# Antebellum Atmosphere **Produces Senior Motif**

Formal clothes, food, flowers, rock music, and sand were some of the unlikely ingredients of Saturday's prom, "Gone With the Wind." Staged at Stepan Center and sparked by the music of Frankie Kitt's Orchestra, the prom was partially decorated with Notre Dame's Senior Ball motif, including carpeting and curtains.

Mr.and Mrs. Bruce Bishop and Mr. and Mrs. Charles Arch were the chairmen of "Before the Sun Shines," the class parent-sponsored afterprom party held at the YMCA Coop. The Shaggs entertained until 5:30 a.m. Many headed for Tower Hill on Lake Michigan immediately afterwards immediately afterwards.

Members of the court were Vickie Arch, Terri Feece, Pam Talcott, Mary McDermott, Sandy Potts, Diane Zimmer, Kathy Kline, Bonnie Gates, and Lauren Whisler.

TO THE

Dear Editor,

In regard to the poll in the last issue of the paper, I would like to comment on the right of seniors to vote in Student Council elections.

After four years of high school, the seniors are most qualified to choose the candidates, because they know these people, and because they know what the Council needs. In the past two years, all of the officers have been seniors, and almost all of the committee chairmen are seniors. Obviously the seniors are the most active and most concerned members of the Student Council.

If seniors are not allowed to vote in the elections, I do not think they should be obligated to donate money for the AFS drive. Though the seniors will not be here next year they still not be here next year they still

Dear Editor,
I would like to say a few things concerning the editorial in the May 3 edition of the Old

Hickory.

I am a Student Council representative. I read the minutes to my homeroom, discuss any questions, go to the meetings on time, and when I cannot attend, let my alternate know so that he may go.

Unfortunately, many students at Jackson could care less what goes on in the Council. less what goes on in the Council. It is these same students, though, who complain the most when something goes wrong, but they are not willing to do anything about it. Apathetic students may elect any person to be their representative, whether that person is qualified or not. Oftentimes, the Student Council elections may just be another elections may just be another

popularity contest.

I think that the effectiveness of the Council rests with the student body, more than just with the representatives. It is up to the students to elect responsible, hard-working people if the Council is to be used in its full potential.

# Survey Shows Fourteen As Senior 'Superlatives'

Three years of working and studying together have produced outstanding students in various fields. Polled in eight different areas, students chose winners in the following categories:

#### Statistics Prove Average Tiger **Bonnie Gates** Maintains Varied Interests Pam Talcott Average favors Paul Newman as best actor, followed by Sidney Poitier and Dustin Hoffman. Jane Simmons If a movie isn't the thing,

With all of the talent and education in the senior class, it would be impossible to describe the likes and dislikes of each member of the class. After each filled out a questionnaire on various subjects, Average Senior came to life.

Terry Vander Heyden

Average Senior is a boy, since there are 133 boys compared to the 116 girls in the senior class. Average spends a little over 40 hours a week in school. Of course, these 40 hours include the naps in study hall, the birthday parties in the cafeteria, and the mad rush for the parking lot after school.

Average Senior's favorite school event is football. Whether fighting on the field or fighting in the stands, Average won't miss a single game. Among other school activities enjoyed by Average are teacher strikes, annual fires, drag racing in the parking lot, spring vacation, and 3:15.

When not busy at school, Average Senior has many other things which occupy his life. Along with school activities, sports rates rates as the most popular out-of-school pastime.
The favorite sports include horseback riding, cycling, and skiing. Average also enjoys drama, girl watching, dating and refinishing antiques.

Simon and Garfunkel are

Average's favorite recording stars. The Beach Boys and Beatles also rank high. "Scarborough Fair," "Honey," "Love is Blue" and "Cry Like a Baby" are among the top songs in Average Senior's life

When not listening to music, Average enjoys a movie, especially when it is his favorite one, "The Graduate." "Cool Hand Luke" and "In the Heat of the Night" are also top ranking.

Average Senior might watch his favorite television show.
"Rowan and Martin's Laugh-In."
"Mission Impossible," "It Takes
a Thief," and "The Tonight
Show" also amuse Average.

Average Senior is also very proud of his most prized possession . . . his Jackson diploma.

that students in this district should attend according to school corporation boundary lines. The 1968 Class is the first class to be completely affected by these district lines.

A basis of comparison is now set through analysis of status and construction of the members of this class. Generally the first analysis is very impressive. Leadership is tremendous from class members in such activities as Student Council, Booster Club, National Honor Society, Dramatics, sports activities, Ushers' Club, Band and Orchestra, Glee Club, and Publications.

Academic direction and achievement in awards and scholarships have established a most enviable record. Classes to follow will be hard pressed to achieve these standards.

# Sports, Proms, Plays, Projects Highlight Seniors' Four Years

Coming from both Greene and Riley, this year's seniors have played a major role in Jackson's academic, extracurricular, and athletic life from its infancy. Being from different schools did not hamper the school spirit as Jackson replaced the former schools and the class became a working unit.

Seniors will remember when spirit was sparked by parking lot assemblies because the auditorium and gym were not complete. Jackson's first cheering squad, consisting of Pam Talcott, Vicki Arch, Mary McDermott, Debbit Gordon, and Linds Eston was chosen in the Linda Eaton, was chosen in the lot. Pam has continued to serve all four years.

