SENIOR CLASS NO. CENTRAL TEACHERS ELECTS OFFICERS ASSOCIATION, THURSDAY

Perhaps you sophomores and junors have seen a few seniors dashing madly through the halls hanging posters, electioneering, shaking hands and the like. These were the preliminaries of the Senior Class election. We Seniors tried a plan, as tried before, in our method of selecting officers. Petitions were drawn up and two parties were formed, the Industrious Party and the Proper Party. After a week of electioneering by the candidates, the election was held.

The group chosen to lead the Senior class through graduation day is:

President — Don Barnbrook.

Vice-Pres. — John Ray.

Secretary — Martha Nicholson.

Treasurer — Jim Smith.

lyn Sunderlin

Properties—Pat Kindig, Joan Bres-

Make-up—Mary Erhart Scenery—Vera Hoff

Programs—Ilene Welber
With such a large cast, and one that is so full of talent, you can see that a real treat is in store for you when the curtain goes up on "Lady Precious Stream." The sophomore class will have charge of the ticket sale for this event which is slated for Thursday, November eleventh.

Everyone is looking forward to Teacher's Institute this week because of the two days' vacation, but the Glee Club is anxious for another reason. Over five hundred members from different Glee Clubs of surrounding towns will sing in one large chorus. It will be under the direction of Oalf Christensen, director of the St. Oalf Choir of Minnesota, which his father made famous. It has toured all over America and a part of Europe. That's why it is really a privilege and an honor to be able to sing under his direction. For the last two weeks all Glee Club members from John Adams have been "trying out" in the chorus classes. A quartet sang the songs that will be on the program and the rest of the class judged them. The North Central Chorus will sing on Thursday, October 21 and on Friday, October 22, Mr. Dasch from Chicago will direct the orchestra.

Officers of the Glee Club were elected last week. Paul Green is the new president and Jean Humrichouser, vice president. Those on the executive committee are: Hershal Keefer, Eleanor Dent, and Pat Megan, secretary, Mary Furnish, assistant, Ruth Davis, Robe Chairman, Bruce Goffeney, assistant, Glen Tulley, Chairman, Dick Buin, assistant, Charles Decker and Garrett Flick-

TEAM COMPILES RECORD WORTHY OF PRAISE

Our tennis team has just completed a rather successful season. Until last year when our team defeated Riley, we had not won a match. This year we won 3, tied 1, and lost 2 in the regular season play. In the tournament at Elkhart, our team didn't seem to be able to click at all as we failed to gain a point. Here is the record:

Adams	4	Riley 0
Adams	2	Mishawaka 2
Adams	1	Central 3
Adams	4	Riley 0
Adams	3	Central 1
Adams	0	Mishawaka 4

Our team, which was chosen by Mr. Reber, consisted of the following players. Jack Houston who held No. l position, Jules Sandock at No. 2 position, Dick Myers at No. 3 position, Hugh McVicker at No. 4 position, Bill Baker at No. 5 position, Dan Dickens at No. 6 position, and Dominic Catanzarite at No. 7 position. Dick Myers was by far the most consistent player losing only once during the six meets. Jules Sandock provided some valuable points at just the right time. Jack Houston's complied record is nothing to be ashamed of, as he won 3 and lost 3, for a .500 rating. Hugh McVicker and Bill Baker also were instrumental in providing some of the. points which boosted our team's average. Dominic Catanzarite and Dan Dickens also deserve credit for the fine job of holding down the reserve end of the team.

The Thursday night meeting of North Central Teachers Association is open to the public and any person desiring to hear the District Chorus at that time can secure a ticket at the door for twenty-five cents.

ADAMS ARMED ALUMNI

September 30, 1943

To the Students of John Adams,

I know some of you don't know me, but this letter is to those that do and don't. Most of all to the fellows at that age. I'm one of the many John Adams students in the employ of OUR Uncle Sam. I've been in his employ for almost nine months. Most of that time was spent in a small college located in Columbus, Ohio. The rest of the time was spent in Miami Beach, Florida, where I received my basic training, and at San Antonio, Texas. I'm now in San Antonio. We all have the same goal in mind, our wings. With few exceptions we all have the same number of hours in the air. Even before we got to pre-flight we received ten hours dual flying instruction. Not a fast ship, but a sixty-five horse power Piper Cub. During the past month I saw, took, and passed more tests than I ever had at John Adams. Just one written test lasted seven hours. I've attended on the average of two parades a day for well over a month. K. P. is next to quard duty and quard duty is first after everything else. It's strictly G. I. and plenty tough, but it's the best thing for any of you fellows that come in the age limit.

Right now I'm in the station hospital receiving treatment for shattered nerves. It won't be long before I'm in there after those wings again. In the meantime I would enjoy hearing from all of you.

Dear John Adams Students,

I received another copy of the "Tower" today and thought I would drop you a few lines to try and express my appreciation.

I know most of you never heard of me, but once I had the opportunity of going to your school. I guess we never realize how much our school days really mean to us until after we are out.

Receiving the Tower brings back many old memories of football and basketball games, that to me will never be forgotten. It also gives me a chance to see what is going on now at the present day, and so many different other ways that it would take me all night to write about them. Another very important one is, addresses of some of my old schoolmates, their where abouts and what they are doing is what's interesting to me. You know in the service, receiving mail and news from our home towns is what keeps us going. At least it does me. So you see to me, your school paper is greatly appreciated.

Well it's time for me to turn in so I'll just say thanks again. I would appreciate hearing from anyone who cares to write.

Your friend,

CHIT-CHAT

Four Thirty Middle of Week Year Unknown

Dearest Moron,

My cousin has the mumps and she is having a swell time.

