

Boyer Heads Booster Club

Criswell Ranks Highest As 12 Earn Medals In State Tests

At the Indiana High School Scholastic Achievement Tests, held on the Indiana University campus last Saturday, twelve Central students collected much deserved medals in the English, Algebra, Geometry, and Comprehensive Mathematics tests.

Linda Bixler, Central's only qualifier in the English contest from the regional test held here at Central on March 22, received a bronze medal. In the comprehensive mathematics contest, division B, Mike Criswell made the highest score in the state, and was presented with a gold medal. Bill Parker received a bronze medal and John Lamberson a bronze pin. Thornton Schwenk, competing in division A, copped a silver medal.

Feldman Ranks Third in State

In the geometry contest, upper group, Gary Feldman ranked third in the state and for this accomplishment he earned a silver med-

al. Another silver medal was brought back to Central in geometry by Barry Ritzler who obtained it in the lower division. Mike Royster was the proud recipient of a bronze medal, having competed in the same division.

Raymond Takes Gold in Algebra

Central was best represented in the Algebra contest, with students taking fourth, fifth, seventh, and twelfth places, thereby winning a gold and three silver medals. Bob Raymond, who captured fourth place, accepted a gold medal, and Loren Krienke, Rick Ferrell, and Ilah Farrington who were fifth, seventh and twelfth, respectively, all garnered silver medals.

This is an outstanding accomplishment for any school for out of the thirteen students who participated, twelve received medals. All those who worked so hard on this contest deserve to be congratulated.

Litter Problem Concerns S.C.

At the last student council meeting, Mr. Hughes, head custodian, and the student council representatives brought up the problem of students throwing paper on the lawns in this vicinity. Many residents have phoned and told Mr. Ferrel how disturbed they were about this. Mr. Ferrel told the residents he would talk to the student body and try to prevent this "litterbug" problem. So, it has now been left up to the students to remedy this situation.

Exchange Students Report

Larry Coddens, DewAnn Drout, Mitch Arita, Chuck Simon and Nila Grabowski reported on their one day at Riley High School. The exchange students from Adams said, as one of their comments, that our school is not as lively in comparison with theirs.

251 Delinquent Votes in Council Elections

It was reported that in voting for the Student Council offices that out of the 1,551 students registered only 1,300 voted.

Treasury Report

The Student Council treasury now stands at \$91.27.

Debators Contend In Speech Contests

Early Saturday morning three of Central's debators left with Mr. Maple for Elkhart. There they participated in the semi-final contest of the Open State speech contest, which was held by the Indiana State Forensic Association.

Karen Lawrence and Linda Berry competed in Girls' Extemporaneous Speaking and Curtis Fischbach participated in the Boys' division of this section.

In all there were seven areas of speech represented in this contest. They were: Girls' and Boys' Extemp., Debate, Discussion, Humorous Speaking, Original Oratory, Oratorical Speaking, and Dramatics. Everyone who participated in Saturday's Contest had qualified in the district contests held the week before.

One Reaches Finals

Karen reached the final competition but the group was unable to remain to hear the announcement of winners and she will be notified by mail of her standing. Both Linda and Curtis were eliminated early in the contest.

Survey of '57 Graduates Shows High Percentage Attending Special Schools

Mr. Harter, has recently made a survey of last years graduating seniors. It may be interesting to this years seniors as well as underclassmen as to what they are doing.

High Average at College

There were 341 seniors altogether and 131 of them are now attending various colleges or other Special Training Schools. That is a total of 31.38 average.

A few of the colleges that they are attending are Ball State, Columbia University, Florida State, Wittenburg and many others. Indiana Extension has the most attending the same school with 24 enrolled.

Specialists

The Special Training Schools have offered many fields too. Among some of them entered are Acme Tool Designs, American Academy of Art, Indiana College of Mortuary, and Vogue Beauty Colleges. Indianapolis Methodist Hospital has the largest number enrolled with five.

Entering different business occupations proves very successful too. There are 90 girls and 12 boys. Some of the jobs they are doing in office work are General Office, Bookkeeping, Typist, File Clerk and Receptionist.

Military

The Military Service has offered various fields to 35 of the boys. Nine have entered the Navy, 11 the Army, 9 the Air Force and 6 the Marines.

