 (Audience please remain seated until after
 the Recessional March)

HOLY, HOLY, HOLY

Holy, holy, holy, Lord God Almighty!
 Early in the morning our song shall rise to
 thee;
 Holy, holy, holy, merciful and mighty,
 God in Three Persons; blessed Trinity!
 Holy, holy, holy, all the saints adore thee,
 Casting down their golden crowns around the
 glassy sea;
 Cherubim and seraphim falling down before the,
 Which wert, and art, and evermore shalt be.

Congratulations!
Guy H. Hill

RETROSPECTION IN BRIEF

As I sit and try to write a ditty
It seems to me it's such a pity
That no thoughts come to me.

I think of all the things I did
And know that the teachers now
are rid
Of one more problem child.

They crammed me full of facts
galore
And gave me more, and more and
more
Until I lost the over flow.

There's Latin, Math, and History
(They all are still a mystery)
Which I have shuddered through.

Then Commerce, Speech and English
Are subjects that I wish
To never see again.

But studies weren't the only stress
So at this time I must confess
To other things I did.

In school affairs I've given all
And tried to answer every call
That summoned me to aid

Baseball, football, tennis, track
Were burdens carried on my back
Until they bore me down.

Parties, socials, dances too
To me were something mighty new
But I got used to them.

The last four years have slipped
by fast
I now regret that they are past
And ne're to come again.

Four years ago I looked ahead
To things beyond with mighty dread
Of the newness of it all.

But now again I say they're gone
The time I've waited for all
along
Has come at last.

It's time to say good-bye to all
And in the world to rise or fall
According to its plan.

Somewhat sorrowful--somewhat sad
I'm leaving now. It's not been
bad

No matter what I've thought.

And now that all is said and done
It's been worth while and so much
fun

Hasn't it?

Mrs. Clenow was born near Carson city, Michigan. She was graduated from Michigan State Normal and Clergy Colleges and later from Merchants and Bankers' Business School in New York City. She has taught business school two years and high school several years.

Her summers are spent traveling or in school.

Mrs. Clenow has sponsored the senior class of "40" since we were sophomores.

Together with her husband she lives in their new home one block west of the school.

For her hobby Mrs. Clenow collects recipes. She likes veal loaf, adores her husband and hates washing dishes. Does her own dress making and anyone can tell her favorite color is blue.

While visiting relatives in Saskatoon Saskatchewan, Canada she met her husband and married him in "The Little Church Around The Corner" in New York City. We couldn't possibly think of a happier ending for our story.

Okemos High
Valedictorian

ANNE R. MANDENBERG

Okemos High
Salutatorian

MARY ANN EDGAR

Anne R. Mandenberg, daughter of the late E.C. Mandenberg and Mrs. Estelle Mandenberg, has been chosen valedictorian because of her many interests in High School. She has carried an "A" average through four years. Her activities have included: one year of Glee Club, a member of the Junior and Senior play cast, and a member of the Assembly committee. Her expression of an interest in music was shown by playing a violin in this year's operetta. This year she will be a delegate to the State Home Ec. convention. Anne plans to attend Michigan State College.

Mary Ann Edgar, daughter of the late Robert Edgar, and sister of Mrs. Howard Smedely, has been chosen Salutatorian. Mary has an "A" average. Her many activities have been: the Senior play, a year of Glee Club, four years of Home Ec. Club, assembly committee in 1938, class treasurer of her Freshman class, and class president in her Junior year.

Mary, also, plans to attend Michigan State College.

Duane Charles Honsowetz was born in Lansing Michigan and he came to Okemos High School to begin his freshman year.

He tells us he likes bannana splits, football, and that red wool stocking'cap that he wears.

His hobby is trapping--we were alarmed when he told us this but he quickly said he was trapping animals. He has visions of turning his hobby into a profession.

Duane tells us he has no girl friend. Its funny th t he does not use his hobby this way isn't it?

Since Duane came to Okemos he has been in football two years, basket ball one year, band three years, and the Junior play/

Thomas L. Schields was born in Oakland County in the year 1922. He began his high-school career in Okemos.

Tom doesn't like onions, He doesn't like being broke, and he especially hates tire trouble.

