It Happens

He'll Wait
For Check Now

John S. Pollak, 52, started a 30-day jail term today for slapping a clerk in the State Employment Office in Newark because he was "impatient" over delivery of his unemployment check.

Thief Chooses
Cops' Homes

CHELMSFORD, Eng. (UPI) — Police staged an intensive hunt for a thief who broke into five homes around the corner from the Essex police headquarters. All five homes are owned by policemen.

Lots of Action
For a Buck

SANTA MONICA, Calif. (UPI) — It took five squad cars and three police motorcycles yesterday, but after a 2½-hour chase through the streets here, officers bagged their quarry—a 115-pound, forked-horn buck deer.

Beau Brummel
Of a Burglar

GERRARD'S CROSS, England (UPI) — Police said today a burglar broke into a house

Kearny Man Killed On Pike

Crossing Road
To Gas Station

MOUNT HOLLY (UPI) — A motorist identified as John Kilcoyne, 25, of 187 Midland Ave., Kearny, was killed by an auto last night as he crossed the New Jersey turnpike four miles south of the Burlington - Mount Holly interchange.

Police said his car broke down and he was running to a service station across the road when he was hit by an auto operated by James C. L. Brown, 53, of Staten Island. Kilcoyne had been alone in his car, police said.

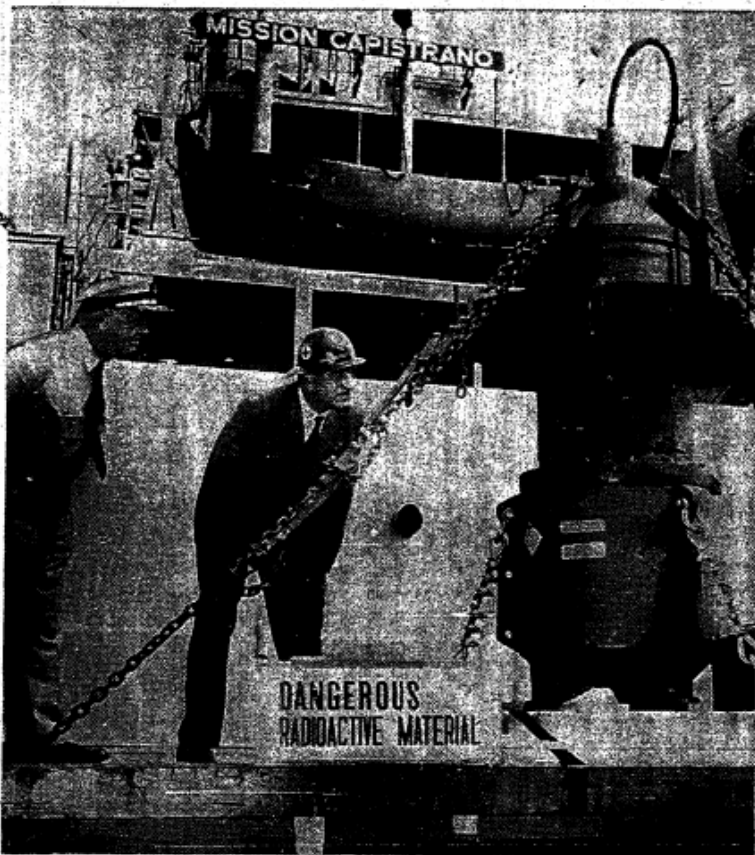

Kilcoyne was pronounced dead on arrival at Burlington County Hospital.

Kilcoyne was married but had no children, neighbors said. He had lived at the Midland Avenue address less than a year.

A brother, Frank Kilcoyne of 842 Kearny Ave., Kearny, identified the body.

Kidney Flattens Judy Hospitalized In Nevada

CARSON CITY, Nev. (UPI) — A doctor at Carson-Tahoe Hospital said today that entertainer Judy Garland is suffering from a kidney disease and flatly denied earlier reports that she took an accidental overdose of barbiturates.

Dr. Rismard Grundy said the 39-year-old actress was suffering from acute pyelonephritis in her right kidney, which produces a severe pain similar to kidney stones. He said she would probably be able to leave the hospital within 48 hours.

MISS GARLAND was earlier believed to have been hospitalized for an accidental overdose of barbiturates, but Dr. Grundy ruled this out.

