STUDENT COUNCIL

The selling of the booster pins was a great success. All of the ordered pins were sold at the modest price of 30c. The total amount received from this public transaction was \$40. profit.

A new addition to the Junior High reading facilities has been established. It deals with a pocket-book library from which the students can purchase pocketbook editions from the SAKS news agency for approximately 35c. Student Council members will run the selling of the books during every study hall. The agency will handle all sorts of valid paper-back editions suitable for teenagers. About 400 of these books will be on display.

WHAT'S NEW IN MUSIC

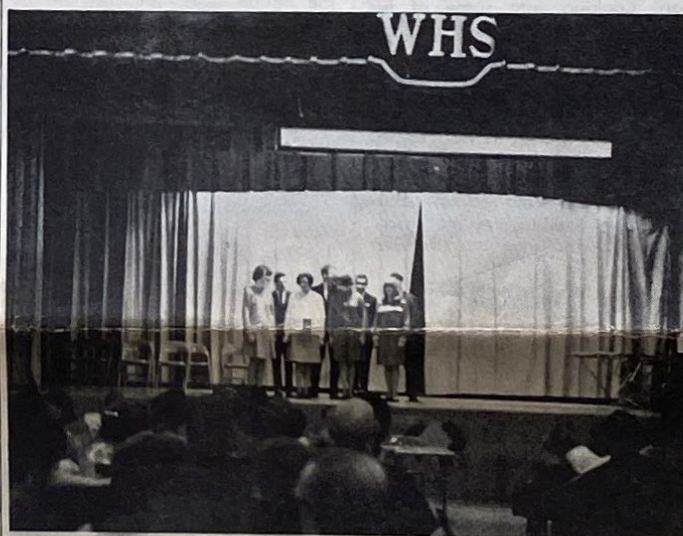

by CYNTHIA HAPIP

On March 1, the Symphonic Band is going to present a concert. Loran Eckroth, talented brother of William Eckroth, will be a guest soloist. Mr. Eckroth is the director of the woodwind department at Dickinson State College. Also the DSC Clarinet Choir and Woodwind Quintet will perform. We hope to have a large turnout, so kids, tear yourselves away from your homework, and come listen to our concert!

Have all of you musicians heard of the Modern Music Masters, which is being started in Junior High? It is a national music society, and in order to belong, the student must have earned at least a B average in band, a C scholastic average and must have played a solo or participated in an ensemble. The selection of students for membership is strictly on a merit basis. Ability and scholarship in both music and academic subjects, cooperation with teachers and fellow students, and leadership and service are basic requirements. I'm sure many of you are interested in this and plan to join.

Fun Night Presented By PTA

The Williston Junior High PTA has again succeeded in presenting a very entertaining Fun Night. Mr. and Mrs. Lester Jensen and Mr. and Mrs. Ray David were the chairmen. Serving as Master of Ceremonies was Mr. Ray David.

The Williston String Group, which is composed of fourteen talented people who play the violin, cello, and string bass, was first to perform. Other entertainment was dance interpretations of "Faith, Hope and Charity" and "Birth, Life and Death" presented by groups of eighth and ninth grade girls. "The Giant and the Pygmy," a snare drum duo was presented by Jack Lindvig and Tim Beddow. Piano solos were presented by Peggy Alfson and Cindy Holter. Several selections were

played by an instrumental group, and the ninth grade double quartet sang several songs. Also singing was the eighth grade girls' Triple Trio. An exhibition was presented by the trampoline team. The highlight of the evening was a comedy duo, Val-n-Tine, portrayed by Patti Andre and Teri Baker. Disguised, they interrupted every act in an entertaining and hilarious way.

Lunch was served by the seventh grade mothers.

GAA By Glenda Huss

GAA, made up of eighth and ninth grade girls, started out with a bang this year.

A president, Debbie David, and a vice president, Debbie Skurdal, were elected along with an activities committee composed of six girls. There are quite a number of girls in GAA this year, who have a lot of fun, meeting every Wednesday night from four to five.

Volleyball, basketball, tramp, tumbling and many other exciting activities are offered for entertainment. At the last meeting it was planned to go bowling and have a skating party, but as yet no date has been set.

CORRECTION

Miss Marilyn Peterson attended Northwestern College in Minneapolis where she received her Bachelor of Arts degree in English. She received her education course from Valley City State College. She worked in advertising in Chicago. Her pet peeve is gossip and her interests include listening to classical music, reading, and writing.

