Mighty Oaks From Acorns Grow

CENTRAL HIGH SCHOOL, SOUTH BEND, INDIANA, MARCH 22, 1945.

'TIS THEM WE HONOR SO HIGHLY

Something new has been added—in this year's voting for chief nut, one of Central's fairer sex, Barbara Hagerty (lower right), for the first time in Interlude history, tied with the leading male candidate, Ned MacWilliams (upper left). When we tossed a penny to decide the winner, the darn coin stood on edge.

AFTER ALL VARIETY IS THE SPICE OF LIFE

The School Administration Building has just announced some changes in the faculty at Central.

Mr. L. Schultz will teach home economics. while Miss A. Ceyak will take over Mr. Schultz's position as instructor in social living. Miss J. Diemand has been transferred to the guidance department and will be replaced by Mr. J. Cole, instructor in French. Miss E. Devin will teach pre-flight aeronautics. Mr. J. Casaday will be in charge of the athletic department, and Mr. J. Nash will instruct the girls' hygiene classes. Mr. A. W. Peden will instruct a special class in theories of modern dance.

BELIEVE IT OR NOT!

April 1, being Easter Sunday, the cafeteria will be open to accommodate Central students and their parents. The menu will be:

Shrimp Cocktail Filet Mignon Head Lettuce with Thousand Island

Dressing Crepe Suzetes Candied Yams

Baked Alaska One quart of champagne will be

served to each person purchasing this dinner. The price of the dinner will be 25 cents as usual. Cigars free. (No cigarettes PLEASE.)

Do you like tutti frutti ice cream, and why?

Don Schleuder: "I don't like tutti and I don't like frutti but togetherit's wonderful."

Jo Molnar: "I'd rather have mine in hash!" Walt Pawlak: "I'd rather have pis-

tacio-it's the Nuts." Betty Lou Brown: "I like it because

some Hershey bars have almonds." Harvey Feiwell: "I like it because

I'm going to be a teacher and all teachers like tutti frutti ice cream." Norma Jones: "I like it because Kay does."

Chuck Dolk: "I like it because some of my most bitter enemies are bald."

Joann Keltner: "I like tutti frutti ice cream because the electric waves are amplified and transmitted to a modified cathode-ray oscillograph."

'Tis rumored that Jim Herman has been cleaning furnaces in the company of Janet Troeger.

Congrats to the new Smilers—Betty Lou McCarthy, Norma Lu Booth, Shirley Babcock, and Jacky Doyle.

Biggest gag of the week-Barbara Hagerty and Mercedes Gassensmith.

Thanks to Mr. Pointer and the School Board for installing those super coke machines in the study halls.

\$64 QUESTION Answered BY CENTRALIAN VOTE

POINTER SAYS "BETTER TO HAVE LAUGHED THAN HAVE LOST"

All was a flurry and scurry or worry and hurry in the Interlude Room, where the votes were being counted to see who the Centralians thought was the nuttiest nut on Central's family tree. A quiet settled upon the crowd as ye olde editor yelled, "Eureka!" The news editor rushed to the spot and yelled, "Eureka!" In rapid succession, each member of the staff was astounded by the resultsfor the votes were tied! A tie between Barbara Hagerty and Ned MacWilliams.

But never to be daunted, that brave personage, that worthy sponsor, Mr. V. C. Cripe, hit upon an idea—why not toss a coin-heads it's Barbaratails it's Ned. But here the troubles just began, for no one on the staff had a coin! Floored for a moment. but still undefeated, they carried on, and Chuck Dolk finally returned with a shiny copper penny which Mr. Pointer had given him because he heard they had Dentyne gum at Smith's Cafeteria.

The great moment had arrived—a tense, watchful silence fell upon the room-the coin was in the air-which way would it land? It fell to the ground, the staff opened its eyes and there, on its edge, lay the penny. Deciding that fate must have wished it this way, the only solution was to have twin nuts-so to our King Nut, Ned MacWilliams, and our Queen Nut, Barbara Hagerty, heartiest congratulations!