Sport Banquet To Be May 7

The annual All-Sports Banquet to be held in the cafeteria will feature Coach Terry Brennan and sports announcer Joe Boland. The Lettermen's Club is planning this event for Wednesday, May 7, at 6:30 p.m.

At this time Terry Brennan, the head coach of the Notre Dame football team, will be the guest speaker. On his long list of achievements we find that Mr. Brennan led an inspired Notre Dame team to victory over the Oklahoma Sooners in the fall of 1957. This turned out to be the biggest upset of the season.

Joe Boland Is Toastmaster

The toastmaster of the Banquet will be Joe Boland, the nationally known sports announcer. The other speakers will include Mr. Ferrell and the Central Director of Athletics, Ross Stevenson.

The purpose of this banquet is to honor all lettermen in our nine varsity sports: football, basketball, swimming, track, wrestling, golf, baseball, cross country, and tennis. The cheerleaders will also have honors placed upon them. The lettermen of each sport will be introduced by the nine head coaches.

Central Orchestra to Play

While dinner is being served members of the Central orchestra, under the direction of Mr. Harold Kottlowski, will provide dinner music.

As in the past, the G.A.A. will be in charge of the decorations and the Booster Club will take care of all necessary publicity. The Booster Club is also in charge of tickets for the banquet. They are \$1.50 per person, and may be purchased in the Athletic Office. All reservations must be made by May 5.

The Lettermen's Club wishes to extend invitations to all students, parents and others who wish to

Jr. Waltons Visit Greenfield Village

The members of the Junior Izaak Walton League spent last Saturday, April 26, on a field trip to Dearborn, Michigan. The purpose of this trip was to encourage and develop a better historical and scientific understanding of American development of the past and also to give better ideas on choosing a career.

See Greenfield Village

Early that morning, approximately fifty-five students boarded the bus to leave for their first stop, Greenfield Village. This village is a group of ninety-two historical buildings and landmarks collected by Henry Ford and restored to their original condition.

In the afternoon, these members visited the Ford Museum and the Rotunda. The Rotunda is the entrance to the world's largest auto plant, the Ford Motor Company.

The sponsors for this trip were Mr. and Mrs. Poorbaugh and Mr. Fassnacht. The publicity chairman was Sue Stafford, and the reservation chairmen were Jack Kromka and Gale Joossens.

Other Projects

The members of the Junior Izaak Walton League have also been busy with other projects. Last Friday, they went to the Senior Izaak Walton League grounds to plant trees and shrubs.

Anderson Cops Veep's Position

By LARRY MORRISON, Interlude Page 2 Editor

In a record-ballot Booster Club election, John Boyer won the president's gavel for the coming year. He defeated Bill Womer 588 to 499.

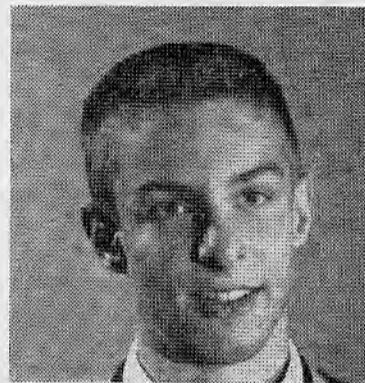

The closest of the four races was for the vice-president's post. Gene Anderson topped Bill Miller by a scant eleven votes, 543 to 532.

Diane Andries took 570 ballots to Marge Morgan's 511, to assume the secretary's job in the Boosters organization.

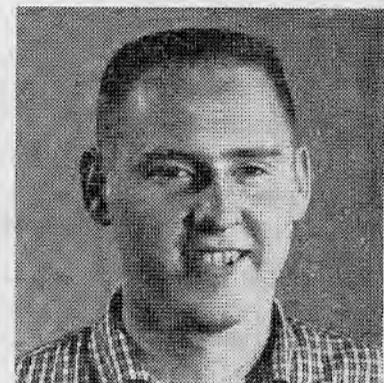

Charlene Hans' garnering 560 nods entitles her to handle the books as next year's treasurer. Her opponent, Sandy High, managed 525 tabulations.

Difference Explained

The difference in the number of ballots cast for each of the offices was explained by outgoing president Chuck Simon when he said,

JOHN BOYER

GENE ANDERSON

CHARLENE HANS

DIANE ANDRIES

"About 1082 of a possible 1200 Booster Club members voted in the election. However, not all of these 1082 chose to vote for each office. Hence the difference in totals."