Four members of the Class of '68 made "History" by writing words to the school song. Vicki Arch, Rick Overgaard, Carol Barley, and Tami Winters collaborated in the writing to fit "The Victors".

Sophomore officers of the '68 class were Jim Frame, president; Tom Everingham, vice-president; Chris Medlock, secretary; Linda Eaton, treasurer; and Bonnie Gates, social chairman. The class awaited the featured appearance of Batman and Robin at their class dance, "Bat Capers."

Arriving in cutoffs and pigatiles, members of the class of

68 shared the fun of Dogpatch at the Sadie Hawkins dance during their junior year. Officers planning the junior events were Rick Overgaard, president; Mike Slott, vice-president; with Chris, Linda, and Bonnie retaining their offices.

These officers also helped organize a Christmas party for under-privileged children in cooperation with St.Mary's Academy.

"Reflections in Blue" was the theme of the Junior Prom. Couples danced in the gymnasium decorated with a full length mural and fountain surrounded by shrubs and flowers. Music was provided by Eddie Jarrett and Bonnie Gates was crowned prom princess.

Organizing this year's prom were Bill Bishop,president;Jeff Witt, vice-president;Kathy Lynas, secretary; Tom Reiter, treasurer; and Pam Talcott, social chairman.

Homecoming held special significance as the traveling trophy, the Jackson-LaSalle trophy, the Jackson-LaSalle wheel, was regained by the Tiger pigskin squad. Bonnie Gates reigned as Homecoming Queen. Crowned royalty for basketball homecoming was Cindy Gerard. "The Man Who Came to Dinner," "The Miracle Worker," "The Crucible," and "Oliver" were the dramatic highlights to senior thespians. Jim Powell captured the lead in three of the

Registrations are now being accepted by the Film Service Division for the "Film Study Institute" to be held late this summer. Open to juniors and seniors, the film institute will stage discussions of Blue Ribbon award winners from the American Film Festival.

Eric Heller, heading the Student Council for over a year, has led the council in the purchase of the outdoor sign and the successful AFS drives, Thanksgiving basket drives, and paperback book sale. Members of the senior class participated on the council that founded the Constitution. Representatives created the safety campaign that won a city-wide award.

Senior class activities ended with "Gone With the Wind." All that remains is commencement and with commencement comes a separation of the class. Seniors will soon be establishing themselves in the business world and in colleges around the country. Graduation will be the end of the class history.

Projects of the past include the first dance of the Class of '68. "Bat Capers" was the theme of the sophomore dance on March 11, 1966. Here, class secretary Chris Medlock helps prepare "Batman" David Frame for his

#### NHS Plans Promote **Human Relations**

Several efforts are being made by Jackson students to help improve communications in the area of human relations. The most recent were a panel of Riley and Central students at Jackson and a Student Human Relations Workshop held last Saturday at the Redbud Trail Retreat near Buchanan. The workshop provided an opportunity to exchange viewpoints on important issues. Eight Jackson students attended.

Jan Kennedy, Peggy Foulks, Roger Tolle, and Paul Zisla represented the Junior Class; freshmen Kay Altman and Jan Sharp also went. Ginny Colten

and Betti Reece were sophomore representatives.

The discussion meeting recently held at Jackson was centered around a panel of about 20 members of the Human Relations Councils at Riley and Central.

National Honor Society President Dan McGill exclaimed about the meeting, "The program was excellent because it was the first opportunity for many Jacksonites to discuss racial problems with Negroes themselves. The program helped to point out the lack of interracial contact in South

The exhibits are representative of the entire art department.

Several highlights of the show are a green, yellow, and brown ceramic lamp by Terri Trammell. Lucian Krawczyk is exhibiting a wood sculpture entitled Babouza (Polish Grandmother). A two-story round house with elaborate furnishings is Barb Daulton's contribution. Marcia Toth's project is a yellow

All of Jackson's nine sports, football, basketball, wrestling, swimming, tennis, track, cross country, golf, and baseball, have been bolstered by seniors who have displayed outstanding athletic ability in leading their teams to victories.

Sports such as basketball

Sports such as basketball, football, baseball, track, and swimming began a long uphill climb three years ago when the teams were dominated by inexperienced sophomores whose only assets were eagerness, desire, determination and guts.

Talent and ability were added as Jackson's coaching staff sought to bring out the best in each athlete. The results showed up this year as all the veteran teams took advantage of their opportunities to outclass the opponents that had won so easily in the past.

BASKETBALL
Probably the biggest

Probably the biggest turnaround was in basketball. Jackson's first team turned in a season's record with one win and nineteen losses. This year's squad, led by seniors Terry Armey, Bill T'Kindt, Bob McKelvey, and Craig Marten, posted a mark which included revenge victories over Mishawaka, LaVille, and North

TENNIS
Tennis, like cross country, was a new sport at Jackson this year and is going through the process that all new sports have to go through when a team is first formed. Dave Dunlap's club suffered its share of setbacks but so did all of Jackson's teams in their initial campaigns.

In two or three years, the team will be able to look back as many of Jackson's teams are doing now and see how far they have progressed in reaching the top. Seniors Jeff Witt, Tom Bergan and John Buchanan were ace performers for the squad.