But now, let us delve into the hearts of the nuts and see what is known of them. King Nut MacWilliams was born (they say), but why or where is still a military secret.

Shows Political Tendencies

Early indications were that he was to be a Republican, for as an infant, he used to howl for a "change" and continue to yell until something was done about it. This liking for public speaking is still evident by his enjoyment of speaking to Tom Cassidy all during public speaking class.

Ned owes his short haircut to a very hair-raising experience. One day, while reclining in the grass under an oak tree, he awoke to find a lawn mower going over his headsomeone had evidently mistaken him for one of the other nuts and failed to stop the lawn mower.

Queen Barbara also enjoys making speeches and will be especially remembered for her excellent speech over the loud speaker recently which, due to a mechanical difficulty, froze cn the way over the wires, and could only be heard when someone lit a match to thaw the words out.

To carry out the fact that she is really a nut, she has chestnut-colored hair, loves walnut ice cream, and nutty fruit cake really sends her! Her favorite songs is "All or NUTing at

But seriously, our King and Queen Nut are two really swell kids, and here's hoping that they continue to "keep 'em laughing" with their pleasing personalities.

A toast to the King and Queen who

"Nut for every hour Nut for every class, Nut for every year, And always!"

Friendly Old Soul: "What's the matter little boy? Haven't you anybody to play with?"

Little Boy: "Yes, I have one friend, but I hate him."

MY MAMA DONE TOL' ME

I'm glad Spring's here for my mother's sake. All winter long she has had trouble with either my father or the furnace. Every time she would watch one, the other would go

Also, we had a soldier friend at our house the other day and he told us that "As a soldier from up North, I love the slow southern drawl down in Arkansas. You ask a Little Rock girl to kiss you and before she can say no, it's too late. He ought to try that in South Bend. He'd get the first question out and WHAM! he'd be about two feet from the Epworth Hospital door. Still, I won't say the Central girls are so tough. I remember one nite when I was waiting for a girl, and her mother called, "Have a good time at the party, daughter, and be a good girl." She said, "Make up your mind, Mother."

I am still a little dubious, tho, about how all of us stand with the Army. Not so much I, but a lot of boys who might have been deferred are dead ducks now. If you can see lightning, hear thunder, and have two teeth, you're 1-A. But you boys needn't worry; some of you may work up to be full generals. But then you'll lose interest—no room for advancement.

But life is still full of sunshine for boys like Tom, Fred, Tom, Bob, and "Dickie." An old doc up in Battle Creek wasn't only kiddin' when he said, "Eat half as much, sleep twice as much, drink three times as much, and you will live to a ripe old age." If you don't want to live to a ripe old age. I say; "Don't eat, don't sleep, don't drink." That will do it every

MORTIJIVE PLUS FALSTATIM ON ROTO FLID

In the State finals last Saturday the ever fighting Central Bears defeated the Bosse Wildcats in a triple overtime 52 to 51. Coach Jackson Woodard of Central expressed his appreciation to the team and to his stellar guard W. W. Lauterbach who with regard to his meek physique, scored the baskets while the Smith Brothers, Arthur and J. Roy, held up their forward spots to everyone's expecta-

The fans of Central were pleased when tall Carl Miller came through with his usual backboard exhibitions using his unusual height, weight, and superior shoulders to their fullest advantage. When Miller fouled out, he was replaced at center by Walter Kindy who was equally big, but inferior to Miller's extreme speed. Kindy played a fine game although he was rather rough on the poor Bulldogs.

Glenn Maple, who presented such a fine game at the other guard position, also played too rough for the officials and he too was thrown out on fouls.

Substitute guard, John Hazen, was awarded the S.&S. Clothiers' Medal for the best dribbler and for the boy with the highest scholastic average.