I started to South Bend, Indiana, to see you. I saw a sign that read; "This takes you to South Bend," so I sat on sign for three hours, and the darn thing wouldn't move.

I am sending you a coat by express. I cut the buttons off to make it lighter—they are in the pocket.

If you do not receive this letter, let me know, and I'll send you another copy.

Our neighbor's baby swallowed some pins but they fed her a pin cushion, and everything is O. K. now.

Enclosed, you will find a picture, but for fear it would get lost, I took it out. Don't hurry to write, and I'll be expecting a letter very soon.

Sincerely,

PERT MORON

LOOK ALIKES

From a distance you're very likely to mistake Dick Fohrer for Carl "Available" Johnson. Darling soph Joyce Whitwer looks just like Janie Cook. From profile, Marilyn Dawson could pass for Martha Warrick's twin. If she ever got desperate for cash, Janie Van Antwerp could hop out to Hollywood and make some money as stand in for movie star Loraine Day. Negative of Fran Bickel's picture: sister Jan. For twins Peg and Pat Kedzie certainly don't look alike. Alan Ladd had better watch out if Bob Sanders ever gets to Hollywood. Who can distinguish between Bud and Gene Geleide. Better give your secret to the teachers.

Greeting of the week: "Bite me, or I noticed you shaved last night," was echoed throughout the halls last week. Another catchy comment heard in 3rd hour study hall was: "Eneff is eneff." Have you noticed the look of mirth on Mr. Powell's face these daze? This is due to the extra curricular gym activity afforded to us by our friends (friends if you can show your pass and nickel) the ex-workers of the Grabum, Sackem, Smackem, and Packem Sardine Company. Yes, we are referring to those non-stopping, non-swerving Rangers of the Road, the bus boys of the N.I.T. We owe a lot to these men. They have given to us a new obstacle course. Any bus will provide the course. The first obstacle is dodging out of the way while it pulls up to the curb. And next obstacle is running to catch the bus as it pulls away. This involves staggering through the smoke screen its motor provides. If you do make the bus, and only Superman, Willard Harris, and Maynard O'Cohan have done it so far, you peer through the haze of cigar smoke afforded by the genial driver and try and locate the token box. After dropping your token on the floor you withdraw a bruised hand, two pennies, your token, and a portion of the floor board only to be advised by the chauffeur either to wash your nickel (or the bus) or else pay a dime. You disregard the sourccazem of this ex-Roof Rider and attempt to swing to the rear of the bus via the overhanging bar. On the way back you eye the No Smoking sign, all the while coughing violently. "Please do not cough in this direction; my cigarette is going out," a voice poking out from behind a Lucky admonishes you. About the only cross-ventilation afforded is when some night shift worker from Ball Band yawns. These new busses have a convenient method of discharging their passengers. As these Super-Chiefs reach their destination, the sides fall out ala landing barge. Science!! The N.I.T.!! What a combination!!

? ? Questions of the Week ? ? When will that Cassy-nova of the kev-chain quit handing out his father's matchbooks? And lastly, what can be done to the Luncheon Club and those two characters "Awful" Foster and his corny crony "Sport" Linder?

ASSEMBLY TODAY

This morning at 8:35 A. M., we shall have an assembly concerning Global Geography. Mr. McNamara will speak on this subject and there will also be a student speaker. A motion picture is to be given also.

The purpose of this assembly is to introduce this subject to the students before they make their second semester elections.

This assembly should be of great importance in bringing the subject of global geography to the attention of the students. It has been found in training our armed forces that the men have been lacking in a knowledge of global geography.

WASHINGTON OVERRUNS ADAMS

EAGLES AGGRESSIVE IN PANTHER VICTORY

Coach Goldsberry's gridmen definitely proved their calibre even though in defeat Saturday night. Many were not surprized at our loss but the conditions of it did startle practically everybody who saw the game.

Washington kicked off and the ball was carried to the 26 yard line. Then started one of the most vicious attacks ever made by an Adams team. With excellent blocking to open up holes for our backs who were really running for keeps we started up the field with a first down. Then came another and another, and as we crossed the midfield stripe Washington began to wonder and Adams to exalt. As we got our fourth consecutive first-down the fans started calling for a touchdown. After our fifth first-down in a row Walters finally plunged over for the touchdown. Then the Adams fans really cut loose while Norblad crashed over the two yards for the extra point. The inevitable thought that ran through the minds of most Adams students was, I see we've scored the first touchdown against the strongest team in the city, looks like we might win yet. This beautiful thought stayed with us through the kickoff till the first play. Then to the thanks and expectations of all Washington rooters the Panthers backfield came around right end with the speed of lightning and with expert blocking Zalejski romped 74 yards for the touchdown; the kick for extra point bisected the goal post, tying the score. Again the teams clashed as Washington kicked off but neither team threatened until the second quarter. To the discomfort of the Adams supporters Ray's kick was blocked on our own eleven thus giving the Westsiders an opportunity to score which they amply took advantage of when Bibbs laid the egg right in Zalejski's arms on a bullet pass which made the score 13-7 with the quarter ending a few plays later. At the start of the second half the Eagles came out on the field still intent on winning which was vividly pictured by the rough treatment they gave the Panthers when they tackled or blocked them. But the precision blocking of the Panthers was even too much for us as shown by Bibbs 54 yard and Zalejski's 27 yard end sweeps that accounted for 12 more points. Our second touchdown was acquired when Kelly fumbled Ray's kick and Ray recovering on their 20 yard line. Our Eagles then flew to the 4 yard line when Nordblad battered through to pay dirt. Mc-Kinney then plunged for the extra point which totaled 14 for Adams. Compliments of