Simon went on to say that he was fully satisfied with the handling of the assembly, the students' voting, and the counting of the ballots, and that he, along with the other departing officers, vice-president Bill Parker, secretary Joan Wolfe, and treasurer Judy Erhardt, wishes the greatest of successes to the new regime and hopes that it finds the student body as friendly and as cooperative as the school was to him and his administration.

Platform Presented

In a school-wide assembly held on Monday morning of this week, both presidential hopefuls presented their platforms. Boyer promised an increase in membership, better assemblies, revision of the constitution, aid from the Club treasury in sponsoring buses to away games, half-time shows at games, and more emphasis on minor sports by awarding trophies to the outstanding player, among other points.

The INTERLUDE joins Simon and his executive board in offering its felicitations and wishes of good fortune to next year's Booster Club officers.

Goebel To Go To Girls' State

Jan Goebel, a junior A hailing from homeroom 224, has been selected as Central's representative to attend Girls' State which will be held from June 21 to June 29 on the Indiana University campus, in Bloomington, Indiana.

Girls' State is a sort of convention similar to Boys' State. Its purpose is to educate young women in duties, privileges, rights, and responsibilities of the American citizen. Also the idea behind it is to give a better understanding of the problems of government and the importance of women in politics.

assigned to a political party. On that party ticket she will have to go through all the procedure of running for an office; that is, nominations, filing, primary elections, campaigning and actual election. The girls will run for offices in state, county and city capacities. The week will be climaxed by Honor Day on which the election will take place.

Campus Life

The girls will live on campus in the dorms and will be supervised by the American Legion Auxiliary members on campus.

Jan was chosen by the American Legion Auxiliary unit sponsoring her from among applicants, chosen by the junior class teachers, who were required to write a theme on why they wanted to attend Girls' State. This is the criteria on which the selection was based.

Run for Offices

Upon arriving, each girl will be

Off Paper and Into Action

Last Friday and Saturday nights, the students of Central High were privileged to be able to witness a fine example of the democracy of our nation here in their own surroundings. In the senior class play, "Girl Crazy," members of three different races and at least twelve different creeds all cooperated in working together to accomplish a common goal — to make the senior play of 1958 an outstanding production — and they succeeded. Whites, Negroes, and Orientals, Protestants, Catholics, and Jews, all were virtually attending school from 8:00, or before, in the morning to after 10:00 at night for thirty-five days running. Their supper often consisted of a cheeseburger and a coke bought at a drug store and consumed on the return to school. The color of one another's skin did not matter to them.

This isn't some intangible thing similar to those you read of in the paper. It is right here, at Central High, and should be recognized by everyone as being extremely beneficial to the reputation of the school. This is something very definite that you as a student of Central High School can point to and be proud of, with every right, in the face of adverse publicity. You now have something that you can lay your hands on and touch, and not something from a town or city 1500 miles, or 150 miles or even fifteen miles away.

The INTERLUDE wishes to extend a threefold thanks to Mr. James Lewis Casaday and his able staff of assistants. First, for furthering excellent race relations in this area, second, for accomplishing a deed that will enhance Central's reputation among the people of South Bend, and third, for putting on what we consider an outstanding performance.

By Mike Royster.

Let's Keep A Clean House

Lately, it appears that Central students have been unnecessarily discarding their debris on school grounds, to the extent that our lawn and sidewalks are downright messy.

Yes, we said "our" lawn and sidewalks. Just as we live in our respective homes, we "live" at Central. Because Central is our daytime home, we should endeavor to make it as neat and presentable as possible, just as we would our own homes. One way to judge a person is by the way he keeps house, and to use the same idea, we are judged by the way our grounds appear. Trash cans may be found in and outside of school, so there is no possible excuse for being what is aptly termed, a "litterbug."

If each one of us would become a committee of one, Central High School, as in most other things, would become No. 1 in neatness!

'Little' Linda Irvin Has Many Diverse Activities

She may be small but the number of her accomplishments is not. Linda Irvin, our highlighted senior this week began her schooling at Ardmore and she also attended Woodrow Wilson in the seventh grade. She then came to Central at the beginning of her freshman year.

