

2 HEARTS Is Coming Only to Theaters September 11

SYNOPSIS

For two couples the future unfolds in different decades and different places, but a hidden connection will bring them together in a way no one could have predicted. Based on an inspirational true story, 2 Hearts is a romantic journey that celebrates life, love and generosity of spirit, and challenges audiences to believe miracles are possible.

Charismatic young Australian actor Jacob Elordi (“Euphoria,” “The Kissing Booth”) plays Chris, a college freshman whose love for a spirited classmate played by Tiera Skovbye (“Riverdale,” “Once Upon a Time”) helps him find the purpose he has been searching for. In another place and time, Adan Canto (“Designated Survivor,” “Narcos”) plays Cuban exile Jorge, who falls for well-traveled flight attendant Leslie, played by Radha Mitchell (“Man on Fire,” “The Shack”).

Though they were never meant to meet, fate has something entirely unexpected in store for both couples that dramatically changes the course of their lives.
