### MEET MR. HARKE

By Carole

We would all like to get better acquainted with our Principal so here is some information for you.

Mr. Harke is originally from Whiting, Indiana.

He took a college preparatory course and graduated from Central High School in South Bend. He then went to Indiana University and also received his Master's degree from Columbia University.

His hobby is collecting coins.

Football and basketball are his favorite sports.

He has been at Washington-Clay for seventeen years. His first two years here, he taught junior high; after which he taught senior high. In 1944 he became assistant principal to Mr. Kelsay, and in 1947 he became principal.

His favorite subject now is school administration, and he thinks we have one of the best schools in the state, considering our main handicap of being overcrowded. He also thinks that we have a very fine student body which is very co-operative as a whole. He also thinks he has very fine assistance in the office with Mr. Harbaugh, Mrs. Spencer, and Mrs. Sowell.

Mr. Harke resides at 4032 South Michigan Street in South Bend.

He does have one request for us. If all those students, whose parents are worried about their grades, would please tell them to come down and get acquainted with him and with the teachers, they will try to answer any questions the parents may have. He indicated that parents are most welcome to visit the school anytime.

### OUR LETTER EXCHANGE

By Sharon Bennett

Last semester in English Class the sixth grade class was to write to a girl that lives in Guam. About everybody wrote a letter to send her, but about two-thirds of the class sent a letter to her.

James Winther is the one that got the class acquainted to Lourdes B. Finona. James went to Nuner School last year. They could sign up for pen pals and in the first semester of this year he received his

### CLAY P. T. A. MEETING

By Mary Ellen McMahon

The Clay Township Parent Teachers Association met at the Washington-Clay Gym on Thursday, February 7, at 8:00 P.M.

Mrs. A. G. Stone, president, opened the meeting. The minutes were read by Mrs. Claude Hartung, Sr.

The main speaker of the evening was Dr. John Young, Superintendent of the Mishawaka Schools. His talk, "Clubs in High Schools", was about fraternities and sororities. In his interesting talk he presented these points: 1. He considered them detrimental; because the fact only a few are allowed to belong makes them undemocratic. 2. He knew of cases in which these clubs had hurt the individual. 3. He mentioned many times that club activities come before school activities. This often undermines the school activities.

Refreshments were served after the meeting was adjourned by the president.

### WHOT STARTS SECTIONAL PREVIEW WITH COLONIALS

By Gloria Romine

The Washington-Clay Colonials and their Coach were the first team interviewed in the Sectional Preview, on Tuesday, February 12, at 10:30 P.M. over WHOT. Coach Eaton and the boys were asked about Sectional chances and congratulated on winning the Tourney. Each boy was introduced separately and gave their height, weight, age, and grade. The boys were asked what their best game of the season was, what other sports they liked, what position they like to play best, and what teams they think will be the toughest to beat in the Sectional. Each team that plays in the Sectional will be interviewed.

### NEWS OF 7-1's

By Nancy Carter

We in Mr. Agness's home room had a Valentine Party, home room period, February 14th. Pop, cupcakes, cookies and candy were served as the Valentines were passed out. George Chaney, Maxine Brown, Rosemary Camparone and Nancy Carter made the Valentine Box.

Norma Jean Armentrout was absent from school two weeks and in the Memorial Hospital nine days with appendicitis. The operation was January 15th.

## '52 SOLO CONTEST

By Elsie Greenwood

If you were in the vicinity of Riley High School on Saturday, February 9, you might have heard the music coming from the trumpet trio consisting of Hillard Morse, Warren Hunn, and Dick Lattimer who placed second.

As you approach the building you would be able to hear Lynn Nemeth playing "Jealousy" on his alto saxophone as he placed second.

After entering the building and as you walk down the hall you might have glanced into one of the rooms and seen Pat Stull and Eva Jo Lowe playing their clarinet duet or Billie Garner playing (flute) "Reverie" — all placed second here too.