Cherry pie almode and black coffee is his favorite snack. Story-telling is another pastime that he enjoys.

Tom has quite a collection of 4 for 10 photos, and if anyone has any that he could add to his gallery he would be very happy to have them.

Eleanor Mc. (although recently reported differently) is still his steady.

The main occupation of Tommy at the present is getting his ford started and keeping it running.

The Navy and Merchant Marines are two more serious thought of Tommy's. In fact, Tom plans to do something about it after school.

He has been a member of FFA for three years. He has been in football one year, basketball two years, and glee club.

Don Tyler was born in Lansing Michigan March 31, 1922. Don attended five schools, starting at Haslett then Foster, Holmes, Walter French, and Pattengill. He started high school at Okemos in the ninth grade.

As for school activities he was a member of the F.F.A. one year, debated for two seasons, and was a member of the Dramatics Club one year. He also participated in the Junior and Senior plays.

At present he works for "Brown's Standard Service" and expects to stay there until something better comes along.

Murrel Chester Lerner, yes Chester, was born July 1, 1920.

He came to Okemos High to begin in the ninth grade, and has since been one of the foremost (and that's no joke) member in the class of forty.

Among the things that he hates most are people that stand around him and grumble and growl about petty things. Murrel's cheerful nature "jist can't abide it".

He says that right now Ruby is one of his favorite girl friends if she'll have him. He goes for that geeeorgeous red hair, I don't blame him I do myself.

Another thing that he likes, besides Ruby, is boxing. His hobby is riding a motor bike, and if he has time to spend as he likes to he spends it hunting with his dogs, or riding around in his green "35" ford, and we do mean that it is green.

Someday Murrel would like to become a mechanical engineer. From the work he has to do on his ford we judge he is quite an accomplished engineer.

Since coming to Okemos he has spent four years in F.F.A., one year in the boys Glee club, and one year in track.

Ruby Mae Allen, our most beautiful red haired senior, was born in Clinton County. She has gone to school at Okemos ever since the fourth grade.

Conceited people, slouchy people, and spinach are "Rusts" favorite peeves, but she likes to skate or ride horse back or dance, so she really isn't so hard to please.

Collecting old money is one of her hobbies (honest, Dear Reader collecting any kind of money is my favorite hobby). Another of Ruby's hobbies is collecting stamps. She seems to be a collector by nature.

She admits she is crazy, about Muriel, lucky boy, and I think the feeling is pretty much the same on all sides.

After graduating "Rusty" plans to go into Civil Service work.

During her High School days here, she has been Librarian for 2 years. She has participated in Home Ec. Club for 3 years, and commercial club 1 year, glee club 2 years, and a member of the Student Council.

Now, one of our most intelligent seniors, Pauline Lang, Her friends at school know her as "Polly". She was born in this county, March 30, 1922. She began school here and is going to finish here with laurels.

Black or white fingernail polish particularly provokes Polly and she doesn't like cottage cheese!!

Music and travel appeal very much to her. In the line of food she goes for chili.

Her hobby is collecting newspaper clippings of interest to her, and when she has time to "dwaddel" away, she listens to the radio.

Some of her school accomplishments have been, participation on student council, Sophomore class president, and treasurer of the Home Economics Club.

Pauline has also been a member of the Commercial Club for two years.

Dorthea Brown was born in Mason, May 15, 1922. We have quite a few natives of Mason in our Senior class.

Besides Okemos High, Dorthea has attended a Butler High.

If any one wants to please Dot he can take her to see a funny movie, or traveling. Of course we don't think you'd stand much chance with Nate around.

Reading is the favorite hobby of this maiden, and her Literature marks show it.

No plans for the future she says, but that is where she can't fool us 'cause we know better, heh Nate?

Home Ec. Club for four years and Glee Club have taken up Dot's extra high school time.

...Father Eileen Becker, "Becky" to you, was born back in '22, that makes her--let's see--yep, you're right, she's just 17. All those 17 years were spent right here in Okemos too. Why some of her ancestors boarded Chief Okemos, at least knew him quite well.

Now, any shade of orchid suits Esther, how are blue orchids Becky? She doesn't like jealous people or slouchy people, but she goes for lemon pie, nice cloths and cheerful people.

