Dr. Stan's Race Commentary:

She ran a hard race getting off a little slow. Never got a breather entire race and reached down for every stride she had.

Of note, last 5 races were all stakes races. She finished first-second; first-third; and yesterday first!

Total earnings now are \$30,000 short of a half million. Could have run in Royal Delta, the feature, a \$200,000 race but lost to Curlin's Approval by 1 1/2 lengths 2 races back and decided to go here. Curlin's Approval easily won the race by 6 lengths yesterday.