As many know, Linda plays the French horn and for two years she has had the position of first chair in the band. She also held this position in the North Central Orchestra, the All-City Orchestra, and the production of GOOD NEWS. She has won quite a few medals in the Indiana and All-State Contests. Linda is the recipient of the Berg medal which is given to the outstanding senior band member. "I never saw a French horn until I came to Central," Linda said, "and I am very grateful to Mr. Singleton because he taught me everything I know about the French horn." She also plays the accordion and for a short time she gave lessons.

Enjoys Horses

Besides Band, Linda is a Booster Club member and a regular honor roll member. As for outside activities, she enjoys horseback riding, which she said is her favorite sport.

Business, English, and social studies are her majors and at the present time she is working at the Council of Churches.

When asked what she plans on doing after graduation she replied that she has not yet decided about going to college, but if she does she would like to attend Moody Bible Institute in Chicago and if she does not go to college she is planning on doing work in the secretarial field. Best of luck to you, Linda, in whatever you attempt.

Charlesworth Is Veterinarian-Bound

While the underclassmen are happily going their merry way without a care in the world, Central's seniors are sweating out pre-college problems. For instance, Tom Charlesworth, who's planning to be a veterinarian, has found that in order to become one he must nearly become a farmer first . . . being required to take some agricultural courses!!! You can't tell a player without a score card. Bill Murray who had been leaning toward an Ivy League School is now asking most every-

one if Indiana University is Ivy enough. If not, Bill, plant some! Have also heard that Jim Kocsis has applied for admittance to Oxford. Gonna be ruff hitch-hiking across the Atlantic, Jim.

This column, along with the rest of the school, is sorry to see Coach McCall leave but we're not surprised as we expected him to get the Northwestern job last year. He taught our teams to win, but so does our new coach, as a check of the B and Frosh records will show . . . and what's more, he's a CEN-

Leafing Through The Pages Of . . .

JANE EYRE, by Charlotte Bronte, is a heartwarming love story for girls. It opens when Jane is a young girl living with relatives which she dislikes very much. Her aunt sends her away to school and Jane's life begins. She spends eight years at school, six as a student and two as a teacher, but decides that she wants to become a governess to earn her way in the world. She finds a job in an estate taking care of a child who is the ward of her employer.

Jane finally meets her employer under some very unusual circumstances and by and by they fall in love. They plan to be married but are stopped at the altar when it is found that Jane's future intended is already married to a woman who is a lunatic.

Runs Away

Jane runs away and is taken in by a man and his two sisters. She tells them nothing about herself, not even her name, but they eventually find it out when Jane inherits some money.

She is still in love. At long last she returns to the estate to find it demolished by a fire which her love's maniacal wife set, burning herself inside. Jane searches for her love and finds him blind from an heroic attempt to save his wife. Jane and he are married and they live happily ever after.

The Party Line

First of all, congratulations to all the people who made "Girl Crazy" the big success it was — everybody who saw it enjoyed it immensely. We do have one question, though: what happened when Judy Reyniers pulled that loose thread on Jerry Keller's dancing tights during the play?

Going on to news gathered during the past week — we hear that George Blount is making a big hit with Beulah Jones in Art class. And is it true that Billy Taylor, having dated first Martha Hobbs and then Effie Williams, is now dating Bernice Blake?

Spring has found another victim. John Brown has just found himself a new girl, Wanda Richardson, and he is reported to be deeply in love with her. Another boy with a new girl is Robert Borders. It seems he gave up both Irma Borwn and Maddie Gaines for this latest one, whose name is Marsha Ann from St. Joe?

Last Friday night there was a big dance, as many of you know,

TRAL MAN. Good luck, Coach Powers!!!

Central Scene:

Jim Martin sporting brand new glasses — the kind you see through — Al Thompson and Dick Wright rushing the beach season at Tower Hill. Even tried the water (found it frigid) — George Benson, class of '57, is now a grocery tycoon in North Judson, Ind. — Verele Simons warbling musical selections from "H. M. S. Pinafore" in Miss Bergan's class — 150 hours of school left until VACATION!

—Bill Schall.

In 'Caustic Comments' Gene Cohn Discusses Live Mascot, 'Made Rite' Hamburgers, And Quotable Quotes

Now that the Senior play and the Junior Prom are over and the novelty of the Captain Rings have subsided we are ready to think about summer vacation. Going to the lake everyday, staying up all night and sleeping until noon are just a few of the activities Central students will partake in this summer (as if they don't now). Our roving reporter has asked a few people what they plan to do and this is what was said:

Joe Smith — I plan to start dancing the day school is out and not stop until next year.