Her personal physician, Dr. Kermit Osserman, arrived at Carson City after a flight from New York.

Dr. Grundy said Miss Garland was in satisfactory condition and was joking with nurses. She was given sedatives and antibiotics.

Miss Garland arrived at the hospital yesterday, conscious but weak, according to Dr. Grundy, but rallied well in the first few hours.

DR. GRUNDY said the star would have to rest for 10 days to two weeks after she is released,

Hudson

Medics Drop Sabin Polio Vaccine Plan

HOUSTON (UPI) — Astronaut John Glenn, answering a charge by fellow astronaut Walter Schirra that Glenn is not up to date on the space program, said yesterday "I don't want to add any more statements to a situation that has all the aspects of a tempest in a teapot."

Schirra, scheduled to make a six-orbit flight at the end of this month, said Glenn was "about wiped out of the space program" because of the personal appearances he has been making.

"Continually Reviewed" "Juggling of my time for maximum benefit from a technical and national space program's standpoint has been continually re-

The Hudson County Medical Society has decided against going ahead with its proposed Sabin oral polio vaccine program. The Jersey Journal learned today.

Dr. Clement M. Jones, president-elect of the society, said the decision was made independently of the fact that the federal government is reviewing the use of Type III of the vaccine.

DR. JONES said the decision was not based on any possible danger in the vaccine. He said the inability of the society's members to agree on the program was the main factor in the decision.

Dr. Jones said the oral vaccine has not been used up to now by any municipal health departments in the county, nor its use been advocated by the Medical Society. He did say, however, that some individual doctors may have administered it to their patients.

Glenn Won't Argue With Schirra, But...

HOUSTON (UPI) — Astronaut John Glenn, answering a charge by fellow astronaut Walter Schirra that Glenn is not up to date on the space program, said yesterday "I don't want to add any more statements to a situation that has all the aspects of a tempest in a teapot."

Schirra, scheduled to make a six-orbit flight at the end of this month, said Glenn was "about wiped out of the space program" because of the personal appearances he has been making.

NASA headquarters," Glenn said. "Wally and I are good friends and I will certainly continue to support his flight as well as I possibly can," Glenn said in a statement.

Glenn has been assigned as liaison man in California for Schirra's flight. Glenn was the first American to orbit the earth.

Studying Clinic for Elderly Plan Offered Jersey City

Jersey City may be the first city in New Jersey and among the first in the nation to set up a diagnostic clinic for the elderly under a new federal health program.

The proposal is under consideration today by Mayor Gangemi and other municipal officials who met yesterday at the Medical Center with Herman Hillman, regional director of the Public Housing Administration.

UNDER THE PROGRAM, the PHA would provide the space for the geriatrics clinics and the city would maintain them. Their services would be available to needy persons over 60.

Polio Vaccine

States Told to Halt Type 3 for Adults

By United Press International

Most of the nation's health authorities have adopted a wait-and-see attitude about the cherry-flavored Sabin Type III polio vaccine.

If U.S. Surgeon General Luther Terry was taking an extra measure of caution in recommending that adults not be given Type III, state and local health authorities were pretty much in agreement.

Suspend Type 3

Most made no plans to cancel immunizations scheduled with Types I and II, but where live-virus Type III immunizations already had been planned they were suspended pending further study.

Terry, after a day-long meeting with Public Health Service and other medical advisors, made the recommendation Saturday.

He said the nation's mass immunization program using the Sa-

bin vaccine should continue with all three types for those of school age and with Types I and II for adults.

Decision Local

But Terry stated that the final decision on how to administer the immunization program would rest with state and local authorities.

He said a special report was being prepared and its results would be made public "within the next few days."

The health committee sessions were touched off after the Canadian government ordered an end to use of the Type III vaccine because of its possible link with polio cases.

Kidney Flattens Judy Hospitalized In Nevada

CARSON CITY, Nev. (UPI)—A doctor at Carson-Tahoe Hospital said today that entertainer Judy Garland is suffering from a kidney disease and flatly denied earlier reports that she took an accidental overdose of barbiturates.

Dr. Rismard Grundy said the 39-year-old actress was suffering from acute pyelonephritis in her right kidney, which produces a severe pain similar to kidney stones. He said she would probably be able to leave the hospital within 48 hours.