Lynd: In Viet Nam And FUNY

by ELLEN ANDERSON

In 1798, France and the United States came dangerously close to war. George Logan, a Pennsylvania Quaker, tried to settle the dispute. Because he was a private citizen without authorization from the government, the American people rebelled against the idea.

As a result of this venture, the Logan Act was enacted. When enforced it carries a stiff penalty for anyone negotiating privately with a foreign government in the name of the United States.

Now the act is being tattered by the frivolous winds of the new crop of liberals. Two noticeable examples are Dr. Linus Pauling and the Rev. Martin Luther King.

The fact these men will send letters in open defiance is lamentable. They may be innocent in the eyes of law until proven guilty but when no action is taken to indict them, the situation is deplorable.

Now the latest infringement on this law is the recent journey of Prof. Staughton Lynd and two other men to Communist North Viet Nam.

Prof. Lynd is a very interesting man. Looking into some of his other activities, several curious facts crop up.

Prof Lynd, who is a Yale professor is also listed on the faculty of the Free University of New York. Better known as FUNY, this school was set up by one Allen Krebs who calls himself a Marxist, who was fired from Adelphi University for teaching revolutionary ideas, and who also toured Cuba in 1964.

Also teaching at FUNY are several leaders of the Progressive Labor Party. Of these men, there is Milton Rosen the PLP chairman who was expelled from the Communist Party because he was a "left-wing deviationist." Mr. Rosen in turn said the branch of the

Communist party led by Gus Hall was "soft on capitalism."

Some other of these self-styled universities are known as "anti-universities," "counter-universities," and of course the "free-universities." They are all sponsored by the Communist splinter groups but exchange teachers ideas in a rare unity. Usually the splinter groups are fighting at odds with one another.

This is at least one of the outside activities of Staughton Lynd. Maybe you agree with Prof. Lynd on his views of Viet Nam but remember he didn't really help our efforts to cease the war in Viet Nam.

When any teacher commits such a flagrant violation of our laws, the students of the school where the teachers work should rise up in anger. We have a nation of laws not men. The concept of obeying only the laws an individual sees fit to obey may have some positive points, but what points are very weak. All the strong points are negative. When laws are not obeyed, anarchy sets in. With anarchy and no laws to guide the people, one man or several men must step in and then the nation is not of law, but of men.

THE PONY

by JOAN THOMPSON

The pony is a wild one,
Who never stops to rest.
Mane of silver, coat of brown,
Which puts the winds to test.

Sometimes when you turn around,
He may be very near,
But his hooves bound o'er the ground,
If a hand toward him does veer.

For the pony is a wild one,
Who someday may be tame,
Until that time the little one,
Will play his little game.

Miss Shepard, the eighth grade science teacher, points out a scientific fact to one of her eager students.

☆ ☆ ☆ MEET THE TEACHERS ☆ ☆ ☆

Miss Edith Shepard is another new addition to the Williston Jr. High faculty and the eighth grade science department.

She has attended several colleges in the past few years. Her hometown is in Walhalla, N. Dak. She received her Bachelor of Arts in Biology and Chemistry.

She enjoys teaching school here in Williston. Funny how everybody says that! Her first impression of our great school was, "It's one of the finest Junior High Schools in Williston." Her favorite saying quoted by the students, is "We're going to have a short assignment."

Her pet peeve is a fire drill during a test in a shortened period.

She plans to go to school this summer and in a few years become a geologist. Her hobby is rock collecting.

MR. JAMES BAKKEN

James Bakken was born in Minot and his home town is Berthold. He attended Minot State College and received his Bachelor of Science degree in 1963. While he attended college he was a member of Tau Kappa Epsilon fraternity. Mr. Bakken also participated in sports and worked part-time.

Two years before coming to Williston he taught high school algebra in Towner.

Mr. Bakken's favorite past-times are sports such as basketball, bowling, and football. His pet peeve is a student without his work done.

He likes teaching at Junior High. Mr. Bakken's ambition is to go back to school.

FASHION HIGHLIGHTS

by JANICE TAYLOR and DEBBIE LOHSE

Hi!
1966 has started out truly a year of fashion at Junior High.

Take a look at Greg Anderson's blue shirt with the gold pin at the collar and John Kaluza's blue shirt with the ring zipper.

