

SENIORS

PRESIDENT'S MESSAGE TO THE CLASS OF 1966

We have just completed four of the most important years of our lives. It was during these years that our character and personality were formed. Our accomplishments will stay with us for the rest of our lives.

We have been very fortunate to be able to spend three years at Framingham North High School. We entered this school as sophomores, and we have helped our school establish itself academically, athletically and socially. The Class of 1966 has set new standards and formed new traditions here at North High, and we have left ideas to be followed and improved by the classes of the future. The Class of 1966 has been a pacesetter, building a strong foundation for the students who will follow us.

Soon you will enter a new stage of life. Whether you enter the world of business or go on to college, always keep with you warm memories of the people of North High. The responsibilities of adulthood must and will be met by the Class of 1966.

I would like to wish each member of the graduating class a successful and happy future. Our class has had many wonderful yesterdays, and I am confident that it will have many proud tomorrows.

PAUL J. FISKE