After walking around exploring for just awhile you might have come onto the auditorium where you would have seen dancing. You went in and since your favorite girl was there you asked her to dance.

Since dancing can tire you out you decide to go hear some trumpet solos. You might have heard Willard Morse playing "Arcturns", Julius Farkas playing "Concerto for Trumpet" and Warren Hunn playing "Sica", who placed first, second, and third respectively.

On the way back to the auditorium you passed the piano room, and who do you see other than Pamela Parker, playing "Polonaise" and above all getting a first. Then you stayed to hear Billie Garner play "Ronda Capriccias" and getting a fourth. Finally you hear the "Lord's Prayer" sung by Carole Rager who got a third.

My Goodness! We almost forgot two saxophone solos by Marilyn Walker playing "Bubble Dance" getting a third, and Dick Reppert playing "Nola" getting a fourth.

We want to congratulate all those who went to the contest for making such a nice showing as representatives of Washington-Clay's music department.

## 1952 PRESIDENTIAL ELECTION

By Susie Roden

What a privilege for a citizen of any country. From now on until the final ballots are counted in November, we will be hearing a great deal about the qualities of different nominees. You may think that the election does not concern those of our age — but it does. We are not old enough to vote yet but some of us will be old enough to vote in the next presidential election. It would be good training for us all to listen and observe during this election. Don't be misled by glorious campaign promises — think for yourself — it's your constitutional privilege. We are the future voters of these United States. Let's train ourselves now for that important duty. One thing we can do — impress your parents with sacred duty, be sure they go to the polls and express their desires. Let's all take it upon ourselves to encourage our parents to vote. At our age — this is our duty to our country.

## WHY OUR FACULTY CHOSE TEACHING

By David Wolfe

Mrs. Barber — She enjoyed being with high school students. She chose English because of her love of literature.

Mr. Eaton — It's a responsible, decent job and he likes teaching. He can teach physical education, health, mathematics and history. He chose them because they are the subjects he has always liked.

Mrs. Mitchell — She likes it. She can teach any subject from the first grade on through the eighth grade.

Miss Hupenbecker chose teaching as her career because she likes it and, because her mother and sister are teachers. She chose English because it's her favorite subject.

Mr. Oglesby — He was interested in athletics and coaching. He can teach social studies, English, physical education, and mathematics. He chose these subjects because he liked them best.

Mrs. Cleary chose teaching as her career because she likes people and working with them. She also feels that teaching is a worthwhile career because you are helping to educate others. English and history are the major fields in which she can teach. She chose to teach them because they are her favorite subjects.

Mrs. Schmidt chose teaching as a career because as a youngster she always "played school". In high school she had some wonderful teachers who inspired and guided her so that upon high school graduation, it was natural for her to enter a teacher-training college. She can teach commercial subjects and physical education. She has always been fond of both of these fields. She has had first hand experience in doing extra summer and part time commercial work and has enjoyed physical education as a recreational pastime.

Mr. Rogers — He can teach English, social studies, and library science. He chose them because he likes to deal with people.

Miss Walters chose teaching as her career because there were several teachers in the family. It was just natural. She can teach Latin, Spanish, and English. She chose them because she has always been interested in the study of words, and there is no better way to learn words than by studying foreign languages.

Mr. Bauman chose teaching as his career because he liked school and has been interested in school teaching. He had a principal and a coach in high school who were an inspiration to him. He can teach general science and physical education. He chose them because they were his best subjects in high school. He was most interested in them.

Mrs. Machette — It gives a person the opportunity to help others. She can teach commercial subjects and English. She chose to teach commercial subjects because the commercial courses are among the few offered to high school students that actually can prepare the students to make a living.

Mrs. Goheen — Her mother was a teacher. She just followed in her mother's footsteps. As far as she remembers there was never a time that she didn't want to be a teacher. Math was her favorite subject in high school, so naturally she took it in college. Physical education was her second choice. She likes boys and girls of high school age and enjoys working with them.