Notice Nancy Wallace's striped leotard outfit for modern dance class.

Marcia Wilder's blue cardigan sweater and matching plaid skirt are very fashionable indeed.

A green heather skirt with matching sweater and green suede shoes are seen on Sandy Temanson.

Carl Ennis has the latest in boots!

Have you seen the neat black, orange, and white sweater Martha Innis knit for herself?

Notice how nice Bob Findlay dresses up on Fridays!!

A TEAM IN HARMONY

"Lightning Strikes" as the great Yearlings run onto the basketball court. "No Matter What Shape" our team is in, "We Can Work It Out." Jim Hughes makes a quick basket while humming "She's Just My Style." Jan Beauchman loses the ball while thinking about "The Men in My Little Girl's Life" and it's "Crying Time" on the bench. Speedily, Mike Shanley regains the ball while strains of "My Love" come to him. After the game, it's "5:00 World" which is "A Must to Avoid."

Susie Norgaard has a beautiful green looped mohair dress.

A burgundy skirt and pink sweater with boots are the latest for Patti Lebsock.

Lori Borrud has a very smart looking outfit consisting of a blue plaid skirt and blue sweater.

Have you seen Debbie Warnke's aqua shell?

Notice Naomi Jodock's dotted Swiss shirt.

Mrs. Witt wears a very pretty pink skirt and sweater.

Pastel skirts and sweaters have been seen on Jeanne and Joanne Moe.

Have you seen Kathy Kraushar's and Donna Halverson's over-the-knee snowboots?

Take a look at Miss Nelson's black and tan checked suit and Miss Peterson's olive green suit.

Now do you see why this is a year of fashion?

Bye for this time. See you next time and Happy Valentine's Day.

Sports In Action

by RICK WEHMHOFER

The Yearlings have a 3 win - 7 loss record thus far in the basketball season with a 1 win - 5 loss record in the "Freshman League" conference. But, do not despair, we still have two remaining games and will strive to win them all.

With the exception of a few games, all scores in the final quarter have been close, about four or five points.

Coach Hornstein feels confident that the Yearlings can win the remaining games.

I, on behalf of the whole team, thank the students of Junior High for their outstanding efforts of coming and cheering the Yearlings at our ball games.

Mr. Thue said it was the most students he has ever seen at Yearlings games. He said, "Over 350 students attended the Poplar-Yearling game."

The following are members of the Yearling ball club:

Coach: Daryl Hornstein.
 Manager: Terry Udland.
 Players: Jim Hughes, Mike Shanley, Bob Findlay, Tim Kaiser, Jan Beauchman, Rick Wehmhofer, Gary Holt, Don Hotchkiss, Dan Schwartz, John Kaluza, Bruce Iverson, Joe Mendro, Max Evanson, Døve Kuschel, Greg Anderson, Bruce Conway, Randy Peterson, Keith Keller, Rick Davis, Randy Skaare and Jack Lindvig.

What We Expect of The Teachers

by MARY ALFSON

We all know what the teachers expect of us, but I would like to do this on behalf of the students, what we expect of the teachers.

To realize that we are taking more than one subject.

Help the students understand his lessons better if he doesn't quite get it.

Explain his system of grading. To keep an interesting but well disciplined class.

And last but by no means least the teacher should not show any signs of favoritism between students.

YPAHPSLANNEITVEYDA

by Cheryl Wehrman and Debby Warnke

What would you do with this? YPAHPSLANNEITVEYDA

Here are some reactions:

Keith Keller—"I wouldn't."

Jim Bethel—"Hide it."

Paul Price—"Kill it."

Debbie Skurdal—"Give it to Jim Hughes and sign it from Debbie."

Richard Wehmhofer—"Give it to coach and let him call it stupid names."

Camille Smestad—"Keep it for a Friday night."

Debby David—"Give it to Jan Beauchman and tell him good luck."

Darrell Daniels—"Stick it in the pep jug, it might help us win some games if the boys knew what it was."

Mr. Kuschel—"Study it and find out what it was."

Cheryl Bean—"Put it in my pocket and think about it when I'm not doing my algebra-or-or-or."

Mike Watterson: "Give it to Loren."

Incidentally, YPAHPSLANNEITVEYDA spell "Happy Valentine's Day" when unscrambled.
