

# Summae Reflect on Past and Future

The class of 1978 can boast of many dedicated scholars. But, as is fitting, those four seniors who are graduating Summa Cum Laude must be recognized as the pinnacle of the many fine students who are to be found in this year's graduating class. As proud as these students are of their past accomplishments, however, they look forward with equal anticipation to the future.

Kate Goerner plans to attend the University of Notre Dame for her undergraduate education and hopes to double major in both English and Drama. After graduation from college, she hopes to build a career as either an actress or a writer.

Kate's extracurricular activities at Adams make her well suited to her proposed major. She has participated in Drama Club and has been in several of the club's play productions. As a result of her work in these plays, she is a member of the Thespians, the drama honor society. In addition to her acting, Kate has taken part in speech and debate, concert choir, and is an editor of this year's Album. For her scholarship and outstanding journalistic work, she has also been inducted into both the National Honor Society and the Quill and Scroll Society.

Of her experiences at Adams, Kate remarked that her most valuable ones came as a result of the activities which have allowed her to express herself. She commented that "in a lot of the

classes, creativity needs to be stressed more." She complained that many of the classes don't emphasize imagination, something she feels is essential in education. Above all, she explained, her years

J. Michael Lucey

at Adams have enabled her to "understand myself."

Tentatively planning to major in mathematics, Mike Lucey will be studying at Wesleyan University in Connecticut this coming fall. Mike has no definite plans for after his graduation from Wesleyan, preferring to "make it through college first." He has also been active at Adams in addition to his scholastic pursuits. He has played in the Adams band and sung in the choir. Mike's biggest involvement though, has been in the area of drama. He too is a member of the Drama Club and has appeared in several plays. In addition to this, he has taken part in every musical production while at Adams, not only as an actor, but also in the orchestra and as a chorus member. He is also president of the school's chapter of the National Honor Society.

Reflecting on the impressions he has gathered while at Adams, Mike commented that he felt that Adams had "an excellent faculty." He is also appreciative of the great opportunities Adams has offered him for "musical participation."

Linda Thomson is also bound for Notre Dame next year, where she hopes to major in either engineering or mathematics. Her activities outside of studying are also centered around dramatics. She has served as an officer in the Drama Club and has also worked on several musicals. She is noted for her work behind the scenes with costumes and makeup. She also is a

Of her four years at Adams, Linda remarked that she has enjoyed being here and that in both the extracurricular and academic member of the National Honor Society.

activities she has been involved in, she had "gotten some experience in working with people, especially from the shows." She went on to say that "the friendships I've made here I hope to keep." Linda is emphatic as she added that she'd "like to think of most of the teachers as my friends."

Also headed for Notre Dame this fall is Irene Yang. While there, she plans to major in business with a minor in music. Irene also hopes to spend her sophomore year abroad in Taiwan. After graduation, she would like to work in the management area of the airline business.

Irene has also been active in an impressive number of areas. She has participated in all the musicals put on while here, appearing both on the stage and in the orchestra. She has also taken part in student government and debate, and is a member of both the National Honor Society and the Instrumentalists.

Speaking of her experiences at Adams, Irene recalled that she has had an interest in music for some time, but that it was at Adams that this interest really developed. "Through orchestra and choir," she explained, "I've learned how to work with people." She said she hopes that this will benefit her in her future career. Irene was particularly grateful for her experiences at Adams, in that they "determined what I am capable of and can achieve, with music especially."

## Reflections of a senior

I have been waiting all my life to experience this thing called "graduation." But now I sit and wonder; the time has finally come. And your expectations of this day are so great, there isn't time to explain. And soon that day will be here and soon gone, just like all the years of preparing for it.

All the thousands of papers you've written, problems we've struggled through, tardies, blackboards and the same faces for twelve years—all adds up to this single day.

Where to now after the last

piece of cake is put away and the money from relatives is locked up? Four more years of papers, new faces and lots of hard work for a thing called a degree? Or eighteen, out in a world of production to make some kind of a living? Not knowing where the next dime will come from. No longer being able to poke the kid next to you for an extra pencil or make a quick joke about the teacher's new shoes.