Mr. Shearer — It gives the privilege of service. He can teach junior high, science, and business administration. He chose them because he liked them best.

## WHO'S NEW

By Judy and Gloria

While passing through the hall we see a few new faces. One belongs to Richard Virgil. Girls, he is 15 years old, has blue eyes, and brown hair. Dick is 5 ft. 6 in. tall and weighs 148 pounds. He gets those pounds from eating so much steak, his favorite food. He hails from Howe Military School, but he thinks Clay is swell.

Another newcomer is Beatrice Gee, who hails from Adelphian Academy in Holland, Michigan. Boys, she is 15 years old, has brown hair and brown eyes. Bee is 5 ft. 6 in. tall and weighs 124 pounds. Her favorite food is hamburgers. She thinks Clay is pretty nice except for the noise. Last but not least on our list is Dorothy Gee. She is 13 years old, has brown hair and brown eyes. She is 5 ft. 3 in. tall and weighs 105 pounds. Her favorite food is cake. She comes from Niles High School and she thinks our school is pretty good.

That's all for now.

## SUZIE

By Nan and Sherlyn

As we walk into Mr. Shearer's room, which is the 6th grade, we see a little bluebird, at least she is dressed all in blue.

She has brown hair and big brown eyes — take notice boys!

She likes Arithmetic real well, when she is not working problems, she is reading, she also likes to ice skate. She likes basketball, maybe that's why she likes school so well.

What, you haven't guessed her yet? Well here are some more clues.

She has a sister, who's name is Sharon, she is a freshman, and also a brother, Larry.

Our Suzie runs around with Sharon Vexel. They also dress alike, isn't that right, Judy Bates?

## SENIOR CLASS PARTY

The Senior class had their last annual class party Tuesday, February 12. Plans were made for an informal get-together with dancing and refreshments after.

## THE BOOK CORNER

By Marilyn

There are ever so many books of all kinds in our school library; these include new, old, sports stories, adventure stories, novels, and short stories.

Some of the new books in the library are "Crime in America" by Kefauver, "President's Lady" by Stone, which is a story about Rachel and Andrew Jackson.

If you remember "Guadacanal Diary" by Tregaskis, you'll want to read "Seven Leagues to Paradise" by the same author. This is a true story about some of the places he has visited.

If you like sports stories, our library has several on Jackie Robinson, Babe Ruth, and others.

You've probably noticed several books on science fiction on the shelves. These have been put there as a test to see if they'll be read. So, if your favorite books are those on science fiction, read the ones in the library. Then they might get some more.

Around the first of May, Mr. Butts expects about a hundred and fifty new books, of a variety of subjects equally divided between junior high and high school students.

Look around the library some time. You know, there might be some books of interest to you.

## JR. HI TEACHER OF THE WEEK

As I was wandering through the halls the other morning I happened to look in room 14. I saw a group of kids gathered around the teacher's desk. I thought anyone so popular should be interviewed.

First of all he is a graduate of Manchester and now hails from Greene.

He stands all of 5 ft. 7 in. tall and weighs 170 pounds.

He has brown hair and gray green eyes.

He told me that his favorite food is cafeteria soup.

His favorite sport is basketball and in his spare time he sells tractors.

For the last clue that will give him away, he teaches the same class all day long, don't you, Mr. Shearer?

## JANE OF THE WEEK

By Becky

If you ever go to the bookstore 2nd hour, you will see our 5' 3" Jane of the Week. She has brown hair, brown eyes and a beautiful complexion. I will give a few of her favorites.

Basketball — favorite sport

Fried Chicken — favorite dish

Home Ec. — favorite subject

She likes to sew and cook. Say now! She'd make some one a nice wife. As a pastime she likes writing letters to San Diego. I wonder who is there! When I asked her what she thought of Washington-Clay she said: "I like it because it is small and you know almost everyone, but I'm looking forward to the new school."

By the way, you might have seen an alumni pick her up after school. I guess we'd better go, hadn't we, Janet DePriester.