Susan Morrison — Practice writing.

John Lamberson — Have a date every night. (Costs money, you know.)

Greg Gates — I am with John.

(Name withheld) — As soon as school is out I am going to the "Made Rite" Hamburger stand and eat "Made Rite" hamburgers. They are better because they are Made Rite. (Made Rite hamburgers are 90-10; most hamburgers are only 80-20. Made Rites are baked in their own juice and not fried. So for a treat instead of a treatment, eat, you guessed it.)

Inquiring Reporter

WILL SUCCESS SPOIL HENRY FORD?

Kay Parker: "Golf!"

Bill Pilarski: "Oh, I guess cars too!"

Kay Klopfenstein: "Cars too, I guess."

Eddie Sears: "Swinging Modern Music." (What else could this turn too?)

Sam Sputnik: "A trip to the moon is my fancy, and my only desire."

John Plunkett: "Oh, racing and more love."

Elaine Mursten: "Uh, you know?"

Barb Smogor: "Well—what else is there?"

Jim Prikosovich: "Nothing."

Bob Otolski: "Traveling to the seaside."

Carolyn Lippert: "A convertible."

Jim Anderson: "Thoughts of free days, convertibles, and the lake."

Jerry Andrews: "Out of school, baseball, and who said it doesn't turn to love?"

Larry Coddens: "Fishing on weekends."

Dick Elias: "Just cars and evil

A Live Bear

Central has just purchased a live bear. It is about 4 feet tall and weighs 110 pounds. The beast will attend all athletic events next year as well as pep assemblies. Of course all mascots (dogs, bears, etc.) have to have a place to reside and this bear needs one. If you are interested please contact any Booster club officer before May 10th. No special requirements are necessary except to have an extra room for him to sleep, at least 20 acres for him to exercise, and \$40 dollars a week to feed him. This coming Thursday a contest will be held to name our mascot. All persons interested should be in front of the school at 3:15 where the ballots will be distributed and the bear displayed. (Please don't try to vote twice.) The winner will be introduced at Adams-Central baseball game.

(Name Withheld)

BULLETIN

Skiing conditions in Northern Ecuador are reported as perilous. . . Pirannas are biting very well at this season of the year in the Amazon River. . . Food prices are going higher than they ever have before. . . Greg Gates shot 114 for 18 holes at Notre Dame last Saturday. . . DewAnn Drout won a scholarship to Indiana. . . Randy Elliot didn't win a scholarship to Indiana.

Senior Boys Perform 'First' In Auto Class

About a month ago, two of our Central boys made quite an accomplishment. They were the first vocational students to repair the automatic transmission of an automobile. These boys are Glenn Wallace and John Norton, both of whom are seniors. This is quite an accomplishment, because the repairing of automobile transmission is really the job of a specialist, and even very few men can do it. This is true because repairing an automatic transmission is not like repairing an engine where in all makes of cars it is basically the same, but, each make of auto has its own special kind of automatic transmission.

'51 Studebaker Used

The guinea pig for this was a 1951 Studebaker in which it would not back up. When the boys decided to fix this, they went to Mr. Nestlerode. He told them that they could try to fix it, but not to ex-

Tri-Hi-Y Aims At Good Group Work

Central is only one of the many sponsors of a nationwide organization—the Tri-Hi-Y club, personally supervised here by Miss Waterman.

In our Tri-Hi-Y here at Central, there are many members. These busy "gals" have a lot of fun, as the aims for any such groups as these, are: to help girls meet the daily living problems one must so often face, how to be a good citizen, to just have fun and meet new people and how to get along with them, and how and when to contribute to the group's activities.

There are a lot more things a girl that is interested in this club could find out just by talking to Miss Waterman.

Helpers In Bookstore Gain Valuable Training

Many girls work for the various offices of the school and the Bookstore is no exception. Mrs. Clair and her staff of girls do many jobs which are never publicized.

Helping in the Bookstore for two and a half years, Ruth Ann Rintzsch, a senior, does many jobs. She helps with the money collected from plate lunches from the cafeteria, and she does some of the counting of supplies and money. Getting change for the next day's business is another very important job. Ruth Ann also collects the money from the cash registers and five hours of her week are spent in the Bookstore helping Mrs. Clair and learning.