The cheerleading, under the direction of French teacher, F. S. Sanford, was very original in that the yells were in French and it confused the other team so much that they had to carry French dictionaries around with them.

The officials were Sewart, of Individual High, and Crowe, of Huntington. They were both drawn and quartered after the game and were left hanging from the basket yelling, "Foul! Foul!"

THIS IS TOO MUCH!

Prin. Pointer and Mr. M. Richard recently issued jointly an urgent plea to students. It concerns the sharp drop in truancies which has taken place in the last month. Says Mr. Pointer: "If this keeps up it will create a serious crisis, and force the slip collectors to study for lack of anything else to do." Says Mr. Richard: "The situation is indeed grave. When I reprimanded Ku Tomball for being present fifteen consecutive days, he looked up from his studying and said he couldn't endure staying out of school any longer because it taxed his nervous system. Yes, the situation is certainly grave!" Mr. Lauterbach finds conditions hard to bear He has become so desperate that he offered to let James Mullivan in at the side-door of the Cozy, where Mr. Lauterbach ushers in the afternoon. Jimmy won't go because June Cox won't skip school and go with

Miss M. Geyer is also alarmed about current happenings. Recently, when Harry James came to town with Frank Sinatra, she went to the first show, and the only representative of Central in the whole audience was Walter Butcher.

Mr. Frank E. Allen has carefully surveyed the situation and believes that the only thing that can be done if these unbearable conditions persist, is to build a new fifteen-room school to give seating facilities to the students who insist on coming to school.

BWANNNNGG!

A troup of stars direct from Hollywood will arrive in South Bend next Monday. They will put on an hour show at Central solely for the students, Mr. P. D. Pointer announced early this week. Among the famous stars and celebrities who will be here are Van Johnson, Bing Crosby, Dorothy Lamour, Robert Walker, Joan Bennett, Evelyn Keyes, Charles Winninger, Mickey Mouse and Pluto the Pup. Also included will be the famous Harry James and his band. These are just a few of the stars making up the great show.

The troup is on a cross country tour, visiting high schools and colleges, assisting in the nation-wide effort to build up the American boys' and girls' morale. This group of stars will arrive in South Bend after a four-day stopover in Chicago. Monday afternoon pupils will be excused early from their classes and the show will start at two-thirty in the auditorium. The stars will give a show packed full of music, dancing, laughs and genuine entertainment. Since the number of seats in the auditorium are limited, students are advised to run, not walk, when the bell rings to excuse the classes.

NOON MOVIES

Mr. Merlin G. Richard has announced two additions to the noon movie schedule for the semester. Starting Monday, April 2, David O. Selznick's epic "Gone With the Wind" will be presented. It will be followed by Ernest Hemingway's "For Whom the Bell Tolls." Since these features are of greater length than the movies previously shown in the auditorium during the noon hour, the fourth hour classes will not begin until 1:30 p. m., the hours being shortened according-

BOWLING YET!

The carpenters and stone cutters arrived last Thursday to start work on our new bowling alley that is to be located in the library. The alley is laid with white pinewood with red mahogany, being inlaid in order to make a design. The design was drawn by our own talented Norma Lu Booth and Mary Louks. The bowling alley has automatic pin-setters so that Mr. C. L. Kuhn and Miss Mary Byerley will not have to set up the pins. At the other end of the alley, sophs have been placed at the bowlers' convenience, and a few end tables scattered with funny books will add to th bowlers' enjoyment and culture.

These bowling alleys will be open all day and the students will gain admittance only by having that wild. starry look, as a result of studying too hard.

TOMORROW IS FRIDAY

The Student Council has completed plans for "Student Day," annual Central custom, to be held on Monday, April 32. On this date, students will be in charge of all classes and members of the faculty will attend these various classes. The student in charge will have full power to decide the amount of work they think necessary to instruct the teachers fully on the subject. After "Student Day" tea will be served in the cafeteria to all teachers still able to stand up.