## Fashions

By Agne

Particularly to the graduation senior girls: I know how you feel, dreaming about the clothes you'll be wanting and buying. So many new fabrics and patterns are on the market now and maybe I can give you a few helpful hints on the incoming fashions. It's not too early to be thinking about it because those materials are too pretty to last that long.

Organdies aren't in as yet but there are beautiful cotton pieces in lush colors. At Robertson's one piece that caught my eye was a cotton with tucks woven right into the fabric in most any color. Broadcloth probably has the largest color range and they are beautiful, some new shades that you possibly have not thought of. Silk shantung is very popular in ready-made and fabrics. Pam Parker had on a very pretty little shantung dress at P.T.A. Thursday night. And by the way, Pam gave an excellent performance at the piano. The dress was sleeveless with unpressed pleats making the skirt. The dress was all in beige and with it she wore brown suede flatties — perfect with red hair.

Back to graduation — most of the girls are planning to wear suits to Baccalaureate and organdy or some crisp summerish material for Commencement. Mrs. Gerard is letting some of her girls plan their wardrobe, budget, etc. for a home project. I think this will be very helpful to them and might not be a bad idea for others who aren't in the class.

Another fabric that is very pleasing to the eye is a sheer chambray; it has almost a crisp feeling to it and along with every plain color comes a matching plaid. You could work out some beautiful ideas with the combination such as plain top and plaid skirt or vice-versa or maybe trimmed with the opposite fabric on the pocket and collar.

## A PARTY

By Margaret Shearman

The 7-3 homeroom class sponsored by Miss Huepenbecker gave a Valentine Party on February 11. The chairman of the party was Roselene Pappas. Some of the pupils provided entertainment. Diane Neher, Patricia Palmer, Elizabeth Stickler, Carolyn Lloyd, and Margaret Shearman sang at the party. Thomas Nelson and Robert Perry played an accordion duet. Others on the entertainment program were: Gail Szekely, John Noe, and Barbara Robison. Refreshments were served by Janet DeGraff and Roselene Pappas. Concluding the program was the passing out of Valentines by George Leonakis, Edward Ray, and Paul Ostram.

## VALENTINE PARTY

Our Valentine Party was held Thursday morning, February 14th. Mary Jo Simms sang "Slow Poke", Dale Tomsits and Lorry Weaver gave a comedy skit, Betty Thomson played the accordion, and Dick Seifert played the guitar. Ice cream and cake were served and Valentines were exchanged.

Platter Chatter

Hi There:

I was listening to a disc jockey the other night, (Reynold's on Records-WGN) and I heard one of Johnnie Ray's recent records. It is entitled "Please Mr. Son" backed by "Tell The Lady I Said Good-Bye." The rumor has gone around that Johnny Ray is completely deaf and that is the reason he sings so loud: but I heard a discussion of his records among a group of leading people in the music world, and they informed me that ever since Johnnie was a small child he has been very hard of hearing and it had made him feel very sad inside. Maybe that is the reason he sings songs of sad quality. Any rate I think his recent record is worth listening to — you might try it.

The Bell Sisters have written a song called "Bermuda" and also have recorded it. You may not like it at first but try it some times. It soon will grow on you and you will like it very much. The Bell Sisters are both in their early teens and have proved to be quite a success in the field of recordings.

Marlene Minder, who is Steve?

What's this we hear about Theresa Gallas and Jim Gerharz?

We've heard by way of the grapevine that Barbara Hentz has given up boys!

Say Now, Floyd Haskins, where did you get that shiner? Who is she?

Did You Know? Bob Todd and Jackie Hans are engaged? Congratulations!

Pat Greenwood doesn't have a ring anymore.

Gene Gregory gets notes from everyone now?

Good theme song for some of the of the Junior Girls, "It's All in the Game."

Through the Halls:

You can see Susie Roden rush-home to pick up her special delivery letters from Don Lynch (Western Michigan). After all, he has to protect his interests.