"Becky" says she is too busy for boy friends--but we know better, don't we folks? This senior likes to write letters to strangers; sounds kinda fresh doesn't it, but it's really o'kay.

After leaving Okemos High, she wants to go to a Business school and become a court room secretary. Another ambition is to be a good cook, she figures as long as she has to eat it why not learn to make it good.

During her four high school years she has spent 1 year in glee club, 2 years in Commercial club, 3 years as librarian, secretary of Junior class and treasure of the Senior class.

Louise Van Dyke was born in Grand Rapids, Michigan, and before arriving at Okemos High she stopped off at seven other schools. Well, Lou, that's a record as far as we know.

Louise hates squash and likes everything else. She also hates conceited people. "Oh Johnny" is her favorite song just now, and she really means it too.

As a hobby Louise writes poetry and collects stamps. Her favorite pastime is visiting the sanatorium. Don't ask me why because I told you, Johnny----remember now?

After graduation Louise plans to stay at home and wait for----well, you know just as well as I do.

Louise has been an active member in the Glee Club.

Ruthie Hoskins is a native of Okemos. She was born here exactly seventeen years ago.

It seems that Ruth doesn't like very many kinds of people because she doesn't like faulty people, people "too good" to talk to, nor people who talk back to the teachers.

Nice boys, and Mrs. Clemow are the two things that she likes most. Sounds to us like she is trying to get an "A" plus from Mrs. Clemow.

Cliff Keniser is her special boyfriend.

Ruthie saves handkerchiefs and different kinds of letters for her hobby. Her favorite pastime is roller skating.

After graduation a job is her main motive.

Since the freshman year she has participated in the following activities: Home Ec. Club for 4 years, Glee Club and Operetta for 2 years, and Secretary to Mr. Muselman in her senior year.

She is seventeen years old, was born in Lansing, has gone to Okemos all her life. She hates spinach, conceited people, and jealous girls.

Her hair is light brown, her eyes blue, and she has a soft voice.

She is going steady and is going to be married after graduation. The lucky fellow is Gaylord Foote. Now you know who we are talking about don't you?

That's right---Marion Hogle.

She likes humorous people, and boys with black wavy hair and brown eyes. Malted milks are her favorite food.

Marion collects recipes. We wonder why? She also reads many books and magazines.

As for her future, Marion is planning on having a home of her own, and doing a good job of it.

One February day in 1922 Marjorie Jane Christian arrived in Lansing for her first day of an exciting life.

She spent her first year of schooling in the Alan Street school in Lansing, then she went to Everett for 4 years. After this she came to Okemos for the rest of her schooling.

Marjorie says she is "crazy" about olives and Chop Suey. She also likes a certain auburn haired office Manager at the Capital Distributing Company (Stan to you)

Her hobbies are crotcheting, movies and flying occasionally. She can't stand a few conceited "Don't touch me or I might break" people around school.

After graduating she will either take music theory or obtain a government job with "Polly"

Her school activities have been; 1 year Home Ec Club, 1 year in Commercial Club, and 3 year in Glee Club. She was president of the eighth grade and is president of Glee Club this year.

Betty Jane Wingus, an eighteen year old senior is our topic for this week.

Born in Lansing, Michigan, she began school at Carl but soon migrated to Okemos.

Here began her good times with her friends.

Her ambition is to become a commercial artist, or a second Kate Smith.

Betty doesn't like English people or people who think they are English, (and red-headed girls

A couple of things she likes are '35 V-8 Ford coupes, and swing bands.

She passes away time by reading and re-reading "Come With The Wind."

Her school activities have been; Glee Club, three years; Home Ec. Club, two years; Three Operettas and Librarian of the Glee Club this year.

A different topic this week is titian haired Larjorie Louise Chapman.

She was born in Boulder, Colorado, but came way up to Okemos to go to High School. ("ain't" that dumb, students?)

Larjorie hates Old Ladies, the school paper (ouch!), but she likes all dates, chocolate cake, and dancing.

Her hobby is cooking, that's a nice hobby, Larjorie. It ought to help a lot if you are a GOOD cook.

She considers her best friend her mother.