Giants Hurting With Willie Mays Out of Lineup

But Dark Loath to Rush Him Frisco Drops Third in Row

The plight of Alvin Dark can be summed up thusly:

With Willie Mays out of the lineup, the Giants are going nowhere.

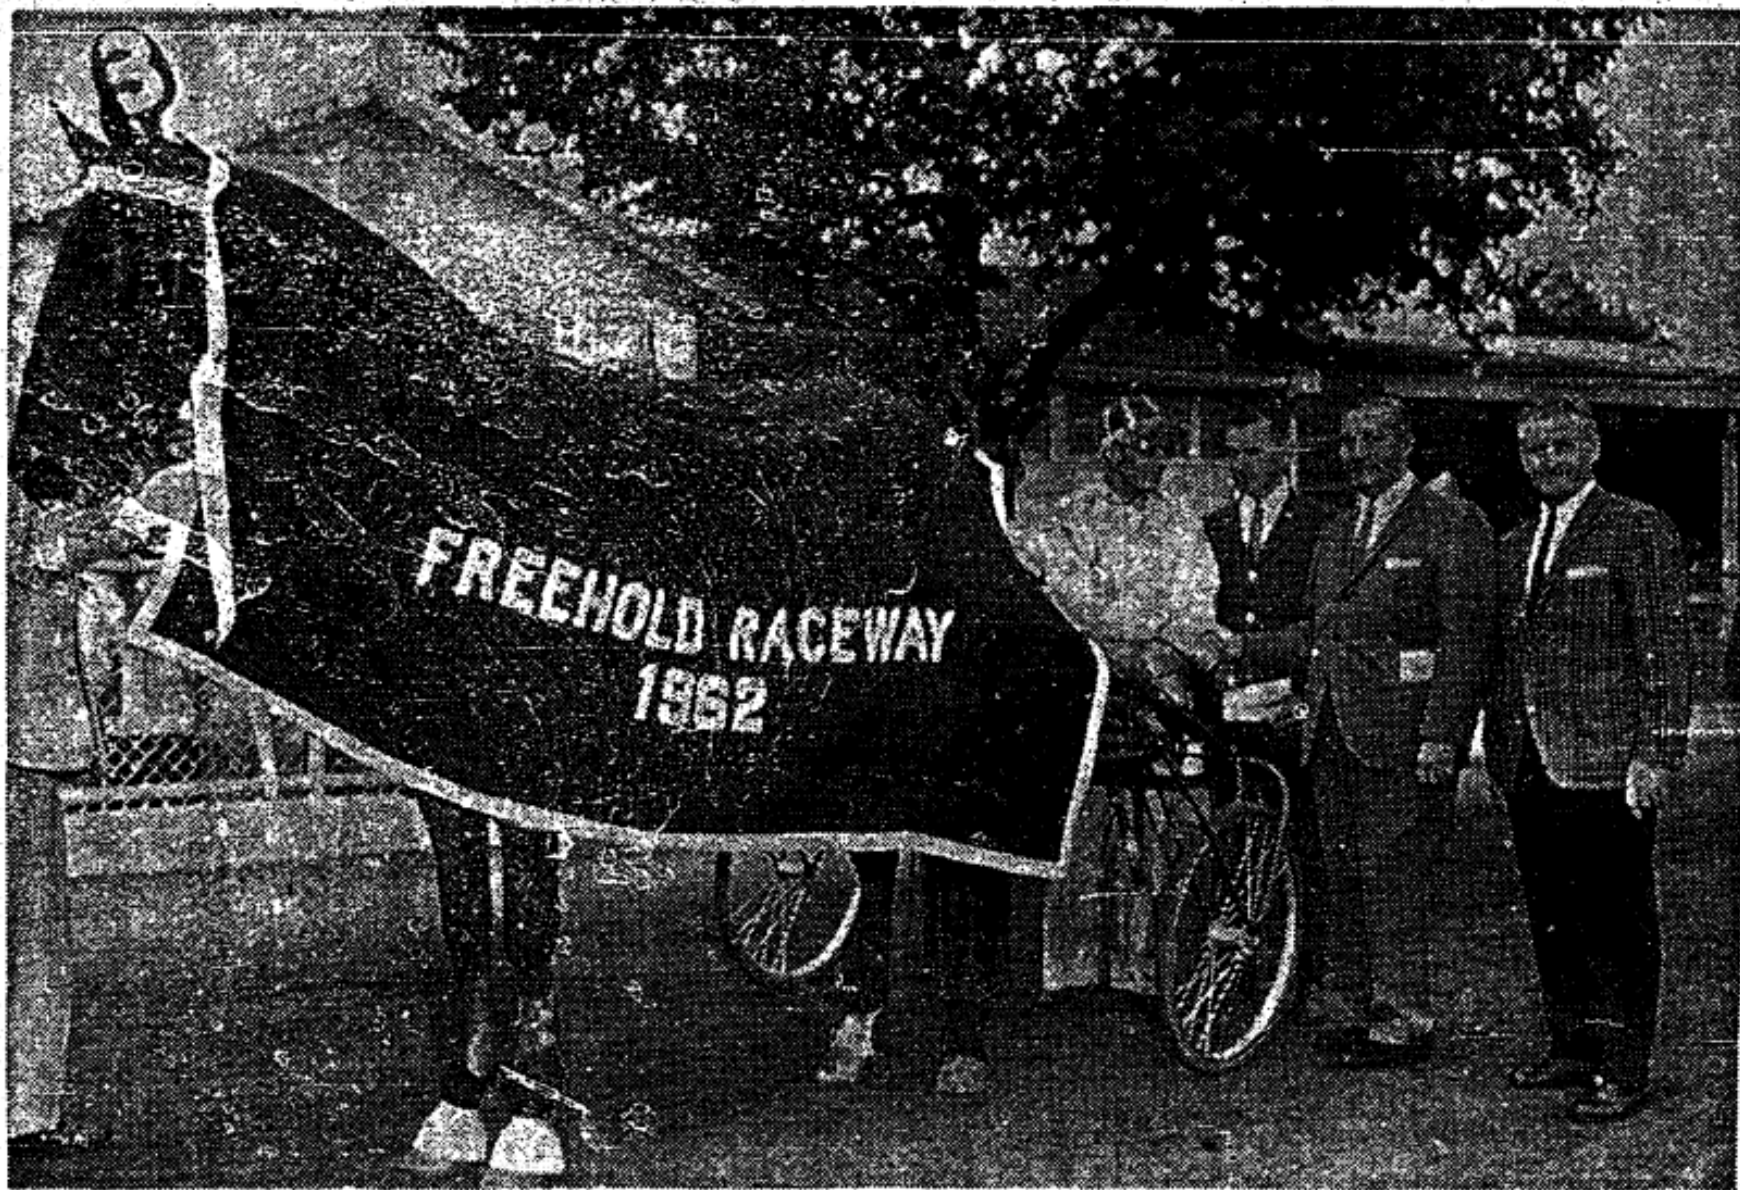

Mays, stricken at Cincinnati on Wednesday night, missed his third straight game last night and the Giants, coincidentally, lost their third in a row, 5-1, to the Pittsburgh Pirates.

It was the 17th contest Mays sat out since he joined the Giants 11 years ago, and the Giants lost all 17 games.

LAST NIGHT'S loss knocked San Francisco three games behind the Los Angeles Dodgers in the National League pennant race with time running out as the Dodgers reduced their magic number to 12 with a 13-7 victory over the Cubs.

But Dark is not going to hurry Willie into the lineup until he feels the Say Hey Kid is ready.

"We'd all like to win the pennant," Dark said, "but I'm not going to play Willie until I feel he's absolutely ready to come back."

WELL DONE, BOB — Mayor Gangemi of Jersey City congratulates champion driver Bob Farrington yesterday after the nation's leading dash winner piloted Amos Diamond to victory in the featured Hudson County Pace at Freehold Raceway. Looking on are Assemblyman Maurice Brady and Jack Deegan, Hudson County supervisor.

JOURNAL SPORTS

OBSERVER

Diamond Diggings

Yankee Yak...