Odd Jobs Included

Ruby Smith and Margaret Fitzgerald, working five hours and two hours a week, respectively, do typing as well as filing and checking records of stock on hand, text books, gym uniforms, and even combination locks. They also do odd jobs such as running errands to the office and other places and may even, once in a while, help run the store.

Mrs. Clair's Ninth Year

Mrs. Clair has been at Central's Bookstore for nine years. She has many duties involving the Bookstore. Ordering supplies like those carried in the store, making an inventory of the stock, collecting, checking and keeping records of fee money and doing all of the

work much help from him as he had just read theories on it, and had never actually done any work on automatic transmissions. So, aided only by a shop manual they actually repaired the reverse free wheeling unit on the automatic transmission of the car.

Our vocational department offers quite a few courses in the care and repairing of automobiles. Auto Shop I and II should be taken by anyone who is interested in the maintenance of their car. Vocational auto shop is for the student who wants to learn auto repairs, tune-ups, and special study in fields of the student's interest.

Clothing Classes To Give Dress Review

Once again this year the sewing classes at Central are preparing to present a dress review under the direction of Mrs. Shaw with the aid of Miss Hubertz and Miss Dietrick. Julie Christman will be the narrator again. The dress review will be held on Tuesday morning, May 13 for all the girls at Central and again on May 14 at 7:30 p.m. for all the parents of the girls who are participating in the show and others who wish to see it.

Chemise Styles

There will be about 250 girls participating from Mrs. Shaw's classes, others from Miss Hubertz's and Miss Dietrick's classes. The girls taking sewing last semester and those who are now taking it, will model their outfits. Quite a few of the styles will be the "new look" or chemise dress. The eighth grade girls will model skirts and blouses and the Home Ec. II class will feature jumpers with blouses or jackets. The other classes will show dresses, jackets, tailored suits, formals, and pajamas.

bookkeeping, are a few of Mrs. Clair's jobs. Mrs. Clair must then turn all fees into the Board of Control. Books are ordered from the same Board of Control and are paid for with the fee money. Mrs. Clair must also order athletic supplies for the school.

Central owes a vote of thanks to Mrs. Clair and her helpers for their part in keeping Central running.

Shop Projects On Display in Library

Several outstanding shop projects were on exhibit in the library from Wednesday, April 2, to Tuesday, April 8.

The schools that had projects on exhibit were Central Junior and Senior High School, Riley, Washington, John Adams, Oliver, Muesel, Nuner, and Navarre.

Some of the projects that were on exhibit were punches, hammers, letter openers, pen sets, and a gavel. There were 95 projects made from wood, plastic, metal, and leather.

Girls Planning G.A.A. Banquet Will Be Given May 15

The girls in G.A.A. are planning their annual banquet for May 21. The dinner is to be held in the YMCA residence at 6:30 p.m. Mr. Paul Boehm, Director of South Bend Recreation, will be their guest speaker.

In addition, representatives from all classes will speak. Carol Daren will represent the freshman class. Sandy Hamblen and Audrey Hardy, the sophomore and junior classes, respectively, and the senior speaker will be Judy Pinkerton. Introducing the guests and speakers will be Carol Osterhold, toastmistress.

Committees Chosen

The committees working to make the evening a success are under the direction of co-chairmen Sandy Hamblin and Carol Osterhold.

The decorations are directly under the leadership of Carol Daren and the committee is composed of Phyllis Hardy, Barb Tankersley, Pat Fulnecky and Nancy Woltman.

Rosie Smith is chairman of the invitations committee. Working with Rosie are Sandy Epperson and Audrey Hardy.

Vicky Nozykowski and Cheri Hills have charge of the tickets and programs.

Awards to be Given

As is traditional at the G.A.A. banquet, letters and sweaters will be awarded to the girls who have earned them during the past year.

It is at this dinner, too, that the Sportsmanship Trophy is awarded to a senior girl for her outstanding attitude in all G.A.A. undertakings. An All-Sports Award is given to a senior girl who has shown outstanding skill in G.A.A. activities.

"Are you kidding? I wouldn't be caught dead at one of those!"

"That's what I thought at first, when John told me, but it's not all long hair. He says they're having some really good numbers. For instance, if I told you that you were going to hear the 'coolest ever' on drums, wouldn't you go?"

"Drums—honest? That sounds good, but what else are they having?"

