Songsters Prepare Easter Selections For School Assembly, Church Program

A program of religious music, ranging from opera selections to church hymns, will twice be presented by the Jackson High School Glee Club.

On Sunday, March 19, selected members from the chorus will present an Easter program at Grace Brethren Church on Ireland Road. The Rev. Sherwood V. Durkee, father of Jacksonites Kay and Kathy Durkee, will preside at the 7 p.m. service. The program at the church will be identical to that which will be presented for Jackson's students and faculty on Friday morning, March 24.

THE EASTER ASSEMBLY, to be held in the Jackson auditorium, will include about 13 songs. Accompanied by pianists Linda Wallen, Sue Umbaugh, and Cathy Kocy, the Jackson singers will sing Will James' "Almighty God of Our Fathers," the song that contains the prayer, Our Father, sung by the girls. "Jesus Christ Is Risen Today," a contemporary selection composed by Alan Hov-

hanness, will also be presented.

The boys of the Glee Club will sing "Let Us Break Bread Together," by Fredrich, and the girls will sing Steiner's, "God So Loved the World."

GEORGE BIZET'S "Lamb of God" will feature a solo by Myra Deepe. Steve Mann will also sing a solo in the "Recessional," by De Koven with words written by Rudyard Kipling. "Consider the Lillies," by Hartes will be sung as a duet by Carolyn Haag and Linda Grossnickle.

Under the direction of Miss Ruby Williams, the Glee Club will highlight the program with "The Lord Now Victorious," from Pietro Mascagni's opera, *Cavalleria Rusticana*.

Seniors - Think Spiffy

Do you realize there are only 50 more schooldays till graduation? Or in other terms, only 350 school hours, which can also be broken down to 21,000 seconds of school left of the '66-'67 school year. **Spiffy!**

Jim Powell Wins Top Science Award Again; Four Others Rate High

Junior Jim Powell captured the physical science grand prize for the second consecutive year in the South Bend Science Fair. Ginny

Colten, Jill Weigand, Kathy Thornton, and Doug Johnson garnered four other awards in the Fair, held last Saturday.

Jim earned his second grand prize through his work on interstellar matter illustrating theoretical analysis of the relationship between energy and gases in interstellar space. He formulated seven major conclusions through mathematics and applied logic. He was awarded a plaque which he plans to place alongside his last year's award in the awards showcase opposite the main office.

AFTER WINNING last year's city grand prize, Jim was placed in regional competition and won a special Navy award through NASA, a week's stay on a destroyer and at a naval base in Newport, Rhode Island.

Jim plans to continue his work in next year's fair in lab work involving the bombardment of gases by high speed electrons. He will also do photographic work with sky cameras and spectroscopic work.

A member of the Science Club Council, Jim is the Drama Club President, a member of Thespians and Demolay, and is the Minutemen's presidential candidate in upcoming Student Council elections.

SOPHOMORE JILL WEIGAND and Frosh Ginny Colten secured first places in the Science Fair. Jill Weigand, a participant of five years, compiled her fourth first-place entry with her project on "2-4-D as a Plant Growth Regulator" this year. Ginny's project was based on "Finite Number Systems."

Senior Doug Johnson placed a third-prize entry with his project entitled "Calculating the Speed of a Passing Satellite from the Effect of Its Emitted Radio Signal." A fourth prize was won by Freshman Kathy Thornton with her project on "River of Light."

Jackson's grand prize winner and first and third place winners will go on to regionals to be held later this spring.

Impressive Project

Jackson's library will be \$329.32 richer, thanks to the efforts of the Jackson PTA and the successful spaghetti supper March 2. Special expressions of appreciation are due Mrs. William Wren, the general chairman, and her committee members, Mrs. Rita Thomas, Mr. and Mrs. Bruce Bishop, Mrs. Melvin Pasalich, Mr. Robert McDermott, and Mrs. William Leach. These ladies and gentlemen organized the supper and had committees calling every name in the school directory inviting all to attend. The Student Council and Mr. Thomas Hoyer were responsible for staffing a coat check and getting waitresses and dishwashers.

Party Leaders State Views On Council Election Goals

By Cydney Holt

Three parties have emerged to vie in the new party system organized for the Student Council elections. Several forces have been behind the formation of the new parties.

One such force is Junior Dan McGill, the vice-presidential candidate of the Jackson Minutemen party. Dan formed his party because he felt a need to "bring about reforms in certain existing conditions at Jackson."