BOSTON — Yogi Berra, in answer to rumors that he is to take over as manager of the Red Sox, says: "Every writer in Boston has called me but I haven't heard from Yawkey yet." Tom Yawkey is owner of Boston club. Yogi, at first, didn't believe he had a chance at job here. But he was indicated that if Yawkey wants him he is available. Yanks would be in no position to stand in Yogi's way of managing major league club. In 1952, Giant owner Horace Stoneham was in similar position. Cardinals told Eddie Stanky they wanted him to manage so Stoneham felt he had to give up Stanky cheaply rather than stand in his way of advancement. . . . Yank co-owner Del Webb a surprise visitor . . . Yanks' ended five innings with strikeouts . . . Last night's attendance was 24,370 . . . Dick Radatz had Clete Boyer so confused Yank third baseman tried bunt after two strikes. He fouled it off to add to Radatz's record . . . Ralph Terry failed in bid for win No. 22 . . . Lou Clinton rapidly developing into Yankee killer. He got three hits last night . . . Carl Yastrzemski took base hit away from Tony Kubek with tumbling catch in ninth inning.

Met Memos . . .

It's official now. The Mets are the best gopher breeders in the history of the National League. When Vada Pinson hit an inside-the-park homer off Craig Anderson last night, it was the 186th off a Met pitcher this year, breaking the old record of 185 established by the 1955 Cardinal staff. And the Met pitchers did it in 147 games so the record will need no asterick. The major league mark is 187 by the 1956 Athletics' staff . . . Roger Craig, gaining credit for the win when Coleman homered in the ninth, ended his own six game losing streak. It was his first win in more than a month. Frank Thomas crossed up the opposition with a hit to right field in the first when the Reds were in an overshift to left. It was only the second hit to right for Frankie all year . . . Joe Christopher who has been hitting well of late, went four-for-five last night . . . Thomas with a double and two singles, drove in four runs.

Grid Giants Underdogs Vs. Browns

The New York Giants, defending champions of the National Football League, Eastern Division, are cast as underdogs in their first game of the current campaign at Cleveland tomorrow.

Odds-makers have installed the Browns as three-point favorites in the struggle that will be sent back to the metropolitan area via CBS-TV and WNEW Radio. Kickoff time is 2:05 p.m.

At Green Bay, meanwhile, the defending world champion Packers are favored by 17 points in their opener against the Minnesota Vikings.

NEXT AT LOEW'S — Dirk Bogarde in 'Damn The Defiant' plays the role of a scheming sadistic officer trying to take control of the H.M.S. Defiant away from its captain, Alec Guinness. The action packed drama, filmed in color and cinemascope starts at Loew's Jersey City, Sept. 19. On the same program is 'Ring-A-Ding Rhythm,' a musical starring Chubby Checker.

The Journal Pre-Views Tonight's TV

AT THE STATE — Chuck Connors stars in the title role of 'Geronimo,' the action drama of the Apache leader's war against U.S. and Mexican troops. The United Artists release, a Laven-Gardner-Levy presentation in Panavision, is now being shown at the State, Jersey City.

8:30 4 JOEY BISHOP SHOW

Joey is back with an all-new format and new cast. Now he is playing Joey Barnes, a nightclub comic. Abby Dalton is Ellie, Joey's bride, and Guy Marks, a very clever newcomer, steals the show as Joey's manager, Freddie. The plot is old but the dialogue is snappy enough.

9:30 2 HAVE GUN, WILL TRAVEL

Richard Boone has a fine chance to display his vast acting talents in this show which tells us a lot about Paladin, including how he got his name. James Mitchum (the son of actor Robert Mitchum) appears as a young wastrel who attempts to kill Paladin. This reminds Paladin of his own past.

Mellow Noon

As fall equinox nears and the sun rises in the east and sets due west, the time of equal hours of day and night brings pre-autumn mellow noons.

High noon on a warm September day is one of Year's rich experiences in living. White clouds sail a deep-blue sky; warmth broods over fields and meadows, hills and woodlands like a gentle benediction. The morning breeze dies away and soft warm air blankets the countryside.

There are September noons when it seems as if time stands still for an interlude. The quietness of day is accentuated by the alto call of a chickadee and the melancholy call of a crow from the tall elm by the meadow brook.

The dictionary says that mellow means mature, fully developed; soft or tender by reason of ripeness. The mellowness in the air is a part of the plan that governs our flowering world.

The mellow noons of the ninth month last for two or three weeks. It is an interlude between seasons—the conclusion of summer warmth and the beginning of autumn briskness. All the deep meanings of life come in brief periods of experience, and the quiet warm noons of this month are pleasant to him who savors each segment of the year.