To pass away time "Larj" likes best to sit in a chair with a good book and a real big chew of gum.

"As for the future I have few plans. He hasn't asked me yet." Honest, dear readers, that's what she said, every word-- "so help me."

Gerry Schubel was born November 19, 1922. She began school right here in Okemos. She says she didn't like kindergarten because they always made her sleep under the sand table when rest period came, and it gave her night mares.

Someday, she tells us "I would like to be a "plutocrate".

Gerry has habits too numerous to mention here and her pet peeve is a certain football star who was the black haired half back of the senior class.

The best book she ever read was the "Katzenjammer Kids".

Her favorite handout is the "Green Mill" and her favorite dish is a Junior at Eastern.

Just now Gerry drives her brother's 32 Chevrolet, but prefers a ford.

Ann Mandenberg first opened her eyes in Chicago, Illinois. Ann began school in East Lansing and started here in the fourth grade.

Her hobbies are collecting stamps and reading, best of all she likes to read "Gone With The Wind."

She says she could live on "Frosted Malted" and hamburgers. There is really only two things Ann doesn't like, those are, crooked seams in girl hose and red fingernails.

Best she likes tall men, unfortunately her "present is kinda short."

Ann would like to go to college and become an organic chemist.

She has always been a superior student and very active in school. During her high school days she has been in the Home Ec. Club for four years, one year as president.

She has been in both Junior and Senior plays. At present she is serving on the Assembly Committee.

Charlotte Dorrell Page

Born in Lansing, Michigan
April 20, 1922. The first of a
great line of Pages, Pages and
Pages.

Char went to West Junior and
much to her amazement she land-
ed in Okemos to begin her eighth
year.

She likes cave men, chocolate
walnut creams, and college-bred
men, not Okemos (corn-bred) men.

There is no one she dislikes
because she doesn't figure that
any one person is worth hating.

ODDITIES OF HER LIFE: Going
steady, and attending Okemos
High.

DISGUSTS OF HER LIFE: Gossip-
ing and stumbling after prac-
tice teachers. (men)

In the future she hopes for a
journalistic and commercial art
career. And if she is lucky she
will mix marriage with a career.
Good luck, kid.

Her school activities have been
blank--blank--blank--blank and
tap dancing to "Shortnin' Bread."

Don Cudworth is another one of our diligent seniors. He was born right here in Okemos and has spent all his seventeen years right here. When he was asked what three things he liked very much he said people--did he mean three people? we wonder.

Of course when we asked him who his special girl friend is he was bashful and wouldn't say but we know don't we Donna Jean.

Don makes eating his hobby and necking his favorite past time.

After graduating he plans to go to school. Where he is going or what he plans to be he wouldn't say.

Robert Austin Phelps was born in Hillsdale, south of Jackson on January 28, 1922.

He has attended the following schools: Jackson, Mason, Carl and Okemos.

Bob would like a new Mercury instead of a model "A". Brunettes run to his taste--~~hmmmmmmmm~~ we thought it was a certain red head----oh that's right she is spoken for.

Hamburgs and Malted fill his tummy and give him an awful good feeling.

Golf is his favorite sport; and he is darn good at it too, fact is he won last years tournament. Well why shouldn't he? He's been raised on golf clubs.

In the future he wants to go to Chicago and take work in repairing machines.

His school activities include two years of band and one year in Operetta.

In the merry month of May on the East side of Cadillac Michigan came Edward Wayne Hoke.

At the age of five he began his education in Mason. From Mason Wayne went to Lansing and then to Okemos.

Wayne says his greatest weakness is strawberry ice-cream and his greatest dislike is loud-mouthed girls.

His hobby is hunting and fishing. After graduating Wayne intends to become a baker.

His high school activities have been; 2 years of football, 3 years of basketball. He was treasurer of the Sophomore class, Vice president of the senior class, and a member of the senior play cast.

Bob Hitchcock, christened Robert Oscar Hitchcock, was born on a farm north of Bay City, nineteen years ago. He has gone to three different schools; High Street, Carl and Okemos.

The sport most popular with Bob is golf, in fact year before last he was a "runner up" in the finals of O.H.S. golf tournament.