Where did all those old, familiar faces go? Never more to be seen. Or what about the

old desk sitting next to the open window, next to that ugly girl with braces? Remember your box of crayons and your pencil sharpener kept in the back corner of your desk? Whatever happened to that great day called "Show and Tell?"

Let us take these very last days we have to remember our friends, not when we are 25 looking at an old, dusty album full of unfamiliar faces because we will never see them again.

## Przybysz Comments

Where has the time gone? Four years ago the Class of '78 no doubt felt graduation was never going to arrive. That time is now upon all of you, and I'm sure there are mixed emotions. The urgency to complete your secondary learning and go on to other endeavors, and the thought of leaving friends and familiar surroundings, are very typical feelings of graduates.

The Class of '78 has time and again proven its leadership to the underclassmen, and teaching staff. Your understanding and patience with the "Blizzard of '78" situation, as well as numerous

members of the class receiving outstanding recognition in academics, fine arts, and athletics, locally, state-wide, and nationally, prove to myself and the staff that you indeed are a class "with class." As your principal, speaking for the staff, you have been a joy to work with, and a class we can all feel proud to have been a part of during your years with us.

Our best wishes go with all of you in whatever direction you seek. Come back and see us, and let us know how or what you are doing.

We will be following your progress with much interest.

## Editorial

In this special Senior Edition of the Tower you will find wills, goals, news, and feelings. It's hard to explain of the underclassmen that even though we are glad to be done with school, it's hard to leave it. Memories pull at us. Memories of that first day when a shout of "Frosh!" made us cringe from these incredibly tall people who easily walked through the maze of JAHS. That first assembly, where the Class of 1978 surprised everybody by cheering "2-4-6-8-WE'RE THE CLASS OF '78'". Or a sophomore year where we looked down on the Freshmen and sent them to class by the longest route possible. It was our chance to get even for our suffering. And last year we were Juniors, part of the elite. We sat in our bleachers and saw ourselves on TV and attended the Prom at Tippicanoe Place and went to school for a minimum of 5 hours. Then we were Seniors. The oldest, the wisest, and tolerant. We went to school 3,4,5,6, or maybe 7 hours. We won Spirit Week and worried about SATs, FAFs and BEOGs. We filled out college applications and wondered about scholarships. We looked for jobs all year long, because whether or not we would go to college, money was suddenly very important. We got numerous phone calls from the Armed Forces, letters from universities. And we had what was supposed to be a humiliating experience: a Prom with the Junior class and two other schools. But it worked out. Just like the class rings and announcements and cap and gowns, it worked out. Goodbye, John Adams High. It was nice being here, we must admit. You gave us friends and memories and schooling. Good luck, Class of '78. Good luck, future Senior classes.

# The Year in Sports

THE JOHN ADAMS TOWER, June 2, 1978 11

## Basketball Team Has Awesome Season Upset in Sectional

The 1977-78 Basketball Team here at Adams had what you might call an incredible season. They began the season as just another Northern Indiana Conference hopeful, unranked, and unknown. Riley, Washington, and LaSalle were supposed to be the only contenders in the conference, with Adams falling anywhere behind them. Most people believed Adams would finish the same way they did a year ago, 12-10.

Most people that is, except Dave Hadaway, his coaches and fourteen basketball players. This group put together an awesome 20-1 record plus an uncountable amount of thrills. They captured their sixth N.I.C. title in coach Hadaway's nine year reign, outclassing each and all of their conference opponents.

In late December, they captured another honor, the states number 1 ranking. Proving they deserved the honor, the Adams squad battered through a host of foes on their way

to the Holiday Tourney championship. Skip Jones' last minute shot against Plymouth, offensive expositiveness, and Adams domination over Riley in the finals were just a few of reasons why the Eagles took the tourney and the number 1 ranking.