The Four Knights who were one of the first ones to record "Sin", have a new record out called "There are Two Sides to Every Heart Ache." It is another slow and sentimental tune with some whistling in it as they did in "Sin."

For those of you who go for Star Kenton, he has recorded an instrumental called "Street of Dream." This is a record that will put you in a mood and you kind of wish the music wouldn't end somehow. It is backed by "Daddy" sung by June Christy with Kenton and his band in the background. For me Kenton rates tops and this is truly a good record so why not give it a spin?

Until next time —

Here's happy listening to you From Susie.

There goes Donna Tooper. Let's ask her what her song is. "You'll Never Walk Alone"? Well Donna, we hope not.

There's Steve Horvath. Let's ask him what his favorite song is. Come on Steve, don't be so slow. Oh, you say "Slowpoke"? That seems to fit you.

Hey Jo, let's talk to this jazzy character. Herbie Sowers, you say "Blue Flame" is your favorite? You really do go for jazz!

Well Jo, it's about time we quit but we'll be back, never fear! So long kids. See you next time!

One girl said to another girl, "Why do you come to dances with a fellow like that? He can't dance." "No," said the other, "but he sure can intermission."

## MEET YOUR TEAM

By Dick Hofferbert

We have chosen Jerry Miller to be the player whom we interview this week. Jerry is a senior; he is six feet four inches tall, and he plays center on the varsity basketball squad.

"Jerry, what are your main interests around school, besides basketball," I asked. "Frances Coles," was the immediate reply.

Somewhat we got on the subject of food. He said that his favorite dish was Swiss steak.

Jerry said his pet peeve was "LITTLE" kids that shove their way through the halls. (We could do without them couldn't we?)

When we inquired as to what he planned doing after graduation he said that he was planning on going to college. I asked him where, but he said that was yet to be decided.

As far as basketball is concerned, Jerry has played on the varsity for the past two years. Last year he did a marvelous job as forward and again this year as center. At one time this year he held the highest scoring record in the county. It has also been noted on various occasions that Jerry does as good a defensive job as he does offensive, and that's pretty good!! He has been recognized many times by different newspapers for his outstanding hardwood accomplishments.

We all want to wish Jerry Miller the best of luck in all respects.

Watch for this column next issue if you want to learn more about your team.

## SPORT NOTES

### Colonials Better Trojans

By John Morse

The Clay quintet tallied up their fourteenth win of the season by defeating the Lakeville Trojans 69-47. The Colonial team caught fire in the first quarter and kept going until the final gun sounded. The first quarter was the only close quarter as the Trojans kept tabs on the Clay five for the first few minutes of play. Then the Colonial team surged ahead, led by Jerry Miller and ended the first period 19-7. In the second quarter Miller and Harper of Clay exchanged baskets with Russ Taylor of Lakeville. Miller and Harper got 8 and 7 points respectively while Taylor scored 13. Both teams scored 18 points ending the half 37-25. In the third quarter Jerry Miller led the Clay scorers with 7 points. Harper followed close behind with 5. Within 5 minutes of this period the Colonials had raised their lead from 12 to 21 points. Fourth quarter play found Dick Harper and Jim Webber leading the scoring for Clay, each of whom tallied 7 points. The Trojans equaled the Colonial scoring in the last quarter but were unable to reduce their lead. High scorers for Clay were Jerry Miller with 22, Dick Harper with 20, and Jim Webber scoring 13. High point man for Lakeville was Taylor with 17 points.

### Our Manager

By David Wolfe

Tom Wisner wanted to be manager of the team because he had tried out for the team but didn't make it; he thought that manager's job was better than nothing.

Tom is 5 ft. 5 in. tall. He weighs 135 pounds. He has red hair and blue eyes.

Tom's favorite food is chicken. He's a sophomore. He doesn't have any girl friend at the moment. Here's a tip girls, why don't you look into the situation.

Tom's duties as manager are taking care of the boy's uniforms and the basketballs. Also he is manager of track, of baseball, and cross country.