Cheese--any kind--is vor "irk-some" to Bob, but he is very fond of blonds--he won't be any more specific, girls, but we think we know who she is.

Incidentally he doesn't like to separate papers in Journalism---remember this Editor.

After graduation?--that's a puzzle! However, he is interested in conservation, or in going to law school.

Kenneth Davis was born in Lansing. "Kenny" has gone to lots of schools, he started at Maple Wood, then he went up North (he can't remember the name of the school) next to Apploton, there to Millet Centennial. After that he came to Okemos.

Kenneth belongs to the F.F.A. and has for four years. He has served on many committees, one year as treasurer, and as vice-president of the Sophomore class. He has pitched on the baseball team for four years.

He tells us he doesn't like women in general and talking in front of a lot of people.

After graduation he will "probably farm it." He has four horses, ten cows, a lot of chickens, and no pigs to start with. Good luck Kenny.

Gerald Ross Miller came to this school four years ago. He was born in Alaidon Township back in 1919, that makes him just twenty years old now.

Gerald doesn't like driving old Fords, nor the subjects spelling and grammar.

But he likes dancing, motion pictures, and hand-made furniture.

Mr. Miller wouldn't tell us who his best girl is, so we can't tell you.

His hobby is "wood working", and incidently he does a mighty swell job of it.

For passing away the time he likes best to sleep, or read books.

Since his freshman year he has participated in F.F.A. for three years, Student Council for one year, and served on committees for the senior banquet, and in the Junior Play.

The Senior Class
of
Okemos High School
invites you to attend the
Commencement Exercises
Monday evening, June third
at eight o'clock
High School Auditorium

"AMERICA'S SWEETHEART"
(School Song)

Up in the blue sky, the sun shines bright
On our school our hearts delight
We'll always love her, and praise her name;
Do our best to bring her fame, and honor.
She represents us and all our views
She'll always stand beside us
Okemos our own school fair and true
Our hopes are met in you.

Fight boys, oh fight boys for O. H. S.
Put our name among the best
Fight boys, oh fight boys; we're here for you
Get right in and do your best.
Come on and fight boys, oh fight boys
For O. H. S. Fight and fight with all your
might.