Although they suffered a disappointing loss in the sectionals, it truly was an incredible season. Various Adams players performed well. Leroy Sutton, a junior, averaged 21.5 points a game and was named a member of the second team all state squad. Lynn Mitchem, another junior, shot 70% from the floor, a school record. Seniors Andy Golba and Kenny Howell ended fine careers at Adams, as both were named in the N.I.C. polls, along with Michem and Sutton.

With many returning letterman, next years squad looks as if it will be another fine one for John Adams Basketball.

Even the biggest jock, Joyce Duingines, is awed by the size of Ron Mitchem.

BIGGEST JOCKS

## Netters Finish Impressive Season

The JAHS Boys' Tennis Team sizzled to a 10-3 record in the fall of 1977.

The squad had three seniors. Hugh Featherstone played #2 singles. Featherstone won ten of his matches and finished #2 in his NIC tourney class. Mark Kocielski also was runner-up in the #3 division of the tournament and won ten matches. Mark Roemer teamed with Frosh Matt Kocielski at #2 doubles.

LeRoy Sutton, in his spare time from slam-dunking and jumpshooting, played #1 singles. Tom Cassady and Bruce Holloway played #1 doubles.

The Eagles were defeated by #3 ranked Riley in the state tourney.

The B-team waltzed through a 2-1 season. Rusty Stinchcomb, Joe Taylor, Mark Harman, George Patton, John Willems, Tracy Kendall, Dave Germano, and Kevin Todd carried the load.

## Aronson's Last Season: A Strong One for Wrestlers

There is a big hole in the John Adams wrestling program for Mr. Aronson has retired. Mr. Aronson has been coaching for 37 seasons, with the last 22 seasons at Adams. He has somewhere over 200 career victories, and he added 13 more victories with a 13-2 record in dual meets for this year. This past wrestling season was truly a tribute to Mr. Aronson for the whole team did an outstanding job.

Ron Mitchem provided the biggest event of the wrestling championship, but there were also many team events that were outstanding. For example, the team sent eight wrestlers to the

New Prairie Regional, including two Freshmen. These two Freshmen were Mike McNarney at 98 pounds and Greg Hughes at 155 pounds. These two wrestlers, along with four others got second place thus qualifying for the regional. The other four members of the team were Mark Sutton at 105 pounds, Ken Murray at 119 pounds, Jeff Boothe, the captain at 145 pounds, and Chris Whitlock at 177 pounds. Chris lost in overtime in the championship match. The two sectional champs were Larry Hood and of course Ron Mitchem. Both champs were champs for the second straight year.

Most of the wrestlers that

qualified for the regional had trouble getting out of the regional alive, yet still this was an outstanding team performance. In fact, the only one to get out of the regional alive was Ron Mitchem who went all the way.

Other members that were on the varsity were Jon Fonacier, Mike Avance, Phil Magaldi, Joe Nieman, and Bob Bergren. These members of the varsity were often the difference between a win or a loss for the team.

The B-team wrestling team also had a good year with a 12-3. Some outstanding wrestlers included P.J. Gault, Ryan Lane, Gary Haygood, and Marty Meehan.

Jim Freel helps the JAHS Eagles another Sectional title.

## Eagle Icers Finish Sixth

The Flying Frenchman of John Adams steamrolled their way to a #6 state tourney finish and an all-around excellent season. Having blitzed most of the teams they skated in the early season, Adams encountered LaPorte, the New York Yankees of high school hockey.

After falling behind 4-0, Adams scored three goals in less than two minutes. Tom Chomyn, Eldred MacDonnel, and Dave Dziubinski whistled pucks into the net and it was 4-3. But LaPorte scored again, and even a George Scheel goal couldn't keep the Eagles from contracting their first loss of the season.

Six games later, Adams tied LaPorte 2-2. Geoff Wharton and Brett Coppins picked up goals. LaPorte was undefeated and untied until that game. Adams nipped LaSalle in their first post-blizzard game, 4-3.

Soon it was money-time as Adams met Clay for the city championship. The Eagles bounced Clay around as Wharton, Dziubinski, and Scheel collected goals.

The Eagles were forced to take a detour through the league playoffs due to a loss to that same Clay team. Adams barely survived Cinderella LaSalle as Mark Wolgamott scored in the third

overtime.

