## Class Of 1969

### [First time on the Edsel Ford High School Class of 1969 Website?](#)

#### Here's what you need to do to start:

Click on the [Classmate Profiles](#) link, find your name in the Classmates List and click it.

You will be taken to a JOIN HERE page, if the name at the top of the screen is you, click on the [click here now](#) link.

This will take you to a five step Member Wizard where you can enter Contact Information, Profile Details, upload photographs, and select other classmate profile(s) you'd like to track.

When you complete the Wizard you'll have access to all Member Content, be able to see the profiles of your fellow classmates, be able to contact other classmates, take part in the interactive forums, respond to surveys, upload content, and so forth. That's all there is to it.

#### Couple of Points to be Aware of:

The email address and the password you create in the Wizard serves as your Log On credentials for future visits to the Website.

When setting up your Profile you'll have the option to set your Profile Visibility so only fellow classmates can view the details and prevent search engines from accessing your Profile information. While Address, Phone Number, and Birthday can be made available to fellow classmates by checking the appropriate boxes, Contact Information is never available to search engines. Here's the options that are available when you enter or update your Profile:

- |                            |                                     |  |
|----------------------------|-------------------------------------|--|
| <b>Profile Visibility:</b> | <input checked="" type="checkbox"/> | Allow only fellow Classmates to view my Profile details. This will block the public and search engines from accessing your Profile. Leave this box unchecked if you wish to allow the public (friends, co-workers, family members, etc.) to view your Profile details. |
| <b>Contact Details:</b>    | <input type="checkbox"/>            | Allow Classmates to see my address and phone number (this information is hidden from your Classmates unless you check this box).   |
| <b>Birthday:</b>           | <input type="checkbox"/>            | Allow Classmates to view my Birthday. This option allows Classmates to see your Date of Birth in your Profile and on the home page 30 days prior to your Birthday.   |
| <b>Classmate Comments:</b> | <input checked="" type="checkbox"/> | Allow Classmates to enter comments under my Profile. (Most users opt to leave this feature on. You have the ability to edit or delete any comments left under your Profile.)   |