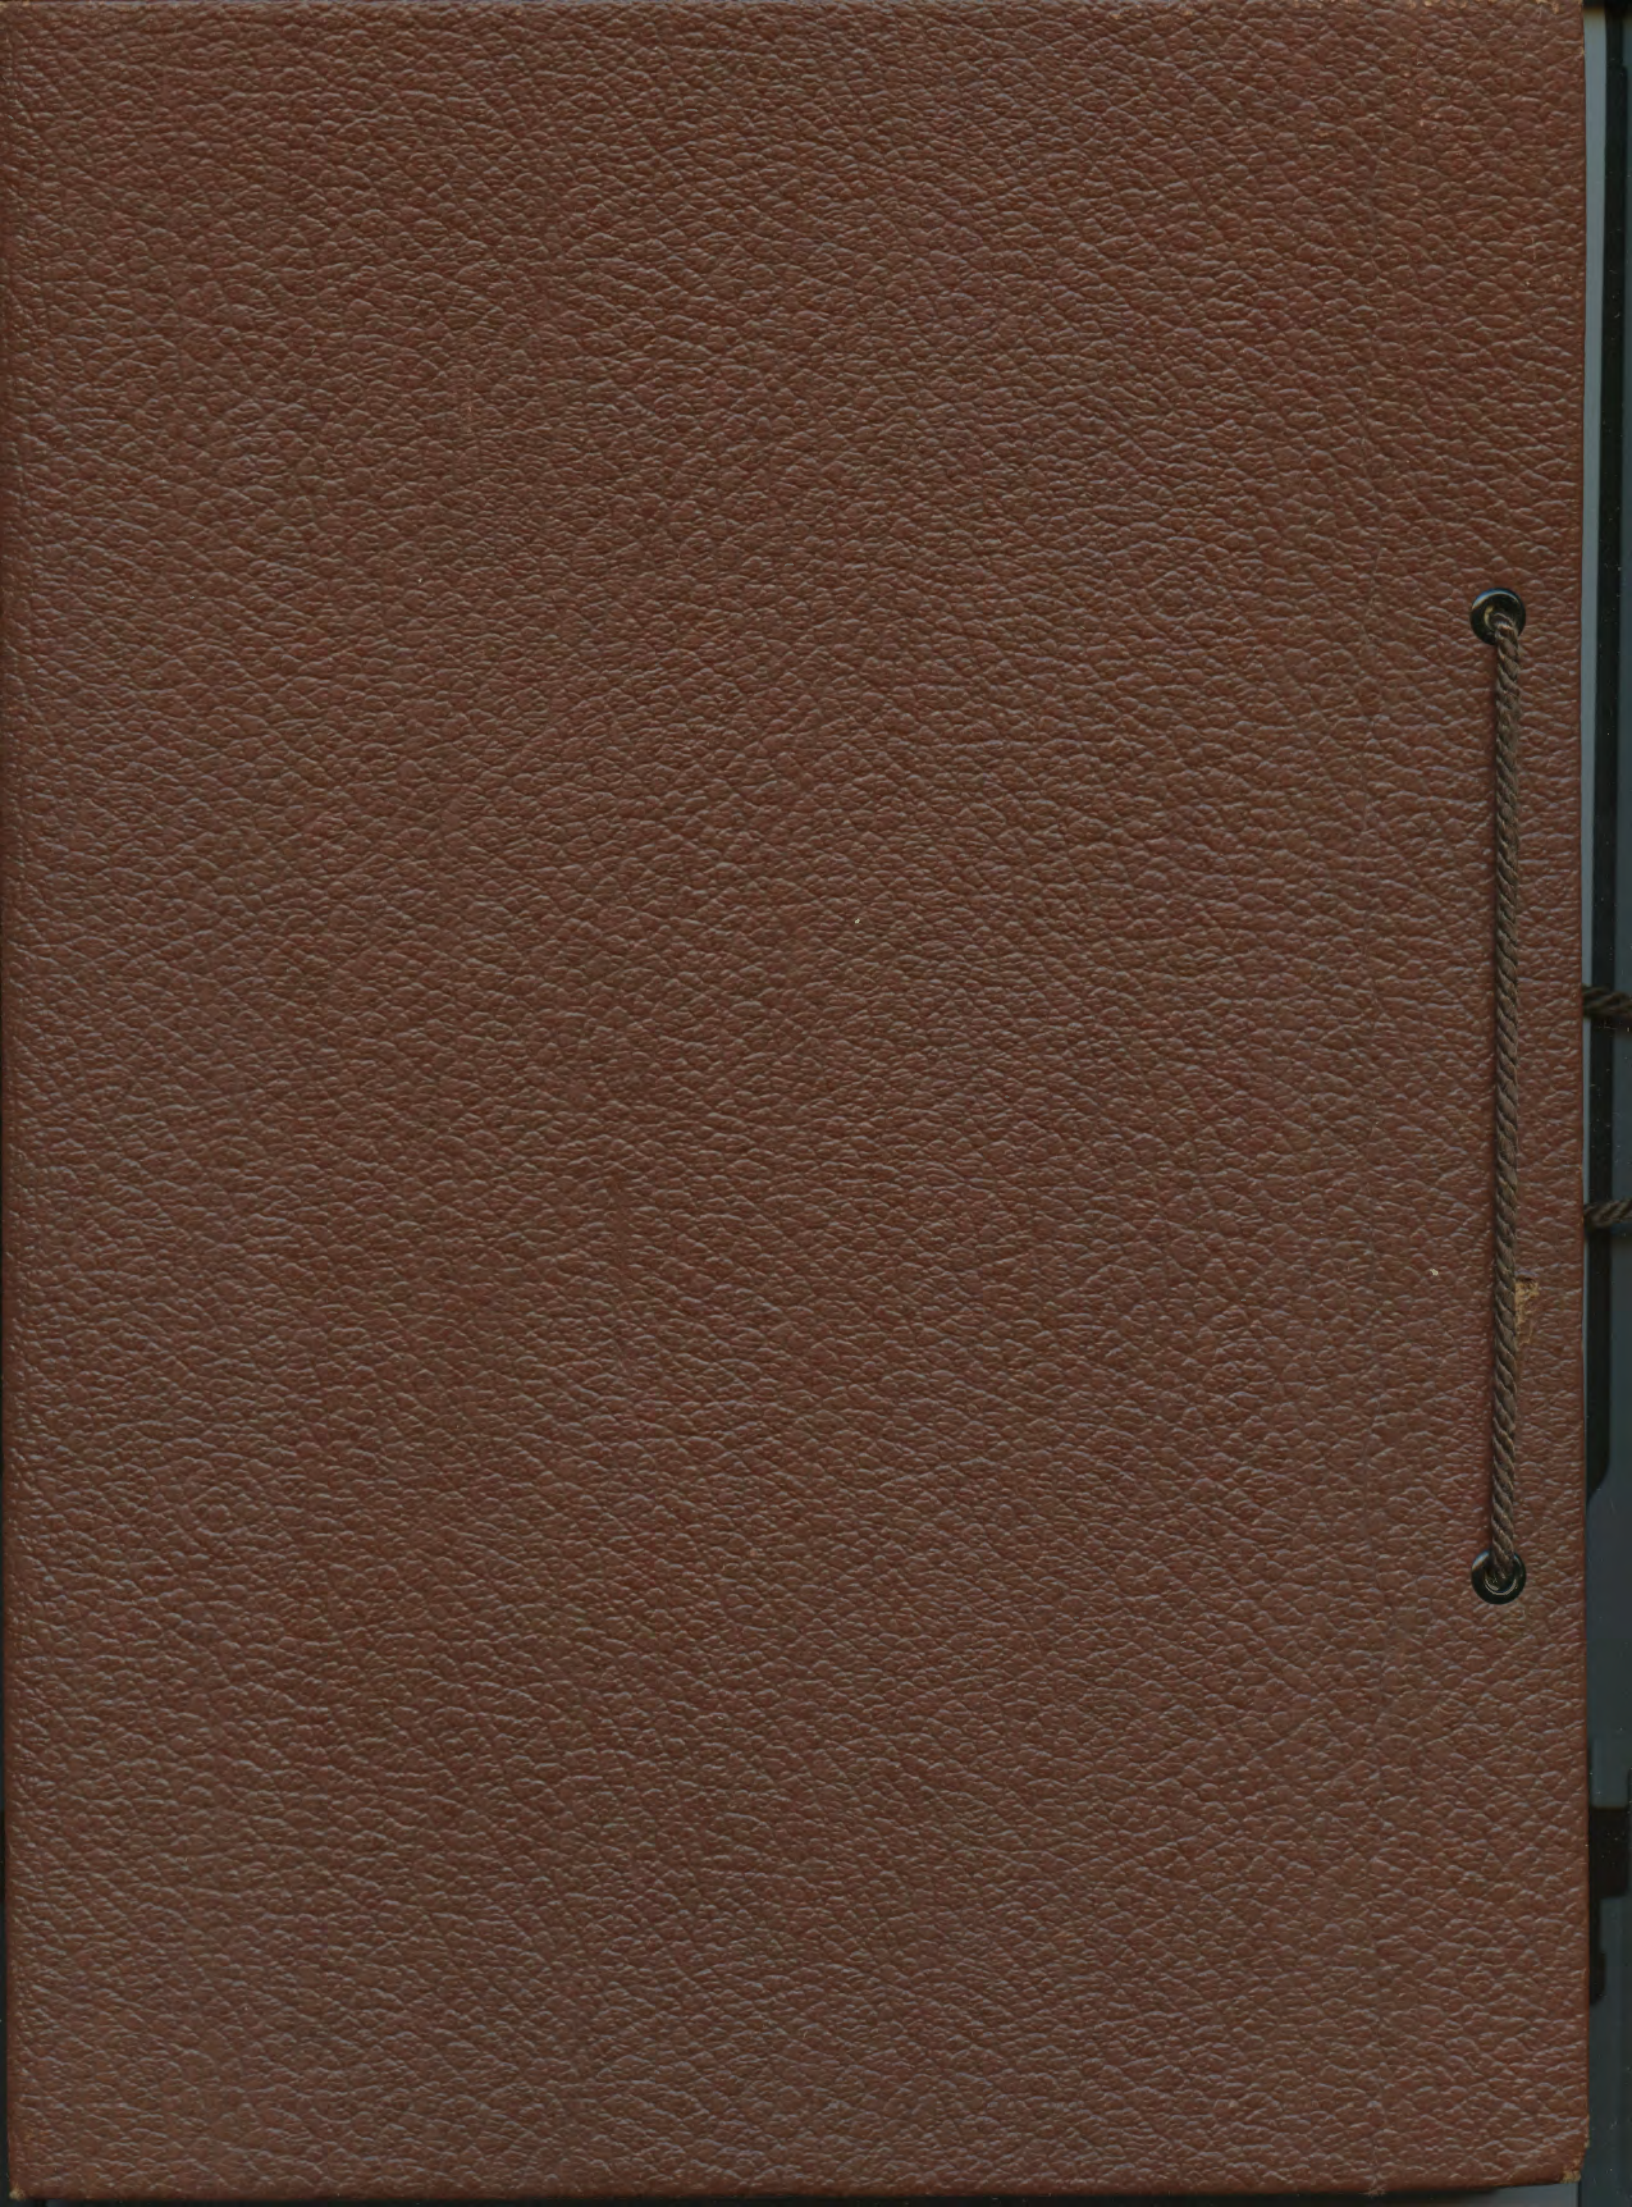

We will win this game tonight
So fight boys, fight, fight.

Come on team! Come on team!
Come on, Let's fight.
You can win that game tonight
Meet them and beat them with all your might.
You can do it if you fight
So you come on team; come on team, let's see
you fight.

Let's see you win that game tonight.
Victory will be yours if you just win that
game tonight.

Fling out our banner,
Maroon and white,
We will march to victory
Loyal forever we'll follow on
To the goal we're seeking.
And when our battles are over
And we must part
Breaking ties that bind us
We will cherish memories of our
Dear old O. H. S.

No. 403
FOR REFILL, ASK FOR
No. 404

May 29, 1940

Dear Parent:

We are writing this letter to give you information regarding some of the recent school events that affect the senior class.

Some time ago the senior class voted to have a senior trip instead of a skip day. However, we gave them a day to visit certain business places in the city of Lansing.