"Well, for those who like the finest, they'll feature a solo on the eighty-eight. Besides that, they

promise rhythmic Spanish music."

"Oh, there's John now—see you later. I'm getting my ticket before they're sold out."

"Hey, get one for me."

Topic Is Pop Concert

This imaginary student forgot to mention one thing: a surprise for the school. Just what is the topic for this conversation? It is the coming Central High School Band's Fifth Annual Pop Concert. This type concert is enjoyable to high school students and adults alike. Many types of music will be played this coming May fifteenth, at the concert. Marches, symphonic numbers, novelties, solos, and surprises are in store for all those who attend. One such surprise will be a welcome addition to Central.

Spanish, Calypso Music Included

As is customary at Pop Concerts, the band will lead off with the "Star Spangled Banner." The band, under the direction of Mr. Singleton and Mr. Ford, will play such numbers as "El Dorado," a swinging beguine by William McRae, "North Sea," a symphonic number by Ralph Hermann, "Calypso Joint," composer Kenneth Farrell, "Stepping Out," a march by Randall Bellerjeau, "Die Fledermaus," Johann Strauss, a drum solo played by Bob Wrate entitled "Calfskin Calisthenics," and a solo, "Piano Concerto," by Mendelssohn, will be performed by Beverly Harnish. Novelties and other surprises are also on the program.

For those leaving the band as graduates, pins will be awarded. Senior pins are given out every year at the Pop Concerts.

30 Pupils Displaying Work in Art Exhibit

Many facets of art education in the South Bend public schools are on exhibit in the Carriage House, behind the Morris School. The exhibit has been in progress since April 20 and will continue until May 4.

The exhibit may be seen every day between 9:00 a.m. and 5:00 p.m. with the exception of Sunday.

There are approximately 30 art students displaying projects in this year's exhibit.

There are many different types of projects at the exhibit. Among the projects are all types of jewelry, ceramic and enameled, oil paintings, water colors, tempura, commercial illustrations, cutpaper designs, scratchboard designs, interior design, fashion design, ceramics and sculpture.

Newboldmen Lose To Wash., Niles; Mich. City Next Foe

By JIM GRAINGER, Page 4 Sports Writer

Coach Lou Newbold's Central Bear baseball team, which is not faring too well this season, dropped three more games in the last week to run its losing streak up to five games. Newbold stated that he has been getting good pitching but that his hitters have failed to come through. Also, Coach Newbold added that more students would give the team an added boost.

Chudzicki Batting .460

Bert Chudzicki leads the Central hitters with a respectable .460 average and Jim Lowe is behind him with a .363 mark. Pitcher Clarence Kaminski is hitting at a .333 clip and the rest of the team falls down considerably. Grayson Warren is hitting .250, Toth .200, Denny Bishop .062, Jerry Andrews .100, and Dick Sczymczek .058.

Against Washington the first five batters struck out and the Bruins gathered only two hits in the whole game, both by Bert Chudzicki. The Newboldmen lost this encounter by the score of 9-1, as the Panthers collected seven hits and six bases on balls.

Lose to Niles

The next game saw the Bears against Niles. In this match the Niles Vikings scored four runs in the first inning, three of which were unearned. Toth gave the first batter a free pass and he made the errors which allowed the next two men to get to first. Then a single, a double and an infield out put the first four batters across the plate. After this bit of bad luck Toth settled down and struck out nine while giving only one walk and four hits.

Weak Hitting

The Bruins managed two runs against the Vikings in the seventh inning. These two tallies came on two bases on balls, two singles and a sacrifice fly.

All Central partisans who like high school baseball should get out to see the Bruins. Tuesday they play Riley and Thursday they again encounter the Washington Panthers at the Washington Field.

GOLFERS AWAIT LA PORTE MATCH

The Central golfers, under the coaching of Ray Emrick, this next week are all set for taking revenge against Elkhart and Mishawaka. The following Friday the linksmen travel to LaPorte for the LaPorte Invitational. On the 22nd of April the Bruins dropped a triangular meet with Mishawaka and Elkhart at Elks C. C. at Elkhart. Low medalist for the Bruins was Jerry Otolski with an 81.

Following close behind was 4th man Rudy Tatay with an 84. Bob Jones saw it rough as the golfer's No. 2 man came in with a 90. Right behind Jones was Bill Hepler and Craig Long with 94 and 95 respectively. This past Tuesday the linksmen had a triangular meet with Adams and Michigan City at Morris Park C. C.

