Who We Are

A team of ten students and two faculty members aim to raise a minimum of \$25,000 to provide need-based scholarships for current students to engage in immersion activities. This initiative hopes to allow students opportunities to travel abroad and to adventure at home. Essentially, our team wants to create powerful opportunities for Prep students to apply their classroom learning and experiences to the world outside of the classroom.

In order to raise both awareness and funds for this initiative, two Prep teachers will cycle over 2,000 miles from the mountains of Vancouver, Canada to the desert of Tijuana, Mexico. While traveling, they will be supported at home by eight seniors and two juniors.
