco with a friend. **Joe Carty**, 11A, and a friend will be taking a 1957 Volkswagen on its last trip to Montreal, Canada, and stopping at Greenwich Villiage on the way back. **Mike Sherman**, 11A, will be traveling to Acapulco for most of the summer to enjoy the sun-swept water and sand. **Lynn Bridges**, 10A, will be spending some time in such places as Denver, Colorado, Niagara Falls, and to top it all, she will be visiting Las Vegas. **Sharon Plonka**, 11A, will be visiting her grandparents in East Jordan—Michigan. **Richard Dixon**, 10A, is going to see Expo '67.

He is also going to Interlochen Music Camp to further his knowledge of the French horn.

Besides students taking summer trips, a few of our faculty members will be visiting some very interesting places. For example, Mr. William MacIntosh plans to take a very extensive trip to the Orient and visit Japan. Mr. Edward Skendzel is taking an equally exciting trip; he plans to take in as much of Europe as possible during the summer, as is Mrs. Jan Leslie who will be in charge of E.F. students while on their foreign language tour. Mr. Nicholas will be loading up his car and taking off for his cottage on Lake Superior to get in a little fishing.

These are just a few of the many people at E.F. who will be vacationing this summer, while the rest of us sit here and slave away in the hot, grimy atmosphere of the city.

the Eastern United States Championship, Senior Division.

Recently she was in the USHDA (United States Highland Dancing Association) competition in Dearborn, and came in first for her city.

The dancer has been to Nova Scotia, Ohio, New York, and Ontario in competitions. Jeanne hopes someday to vie for the world championship, at Scotland's Edinburgh Festival.

Jeanne, an aspiring dance instructor, stated that two of the dance's most important aspects are positions (or movements), and general appearance of the dancer.

Bagpipes swirl, and the audience is hushed, as blonde, blue-eyed sophomore **Jeanne McLeod** takes an expert leap into highland dancing.

Jeanne started dancing at the age of nine, and has won forty trophies and two hundred medals, including

Junior, **Mike Harris**, received the opportunity to tour the Bell Telephone Laboratory in Murray Hill, New Jersey, on May 14 and 15 along with science teacher Mr. Maguire. Mike was chosen by the Edsel Ford science teachers on the basis of his academic aptitude.

Star Athlete

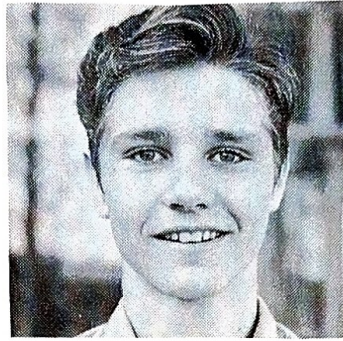

Gruska-Polevaults Over Record

"I think we could have an excellent track team if everyone put forth his best effort all the time," declared this edition's star athlete, **Jack Gruska**, 10A.

Jack certainly has put forth a good effort. He broke the sophomore pole vault record at the Wayne track meet. The record was 11'9", and Jack vaulted 12'2". The varsity record is 12'8". Jack also won second place in the city meet at Dearborn High vaulting 10'6".