During Hat and Cane Day, they took advantage of the situation to make it rather difficult for some of the teachers and we called them together and talked the matter over with them at which time, they agreed to "settle down" and work for the remainder of the school year.

Yesterday they were given nearly two class periods to go to Okemos for "Swing-Out"; wearing caps and gowns; but they boarded a Short Way Bus, went to East Lansing and returned after having spent an additional one and one-half class hours. This was designated as skipping school and they were suspended according to the rules which have been in effect all year.

This morning the seniors held a meeting with us and we decided that the suspension should stand according to the rule, but that all seniors who desire may take their final examinations from Monday at 1:00 P. M. in room 301 until all have finished, instead of Tuesday as was originally announced. It will be necessary for some fifteen seniors to avail themselves of this opportunity in order for them to receive a diploma.

Sincerely yours,

LeRoy Bell
Superintendent

W. Musselman
Principal

N. B. Since this letter has been written groups of seniors have exhibited undesirable attitudes which make it necessary for the administration to eliminate Class Night and all awards, excepting the one in scholarship which automatically goes to the valedictorian.

May 29, 1940

Dear Parent:

After 5 days, return to
OKEMOS CONSOLIDATED SCHOOL,
OKEMOS, MICH.

Mr. & Mrs. Wm. Lang

R. 4

Mason, Michigan

This morning the seniors held a meeting with us and we decided that the suspension should stand according to the rule, but that all seniors who desire may take their final examinations from Monday at 1:00 P. M. in room 301 until all have finished, instead of Tuesday as was originally announced. It will be necessary for some fifteen seniors to avail themselves of this opportunity in order for them to receive a diploma.

Sincerely yours,

Le Roy Bell
Superintendent

W. Musselman
Principal

N. B. Since this letter has been written groups of seniors have exhibited undesirable attitudes which make it necessary for the administration to eliminate Class Night and all awards, excepting the one in scholarship which automatically goes to the valedictorian.