Tom Beyrer, Wolgamott, Dziubinski, Scheel, and Chomyn contributed goals in a 5-3 slicing and dicing of St. Joe.

Dave Green, Adams equivalent of Tony Esposito, frustrated Clay "to the max" in a 6-1 holocaust. Scheel, Wolgamott (hat trick), Beyrer, and Wharton ruffled the net.

Eventually Adams was defeated by a hockey powerhouse from Fort Wayne and had to settle for sixth in the state.

It was a good season for the Eagle Icers. Jay Brasel and Green were virtually impassable in the nets. Wolgamott, Scheel, Dziubinski, Wharton, Beyrer, and Coppins collected goals by the dozen. Chris Kopec, another forward, also filled in at defenseman towards the end of the season and did an excellent job. The corps of defensemen included MacDonnel, Dave "Road-runner" Jaicomo, Bucky Miller, Chris Collier, and Ned Dooley. Dooley collected a few trophies, as always, for his headhunting collection. But perhaps the most inspired player of them all was Senior Tom Chomyn. Chomyn's offensive rushes with the puck and bone-crunching checks represent quite well the fire with which the Eagles play.

After ending the regular season with a 9-1 record, the John Adams Track Team defeated arch nemesis Penn and eight other teams in the NIC meet to claim a share of the NIC title with Penn. Earlier it was learned that this will be the last NIC meet ever to be held, so Adams will enter the record books as having been the last team to win the traditional meet, which holds 36 years of memories and achievements.

After cleaning up a good sized share of the NIC, the Eagles got down to business in the sectionals,

and qualified seven individuals and two relay teams to the Gary regionals. While racking up 107 total points, and outdistancing the rest of the field, the Eagles scored in 13 of 15 events, becoming sectional champs for the third straight year. In the meet Carl Hamilton was a double winner, and Mark Herron shocked all by setting a new high jump record of 6' 8 1/2", breaking the old record of 6' 8" set by heavy favorite Tom Brady last year. In breaking the record, Herron bettered his best seasonal performance by more than four

inches.

To add icing to the cake, the following week to win the city track title for a third consecutive time, easily leaving fire other teams in the dust. Adams compiled 168 total points, compared to the next closest finisher Clay with 85 Points. Graduating seniors who contributed to the success of this year's team include Tom Chomyn, James Dixon, Jim Freel, Carl Hamilton, Arnold Marshall, Larry May, Ron Mitchem, Bubba Meyers, and Rory Smith.

# The Year in Sports

## Football Eagles Concentrate on Rebuilding

The 1977 football season at Adams could be classified as a rebuilding year. This year was the last one for Mr. Faulkens and he finished up his career at Adams with a 2-8 record in his final year. Mr. Mihail will be replacing Mr. Faulkens. Mr. Mihail is the present track coach and he is doing an outstanding job in that program. He was an assistant coach under Mr. Faulkens and so he is familiar with the Adams program.

The 1977 football season started off with a 12-0 win over Fort Wayne Dwenger. After the good start Adams went downhill with five straight losses. In the middle of this string Adams lost a

controversial overtime game to state ranked Washington by a score of 13-6. This game seems to be typical of the whole season. Adams looked as though they had victory in their hand, mainly because of good defensive work, but then Washington took the game into overtime where the Eagles lost on a disputed play. The Eagles broke their losing streak by defeating Michigan City Elston on a rain soaked day. Running Back Emmit Dodd was the chief factor in the win, along with the defense. Dodd scored on a long punt return to put the Eagles ahead for good. After the win over Elston the Eagles finished the season with three

straight losses to Riley, Penn and LaSalle.

The B-team football team finished their 1977 football campaign with a 4-4 record. Outstanding members for the B-team consisted of B. Dragovich, K. Lennon and D. Dziubinski.

Powderpuff football completes the football program at Adams. The sponsoring Junior class won Powderpuff Bowl I. The Juniors won the title by defeating the Seniors 6-0 in a bitter battle. The Juniors had defeated the Freshmen to advance to the final game while the Seniors defeated the Sophomores to advance. The Tower's MVP was Desi Smith, a Junior.