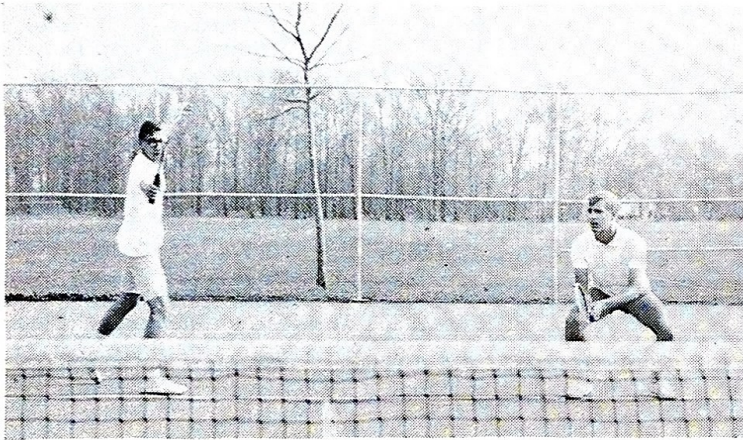

Jack started his career in sports at Stout playing football under Coach Stumbo, basketball under Coach Toth, and track under both of these coaches. This year, besides pole vaulting, Jack was fullback on the Jr. Varsity football team. He was also the 145 lb. J.V. wrestler.

Jack's ambition when he came to Edsel Ford was to get his letter in 10th grade. Right now he has 24½ points for his letter, though you only need eight.

Jack didn't think he was going to enjoy going out for track this year, but now he is glad he did. He thinks the coaches and track captains are doing a great job in helping the team operate as a whole.

Rackets Are Climbing

Tony Vadino and Charles McKay wait patiently to return the ball.

Slam, smash, whoosh! The tennis team lost its first three matches. They lost to Cranbrook 7-0, to Plymouth 4-3, and to Allen Park 6-1.

After the loss to Allen Park, things changed for the better. Edsel played Dearborn April 25 and won 4-3. It was the efforts of **Glen Kough**, 11A; **Charles McKay**, 12A; **George Spooner**, 11A; **Tony Vadino**, 12A; and **Dennis Lloyd**, 11A, which won the match for Edsel. Kough won one singles, McKay two singles, Spooner three singles, and Vadino and Lloyd one doubles. Our varsity defeated Dearborn the first time, but must play them again just after mid-season. Edsel's tennis team is going to have to work hard if they intend to beat Dearborn again. Past experience has shown that Dearborn gets harder to beat as the year progresses.

Melvindale was next in line to get the slam, as Edsel won 7-0.

Ypsilanti then came on the agenda. It was an away meet and the team won even though it did not have the home crowd to cheer it on. The score was Edsel Ford 5, Ypsilanti 2, winning one, two, and three singles and one and three doubles.

The fourth conference meet of the season was with Wayne on Edsel's courts. Again Edsel came out victorious, beating Wayne 6-1.

Edsel is now half way through the tennis season and is unbeaten in the old Huron-Rouge conference. The league is re-forming without Lincoln

Park, so Edsel will be in a league next year.

This year's team is almost all juniors. The only players the team will lose next season are Charles McKay, Dave Lanyon, and Tony Vadino.

With the loss of only three men, the team should be very strong next year.

Hike A Success

Get on your mark, get set, peddle! These were the instructions many Edsel Ford G.A.A. members followed, Sunday, May 21, when they started out on their annual bike hike, organized by **Eileen Nahina**, 12B.

The hikers started out at about 1 p.m. from the school parking lot. They journeyed to Crowley Park, located in the Ford Foundation. After a rousing game of softball, the girls were ready for lunch. Each girl brought her own lunch, chose a spot, and ate her feast. The club furnished potato chips, relishes, and pop. A fire was built for anyone wishing to barbecue her food.

With the bike hike completed, club members are planning a graduation and award's banquet. The banquet, set for June 8, will honor the graduating senior officers and club members. Awards will go to those who have earned enough points for their pins or EF letter.

Unpredictability!

by Mike Lebert

Unpredictability, that's what makes baseball great. No one can foresee the outcome of one inning, let alone one game.

About the only things that can be safely predicted at the start of the Major League season, in order of importance are

(1) Harmon Killebrew will not threaten Maury Wills' base-stealing record, (2) Hank Aguirre will not be charged with a passed ball, and (3) Arnold Palmer will not pitch a no-hitter for the Cardinals.

The same thing is true for high school baseball. Take, for example, the Edsel Ford-Dearborn High games. When the two teams met at Dearborn, the T-Birds tripped, stumbled, and ultimately fell 9-1.