On Thursday they ran up against Riley and LaPorte at LaPorte. Due to publication deadline the results of these two meets cannot be given in this week's INTERLUDE.

In the previous meets Jerry Otolski, Bob Jones, Bill Hepler and Rudy Tatay have held steady slots on the Varsity squad. The fifth man has been one of the top players on the "B" team, but no one man has held it for any length of time. —Harry Lamberson.

BEAR FACTS

On behalf of the INTERLUDE, Cubskin wishes Coach Elmer McCall continued success when he takes over as the Head Basketball Coach at DePauw University. We were certainly sorry to hear that Mr. McCall will leave Central at the end of this year, but we are grateful to him for the fine basketball he has given us at Central during his six year stay. Two state titles in this period prove that under McCall, Central has been second to no school in the state in basketball.

At the same time, Cubskin congratulates Mr. Jim Powers, our new Head Coach, and also Mr. Ferrell and all others who had a part in this choice of a successor for Coach McCall. In Mr. Powers we have a coach who already knows the boys, the system, and the way to develop a winning basketball team.

Notice must be taken of the fine performances of two Central trackmen in last Saturday's ENIHS meet at Elkhart. The whole squad was great (they took the team title) but, in Cubskin's opinion, Mel Ross and Dave Underly were the stars of the show. Ross took first place in the 100 and 220-yard dashes (he tied the mark in the 100 and set a new record in the 220, was the lead-off man for the winning 880-yard relay team, and placed fifth in the broad jump. Underly set a new state high in the pole-vault for the current season as he won his event with a terrific vault of 12' 7".

A Central alumnus and athletic star is making a mark in the professional athletic world. Gene Fodge, an ex-Bruin baseball and basketball player, became the first Chicago Cub pitcher this year to hurl a complete game when he stopped the Los Angeles Dodgers last week. Gene has been up for a trial with the Cubs several times before, but this year he seems to be up to stay.

Few of Captain Schmarzo's admirers know that when the Captain was majoring in Interplanetary Diplomacy at Tait College, he was a member of the track team and holds the school record of 45' 4 1/4" in the hop step and jump. This is just one inch less than the mark Jack Cote made to place third in the Drake Relays last week.

Elkhart Bees Lose To Rowemen 44-42

The undefeated Central "B" Track team defeated the Elkhart "B" Blazers last Tuesday night with a score of 44 to 42.

The boys who are running for the "B" team are Aughinbaugh and Martin on the high hurdles; Dorsey, Walker and Doaks on the 100; Guy, Thomas, Ricks, Platz and Wilmore on the mile; Ingram and Lee are running the 440; Dorsey, Walker and Miller are running the 220; on the low hurdles we have Aughinbaugh, Martin, Schackenman and Hojnacki; Dorsey and Aughinbaugh are on the high jump; Priest broad jumps and Koehler and Ellis are shotputters. On the mile relay team we have Carnes, Lester, Wilson, and Zarembka. On the 880 relay we have Holmes, Wells, Walker, Dorsey, and Doaks as sub.

The Adams meet was held last Tuesday but due to publication deadline we are not able to print the results in this issue.

'B' Golf Team Still Unbeaten

The Central "B" golf team so far has had a very successful season this year. The "B" string is undefeated so far this campaign. They defeated Riley 13 1/2 to 4 1/2 in their first time out. Miller had a 74 for low score for the Bruins.

In their second attempt they whipped the Washington-Clay "B" team 12 to 6 with Long shooting an 83 for low in this match.

Win Triangular

In their first tri-meet this year which took place last Friday they let loose and beat Riley 15 to 3 and Mishawaka 16 1/2 to 1 1/2, with Easley and Miller tying for the low honors both having 84. The box score for the Bruins is as follows:

	Pts.
Long	44-42-86
Coen	46-41-81
Wenzel	49-42-91
Miller	43-41-84
Easley	42-42-84
Hayden	47-50-97
	3-2 1/2
Totals	15-16 1/2

Riley Next

The "B" boys had a meet Wednesday but because of the deadline the score was not available. They have one more meet coming up against Riley on May the 7th. We here in the INTERLUDE wish the team good luck in this meet and congratulate them on their fine record so far this season.