## Swim Season Produces Outstanding Performances

The Adams Pool Society had another bumper year in '77-78. While the girls team finished second in the sectionals, the boy's team surfaced third in the state.

The Seagals roster included Lisa Anderson, Judy Beeman, Karen Brown, Peggy Deren, Julie Doetsch, Meg Fahey, Cindy Joers, Chris Kalasinki, Kim Parent, Julie Powell, Ellyn Severyn, Sharon Sunderlin, Phyllis Vogel, Debbie Wright, and Pam Zigler as swimmers, divers were Jenny Deneen, Mary Mosely, and Martha Schilling.

Sunderlin placed second in the 100 free at :56.0 in the sectionals, to go along with a second in the 50 freestyle. Fahey collected a second in the 100 backstroke. Schilling sprang to a second off the boards in the sectionals.

The Seagles lineup: Ron Zhiss, Tony Ellett, Mark Goodrich, Gary Severyn, Brad Tretheway, Dave Pauszek, Tom Manley, Peter Orr, Bob Manley, Tim Parent, Tom Batdorf, Mike Deren, and John Engel.

Their 8-7 dual meet record is misleading due to the caliber of opponents on the Seagle schedule. They proved this by finishing third in the state with only four swimmers competing: Zhiss, Ellett, Severyn and Manley.

The four combined to capture first in the Medley relay. Zhiss picked up 7th in Individual Medley and first in 100 breaststroke. Ellett snatched 2nd and 3rd in 50 and 100 free, respectively. Severyn splashed to 8th in the 100 free.

Another fine year for all the Adams Swimmers.

## Seniors Lead V-Eagles

The 1977 John Adams Volleyball team did not repeat as state champs, but still brought home many awards in compiling an 11-3 record. But the story is not complete without mentioning the excellent B-team, whose record was unblemished at 17-0. The varsity team led by co-captains Theresa Schilling and Mary Skudlarek, found the going tough in the beginning of the year, but after defeating #1 ranked Riley 16-14, 14-12, in a breath-taking match, the Eagles rolled to usual two game victories over their

beleaguered opponents. The "spikers" ended the regular season tied with Mishawaka for city and conference championships, but were forced to give up any other hopes after losing to Riley in the sectional semifinals.

Members of the exceptional Varsity squad included seniors Marcy Grow, Michelle Humphrey, Theresa Schilling, Mary Skudlarek, and Amy Terry; Juniors Gina Fragomeni, Janet Scheu, and Lisa Was; and Sophomores Jacky Becker and Karen Kurzhals. Both the Varsity and B-teams also

captured titles in the St. Joe Invitational, which promoted Mr. Prybysz to say "like good guests, they took home all the spoils." The members of the perfect 17-0 B-team are as follows: Julie Cowen, Rosie Crowe, Erin Fanagan, Kathy Gillis, Sandy Gyorgi, Karen Kurzhals, Lisa Longfellow, Sue Thompson, Sue Ushella and Renee Was. The Eagles proved again to be winners, and will join the long list of past outstanding Adams volleyball teams.

## More Victories Predicted for Linkers

The John Adams golf team is red hot. On May 18 the golf team swamped two teams at one time at the Erskine golf course. The team defeated Elkhart Memorial by 21 strokes, while mashing Michigan City Rogers by 26 strokes. These two wins rose Adams golf record to 7-5. The Eagles have had a hard time of keeping a winning streak alive but now they might have broken out of that slump. Two days before that impressive win the team soundly defeated Washington by a score of 311-339.

