

"BACK TO SCHOOL" GOLDEN REUNION 1963

CLASS OF 1963 & 63 YEARS LATER
AUGUST 20-21-22, 2026

A LETTER FROM THE COMMITTEE HEAD...

It's hard to believe it's been **63 years since we graduated**. Time has flown, but the memories—and the people—still matter.

High school was a busy time for me, working at my uncle's service station and spending time with the love of my life, classmate **Diane (Rose) Slattery**. After Diane's passing, the kindness and tributes from classmates meant more to me than I can say.

That support inspired me to begin **monthly lunches with classmates**, and over the past four years I've loved hearing stories about sports, teachers, dances, and friendships. It's been like reliving high school through all of you.

As opportunities to gather become more limited, I hope this **Golden High School Reunion** will bring us together for a relaxed, fun, and meaningful time to reconnect, laugh, and share memories.

I truly hope you'll join us.

Warm regards,
Mike