Candidates have been chosen whom Dan and the party's followers feel are best able to fill the various Student Council posts with a view toward more equal representation of the student body.

The Minutemen have the goal in their campaign to involve more students in the election. Dan said the party plans to provide "friendly but serious competition for the other parties."

Ponder! Create! Construct! Lammercracks Are Poetry?

Lammercracks! A craze that has swept Indiana University has also spread to Jackson. Appearing in the **Indiana Daily Student**, lammercracks are poems consisting of five lines, the first three similar, the fourth introducing a new element, and the fifth line like the first three but with an ironic twist.

The lammercracks here were written by Hickoryites. Anyone else who has any lammercracks he wants to contribute should bring them to room 227.

AAUW Volunteers Helping To Win 'Battle of Books'

The battle of shelving and processing the thousands of books in the Jackson library is being won!

Thanks to the help of the local branch of the American Association of University Women, the piles of books on the backroom tables are getting smaller, with more books appearing on the shelves.

Seventeen AAUW members have volunteered their services for two weeks, but some will continue

helping after that. Most of the women live in the Jackson area, and some have children in Jackson.

Their job is to process books, which includes typing the cards in the back of the book, typing and filing cards for reference, and applying labels on books. According to head librarian Mrs. Kathryn Poffenberger, 784 books have been processed in the past two weeks by the volunteers.

Those who are lending their services are Eleanor Dean, Nancy Baker, Ruth Clark, Irene Straw, Edith Weisman, Bea DeCroes, Lucille Crandall, Elaine Gessert, Kay Colten, Betty Jahnke, Naomi Nelson, Catherine Simeri, Jean MacQuivey, Jo Hazlitt, Mary Jaicomo, and Mary A. Wilcox.

Simmons, Slott Named English Award Nominees

Two juniors have been chosen as Jackson nominees for National Council of Teachers of English Achievement Awards. Mike Slott and Jane Simmons were selected after competition with five other juniors in which they each had to write an autobiography of 250-300 words and one impromptu theme.

These two juniors will compete nationally by taking a test and writing another impromptu theme, as well as sending some composition in prose or verse to the state committee judge.

Each award finalist will receive a scroll and recommendation to the college or university of his choice and will be considered for scholarship aid. A certificate of recognition will be given to each department of English from which an award winner or runner-up has been chosen.

Two TB Poster Winners

Junior Vicki Arch and senior Tom Walker received top ratings in a county poster contest recently. The contest, sponsored by the Tuberculosis League, acknowledged the two winners with prizes. Tom won second place and received \$15, while Vicki won a Scholarship Award and one semester of free art lessons at The South Bend Art Center.

Assembly To Start AFS Fund-raising

Mystery surrounds the 1967 AFS kickoff assembly. Next Wednesday, besides officially commencing the wild week of activity, will also reveal the Student Council's secret money-raising contest. Not only will the homerooms within each class vie for dollar raising titles, but the classes will compete against each other.

Wednesday's assembly will also feature Riley's two foreign exchange students as guest speakers, and Jackson's AFS student Juan Reyes.

Because the interclass contest will be launched at the assembly, the Student Council suggests that students start gathering leftover lunch money, pocket change, and pennies.

New Athletic Conference Formed; Jackson Joins Five Area Schools

Principals and athletic directors of six South Bend area high schools made an official decision to form a new athletic conference involving Clay, Jackson, LaSalle, Marian, Penn, and St. Joseph's.

The new conference was developed through the election of officers for the coming year and the appointment of committees responsible for constitution, by-laws, and conference scheduling.

Officers elected at a recent meeting are President, J. Gordon Nelson, principal of LaSalle; Vice

President, Michael Green, principal of Penn; Secretary, James L. Early, principal of Jackson; and Treasurer, Father Donald Verhagen, principal at Marian. A name for the new conference was delayed, pending results of student-staff surveys in the individual schools.

Conference competition is expected to begin in football during the 1967 season and to be extended to other sports throughout the 1967-1968 school year.

40 Juniors and Seniors Begin Baseball Practice

For the past month, 40 juniors and seniors have been practicing for baseball in the gym every day from 7 to 8 a.m. Thus far, practices have consisted of conditioning drills, mainly running.

Coach Joseph Kreitzman, assisted by Coach Cuyler Miller, hopes that the indoor practices can get his Tigers in good enough shape for an intra-squad game on the first day of outside practice. Coach Miller will assume the duties of B-team coach and also pitching coach for both B-team and varsity squads.

This year the Tigers will have a home field, where they will play 12 of their 19 games.