But when they met at Edsel, it was the Pioneers who did the stumbling, as the Birds trampled them 7-0, behind the 3-hit pitching of **Mike Yuskowatz**.

In a meager two weeks, even the greatest of make up men, Father Time, couldn't have changed the complexion of a game that drastically.

And when you consider that the same pitchers, Yuskowatz and Duke Lowrey, faced each other, and for that matter, the exact same line-ups, save one man, were used, what is left to explain the turn around of these games?

Fritz Tallion's bases loaded single in the second game, when in the first game he fanned with men on . . . **Ted Grignon's** triple in the second game, when he had a 375 foot blast caught by the centerfielder in the first game . . . **Matt O'Donnel's** running grab of a fly ball in the second game, when a similar drive went for a double up the alley in the first game . . .

So I propose to coin a word . . . UNPREDICTABILITY . . . think of it the next time you watch a ball game.

Golf Makes News

Fore! and another win as the Edsel Ford golf team adds an additional win to their record composed of 6 wins and 2 losses. Edsel Ford placed second among 12 teams in the Dearborn Invitational at Brighton.

Outstanding Golfers

It takes all the golfers to make a championship team, but a few outstanding individual golfers give the team those all important points. The outstanding golfers are **Chuck Gulash**, 12A; **Dan Schewe**, 12A; **Ed Grigg**, 12A; **Paul Simon**, 12A; **Vick Martin**, 12A, and **Robert Talian**, 10A. Gulash, Schewe, Grigg, Simons, and Martin will be leaving the team due to graduation. The team has met Wayne and Fordson once and Trenton and Melvindale twice, and all matches were big wins. A sad defeat to Dearborn by one stroke and a loss to Ypsi were the only two defeats for the team so far this year.

With fingers crossed, the golf team is looking forward to the state finals on May 29.

Schools Battle For City Track Championship

Six schools battled a fierce war two weeks ago for the championship of the All-City Track Meet held at Dearborn High. The preliminaries started at 3:00 and the finals at 6:00.

The six schools that competed in the order in which they placed are Dearborn High, with a winning total of 102½ points; Edsel Ford, 61½ points; Divine Child, 24 points; Lowrey, 23 points; Sacred Heart, 12 points; and St. Alphonsus, 3 points.

Edsel Ford, in finishing second, did a good job in certain events. **Terry Walters**, 12A, came in first in the 100 and 220 yard dashes, breaking the city record in the 220 by running it in 22.3 seconds. He did the 100 in 10.2 seconds. **Tom Klug**, 12A, did the broad jump at 20 feet-3 inches; he also came in third in the 220. **Curt Chubner**, 12A, pulled a first in the pole vault at 11 feet-8 inches, while **Jack Gruska** finished second at 10 feet-6 inches. **Doug Bock**, 12A, won the high jump going 5 feet-8 inches, while **Pat Monea**, 12A, placed third in 440 yard dash with a time of 52.8 seconds.

There were some school and city records broken, also. Dearborn High's **Joe Chiros** broke the city high and low hurdles' record. **Joe Trautwein**, 10A, broke the Edsel Ford sophomore shot put record coming in second place in the meet with a footage of 49 feet-1¾ inches.

Other track members did very well, too. **Bob Niemczewski** was in fourth place in the shot put, with a distance of 45 feet-10¼ inches. **Dale Phillips** did 18 feet-5 inches in the broad jump, bringing him to fifth place, while **Steve Gee** tied for fourth place in the pole vault at 9 feet.

In the relays, the track team did quite well. In the 880 and in the mile relay, they finished in second place. **Tom Klug**, **Curt Chubner**, **Pat Monea**, and **Terry Walters** ran in the 880, while **Ken Bankwitz**, **Mark Piegza**, **David Pady** and **Ken Peterson** ran the mile relay. Peterson also ran the 880 and came in fifth.