In the Washington match Adams was paced by Jeff Burdeen's 76 and 78's from both Glenn Schultz and Gary Severyn. Paul Gundy added a 79 while Kevin Zwickl chipped in a 82. This 28 stroke win by Mr. Otoliski's team was indeed large. Yet Adams was to get better. Two days later the John Adams

Golf team dazzled their opponent with an amazing 306. In that brilliant round Glenn Schultz led the Adams golfer with an outstanding 75. Jeff Burdeen followed right behind Schultz with a 76 for the Erskine course. Kevin Zwickl promptly followed suit with a 77 while Gary Severyn followed right behind Zwickl with a 78. Paul Gundy had a 80 and that finishes off the individual scores. During that outstanding day for Adams golf, the team defeated Elkhart Memorial by a score of 306-327. In the other part of the triple dual meet the Eagles easily outdistanced Michigan City Rogers by 26 strokes with the final score standing as 306-332.

The Eagles record now stands at 7-5 and more wins are in the future with this RED HOT golf team.

## Baseball Squad Takes Outstanding Performance Into Playoffs

The John Adams 1977 Baseball Team is having an excellent season and this is to the surprise of no one. John Adams Baseball has long been regarded as one of the finest in the state, with coaches and players who excel at the game.

Under the guidance of Coach Lenny Buczkowski, this year's squad has dominated over most of its opponents, using a barrage runs and sound defense. The Eagles still have a chance to win the conference and it's more than likely Adams will finish strong. Come

sectional time, this year's squad will be ready as always.

Many players have come through this year in helping Adams. They include seniors Doug Ross, Andy Golba, Geoff Oletti, Ron Janowczyk, Dave Glassford, John Mechan, Dan Szjako, Joe Moriarity, Dom Romeo, and Brian Madison. Some juniors who aided the squad were Kevin Wasowski, Joe Neman, Jim Parker, Bill Dragovitch, Tom Cates, Joe Schielhelut. Two sophomores who have played are Frank Romeo and

Kevin Lennon.

The 1977 John Adams squad has been a memorable one for the athletes, but especially for Coach Buczkowski, who picked up his 200th win in a victory over Plymouth. Coach McNarney is in charge of the B-team (Titans) who are having a fabulous season and batting for the top spot of the conference. They are led by Lennon, Romeo, and Gary Haygood with the pitching coming from Brian Dubie, Andy Zotter, and Rusty Stinchcomb.

## Gymnasts Have Mixed Year

The Adams Gymnastics squads played opposite ends of the spectrum in '77-78.

The boys had a rough time of it. While the only South Bend boys team, the boys from the boondock schools made the season miserable for the Eagles. Olin Calvin, E.J. Dieringer, Mike Dunfee, Ken Fortlander, Mark Harvey, John Hennion, Jon Keppler, Steve Papai, Ken Quimby, John Rockstroh, Mark Weisman, and David Wolff represented the males. Despite going 0 for 6 in 78, the Eagles deserve a round of applause.

The girls, on the other hand, had a successful season. A-teamers as follows: Liz Anderson, Sherry

Bolden, Gail Borden, Barb Farmer, Lisa Frieden, Lisa Harper, Julie McCaige, Heather McClure, Tricia Mengel, Lisa Neff, Ann Paszkiet, Lori Ross, Roxanne Scarbrough, Christy Silvius, Lisa Swartz, and Linda Vaerewyck. B-team girls consisted of Jean Ferry, Ingrid Marshall, Tris Myers, Cindy Simpson, Judi Stegert, Tina Stouffer and Kelli Woolridge.

The ladies danced and pranced through much of their schedule, and then had a large time in the sectionals. Of the many outstanding performances, Roxanne Scarbrough and Lisa Harper grabbed all-around titles in intermediates and beginners.

## Seniors Help Build Cross Country Program

On the outset of the season, Coach Wiands 1977 cross country squad hoped to reach two goals: improving last year's record and building a sound program. It is safe to say that both these goals were met.

This year's squad finished the season 5-9, an improvement over last year's 4-9 mark. Randy Forbes turned in an outstanding season, as he finished strong in every meet. Two seniors who helped the squad considerably were Larry May and Scott Burton. Juniors: John Poorbaugh and Jim Kennedy also provided underclass power.

Returning next year are some excellent runners, including Forbes, and the program at Adams is improving yearly. This year's nine juniors, two sophomores, and one freshman will obviously provide many great moments for years to come at Adams.
